AN ACT to amend the education law, in relation to mandatory continuing education for psychologists

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The education law is amended by adding a new section 7607
2 to read as follows:

3 § 7607. Mandatory continuing education. 1. (a) Each psychologist
4 required under this article to register triennially with the department
5 to practice in this state, shall comply with the provisions for mandato-
6 ry continuing education prescribed in subdivision two of this section,
7 except as set forth in paragraphs (b) and (c) of this subdivision.
8 Psychologists who do not satisfy the mandatory continuing education
9 requirements shall not practice until they have met such requirements
10 and they have been issued a registration certificate, except that a
11 psychologist may practice without having met such requirements if he or
12 she is issued a conditional registration certificate pursuant to subdivi-
13 vision three of this section.

14 (b) Each psychologist shall be exempt from the mandatory continuing
15 education requirements for the triennial registration period during
16 which they are first licensed. In accordance with the intent of this
17 section, adjustment to the mandatory continuing education requirement
18 may be granted by the department for reasons of health that are certi-
19 fied by an appropriate health care professional, for extended active
20 duty with the armed forces of the United States, or for other good cause
21 acceptable to the department which may prevent compliance.

22 (c) A psychologist not engaged in practice, as determined by the
23 department, shall be exempt from the mandatory continuing education
24 requirement upon the filing of a statement with the department declaring
25 such status. Any licensee who returns to the practice of psychology
26 during the triennial registration period shall notify the department
27 prior to reentering the profession and shall meet such continuing educa-

tion requirements as shall be prescribed by regulations of the commissioner.

2. During each triennial registration period, an applicant for registration as a psychologist shall complete a minimum of thirty-six hours of acceptable learning activities, a minimum of three hours of which shall be course work in the area of professional ethics. Any psychologist whose first registration date following the effective date of this section occurs less than three years from such effective date, but on or after January first, two thousand twenty, shall complete continuing education hours on a prorated basis at the rate of one hour per month for the period beginning January first, two thousand twenty up to the first registration date thereafter. A psychologist who has not satisfied the mandatory continuing education requirement shall not be issued a triennial registration certificate by the department and shall not practice unless and until a conditional registration is issued as provided for in subdivision three of this section. Continuing education hours taken during one triennium may not be transferred to the subsequent triennium.

3. (a) The department, in its discretion, may issue a conditional registration to a psychologist who fails to meet the continuing education requirements established in subdivision two of this section, but who agrees to make up any deficiencies and complete any additional education which the department may require. The fee for such a conditional registration shall be the same as, and in addition to, the fee for the triennial registration. The duration of such conditional registration shall be determined by the department, but shall not exceed one year. Any psychologist who is notified of the denial of registration for failure to submit evidence, satisfactory to the department, of required continuing education and who practices without such registration may be subject to disciplinary proceedings pursuant to section sixty-five hundred ten of this title.

(b) For purposes of this section:

(i) "acceptable learning activities" shall include, but not be limited to, formal courses of learning which contribute to professional practice in psychology and which meet the standards prescribed by regulations of the commissioner, self-study activities; independent study; formal mentoring activities; or publications in professional journals; or lectures; and

(ii) "formal courses of learning" shall include, but not be limited to, collegiate level credit and non-credit courses, professional development programs and technical sessions offered by national, state, and local professional associations and other organizations acceptable to the department, and any other organized educational and technical programs acceptable to the department. Formal courses must be taken from a sponsor approved by the department, pursuant to the regulations of the commissioner.

(c) The department may, in its discretion and as needed to contribute to the health and welfare of the public, require the completion of continuing education credits in specific subjects to fulfill this mandatory continuing education requirement.

(d) Psychologists shall maintain adequate documentation of completion of acceptable continuing education credits and shall provide such documentation at the request of the department. Failure to provide such documentation upon the request of the department shall be an act of misconduct subject to disciplinary proceedings pursuant to section sixty-five hundred ten of this title.

1 (e) The mandatory continuing education fee shall be determined by the
2 department. Such fee shall be payable on or before the first day of each
3 triennial registration period, and shall be paid in addition to the
4 triennial registration fee required by subdivision eight of section
5 seventy-six hundred three of this article.

6 § 2. This act shall take effect January 1, 2020; provided, however,
7 that effective immediately, the addition and/or repeal of any rule or
8 regulation necessary for the implementation of this act on its effective
9 date are authorized and directed to be made and completed on or before
10 such effective date.
