47 § 6. Subparagraph (i) of paragraph (b) of subdivision 9-a of section

1 expansion of grade level, pursuant to this article, approved by their  
2 charter entity for those grades newly provided.

3 (1) Notwithstanding any other provision of law to the contrary, within  
4 the later of (i) five months after a charter school's written request  
5 for co-location and (ii) provided that a charter school demonstrates  
6 that it lacks the financial capacity to procure adequate facilities,  
7 thirty days after the charter school's charter is approved by its char-

26 (B) Nothing in this subparagraph shall prohibit a charter school from  
27 receiving a co-location in a public building at fair market value unless  
28 doing so would negatively impact the size of classes in any other school  
29 in the building.

30 (C) As used in this subparagraph the term "charter affiliate" means:  
31 (i) any entity that is directly or indirectly controlled by, in control

4 (i) ensure that the financial statements of the charter school and  
5 each charter affiliate conform to and are reported according to general-

7 (ii) ensure that the financial statements of the charter school and  
8 any charter affiliate are audited in accordance with generally accepted  
9 auditing standards by an independent certified public accountant or an  
10 independent public accountant, that such audit receives an "unqualified"  
11 opinion as to, among other things, compliance with generally accepted  
12 accounting principles and that such audit is completed within nine  
13 months of the conclusion of the fiscal year.

14 (c) If a charter school either alone or together with any charter  
15 affiliate has any direct or indirect interest in, or may be entitled to  
16 receive any beneficial interest in, any asset or assets of any kind or

35 by a statement, under oath, by the chairperson of the school's board of  
36 trustees or other appropriate member of the board of trustees, that,

38 his or her knowledge and have been provided to each member of the  
39 school's board of trustees.

40 (ii) A charter school to which paragraphs (b) and (c) of this subdivi-

52 of the city of New York for charter schools located in New York city and  
53 the comptroller of the state of New York for charter schools located  
54 outside of the city of New York. The commissioner shall ensure that such  
55 report is made publicly available via the department's official internet  
56 website within five days of its receipt.

1 (f) A charter school's failure to comply with the provisions of this  
2 subdivision shall be a very significant factor in determining whether  
3 the charter entity or the board of regents terminates the school's char-  
4 ter.

5 (g) As used in this subdivision:

6 (i) "total compensation" shall include: (A) any compensation or remun-  
7 eration, whether paid or given, by or on behalf of the charter school or  
8 any charter affiliate, for services rendered to, on behalf of, or at the  
9 request of the charter school, including but not limited to salary,  
10 bonus, and deferred compensation and (B) any benefit having monetary  
11 value provided by or on behalf of the charter school or any charter  
12 affiliate, including but not limited to, perquisites, fringe benefits,  
13 employer contributions to defined contribution retirement plans and  
14 other retirement or severance benefits.

15 (ii) "charter affiliate" means: (A) any entity that is, directly or  
16 indirectly, controlled by, in control of, or under common control with

24 control over the school through a charter management company.

25 § 13. Section 2853 of the education law is amended by adding a new  
26 subdivision 6 to read as follows:

27 6. Executive compensation. (a) No charter school shall provide any  
28 compensation to any individual who is also an officer, director, trus-  
29 tee, consultant, or employee of a charter affiliate or to any individual  
30 who exerts operational or managerial influence or control over the  
31 school through a charter affiliate.

32 (b)(i) No charter school or charter affiliate shall permit the total  
33 compensation received by a charter executive to be greater than one  
34 hundred ninety-nine thousand dollars per annum, including not only state  
35 funds and state-authorized payments but also any other sources of fund-  
36 ing, and greater than the seventy-fifth percentile of that compensation  
37 provided to charter executives of other charter schools and charter  
38 affiliates within the same or comparable geographic area as established  
39 by a compensation survey identified, provided, or recognized by the  
40 department and the director of the division of the budget.

41 (ii) If the department and the director of the division of the budget  
42 find good cause after considering the factors set forth in subparagraph  
43 (iv) of this paragraph, a waiver of the limit on total compensation that  
44 a charter executive may receive may be granted, provided, however, that  
45 in no event shall the total compensation exceed one hundred and fifty  
46 percent of Level I of the federal government's Rates of Basic Pay for  
47 the Executive Schedule promulgated by the United States Office of  
48 Personnel Management.

49 (iii) The application for a waiver must be filed no later than the  
50 fifteenth day of February of the year for which the waiver is sought.  
51 The application shall be transmitted in the manner and form specified by  
52 the department and the director of the division of the budget. A waiver  
53 may be only for the single calendar year in which it is granted.

