than fifteen percent (0.15), and (2) "unrestricted aid increase" shall
mean the quotient arrived at when dividing (a) the sum of the executive
foundation aid increase plus the gap elimination adjustment for the base
year, by (b) the difference of foundation aid for the base year less the
gap elimination adjustment for the base year, and (3) "executive foun-

a. Foundation formula aid. Foundation formula aid shall equal the remainder when the expected minimum local contribution is subtracted from the product of the foundation amount, the regional cost index, and the pupil need index, or: (foundation amount × regional cost index × pupil need index)−expected minimum local contribution.

(1) The foundation amount shall reflect the average per pupil cost of general education instruction in successful school districts, as determined by a statistical analysis of the costs of special education and general education in successful school districts, provided that the foundation amount shall be adjusted annually to reflect the percentage increase in the consumer price index as computed pursuant to section two thousand twenty-two of this chapter, provided that for the two thousand eight--two thousand nine school year, for the purpose of such adjustment, the percentage increase in the consumer price index shall be deemed to be two and nine-tenths percent (0.029), and provided further that the foundation amount for the two thousand seven--two thousand
eight school year shall be five thousand two hundred fifty-eight dollars, and provided further that for the two thousand seven--two thousand eight through two thousand seventeen--two thousand eighteen school years, the foundation amount shall be further adjusted by the phase-in foundation percent established pursuant to paragraph b of this subdivision.

(2) The regional cost index shall reflect an analysis of labor market costs based on median salaries in professional occupations that require similar credentials to those of positions in the education field, but not including those occupations in the education field, provided that the regional cost indices for the two thousand seven--two thousand eight school year and thereafter shall be as follows:

(3) The pupil need index shall equal the sum of one plus the extraordinary needs percent, provided, however, that the pupil need index shall not be less than one nor more than two. The extraordinary needs percent shall be calculated pursuant to paragraph w of subdivision one of this section.

(4) The expected minimum local contribution shall equal the lesser of (i) the product of (A) the quotient arrived at when the selected actual valuation is divided by total wealth foundation pupil units, multiplied by (B) the product of the local tax factor, multiplied by the income wealth index, or (ii) the product of (A) the product of the foundation amount, the regional cost index, and the pupil need index, multiplied by (B) the positive difference, if any, of one minus the state sharing ratio for total foundation aid. The local tax factor shall be established by May first of each year by determining the product, computed to four decimal places without rounding, of ninety percent multiplied by the quotient of the statewide average tax rate as computed by the commissioner for the current year in accordance with the provisions of paragraph e of subdivision one of section thirty-six hundred nine-e of this part plus the statewide average tax rate computed by the commissioner for the base year in accordance with such provisions plus the statewide average tax rate computed by the commissioner for the year prior to the base year in accordance with such provisions, divided by three, provided however that for the two thousand seven--two thousand eight school year, such local tax factor shall be sixteen thousandths (0.016), and provided further that for the two thousand eight--two thousand nine school year, such local tax factor shall be one hundred fifty-four ten thousandths (0.0154). The income wealth index shall be calculated pursuant to paragraph d of subdivision three of this section, provided, however, that for the purposes of computing the expected minimum local contribution the income wealth index shall not be less than sixty-five percent (0.65) and shall not be more than two hundred percent (2.0) and provided however that such income wealth index shall not be more than ninety-five percent (0.95) for the two thousand eight--two thousand nine school year, and provided further that such income wealth
index shall not be less than zero for the two thousand thirteen--two thousand fourteen school year. The selected actual valuation shall be calculated pursuant to paragraph c of subdivision one of this section. Total wealth foundation pupil units shall be calculated pursuant to paragraph h of subdivision two of this section.

b. Phase-in foundation increase. (1) The phase-in foundation increase shall equal the product of the phase-in foundation increase factor multiplied by the positive difference, if any, of (i) the product of the total aidable foundation pupil units multiplied by the district's selected foundation aid less (ii) the total foundation aid base computed pursuant to paragraph j of subdivision one of this section.

(2) (i) Phase-in foundation percent. The phase-in foundation percent shall equal one hundred thirty-eight one hundredths percent (1.3810) for the two thousand eleven--two thousand twelve school year, one hundred and thirty-eight one hundredths percent (1.3810) for the two thousand twelve--two thousand thirteen school year, one hundred and thirty-eight one hundredths percent (1.3810) for the two thousand thirteen--two thousand fourteen school year, one hundred and thirty-eight one hundredths percent (1.3810) for the two thousand fourteen--two thousand fifteen school year, and one hundred and thirty-eight one hundredths percent (1.3810) for the two thousand fifteen--two thousand sixteen school year.

(ii) Phase-in foundation increase factor. For the two thousand eleven--two thousand twelve school year, the phase-in foundation increase factor shall equal seven and twenty-three hundredths percent (0.0723) or (2) for all other school districts zero percent, for the two thousand twelve--two thousand thirteen school year the phase-in foundation increase factor shall equal (1) for a city school district in a city having a population of one million or more, five and twenty-three hundredths percent (0.0523) or (2) for all other school districts zero percent, for the two thousand thirteen--two thousand fourteen school year the phase-in foundation increase factor shall equal (1) for a city school district of a city having a population of one million or more, five and thirty-two hundredths percent (0.0532) or (2) for a school district other than a city school district having a population of one million or more for which (A) the quotient of the positive difference of the foundation formula aid minus the foundation aid base computed pursuant to paragraph j of subdivision one of this section divided by the foundation formula aid is greater than twenty-two percent (0.22) and (B) a combined wealth ratio less than thirty-five hundredths (0.35), seven percent (0.07) or (3) for all other school districts, four and thirty-one hundredths percent (0.0431), and for the two thousand fourteen--two thousand fifteen school year the phase-in foundation increase factor shall equal: (1) for a city school district of a city having a population of one million or more, thirteen and two hundred seventy-four thousandths percent (0.13274); or (2) for districts where the quotient arrived at when dividing (A) the product of the total aidable foundation pupil units multiplied by the district's selected foundation aid less the total foundation aid base computed pursuant to paragraph j of subdivision one of this section divided by (B) the product of the total aidable foundation pupil units multiplied by the district's selected foundation aid is greater than nineteen percent (0.19), and where the district's combined wealth ratio is less than thirty-three hundredths (0.33), seven and seventy-five hundredths percent (0.0775); or (3) for any other district

