5. Within such time as the commissioner shall by regulation provide, a participating physician shall have agreed to practice geriatric medicine for a period of twelve months for each annual payment to be received by the participant. 8. A participant of the program shall report annually to the department on forms prescribed by the commissioner, as to the performance of the required services, commencing with the calendar year in which the participant begins to practice geriatric medicine and continuing until the recipient shall have completed, or it is determined that he or she shall not be obligated to complete, the program. The commissioner shall have the discretion to waive the filing of a report, excuse a delay in filing or a failure to file a report for good cause shown.
