 (iii) Following such public hearing, a proposition for approval of such resolution by a majority of the qualified voters of such district shall be submitted at the next succeeding annual meeting and election. The district clerk shall give notice of such proposition by publishing notice prior to the election, in the same manner and publication as the public hearing, set forth in this section, specifying the time when and place or places where such election will be held, the hours during which the polls will remain open for the purpose of receiving ballots, and setting forth in full the language of the proposition to be approved at such election.

(iv) If such proposition is approved, within five months of such approval, the board of education shall define and publish, by resolution, boundaries of each of the school election wards. Such wards shall be contiguous and each ward shall contain as nearly as possible the same number of inhabitants. A map of each ward and the boundaries thereof shall be created with the original filed with the district clerk within ten days of the resolution and copies thereof filed in the board of elections of the county. The boundaries of the school election wards may thereafter be redefined by the board of education by resolution, after a public hearing thereon, upon each issuance of a federal decennial census. Such resolution shall be established at least six months prior to the next election of a school board trustee or trustees.

(v) After a school election ward system shall have been established, the term of every existing trustee shall terminate on the thirtieth day of June next succeeding the first annual meeting and election following voter approval of the referendum and on the third Tuesday in May every three years thereafter.

c. The term of office of each trustee from a school election ward shall be three years. In each school election ward, the candidate receiving a plurality of votes in each school election ward shall be declared elected to that position.

d. Whenever a vacancy shall occur or exist in the office of a ward trustee of a board of education, except by reason of expiration of term or increase in the number of members of such board, such vacancy shall be filled within ninety days either by (i) a majority vote of the remaining trustees of the board of education or (ii) a special election ordered by the commissioner. When a special election is ordered, the vacancy shall not be filled otherwise. No person shall be appointed to fill a vacancy of a ward trustee of a board of education unless he or she fulfills all of the qualifications in section twenty-one hundred two of this title to enable him or her to be a candidate for the office of a trustee of the board of education from the ward involved. The person appointed or elected to fill such vacancy shall take office immediately upon filing of his or her official oath of office with the district clerk and shall hold his or her office for the remainder of the unexpired term.

e. Except as provided herein, all provisions of this article, article forty-one, and article forty-three of this chapter or of any other general law relating to or affecting the election of trustees in a union free school district shall apply to school election wards organized as herein.