Notwithstanding any other provision of law to the contrary, the public excess cost aid
set aside shall be paid pursuant to section thirty-six hundred nine-b of this part.

d. Each school district shall use such "COMMUNITY SCHL INCR" amount to support the transformation of school buildings into community hubs to deliver co-located or school-linked academic, health, mental health services and personnel, after-school programming, dual language programs, nutrition, counseling, legal and/or other services to students and their families, including but not limited to providing a community school site coordinator and programs for English language learners, or to support other costs incurred to maximize students' academic achievement, provided however that a school district whose "COMMUNITY SCHL INCR" amount exceeds one million dollars ($1,000,000) shall use an amount equal to the greater of one hundred fifty thousand dollars ($150,000) or ten percent of such "COMMUNITY SCHL INCR" amount to support such transformation at schools with extraordinary high levels of student need as identified by the commissioner, subject to the approval of the director of the budget. Each school district shall use such "COMMUNITY SCHOOLS INCREASE" in the data file produced by the commissioner in support of the executive budget for the two thousand eighteen--two thousand nineteen school year and entitled "BT181-9" to support the transformation of school buildings into community hubs to deliver co-located or school linked academic, health, mental health services and personnel, after-school programming, dual language programs, nutrition, counseling, legal and/or other services to students and their families, including but not limited to providing a community school site coordinator and programs for English language learners.

f. Foundation aid payable in the two thousand eighteen--two thousand nineteen school year. Notwithstanding any provision of law to the contrary, foundation aid payable in the two thousand eighteen--two thousand nineteen school year shall equal the sum of the foundation aid base
plus the base increase plus the community schools increase, as defined in this paragraph.

(i) Base increase. The base increase for the two thousand eighteen--
two thousand nineteen school year shall equal the greater of tiers A, B, or C.

(A) Tier A. Tier A shall equal the product of the phase-in factor and
the positive difference, if any, of total foundation aid less the foun-
dation aid base. The phase-in factor shall equal, for a city school
district in a city having a population of one million or more, nine
thousand nine hundred five hundred thousandths (0.09905), and for all
other districts, the product of three hundred fifty-six ten thousandths
(0.0356) multiplied by a CWR sliding scale, where the CWR sliding scale
shall be equal to the positive difference, if any, of one and six
hundred sixteen thousandths (1.616) less the product of (a) one and one
two-thousand-five ten thousandths (1.025) multiplied by (b) the
combined wealth ratio for total foundation aid computed pursuant to
paragraph c of subdivision three of this section multiplied again by (c)
the combined wealth ratio for total foundation aid computed pursuant to
paragraph c of subdivision three of this section, provided that such
ratio shall be no more than one.

(B) Tier B. For districts with a combined wealth ratio for total foun-
dation aid computed pursuant to paragraph c of subdivision three of this
section less than one (1.0), Tier B shall be equal to the product of
district public enrollment for the base year pursuant to paragraph n of
subdivision one of this section multiplied by the sum of (I) the EN
percent base increase, (II) the EN percent sparsity increase, (III) the
EN percent growth increase, and (IV) the scaled per pupil amount. For
purposes of this subparagraph, the extraordinary needs index shall be
equal to a district’s extraordinary needs percent calculated pursuant to
paragraph w of subdivision one of this section divided by five hundred
fifty-seven thousandths (0.557).

(I) EN percent base increase. For all school districts with an
extraordinary needs percent calculated pursuant to paragraph w of subdi-
vision one of this section greater than twenty-five hundredths (0.25),
the EN percent base increase shall be equal to the product of the
extraordinary needs index multiplied by thirty-two dollars and fifty
cents ($32.50).

(II) EN percent sparsity increase. For all school districts with an EN
percent base increase greater than zero and with a sparsity factor
pursuant to paragraph r of subdivision one of this section greater than
zero, the EN percent sparsity increase shall be equal to the product of
the extraordinary needs index multiplied by nine dollars and forty-two
cents ($9.42).

(III) EN percent growth increase. For all school districts with an EN
percent base increase greater than zero and where the extraordinary
needs percent calculated for the two thousand eighteen--two thousand
nineteen school year is more than three hundred twenty-five ten thou-
sandths (0.0325) greater than the extraordinary needs percent calculated
for the two thousand sixteen--two thousand seventeen school year, the EN
percent growth increase shall be equal to the product of the extraor-
dinary needs index multiplied by thirty dollars ($30.00).

