FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would provide an increase in the defined benefit cost-of-living adjustment (COLA) for New York public retirement systems. Starting with a payment in September 2018, additional payments will be made for those members who retired after 1960 and prior to 1973.

Insofar as this bill affects the New York State and Local Employees' Retirement System, pursuant to Section 25 of the Retirement and Social Security Law, the increased costs would be borne entirely by the State of New York and would require an itemized appropriation sufficient to pay the cost of the provision. If this bill were enacted, the increase in the present value of benefits would be approximately \$483,000.

Insofar as this bill affects the New York State and Local Police and Fire Retirement System (PFRS), the increased costs would be shared by the State of New York and the participating employers in the PFRS. If this bill were enacted, the increase in the present value of benefits would be approximately \$1.09 million. The estimated first year cost would be approximately \$25,600 to the State of New York and approximately \$105,000 to the participating employers in the PFRS.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would amend subdivision f of Section 532-a of the Education Law to provide an increase in supplementation for retired members who meet the eligibility requirements set forth in subdivision a of Section 532-a and who retired during the calendar years 1961 through 1972, inclusive. Benefit increases are based on the first \$18,000 of the maximum annual benefit without optional modification and would be effective in September 2018.

The annual cost to the employers of members of the New York State Teachers' Retirement System is estimated to be negligible if this bill is enacted.

Member data is from the System's most recent actuarial valuation files, consisting of data provided by the employers to the Retirement System. Data distributions and statistics can be found in the System's Comprehensive Annual Financial Report (CAFR). System assets are as reported in the System's financial statements, and can also be found in the CAFR. Actuarial assumptions and methods are provided in the System's Actuarial Valuation Report.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

SUMMARY OF BILL: With regards to the New York City Employees' Retirement System (NYCERS), the New York City Teachers' Retirement System (NYCTRS), the New York City Board of Education Retirement System (BERS), the New York City Police Pension Fund (POLICE), and the New York City Fire Pension Fund (FIRE), collectively known as the New York City Pension Funds and Retirement Systems (NYCRS), this proposed legislation would amend subdivision f of Section 13-696 of the Administrative Code of the City of New York (ACCNY) to increase the Cost-of-Living Adjustment (COLA) effective September 1, 2018 for NYCRS members and their spouses who retired during the period 1961 through 1972.

Effective Date: Upon enactment.

BACKGROUND: Commencing September 1, 2000, members who retired prior to January 1, 1997 and met certain eligibility requirements to receive a COLA, were paid an adjusted monthly benefit equal to a percentage of the change in the consumer price index from the year of retirement through calendar year 1997. For purposes of this fiscal note, it is assumed that the revised percentages would be paid in lieu of current percentages as shown in the table below:

<u>Year of Retirement</u>	<u>Current Percentage</u>	<u>Revised Percentage</u>
1973 through 1996	50%	50%
1971 through 1972	50%	55%
1970	50%	60%
1969	50%	65%
1968	50%	70%
1967	55%	80%
1966	55%	90%
1965	60%	100%
1964	65%	100%
1963	70%	100%
1962	80%	100%
1961	90%	100%
Prior to 1961	100%	100%

FINANCIAL IMPACT - SUMMARY: The estimated financial impact of increasing the COLA as described above for members who retired from 1961 through 1972 is shown in the table below.

	Additional Actuarial Present Value (APV) of Benefits as of June 30 2017 (\$ Thousands)	Increase in Fiscal Year 2019 Employer Contributions (\$ Thousands)
NYCRS		
NYCERS	\$ 3,391.3	\$ 3,753.6
NYCTRS	161.2	178.4
BERS	3.5	3.9
POLICE	6,114.3	6,767.4
FIRE	<u>4,642.4</u>	<u>5,138.3</u>
Total	\$14,312.7	\$15,841.6

FINANCIAL IMPACT - ANNUAL EMPLOYER CONTRIBUTIONS: In accordance with ACCNY Section 13-638.2(k-2), new Unfunded Accrued Liability (UAL) attributable to benefit changes are to be amortized as determined by the Actuary but generally over the remaining working lifetime of those impacted by the benefit changes. For purposes of this Fiscal Note, since those that would benefit are retired, the entire increase in UAL (or APV of Benefits) would be recognized immediately.

CONTRIBUTION TIMING: For purposes of this Fiscal Note, it is assumed that the changes in the UAL would be reflected for the first time in the June 30, 2017 actuarial valuations of the NYCRS. In accordance with the One-Year Lag Methodology (OYLM) used to determine employer contributions, the increase in employer contributions would first be reflected in Fiscal Year 2019.

OTHER COSTS: Not measured in this Fiscal Note is the impact on administrative costs.

CENSUS DATA: The estimates presented herein are based on the census data used in the Preliminary June 30, 2017 (Lag) actuarial valuations of NYCRS used to determine the Preliminary Fiscal Year 2019 employer contributions.

ACTUARIAL ASSUMPTIONS AND METHODS: The changes in APV of benefits and annual employer contributions presented herein have been calculated based on the same actuarial assumptions and methods in effect for the June 30, 2017 (Lag) actuarial valuations used to determine the Preliminary Fiscal Year 2019 employer contributions of NYCERS. Please note these assumptions and methods are subject to change as this valuation is not considered final until the end of Fiscal Year 2019.

I am a Fellow of the Society of Actuaries, an Enrolled Actuary under the Employee Retirement Income and Security Act of 1974 (ERISA), a Member of the American Academy of Actuaries, and a Fellow of the Conference of Consulting Actuaries.