54 (iv) The following factors, in addition to any other deemed relevant  
55 by the department and the director of the division of the budget, shall

1 be considered in the determination of whether good cause exists to grant  
2 a waiver:

3 (A) the extent to which the executive compensation that is the subject  
4 of the waiver request is comparable to that given to comparable charter  
5 executives of charter schools or charter affiliates of the same size and  
6 within the same or comparable geographic area;

7 (B) the extent to which the charter school would be unable to provide  
8 educational services at the same levels of quality and availability  
9 without a waiver of the limit on total compensation that a charter exec-  
10 utive may receive;

11 (C) the nature, size, and complexity of the charter school or charter  
12 affiliate's operations;

13 (D) the charter school or charter affiliate's review and approval  
14 process for the total compensation that is the subject of the waiver,  
15 including whether such process involved a review and approval by the  
16 board of trustees of the school, whether such review was conducted by at  
17 least two independent directors or independent members of the board of  
18 trustees, whether such review included an assessment of comparability  
19 data including a compensation survey, and a contemporaneous substanti-  
20 ation of the deliberation and decision to approve the total compen-  
21 sation;

22 (E) the qualifications and experience possessed by or required for the  
23 charter executive's position; and

24 (F) the charter school or charter affiliate's efforts, if any, to  
25 secure a charter executive with the same levels of experience, exper-  
26 tise, and skills for the position of the charter executive at lower  
27 levels of compensation.

28 (v) To be considered, an application for such a waiver shall comply  
29 with this paragraph in its entirety.

30 (vi) Unless additional information has been requested but not received  
31 from the charter school or charter affiliate, a decision on a timely  
32 submitted waiver application shall be provided no later than sixty  
33 calendar days after submission of the application.

34 (vii) If granted, a waiver to a charter executive shall remain in  
35 effect for the calendar year it is issued in, but shall be deemed  
36 revoked if:

37 (A) the total compensation that is the subject of the waiver  
38 increases; or

39 (B) notice of revocation is provided to the charter executive at the  
40 discretion of the department as a result of additional relevant circum-  
41 stances.

42 (viii) Information provided in connection with a waiver application  
43 shall be subject to public disclosure pursuant to article six of the  
44 public officers law.

45 (ix) Where a waiver is granted, the department shall make it publicly  
46 available via the department's official internet website within five  
47 days.

48 (c) No charter school shall use funds received pursuant to section  
49 twenty-eight hundred fifty-six of this article or allow a charter affil-  
50 iate to use funds received from the charter school to provide a total  
51 compensation to a charter executive greater than one hundred ninety-nine  
52 thousand dollars per annum.

53 (d) Failure to comply with the provisions of this subdivision shall  
54 result in the assessment of a penalty against the payor in an amount  
55 equal to the amount of compensation paid or provided in violation of  
56 this subdivision.

(e) A charter school's failure to comply with the provisions of this subdivision shall be a very significant factor in determining whether the charter entity or the board of regents terminates the school's charter.

(f) As used in this subdivision:

(i) "total compensation" shall include: (A) any compensation or remuneration, whether paid or given, by or on behalf of the charter school or any charter affiliate, for services rendered to, on behalf of, or at the request of the charter school, including but not limited to salary, bonus, and deferred compensation and (B) any benefit having monetary value provided by or on behalf of the charter school or any charter affiliate, including but not limited to, perquisites, fringe benefits, employer contributions to defined contribution retirement plans and other retirement or severance benefits.

(ii) "charter affiliate" means: (A) any entity that is, directly or indirectly, controlled by, in control of, or under common control with the charter school or (B) any entity or affiliate thereof that provides management, fundraising, or other administrative support services to the charter school.

(iii) "charter executive" means: (A) an officer, director, trustee, consultant, supervisory employee of a charter school or charter affiliate or (B) anyone who exerts operational or managerial influence or control over the school including, but is not limited to, influence or control over the school through a charter management company.