(IV) Scaled per pupil amount. The scaled per pupil amount shall equal
for all school districts with a combined wealth ratio for total founda-
tion aid computed pursuant to paragraph c of subdivision three of this
section less than one (1.0), the product of sixty-nine dollars ($69.00)
multiplied by the positive difference, if any, of one and six hundred
sixteen thousandths (1.616) less the product of (a) one and one thousand twenty-five ten thousandths (1.1025) multiplied by (b) the combined wealth ratio for total foundation aid computed pursuant to paragraph c of subdivision three of this section multiplied again by (c) the combined wealth ratio for total foundation aid computed pursuant to paragraph c of subdivision three of this section, provided that such ratio shall be no more than one.

(C) Tier C. For all school districts, tier C shall be equal to the product of twenty-five ten thousandths (0.0025) multiplied by the foundation aid base.

(ii) Community schools increase. The community schools increase for the two thousand eighteen--two thousand nineteen school year shall equal the greater of the community schools formula increase or the community schools level-up increase.

(A) Community schools formula increase. For all eligible school districts, the community schools formula increase shall equal the product of (1) the difference of one (1.0) less the product of sixty-four hundredths (0.64) multiplied by the combined wealth ratio for total foundation aid, provided that such ratio shall be no more than nine tenths (0.9) nor less than zero, multiplied by (2) eighty-three dollars and seventeen cents ($83.17), multiplied by (3) school district public enrollment for the base year pursuant to paragraph n of subdivision one of this section, provided that the community schools formula increase shall not be less than seventy-five thousand dollars ($75,000) for any eligible districts.

(B) A school district shall be eligible for the community schools formula increase if it is (i) a school district that contains at least one school designated as failing or persistently failing by the commissioner pursuant to paragraphs (a) or (b) of subdivision one of section two hundred eleven-f of this chapter as of January first, two thousand eighteen or (ii) a school district (1) that has a combined wealth ratio for total foundation aid less than one (1.0), and (2) where the positive difference, if any, of the English language learner count pursuant to paragraph o of subdivision one of this section less the amount equal to "2012-13 ENGLISH LANG. LEARNERS" in the computer listing produced by the commissioner in support of the executive budget request for the two thousand eighteen--two thousand nineteen school year entitled "BT181-9" is greater than both (a) one hundred pupils and (b) the product of one-tenth (0.10) multiplied by the amount equal to "2012-13 ENGLISH LANG. LEARNERS" in the computer listing produced by the commissioner in support of the executive budget request for the two thousand eighteen--two thousand nineteen school year entitled "BT181-9", and (3) where the quotient arrived at when dividing the English language learner count by the base year public school district enrollment as computed pursuant to subparagraph two of paragraph n of subdivision one of this section exceeds five percent (0.05); or (iii) a school district where (1) the quotient arrived at when dividing the amount equal to "2016-17 HOMELESS PUPILS" in the computer listing produced by the commissioner in support of the executive budget request for the two thousand eighteen--two thousand nineteen school year entitled "BT181-9" by the amount equal to "2012-13 HOMELESS PUPILS" in the computer listing produced by the commissioner in support of the execu-
tive budget request for the two thousand eighteen--two thousand nineteen
school year entitled "BT181-9" by public school district enrollment as
computed pursuant to subparagraph two of paragraph n of subdivision one
of this section, for the year prior to the base year, is greater than
five hundredths (0.05), and (3) where the amount equal to "2016-17 HOME-
LESS PUPILS" in the computer listing produced by the commissioner in
support of the executive budget request for the two thousand eighteen--
two thousand nineteen school year entitled "BT181-9" is greater than one
hundred pupils.

(B) Community schools level-up increase. For all school districts with
a community schools aid set-aside amount pursuant to paragraph e of this
subdivision greater than zero, the community schools level-up increase
shall be equal to the positive difference, if any, of (1) seventy-five
thousand dollars less (2) the community schools aid set-aside amount for
the two thousand seventeen--two thousand eighteen school year pursuant
to paragraph e of this subdivision.

efficiency factor equal to the quotient arrived at when dividing (i) the
statewide sum of all such apportionments for the base year pursuant to
this subdivision multiplied by one and two one-hundredths (1.02) by (ii)
the statewide sum of all such apportionments otherwise payable for the
current year pursuant to this subdivision, provided, however, that such
efficiency factor shall not be more than one, and shall be deemed final
and not subject to change as of the update produced by the commissioner

2. The amendments to chapter 756 of the laws of 1992, relating to

3. Section twenty-eight of this act shall be deemed to have been in
full force and effect on and after the effective date of section 140 of
chapter 82 of the laws of 1995;

4. The amendments to paragraph (d) of subdivision 1 of section 2856 of
the education law made by section seven of this act shall be subject to
the expiration and reversion of such subdivision pursuant to subdivision

PART B

Section 1. The education law is amended by adding a new section 908 to
read as follows:

§ 908. Prohibition against lunch shaming. All public schools, includ-
ing charter schools and non-public schools in the state that participate
in the national school lunch program or school breakfast program in
which there is a school at which all pupils are not eligible to be
served breakfast and lunch under the community eligibility provision or
provision two of the federal national school lunch act, 42 U.S.C. Sec.
1751 et seq., shall develop a plan to ensure that a pupil whose parent
or guardian has unpaid school meal fees is not shamed or treated differ-
ently than a pupil whose parent or guardian does not have unpaid school
meal fees. The plan shall be submitted to the commissioner by July
first, two thousand eighteen, or sixty days from the effective date of
this section after enactment in conformance with regulations of the
commissioner. After submission of such plan, the school shall adopt and post the plan on its website. The plan shall include, but not be limited to, the following elements:

