An inspector shall, under the scrutiny of an inspector of a different political party, either post the results tape or read and announce in the order of the offices as their titles are arranged on the tabulated results tape, in distinct tones the public office or party position, candidate name, political party and the results as shown on the tabulated results tape and then shall announce the number of write-in votes recorded for each office. 10 by the inspectors. Thereafter, the voting machine shall be closed and

55 of unused ballots, the number of ballots spoiled before delivery to  
56 voters in the poll site, the number of ballots spoiled and returned by

1 voters and the number of affidavit ballots cast. These numbers shall be  
2 added to the number of ballots cast as recorded by the public counter  
3 number appearing on the ballot scanner screen(s) or results tape(s). The  
4 sum shall be recorded on the ballot reconciliation form. This resulting  
5 number shall be deducted from the number of ballots originally delivered  
6 to the election district or poll site, and the remainder number shall be  
7 determined to be the number of ballots secured in the emergency ballot  
8 box(es) or other secure storage container(s) provided by the board of  
9 elections. This remainder number shall be recorded on the ballot recon-

18 or container provided by the board of elections, and securely lock or

21 form. If such remainder number is not zero or there are unscanned voted  
22 election day ballots in the emergency ballot box(es) or other such  
23 secure container(s), the inspectors or clerks shall proceed with the  
24 process provided for in section 9-108 and 9-110 of this title. Upon

36 as follows: a bipartisan team of inspectors shall cast such ballots on a  
37 ballot scanner, if one is available, at the close of the polls before  
38 the tabulated results tape is printed. If a ballot does not scan because  
39 of an overvote or blank ballot warning on the ballot scanner screen, the  
40 inspectors shall cause the ballot scanner to eject such ballot to be  
41 hand counted pursuant to subdivision two of this section.

50 section blank, as the case may be. If more than one person is to be  
51 elected to the same office or party position the chair, if the ballot is  
52 void or the ballot or section is wholly blank, shall announce as many  
53 void or blank votes as there are persons to be elected to the office or  
54 party position. On a primary ballot a "section," as the term is used  
55 above, shall mean the space occupied by the title of an office or party  
56 position, names of candidates therefor and the voting squares therewith.