(5) For a new charter school whose charter is granted or for an existing charter school whose expansion of grade level, pursuant to this article, is approved by their charter entity, if the appeal results in a determination in favor of the charter school, for six years the city school district shall pay the charter school (A) for the initial three years in which aid is payable, an amount attributable to the grade level expansion or the formation of the new charter school that is equal to the lesser of:

~~[(A)]~~ (i) the actual rental cost of an alternative privately owned site selected by the charter school or

§ 16. Paragraph (b) of subdivision 1 of section 2854 of the education law, as amended by section 10-b of part A of chapter 56 of the laws of 2014, is amended to read as follows:

(b) A charter school shall meet the same health and safety, civil rights, and student assessment requirements applicable to other public schools, except as otherwise specifically provided in this article. A charter school shall be exempt from all other state and local laws, rules, regulations or policies governing public or private schools, boards of education, school districts and political subdivisions, including those relating to school personnel and students, except as specifically provided in the school's charter or in this article. Nothing in this subdivision shall affect the requirements of compulsory education of minors established by part one of article sixty-five of this chapter, nor shall anything in this subdivision affect the requirements of the charter school to comply with section one hundred three of the general municipal law and articles eight and nine of the labor law with respect to the construction, reconstruction, demolition, excavation, rehabilitation, repair, renovation, or alteration of any charter school facility.

§ 17. Subdivision 2 of section 2854 of the education law, as added by chapter 4 of the laws of 1998, paragraph (a) as amended by chapter 101 of the laws of 2010, and paragraph (b) as amended by section 3 of subpart A of part B of chapter 20 of the laws of 2015, is amended to read as follows:

2. Admissions; enrollment; students. (a) A charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations and shall not charge tuition or fees; provided that a charter school may require the payment of fees on the same basis and to the same extent as other public schools. A charter school shall not discriminate against any student, employee or any other person on the basis of ethnicity, national origin, gender, or disability or any other ground that would be unlawful if done by a school. Admission of students shall not be limited on the basis of intellectual ability, measures of achievement or aptitude, athletic ability, disability, race, creed, gender, national origin, religion, or ancestry; provided, however, that nothing in this article shall be construed to prevent the establishment of a single-sex charter school or a charter school designed to provide expanded learning opportunities for students at-risk of academic failure or students with disabilities and English language learners; and provided, further, that the charter school shall demonstrate good faith efforts to attract and retain ~~[a-comparable]~~ an equal or greater enrollment of students with disabilities, English language learners, and students who are eligible applicants for the free and reduced price lunch program when compared to the enrollment figures for such students in the school district in which the charter school is located. A charter shall not be issued to any school that would be wholly or in part under the control or direction of any religious denomi-

1 nation, or in which any denominational tenet or doctrine would be  
2 taught.

3 (b) (i) Any child who is qualified under the laws of this state for  
4 admission to a public school is qualified for admission to a charter  
5 school. Applications for admission to a charter school shall be submit-  
6 ted on a uniform application form created by the department and shall be  
7 made available by a charter school in languages predominately spoken in  
8 the community in which such charter school is located. ~~[The]~~

9 (ii) A charter school shall enroll and continually keep enrolled the  
10 minimum number of students in each of the following categories: (A)  
11 students who are English language learners as defined in regulations of  
12 the commissioner, (B) students who receive or are mandated to receive  
13 any special education service, (C) students who have individual educa-  
14 tion plans that mandate they receive services for at least sixty percent  
15 of the school day outside the general education setting, (D) students  
16 who are eligible to receive free lunch in accordance with title I of the  
17 elementary and secondary education act, and (E) students who reside in  
18 temporary or transitional housing. The minimum number of students a  
19 charter school must enroll and continually keep enrolled in each such  
20 category shall be the number of students that, as a percentage of the  
21 students authorized to be served by the charter school in its charter,  
22 is equal to the percentage of students in each category that non-charter  
23 public schools in the district where the charter school is located  
24 enrolled in the preceding June in all of the grades combined which are  
25 served by the charter school. For purposes of this subparagraph, for the  
26 city school district of the city of New York, district shall mean the  
27 community school district and shall include all non-charter public  
28 schools, except those in district seventy-five, geographically located  
29 in the community school district.

30 (iii) Prior to a charter school selecting or enrolling students for  
31 the next school year, the commissioner shall provide the charter school  
32 with the minimum number of students it must enroll and continually keep  
33 enrolled in each category pursuant to subparagraph (ii) of this para-  
34 graph. The minimum number of students each charter school must enroll  
35 and continually keep enrolled in each category pursuant to subparagraph  
36 (ii) of this paragraph shall be made public by the commissioner no later  
37 than five business days after it has been provided to the charter  
38 school.