a. A policy stating that the school shall provide the student with the student's meal of choice for that school day of the available reimbursable meal choices for such school day, if the student requests one, unless the student's parent or guardian has specifically provided written permission to the school to withhold a meal, provided that such policy shall only require the school to provide access to reimbursable meals, not a la carte items, adult meals, or other similar items;

b. An explanation of how staff will be trained to ensure that the policy is carried out correctly and how the affected parents and guardians will be provided with assistance in establishing eligibility for free or reduced-price meals for their children;

c. A policy requiring the school to notify the student's parent or guardian that the student's meal card or account balance is exhausted and unpaid meal charges are due. The notification policy may include a repayment schedule, but the school may not charge any interest or fees in connection with any meals charged;

d. A communication procedure designed to support eligible families enrolling in the national free and reduced price meal program. Such communication procedures shall also include a process for determining eligibility when a student owes money for five or more meals, wherein the school shall:

i. make every attempt to determine if a student is directly certified to be eligible for free meals;

ii. make at least two attempts, not including the application or instructions included in a school enrollment packet, to reach the student's parent or guardian and have the parent or guardian fill out a meal application; and

iii. require a principal, assistant principal or counselor to contact the parent or guardian to offer assistance with a meal application,

determine if there are other issues within the household that have caused the child to have insufficient funds to purchase a school meal and offer any other assistance that is appropriate;

e. A clear explanation of policies designed to decrease student distress or embarrassment, provided that, no school shall:

i. publicly identify or stigmatize a student who cannot pay for a meal or who owes a meal debt by any means including, but not limited to, requiring that a student wear a wristband or hand stamp;

ii. require a student who cannot pay for a meal or who owes a meal debt to do chores or other work to pay for meals, provided that chores or work required of all students regardless of a meal debt is permitted;

iii. require that a student throw away a meal after it has been served because of the student’s inability to pay for the meal or because money is owed for earlier meals;

iv. take any action directed at a pupil to collect unpaid school meal fees. A school may attempt to collect unpaid school meal fees from a parent or guardian, but shall not use a debt collector, as defined in section eight hundred three of the federal consumer credit protection act, 15 U.S.C. Sec. 1692a; or

v. discuss any outstanding meal debt in the presence of other students;

f. A clear explanation of the policy to handle unpaid meal charges, provided that nothing in this section is intended to allow for the unlimited accrual of debt;
g. Procedures to enroll in the free and reduced price lunch program, provided that such procedures shall include that, at the beginning of each school year, a school shall provide:
   i. a free, printed meal application in every school enrollment packet, or if the school chooses to use an electronic meal application, provide in school enrollment packets an explanation of the electronic meal application process and instructions for how parents or guardians may request a paper application at no cost; and
   ii. meal applications and instructions in a language that parents and guardians understand. If a parent or guardian cannot read or understand a meal application, the school shall offer assistance in completing the application;

h. If a school becomes aware that a student who has not submitted a meal application is eligible for free or reduced-fee meals, the school shall complete and file an application for the student pursuant to title seven, section 245.6(d) of the code of federal regulations; and

i. School liaisons required for homeless, foster, and migrant students shall coordinate with the nutrition department to make sure such students receive free school meals, in accordance with federal law.

§ 2. Section 4 of chapter 537 of the laws of 1976, relating to paid, free and reduced price breakfast for eligible pupils in certain school districts is renumbered section 6 and two new sections 4 and 5 are added to read as follows:

§ 4. a. All public elementary or secondary schools in this state, not including a charter school authorized by article 56 of the education law, with at least seventy percent or more of its students eligible for free or reduced-price meals under the federal National School Lunch Program as determined by the State Education Department based upon data submitted by schools through the basic educational data system (BEDS) for the prior school year, shall be required to offer all students a school breakfast after the instructional day has begun.

b. Each public school may determine the breakfast service delivery model that best suits its students. Service delivery models may include, but are not limited to, breakfast in the classroom, grab and go breakfast, and breakfast served in the cafeteria. Time spent by students consuming breakfast may be considered instructional time when students consume breakfast in the students' classrooms and instruction is being provided while students are consuming breakfast. In determining a service delivery model, schools shall consult with teachers, parents, students and members of the community.

c. Schools subject to this requirement shall provide notice to students' parents and guardians that the school will be offering breakfast to all students after the instructional day has begun.

