IN SENATE

June 1, 2017

Introduced by Sen. HANNON -- read twice and ordered printed, and when printed to be committed to the Committee on Health

AN ACT to amend the social services law, in relation to coverage for certain prescription drugs; and to repeal certain provisions of such law relating thereto

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivision 25 of section 364-j of the social services law, as added by section 55 of part D of chapter 56 of the laws of 2012, is amended to read as follows:

25. [~~Effective January first, two thousand thirteen, notwithstanding~~] **Notwithstanding** any provision of law to the contrary, managed care providers shall cover medically necessary prescription drugs in the **anti-depressant, anti-retroviral, antirejection, seizure, epilepsy, endocrine, hematologic, immunologic and** atypical antipsychotic therapeutic [~~class~~] **classes**, including non-formulary drugs, upon [~~demonstration~~] **determination** by **the prescriber under this subdivision. If** the prescriber, after consulting with the managed care provider, **determines** that such drugs, in the prescriber's reasonable professional judgment, are medically necessary and warranted**, the prescriber's determination shall be final. However, the prescriber's determination shall not be final: (a) where the drug approved by the managed care provider is a generic drug subject to subparagraph (i) of paragraph (a-1) of subdivision four of section three hundred sixty-five-a of this article (mandatory generic substitution), and the prescriber has indicated that the prescription shall be dispensed as written; or (b) if it is for the use of a drug that is not consistent with food and drug administration-approved labeling or supported by one or more official Compendia references, including, but not limited to, the American Hospital Formulary Service (AHFS), the DRUGDEX Drug Information System and the United States Pharmacopeia**.

EXPLANATION--Matter in *italics* (underscored) is new; matter in brackets [-] is old law to be omitted.