39 (iv) A charter school shall enroll each eligible student who submits a  
40 timely application by the first day of April each year[7] unless the  
41 number of applications exceeds the capacity of the grade level or build-  
42 ing or would cause the charter school to be below the minimum number of  
43 students it must enroll and continually keep enrolled in each category  
44 pursuant to subparagraph (ii) of this paragraph. In such cases, students  
45 shall be accepted from among applicants by a random selection process,  
46 provided[~~7-however,~~] that separate random selection processes shall be  
47 conducted for students that are not in any category set forth in subpar-  
48 agraph (ii) of this paragraph and for students in each category set  
49 forth in subparagraph (ii) of this paragraph such that a charter school  
50 enrolls at least the minimum number of students required pursuant to  
51 subparagraph (ii) of this paragraph.

52 (v) Where a charter school does not enroll the minimum number of  
53 students it must enroll and continually keep enrolled in each category  
54 set forth in subparagraph (ii) of this paragraph, the charter school  
55 shall hold open a sufficient number of enrollment spaces such that it is  
56 possible for the charter school, consistent with its charter, to subse-

1 quently enroll the number of students required by subparagraph (ii) of  
2 this paragraph.

3 (vi) A charter school may provide an enrollment preference [~~shall be~~  
4 ~~provided~~] to pupils returning to the charter school in the second or any  
5 subsequent year of operation and pupils residing in the school district  
6 in which the charter school is located, and siblings of pupils already  
7 enrolled in the charter school provided that the charter school enrolls  
8 and continually keeps enrolled the minimum number of students required  
9 in each category pursuant to subparagraph (ii) of this paragraph and  
10 holds open the number of enrollment spaces as required by subparagraph  
11 (v) of this paragraph. Preference may also be provided to children of  
12 employees of the charter school or charter management organization,  
13 provided that the charter school enrolls and continually keeps enrolled  
14 the minimum number of students required in each category pursuant to  
15 subparagraph (ii) of this paragraph and holds open the number of enroll-  
16 ment spaces as required by subparagraph (v) of this paragraph and  
17 provided further that such children of employees may constitute no more  
18 than fifteen percent of the charter school's total enrollment.

19 (vii) For purposes of this paragraph, if a student withdraws from a  
20 charter school as a result of a voluntary decision of the student's  
21 parent or guardian and, as a direct result, the charter school no longer  
22 has the minimum number of students in each category required pursuant to  
23 subparagraph (ii) of this paragraph, the charter school shall neverthe-  
24 less be considered to have continually kept enrolled the minimum number  
25 of students required by subparagraph (ii) of this paragraph if, within  
26 thirty days of the student being withdrawn, the charter school replaces  
27 the student that was withdrawn with a different student such that the  
28 charter school has the minimum number of students in each category  
29 required pursuant to subparagraph (ii) of this paragraph, provided  
30 however, that this subparagraph shall not apply (A) if the charter  
31 school was already in violation of the requirements of subparagraph (ii)  
32 of this paragraph at the time the student was withdrawn or (B) if the  
33 decision of the student's parent or guardian was substantially motivated  
34 by any action or inaction of the charter school, or any of its agents or  
35 employees, that was in violation of any law, rule, or regulation.

36 (viii) (A) A charter school shall report the names of any parents or  
37 guardians of students who are on a waitlist for enrollment in the char-  
38 ter school to the superintendent of the district in which the charter  
39 school is located or, for charter schools located within the geographic  
40 area served by the city school district of the city of New York, the  
41 chancellor of the city school district of the city of New York, whether  
42 each such student is in one of the categories set forth in subparagraph  
43 (ii) of this paragraph and, if so, which one.

44 (B) A charter school that, at any time, does not have enrolled the  
45 minimum number of students required in each category pursuant to subpar-  
46 agraph (ii) of this paragraph shall notify the superintendent of the  
47 district in which the charter school is located or, for charter schools  
48 located within the geographic area served by the city school district of  
49 the city of New York, the chancellor of the city school district of the  
50 city of New York, within five days of the date of the school being below  
51 the minimum number of students. A separate notification shall be  
52 provided each time a charter school's enrollment falls below the minimum  
53 in any category pursuant to subparagraph (ii) of this paragraph.