d. The State Education Department shall:
   i. on or before May 1, 2018, and on or before May 1 of each year thereafter preceding each school year, publish on its website a list of the public schools that meet the requirements for operating such programs, and provide notification to such schools;
   ii. develop and distribute guidelines for the implementation of such programs, which shall be in the compliance with all applicable federal and state laws governing the School Breakfast Program;
   iii. provide technical assistance relating to the implementation of such program and submission of claims for reimbursement under the School Breakfast Program; and
   iv. annually publish by December 2019, and each December thereafter, on its website information relating to each school subject to this
requirement, as well as any other schools operating such program which
are not subject to this requirement, in the prior school year. Such
information shall include, but not be limited to: the school name,
service delivery models implemented, student enrollment, the free and
reduced-price lunch percentage, the average daily breakfast partic-
ipation rate, the total number of breakfast meals served during the
school year, the total cost of the breakfast program during the school
year, the total federal reimbursement for breakfast meals during the
school year, and the total state reimbursement for breakfast meals
during the school year.
§ 5. a. Notwithstanding any monetary limitations with respect to
school lunch programs contained in any law or regulation, for school
lunch meals served in the school year commencing July 1, 2019 and each
July 1 thereafter, a school food authority shall be eligible for a lunch
meal State subsidy of twenty-five cents, which shall include any annual
State subsidy received by such school food authority under any other
provision of State law, for any school lunch meal served by such school
food authority; provided that the school food authority certifies to the
State Education Department through the application submitted pursuant to
subdivision b of this section that such food authority has purchased at
least thirty percent of its total cost of food products for its school
food service program from New York state farmers, growers, producers or
processors in the preceding school year.
b. The State Education Department, in cooperation with the Department
of Agriculture and Markets, shall develop an application for school food
authorities to seek an additional State subsidy pursuant to this section
in a timeline and format prescribed by the commissioner of education.
Such application shall include, but not be limited to, documentation
demonstrating the school food authority's total food purchases for its
school food service programs, including but not limited to school lunch,
breakfast and snack programs, and documentation demonstrating its total
food purchases and percentages for such programs from New York State
farmers, growers, producers or processors in the preceding school year.
The application shall also include an attestation from the school food
authority's chief operating officer that it purchased at least thirty
percent of its total cost of food products for its school food service
program from New York State farmers, growers, producers or processors in
the preceding school year in order to meet the requirements for this
additional State subsidy. School food authorities shall be required to
annually apply for this subsidy.
c. The State Education Department shall annually publish information
on its website commencing on September 1, 2019 and each September 1
thereafter, relating to each school food authority that applied for and
received this additional State subsidy, including but not limited to: the
school food authority name, student enrollment, average daily lunch
participation, total food costs for its school food service programs,
total cost of products for its school food service programs purchased
from New York State farmers, growers, producers or processors, and the
percent of total food costs that were purchased from New York State
farmers, growers, producers or processors.
§ 3. This act shall take effect immediately; provided, however, that
subdivision a of section 4 of chapter 537 of the laws of 1976, as added
by section two of this act, shall take effect September 1, 2018.
Section 1. Section 1604 of the education law is amended by adding a new subdivision 43 to read as follows:

43. To pass, in the discretion of the trustees, a resolution authorizing the use of school bus cameras pursuant to section eleven hundred eighteen of the vehicle and traffic law, provided that the trustees may also enter into contracts with a third party for the installation, administration, operation, notice processing, and maintenance of such cameras, and for the sharing of revenue derived from such cameras pursuant to section eleven hundred eighteen of the vehicle and traffic law, provided that the purchase, lease, installation, operation and maintenance, or any other costs associated with such cameras shall not be considered an aidable expense pursuant to section thirty-six hundred twenty-three-a of this chapter.

§ 2. Section 1709 of the education law is amended by adding a new subdivision 43 to read as follows:

43. To pass a resolution, in the discretion of the board, authorizing the use of school bus cameras pursuant to section eleven hundred eighteen of the vehicle and traffic law, provided that the board may also enter into contracts with a third party for the installation, administration, operation, notice processing, and maintenance of such cameras, and for the sharing of revenue derived from such cameras pursuant to section eleven hundred eighteen of the vehicle and traffic law, provided that the purchase, lease, installation, operation and maintenance, or any other costs associated with such cameras shall not be considered an aidable expense pursuant to section thirty-six hundred twenty-three-a of this chapter.

§ 3. The vehicle and traffic law is amended by adding a new section 1118 to read as follows:

§ 1118. Owner liability for operator illegally overtaking or passing a school bus. (a) Notwithstanding any other provision of law, each board of education or trustees of a school district is hereby authorized and empowered to adopt and amend a resolution establishing a school bus safety camera program imposing monetary liability on the owner of a vehicle for failure of an operator thereof to comply with section eleven hundred seventy-four of this title. Such program shall empower a board of education or school district or school bus transportation contractor that has contracted with such school district to install school bus safety cameras upon school buses operated by or contracted with such district.

2. Such program shall utilize necessary technologies to ensure, to the extent practicable, that photographs produced by such school bus safety cameras shall not include images that identify the driver, the passengers, or the contents of the vehicle. Provided, however, that no notice of liability issued pursuant to this section shall be dismissed solely because a photograph or photographs allow for the identification of the contents of a vehicle, provided that such school district has made a reasonable effort to comply with the provisions of this paragraph.

(b) In any school district which has adopted a resolution pursuant to subdivision (a) of this section, the owner of a vehicle shall be liable for a penalty imposed pursuant to this section if such vehicle was used or operated with the permission of the owner, express or implied, in violation of subdivision (a) of section eleven hundred seventy-four of this title, and such violation is evidenced by information obtained from a school bus safety camera; provided however that no owner of a vehicle shall be liable for a penalty imposed pursuant to this section where the

operator of such vehicle has been convicted of the underlying violation
of subdivision (a) of section eleven hundred seventy-four of this title.
(c) For purposes of this section, "owner" shall have the meaning
provided in article two-B of this chapter. For purposes of this section,
"school bus safety camera" shall mean an automated photo monitoring
device affixed to the outside of a school bus and designated to detect
and store videotape and one or more images of motor vehicles that over-
take or pass school buses in violation of subdivision (a) of section
eleven hundred seventy-four of this title.
(d) No school district or school bus transportation contractor that
has installed cameras pursuant to this section shall access the images
from such cameras but shall provide, pursuant to an agreement with the
appropriate law enforcement agency or agencies, for the proper handling
and custody of such images for the forwarding of such images from such
cameras to a law enforcement agency having jurisdiction in the area in
which the violation occurred for the purpose of imposing monetary
liability on the owner of a motor vehicle for illegally overtaking or
passing a school bus in violation of subdivision (a) of section eleven
hundred seventy-four of this title. After receipt of such images a
police officer shall inspect such videotape and images to determine
whether a violation of subdivision (a) of section eleven hundred seventy-
four of this title was committed. Upon such a finding a certificate,
sworn to or affirmed by an officer of such agency, or a facsimile thereof,
based upon inspection of photographs, microphotographs, videotape or
other recorded images produced by a school bus safety camera, shall be
prima facie evidence of the facts contained therein. Any photographs,
microphotographs, videotape or other recorded images evidencing such a
violation shall be available for inspection in any proceeding to adjudi-
cate the liability for such violation.
(e) An owner found liable pursuant to this section for a violation of
subdivision (a) of section eleven hundred seventy-four of this title
shall be liable for a monetary penalty of two hundred fifty dollars.
(e-1) Payment of the monetary penalty imposed by subdivision (e) of
this section shall be payable to the school district. Nothing herein
shall prevent the school district from entering into a memorandum of
understanding with a local law enforcement agency to return a portion of
such penalty received to the local law enforcement agency, provided
however, in no case shall such portion returned to a local law enforce-
ment agency exceed twenty percent of the amount received by the school
district.
(f) An imposition of liability under this section shall not be deemed
a conviction as an operator and shall not be made part of the operating
record of the person upon whom such liability is imposed nor shall it be
used for insurance purposes in the provision of motor vehicle insurance
coverage.
(g) 1. A notice of liability shall be sent by the respective law
enforcement agency by first class mail to each person alleged to be
liable as an owner for a violation of subdivision (a) of section eleven
hundred seventy-four of this title pursuant to this section. Personal
delivery on the owner shall not be required. A manual or automatic
record of mailing prepared in the ordinary course of business shall be
prima facie evidence of the facts contained therein.
2. A notice of liability shall contain the name and address of the
person alleged to be liable as an owner for a violation of subdivision
(a) of section eleven hundred seventy-four of this title pursuant to
this section, the registration number of the vehicle involved in such
violation, the location where such violation took place, the date and
time of such violation and the identification number of the camera which
recorded the violation or other document locator number.

3. The notice of liability shall contain information advising the
person charged of the manner and the time in which he may contest the
liability alleged in the notice. Such notice of liability shall also
contain a warning to advise the persons charged that failure to contest
in the manner and time provided shall be deemed an admission of liabil-
ity and that a default judgment may be entered thereon.

4. The notice of liability shall be prepared and mailed by the respec-
tive law enforcement agency having jurisdiction over the location where
the violation occurred.

(h) Adjudication of the liability imposed upon owners by this section
shall be by a traffic violations bureau established pursuant to section
three hundred seventy of the general municipal law or, if there be none,
by the court having jurisdiction over traffic infractions, except that
any city which has established or designated an administrative tribunal
to hear and determine owner liability established by this article for
failure to comply with traffic-control indications shall use such tribu-
nal to adjudicate the liability imposed by this section.

(i) If an owner receives a notice of liability pursuant to this
section for any time period during which the vehicle was reported to a
police department as having been stolen, it shall be a valid defense to
an allegation of liability for a violation of subdivision (a) of section
eleven hundred seventy-four of this title pursuant to this section that
the vehicle had been reported to the police as stolen prior to the time
the violation occurred and had not been recovered by such time. For
purposes of asserting the defense provided by this subdivision it shall
be sufficient that a certified copy of the police report on the stolen
vehicle be sent by first class mail to the traffic violations bureau,
court having jurisdiction or parking violations bureau.

(j) Where the adjudication of liability imposed upon owners pursuant
to this section is by an administrative tribunal, traffic violations
bureau, or a court having jurisdiction, an owner who is a lessor of a
vehicle to which a notice of liability was issued pursuant to subdivi-
sion (g) of this section shall not be liable for the violation of subdi-
vision (a) of section eleven hundred seventy-four of this title,
provided that he or she sends to the administrative tribunal, traffic
violations bureau, or court having jurisdiction a copy of the rental,
lease or other such contract document covering such vehicle on the date
of the violation, with the name and address of the lessee clearly legi-
ble, within thirty-seven days after receiving notice from the bureau or
court of the date and time of such violation, together with the other
information contained in the original notice of liability. Failure to
send such information within such thirty-seven day time period shall
render the owner liable for the penalty prescribed by this section.
Where the lessor complies with the provisions of this paragraph, the
lessee of such vehicle on the date of such violation shall be deemed to
be the owner of such vehicle for purposes of this section, shall be
subject to liability for the violation of subdivision (a) of section
eleven hundred seventy-four of this title pursuant to this section and
shall be sent a notice of liability pursuant to subdivision (g) of this
section.