54 (C) Where the superintendent of the district or the chancellor of the  
55 city school district of the city of New York receives notification  
56 pursuant to clause (B) of this subparagraph, he or she shall first offer

1 the enrollment spaces to any parents or guardians of students who are in  
2 a category in which the charter school is below the minimum set forth in  
3 subparagraph (ii) of this paragraph who are on the school's waitlist,  
4 then to any parents or guardians of students who are in a category in  
5 which the charter school is below the minimum set forth in subparagraph  
6 (ii) of this paragraph who are on the waitlist of another charter school  
7 in the district in which the charter school is located or, for charter  
8 schools located within the geographic area served by the city school  
9 district of the city of New York geographically located in the community  
10 school district, and then to any other parents or guardians of students  
11 who are in a category in which the charter school is below the minimum  
12 set forth in subparagraph (ii) of this paragraph who reside in the  
13 district; such process of enrollment offers shall continue until the  
14 charter school is no longer below such minimum in any category or such  
15 superintendent or chancellor certifies there are no such students seek-  
16 ing enrollment.

17 (D) Offers made pursuant to this subparagraph shall be made in writing  
18 in the parent or guardian's primary language. Where an offer is made  
19 pursuant to this subparagraph and the parent or guardian accepts, the  
20 charter school shall enroll the student within five calendar days of the  
21 offer being accepted.

22 (ix) (A) For each month during the school year, a charter school shall  
23 report the number of students then enrolled, as of the first day of the  
24 month, in each category set forth in subparagraph (ii) of this paragraph  
25 and the number of students then enrolled, as of the first day of the  
26 month, that are in none of the categories set forth in subparagraph (ii)  
27 of this paragraph.

28 (B) Reports pursuant to this subparagraph shall be made to the board  
29 of regents, the school's charter entity, the comptroller of the city of  
30 New York for charter schools located in New York city and the comp-  
31 troller of the state of New York for charter schools located outside of  
32 the city of New York, and the superintendent of the district in which  
33 the charter school is located or, for charter schools located within the  
34 geographic area served by the city school district of the city of New  
35 York, the chancellor of the city school district of the city of New  
36 York. The commissioner shall ensure that such report is made publicly  
37 available via such department's official internet website within five  
38 days of its receipt.

39 (C) Reports pursuant to this subparagraph shall be made on the fifth  
40 day of the ensuing month during the school year and shall be accompanied  
41 by a statement, under oath, by the chairperson of the school's board of  
42 trustees or other appropriate member of the board of trustees, that,  
43 after the due inquiry, the reports are true and correct and have been  
44 provided to each member of the school's board of trustees.

45 (x) The commissioner shall establish regulations to require that the  
46 random selection [~~process~~] ~~processes~~ conducted pursuant to this para-  
47 graph be performed in a transparent and equitable manner and to require  
48 that the time and place of the random selection process be publicized in  
49 a manner consistent with the requirements of section one hundred four of  
50 the public officers law and be open to the public. [~~For~~] ~~Except where~~  
51 another definition is provided, for the purposes of this paragraph and  
52 paragraph (a) of this subdivision, the school district in which the  
53 charter school is located shall mean, for the city school district of  
54 the city of New York, the community district in which the charter school  
55 is located.

1     (xi) The commissioner may, by regulation, require the board of educa-  
2 tion of each school district or the chancellor of the city school  
3 district of the city of New York to provide to him or her such informa-  
4 tion as is necessary to calculate the minimum number of students a char-  
5 ter school must enroll and continually have enrolled pursuant to subpar-  
6 agraph (ii) of this paragraph. Such information shall be made public by  
7 the commissioner within five business days of receipt.

8     (xii)(A) If a charter school fails to enroll the number of students  
9 required by subparagraph (ii) of this paragraph the appropriate school  
10 district shall withhold from the charter school's funding an amount  
11 equal to the additional per pupil funding the charter school would have  
12 received had each student not enrolled as required by subparagraph (ii)  
13 of this paragraph been enrolled.

14     (B) Money withheld by the school district in accordance with this  
15 subparagraph shall be returned to the commissioner for distribution to  
16 each of the school districts, using an equitable formula determined by  
17 the commissioner, provided the charter school or schools from which the  
18 monies are withheld shall not be entitled to the return of any money  
19 withheld pursuant to this subparagraph or any additional monies as a  
20 result of the commissioner's distribution of funds pursuant to this  
21 subparagraph.

22     (xiii) (A) No charter school shall first commence instruction if it is  
23 operated by, managed by, affiliated with, in the same chain as, shares  
24 the same management company as, or has any common charter applicant as,  
25 a school that has been in violation, within the last two years, of the  
26 enrollment requirements of subparagraph (ii) of this paragraph.

27     (B) No charter school shall expand beyond the grades with enrolled  
28 students, even if such expansion is authorized by its charter, if it has  
29 been in violation, within the last two years, of the enrollment require-  
30 ments of subparagraph (ii) of this paragraph.

31     (C) A charter school that does not have enrolled the minimum number of  
32 students as required by subparagraph (ii) of this paragraph shall not be  
33 offered or entitled pursuant to paragraph (e) of subdivision three of  
34 section two thousand eight hundred fifty-three of this article (1) a  
35 co-location site in a public school building at no cost or (2) space in  
36 a privately owned or other publicly owned facility at the expense of the  
37 city school district. A charter school that has already been co-located  
38 in a public school building or given space in a privately owned or other  
39 publicly owned facility pursuant to this paragraph and then fails to  
40 continually have enrolled the required minimum number of students shall  
41 be required to pay the fair market value of such space for such period  
42 of time of non-compliance.

43     (xiv) The provisions of this paragraph shall be enforceable by the  
44 commissioner or by a court of competent jurisdiction. Any employee of  
45 the school district in which the charter school is located or the parent  
46 or guardian of a student attending the district in which the charter  
47 school is located shall have standing to enforce the provisions of this  
48 paragraph.

49     (xv) A charter school's failure to comply with the provisions of this  
50 paragraph shall be a very significant factor in determining whether the  
51 charter entity or the board of regents terminates the school's charter.

52     (b-1) Prior to submission of enrollment counts to a school district  
53 pursuant to subdivision one of section twenty-eight hundred fifty-six of  
54 this article, on or after October first of the two thousand seventeen--  
55 two thousand eighteen school year and October first of each school year  
56 thereafter, a charter school shall determine whether that school

1 district is the school district of residence of each student for whom  
2 enrollment is claimed. Such residency determination shall be made in  
3 accordance with the regulations of the commissioner and the residency  
4 policy of the school district in which the charter school is located,  
5 provided that the charter school may fulfill such requirement by requir-  
6 ing that the parents or other persons in parental relation register  
7 their child with the school district they have identified as their  
8 school district of residence. Notwithstanding any other provision of  
9 law to the contrary, the parents or other persons in parental relation  
10 shall not be required to annually prove their continued residency,  
11 provided that they either annually certify to the charter school and the  
12 school district of residence that their residency has not changed or  
13 notify the charter school and the school district that their residency  
14 has changed and that a new school district of residence should be iden-  
15 tified pursuant to this paragraph. Upon making a residency determi-  
16 nation, a charter school making its own residency determination shall  
17 promptly submit its proof of residence to the school district identified  
18 as the district of residence for purposes of enrollment of the student  
19 in such school district in accordance with subdivision one of section  
20 twenty-eight hundred fifty-six of this article, and the provision of  
21 services pursuant to subdivision four of section twenty-eight hundred  
22 fifty-three of this article. In the event of a dispute over the residen-  
23 cy of a student, the school district shall make its own residency deter-  
24 mination pursuant to the regulations of the commissioner after consider-  
25 ing the proof of residency submitted by the charter school, and such  
26 determination may be appealed to the commissioner by the charter school  
27 or by the parent or other person in parental relation or both pursuant  
28 to section three hundred ten of this chapter. During the pendency of  
29 such appeal, the student shall be deemed enrolled in the school  
30 district, shall be entitled to services pursuant to subdivision four of  
31 section twenty-eight hundred fifty-three of this article, and the school  
32 district shall be liable for charter school tuition, provided that upon  
33 a final determination in such appeal that the student is not a resident  
34 of the school district, the school district may deduct the cost of such  
35 tuition and services from future payments due the charter school. The  
36 provisions of this paragraph shall not apply to charter schools located  
37 in a city having a population of one million or more.

38 (c) A charter school shall serve one or more of the grades one through  
39 twelve, and shall limit admission to pupils within the grade levels  
40 served. Nothing herein shall prohibit a charter school from establishing  
41 a kindergarten program.

42 (d) A student may withdraw from a charter school at any time and  
43 enroll in a public school. [~~A charter school may refuse admission to any~~  
44 ~~student who has been expelled or suspended from a public school until~~  
45 ~~the period of suspension or expulsion from the public school has~~  
46 ~~expired, consistent with the requirements of due process]~~

47 (i) A student may only be disciplined, suspended or expelled from a  
48 charter school in accordance with the applicable provisions of subdivi-  
49 sions two-a, three, and three-a of section thirty-two hundred fourteen  
50 of this chapter. Every charter school shall develop a code of conduct in  
51 accordance with the provisions of section twenty-eight hundred one of  
52 this title.