(k) 1. If the owner liable for a violation of subdivision (a) of
section eleven hundred seventy-four of this title pursuant to this
section was not the operator of the vehicle at the time of the
violation, the owner may maintain an action for indemnification against
the operator.
2. Notwithstanding any other provision of this section, no owner of a
vehicle shall be subject to a monetary fine imposed pursuant to this
section if the operator of such vehicle was operating such vehicle with-
out the consent of the owner at the time such operator was found to have
been overtaking or passing a school bus. For purposes of this subdivi-
sion there shall be a presumption that the operator of such vehicle was
operating such vehicle with the consent of the owner at the time such
operator was found to have been overtaking or passing a school bus.
(l) Nothing in this section shall be construed to limit the liability
of an operator of a vehicle for any violation of subdivision (a) of
section eleven hundred seventy-four of this title.
(m) In any school district which adopts a school bus safety camera
program pursuant to subdivision (a) of this section, such school
district shall submit an annual report on the results of the use of its
school bus safety cameras to the governor, the temporary president of
the senate and the speaker of the assembly on or before June first, two
thousand nineteen and on the same date in each succeeding year in which
the demonstration program is operable. Such report shall include, but
not be limited to:
1. a description of the number of busses and routes where school bus
safety cameras were used;
2. the aggregate number of annual incidents of violations of subdivi-
sion (a) of section eleven hundred seventy-four of this title within the
district;
3. the number of violations recorded by school bus safety cameras in
the aggregate and on a daily, weekly and monthly basis;
4. the total number of notices of liability issued for violations
recorded by such systems;
5. the number of fines and total amount of fines paid after first
notice of liability issued for violations recorded by such systems;
6. the number of violations adjudicated and results of such adjudi-
cations including breakdowns of dispositions made for violations
recorded by such systems;
7. the total amount of revenue realized by such school district from
such adjudications;
8. expenses incurred by such school district in connection with the
program; and
9. quality of the adjudication process and its results.
(n) It shall be a defense to any prosecution for a violation of subdi-
vision (a) of section eleven hundred seventy-four of this title that
such school bus safety cameras were malfunctioning at the time of the
alleged violation.
§ 4. Subdivision (c) of section 1174 of the vehicle and traffic law,
as amended by chapter 254 of the laws of 2002, is amended to read as
follows:
(c) Every person convicted of a violation of subdivision (a) of this
section shall: for a first conviction thereof, be punished by a fine of
not less than [two hundred fifty] five hundred dollars nor more than
seven hundred fifty dollars or by imprisonment for not more than
thirty days or by both such fine and imprisonment; for a conviction of a
second violation, both of which were committed within a period of three
years, such person shall be punished by a fine of not less than [six
hundred] one thousand dollars nor more than [seven] one thousand two
hundred fifty dollars or by imprisonment for not more than one hundred
eighty days or by both such fine and imprisonment; upon a conviction of
a third or subsequent violation, all of which were committed within a
period of three years, such person shall be punished by a fine of not
less than $seven hundred fifty one thousand two hundred fifty dollars
nor more than one thousand five hundred dollars or by imprisonment for
not more than one hundred eighty days or by both such fine and imprison-
ment.
§ 5. This act shall take effect immediately.

PART D

Section 1. Subdivision 4 of section 1950 of the education law is
amended by adding a new paragraph oo to read as follows:

oo. Notwithstanding any other provision of law, a board of cooperative
educational services is authorized to enter into a memorandum of under-
standing with the trustees or board of education of a non-component
school district, including city school districts of cities with one
hundred twenty-five thousand inhabitants or more, to participate in a
recovery high school program operated by the board of cooperative educa-
tional services for a period not to exceed five years upon such terms as
such trustees or board of education and the board of cooperative educa-
tional services may mutually agree, provided that such agreement may
provide for a charge for administration of the recovery high school
program including capital costs, but participating non-component school
districts shall not be liable for payment of administrative expenses as
declared in paragraph b of this subdivision. Costs allocated to a partic-
icipating non-component school district pursuant to a memorandum of under-
standing shall be aidable pursuant to subdivision five of this section
to the same extent and on the same basis as costs allocated to a compo-
nent school district.

6. **Notwithstanding any other provision of law, any firm established to lawfully engage in the practice of public accountancy pursuant to article fifteen of the business corporation law, articles one and eight-B of the partnership law, or articles twelve and thirteen of the limited**
liability company law shall be deemed eligible to register pursuant to this section.

§ 2. Section 1503 of the business corporation law is amended by adding a new paragraph (h) to read as follows:

(h) Any firm established for the business purpose of incorporating as a professional service corporation formed to lawfully engage in the practice of public accountancy, as such practice is respectively defined under article one hundred forty-nine of the education law shall be required to show (1) that a simple majority of the ownership of the firm, in terms of financial interests, including ownership-based compensation, and voting rights held by the firm's owners, belongs to individuals licensed to practice public accountancy in some state, and (2) that all shareholders of a professional service corporation whose principal place of business is in this state, and who are engaged in the practice of public accountancy in this state, hold a valid license issued under section seventy-four hundred four of the education law or are public accountants licensed under section seventy-four hundred five of the education law. Although firms may include non-licensee owners, the firm and its owners must comply with rules promulgated by the state board of regents. Notwithstanding the provisions of this paragraph, a firm incorporated under this section may not have non-licensee owners if the firm's name includes the words "certified public accountant," or "certified public accountants," or the abbreviations "CPA" or "CPAs". Each non-licensee owner of a firm that is incorporated under this section shall be a natural person who actively participates in the business of the firm or its affiliated entities. For purposes of this subdivision, "actively participate" means to provide services to clients or to otherwise individually take part in the day-to-day business or management of the firm. Such a firm shall have attached to its certificate of incorporation a certificate or certificates demonstrating the firm's compliance with this paragraph, in lieu of the certificate or certificates required by subparagraph (ii) of paragraph (b) of this section.

§ 3. Section 1507 of the business corporation law is amended by adding a new paragraph (c) to read as follows:

(c) Any firm established for the business purpose of incorporating as a professional service corporation pursuant to paragraph (h) of section fifteen hundred three of this article may issue shares to individuals who are authorized by law to practice in this state a profession which such corporation is authorized to practice and who are or have been engaged in the practice of such profession in such corporation or a predecessor entity, or who will engage in the practice of such profession in such corporation within thirty days of the date such shares are issued and may also issue shares to employees of the corporation not licensed as certified public accountants, provided that:

(i) at least fifty-one percent of the outstanding shares of stock of the corporation are owned by certified public accountants,

(ii) at least fifty-one percent of the directors are certified public accountants,

(iii) at least fifty-one percent of the officers are certified public accountants,

(iv) the president, the chairperson of the board of directors and the chief executive officer or officers are certified public accountants.