53 (ii) Every charter school shall submit a detailed annual report  
54 regarding disciplinary measures imposed on students. The report shall be  
55 submitted to the charter entity and the board of regents as part of the  
56 annual report required pursuant to subdivision two of section twenty-

eight hundred fifty-seven of this article. The report shall be in a form prescribed by the commissioner, and shall include, but not be limited to, number of classroom removals, number of in-school suspensions, number of out-of-school suspensions, number of expulsions, and the action the student took that led to each disciplinary measure imposed. Such data shall be disaggregated by race/ethnicity, status as a student with a disability and status as an English language learner. The report shall be posted on the department's website.

(iii) For the purposes of this subdivision:

(A) the term "superintendent," "superintendent of schools," "district superintendent of schools," or "community superintendent," as used in subdivision three of section thirty-two hundred fourteen of this chapter, as such terms relate to charter schools shall mean the chairperson of the board of trustees of the charter school or the chief school officer of the charter school; and

(B) the term "board of education" or "board," as used in subdivision three of section thirty-two hundred fourteen of this chapter, as such terms relate to charter schools shall mean the board of trustees of the charter school.

§ 18. Subdivision 1 of section 2855 of the education law, as amended by chapter 101 of the laws of 2010, is amended to read as follows:

1. The charter entity, or the board of regents, may terminate a charter upon any of the following grounds:

(a) When a charter school's outcome on student assessment measures adopted by the board of regents falls below the level that would allow the commissioner to revoke the registration of another public school, and student achievement on such measures has not shown improvement over the preceding three school years;

(b) ~~[Serious violations]~~ A violation of law;

(c) ~~[Material and substantial]~~ A violation of the charter~~[, including fiscal mismanagement];~~

(d) When the public employment relations board makes a determination that the charter school ~~[demonstrates a practice and pattern of egregious and intentional violations of]~~ has violated subdivision one of section two hundred nine-a of the civil service law involving interference with or discrimination against employee rights under article fourteen of the civil service law; or the national labor relations board created pursuant to subchapter II of chapter seven of title twenty-nine of the United States Code, or any person or entity to whom the national labor relations board has lawfully delegated its authority, makes a determination that the charter school has violated section 158(a) of title twenty-nine of the United States Code; or

(e) ~~[Repeated failure to comply with the requirement to meet or exceed enrollment and retention targets of students with disabilities, English language learners, and students who are eligible applicants for the free and reduced price lunch program pursuant to targets established by the board of regents or the board of trustees of the state university of New York, as applicable. Provided, however, if no grounds for terminating a charter are established pursuant to this section other than pursuant to this paragraph, and the charter school demonstrates that it has made extensive efforts to recruit and retain such students, including outreach to parents and families in the surrounding communities, widely publicizing the lottery for such school, and efforts to academically support such students in such charter school, then the charter entity or board of regents may retain such charter.]~~ Failure to comply with the

requirements of paragraph (b) of subdivision two of section two thousand eight hundred fifty-four of this article; or

(f) Failure to comply with the data reporting requirements prescribed in subdivisions two and two-a of section twenty-eight hundred fifty-seven of this article.

§ 19. Subdivision 3 of section 2855 of the education law, as added by chapter 4 of the laws of 1998, is amended to read as follows:

3. (a) In addition to the provisions of subdivision two of this section, the charter entity or the board of regents may place a charter school falling within the provisions of subdivision one of this section on probationary status to allow the implementation of a remedial action plan. The failure of a charter school to comply with the terms and conditions of a remedial action plan may result in summary revocation of the school's charter.

(b) A charter school that is placed on probationary status shall annually notify the parents or guardians of all students and applicants of the placement. The initial notice shall be distributed within two weeks of being placed on probationary status. Such notice shall be written and delivered via mail. The department shall identify all charter schools on probationary status on the department's website and shall also post the remedial action plan.

§ 20. Subdivision 4 of section 2855 of the education law, as added by chapter 4 of the laws of 1998, is amended to read as follows:

4. (a) Any individual or group may bring a complaint to the board of trustees of a charter school alleging a violation of the provisions of this article, the charter, or any other provision of law relating to the management or operation of the charter school. If, after presentation of the complaint to the board of trustees of a charter school, the individual or group determines that such board has not adequately addressed the complaint, they may present that complaint to the charter entity, which shall investigate and respond. If, after presentation of the complaint to the charter entity, the individual or group determines that the charter entity has not adequately addressed the complaint, they may present that complaint to the board of regents, which shall investigate and respond. The charter entity and the board of regents shall have the power and the duty to issue appropriate remedial orders to charter schools under their jurisdiction to effectuate the provisions of this section.

(b) At the beginning of each school year, a charter school shall provide the parent or guardian of each student enrolled in the charter school information detailing the process by which a complaint can be brought against the charter school pursuant to paragraph (a) of this subdivision. In addition to detailing the process by which a complaint can be brought, the information provided shall include, but not be limited to the contact information for the board of trustees of the charter school in which the student is enrolled, the contact information for the charter entity of the charter school, and the contact information for the board of regents, if the board of regents is not the charter entity. Such information shall also be posted and updated annually on the charter school's website.

§ 21. Subdivisions 2 and 3 of section 2856 of the education law are renumbered subdivisions 3 and 4 and a new subdivision 2 is added to read as follows:

2. In the event that in any school year a charter school receives combined payments from any local, state, or federal source that exceed expenditures for such school year related to the operation of such char-

1 ter school by seven percent, then any excess funds above such amount  
2 shall be returned proportionately to all school districts that have paid  
3 tuition to such charter school.

4 § 22. Subdivision 3 of section 2856 of the education law, as added by  
5 chapter 4 of the laws of 1998 and as renumbered by section twenty-one of  
6 this act, is amended to read as follows:

7 3. (a) In the event of the failure of the school district to make  
8 payments required by this section, the state comptroller shall deduct  
9 from any state funds which become due to such school district an amount  
10 equal to the unpaid obligation. The comptroller shall pay over such sum  
11 to the charter school upon certification of the commissioner. The  
12 commissioner shall promulgate regulations to implement the provisions of  
13 this subdivision.

14 (b) At least thirty days prior to submission of a request for an  
15 intercept of state funds pursuant to paragraph (a) of this subdivision,  
16 the charter school shall provide the school district of residence with a  
17 list of students whose tuition is proposed to be included in the inter-  
18 cept and documentation of any special education services provided by the  
19 charter school, the cost of which would be included in the intercept.  
20 If the school district objects to inclusion of the tuition or cost of  
21 services in the intercept, the school district shall provide the charter  
22 school with a written statement of its reasons for objecting to the  
23 intercept that identifies the students whose costs are in dispute and  
24 the charter school shall schedule a resolution session for the purpose  
25 of resolving the dispute, which shall be held within five business days  
26 of receipt of the school district's objection. Each party shall ensure  
27 that their representatives who attend the resolution are fully author-  
28 ized to bind the school district or charter school, and any agreement  
29 reached at the resolution session shall be final and binding upon both  
30 parties. In the event the school district does not notify the charter  
31 school of its objections within ten days of its receipt of the list of  
32 students or fails to participate in a resolution session, the school  
33 district shall be deemed to have waived its objections to the intercept  
34 and the charter school shall not be required to offer a resolution  
35 session. If the parties are unable to reach agreement at a resolution  
36 session, they may agree to schedule additional resolution sessions or,  
37 if one of the parties informs the other that agreement is not possible,  
38 the dispute may be raised by the district as a charter school complaint  
39 pursuant to subdivision four of section twenty-eight hundred fifty-five  
40 of this article, or, if the dispute concerns the residency of a student,  
41 an appeal may be brought pursuant to paragraph (c) of this subdivision.  
42 The department shall not process an intercept for tuition or the cost of  
43 services of a student whose costs are in dispute until the charter  
44 school notifies the department that a resolution session has been held  
45 and no agreement has been reached, or that no resolution session is  
46 required because the school district failed to provide timely notice or  
47 failed to participate in a scheduled resolution session.

48 (c) In the event of a dispute over the residency of a student, the  
49 school district shall make its own residency determination pursuant to  
50 the regulations of the commissioner after considering the proof of resi-  
51 dency submitted by the charter school, and such determination may be  
52 appealed to the commissioner by the charter school or by the parent or  
53 other person in parental relation or both pursuant to section three  
54 hundred ten of this chapter. During the pendency of such appeal, the  
55 student shall be deemed enrolled in the school district, shall be enti-  
56 tled to services pursuant to subdivision four of section twenty-eight

hundred fifty-three of this article, and the school district shall be liable for charter school tuition, provided that upon a final determination in such appeal that the student is not a resident of the school district, the school district may deduct the cost of such tuition and services from future payments due the charter school.