No shareholder of a firm established for the business purpose of incorporating as a professional service corporation pursuant to paragraph (h) of section fifteen hundred three of this article shall enter into a voting trust agreement, proxy or any other type of agreement vesting in
another person, other than another shareholder of the same corporation, the authority to exercise voting power of any or all of his or her shares. All shares issued, agreements made or proxies granted in violation of this section shall be void.

§ 4. Section 1508 of the business corporation law is amended by adding a new paragraph (c) to read as follows:

(c) The directors and officers of any firm established for the business purpose of incorporating as a professional service corporation pursuant to paragraph (h) of section fifteen hundred three of this article may include individuals who are not licensed to practice public accountancy, provided however that at least fifty-one percent of the directors, at least fifty-one percent of the officers and the president, the chairperson of the board of directors and the chief executive officer or officers are authorized by law to practice in this state a profession which such corporation is authorized to practice, and are either shareholders of such corporation or engaged in the practice of their professions in such corporation.

§ 5. Section 1509 of the business corporation law, as amended by chapter 550 of the laws of 2011, is amended to read as follows:

§ 1509. Disqualification of shareholders, directors, officers and employees.

If any shareholder, director, officer or employee of a professional service corporation, including a design professional service corporation, or any firm established for the business purpose of incorporating as a professional service corporation pursuant to paragraph (h) of section fifteen hundred three of this article, who has been rendering professional service to the public becomes legally disqualified to practice his profession within this state, he shall sever all employment with, and financial interests (other than interests as a creditor) in, such corporation forthwith or as otherwise provided in section 1510 of this article. All provisions of law regulating the rendering of professional services by a person elected or appointed to a public office shall be applicable to a shareholder, director, officer and employee of such corporation in the same manner and to the same extent as if fully set forth herein. Such legal disqualification to practice his profession within this state shall be deemed to constitute an irrevocable offer by the disqualified shareholder to sell his shares to the corporation, pursuant to the provisions of section 1510 of this article or of the certificate of incorporation, by-laws or agreement among the corporation and all shareholders, whichever is applicable. Compliance with the terms of such offer shall be specifically enforceable in the courts of this state. A professional service corporation's failure to enforce compliance with this provision shall constitute a ground for forfeiture of its certificate of incorporation and its dissolution.

§ 6. Paragraph (a) of section 1511 of the business corporation law, as amended by chapter 550 of the laws of 2011, is amended and a new paragraph (c) is added to read as follows:

(a) No shareholder of a professional service corporation [or a design professional service corporation, or any firm established for the business purpose of incorporating as a professional service corporation pursuant to paragraph (h) of section fifteen hundred three of this article], may sell or transfer his shares in such corporation except to another individual who is eligible to have shares issued to him by such corporation or except in trust to another individual who would be eligible to receive shares if he were employed by the corporation. Nothing herein contained shall be construed to prohibit the
transfer of shares by operation of law or by court decree. No transferee of shares by operation of law or court decree may vote the shares for any purpose whatsoever except with respect to corporate action under sections 909 and 1001 of this chapter. The restriction in the preceding sentence shall not apply, however, where such transferee would be eligible to have shares issued to him if he were an employee of the corporation and, if there are other shareholders, a majority of such other shareholders shall fail to redeem the shares so transferred, pursuant to section 1510 of this article, within sixty days of receiving written notice of such transfer. Any sale or transfer, except by operation of law or court decree or except for a corporation having only one shareholder, may be made only after the same shall have been approved by the board of directors, or at a shareholders' meeting specially called for such purpose by such proportion, not less than a majority, of the outstanding shares as may be provided in the certificate of incorporation or in the by-laws of such professional service corporation. At such shareholders' meeting the shares held by the shareholder proposing to sell or transfer his shares may not be voted or counted for any purpose, unless all shareholders consent that such shares be voted or counted. The certificate of incorporation or the by-laws of the professional service corporation, or the professional service corporation and the shareholders by private agreement, may provide, in lieu of or in addition to the foregoing provisions, for the alienation of shares and may require the redemption or purchase of such shares by such corporation at prices and in a manner specifically set forth therein. The existence of the restrictions on the sale or transfer of shares, as contained in this article and, if applicable, in the certificate of incorporation, by-laws, stock purchase or stock redemption agreement, shall be noted conspicuously on the face or back of every certificate for shares issued by a professional service corporation. Any sale or transfer in violation of such restrictions shall be void.

(c) A firm established for the business purpose of incorporating as a professional service corporation pursuant to paragraph (h) of section fifteen hundred three of this article, shall purchase or redeem the shares of a non-licensed professional shareholder in the case of his or her termination of employment within thirty days after such termination. A firm established for the business purpose of incorporating as a professional service corporation pursuant to paragraph (h) of section fifteen hundred three of this article, shall not be required to purchase or redeem the shares of a terminated non-licensed professional shareholder if such shares, within thirty days after such termination, are sold or transferred to another employee of the corporation pursuant to this article.

§ 7. Paragraph (a) of section 1512 of the business corporation law, as amended by chapter 550 of the laws of 2011, is amended to read as follows:

(a) Notwithstanding any other provision of law, the name of a professional service corporation, including a design professional service corporation and any firm established for the business purpose of incorporating as a professional service corporation pursuant to paragraph (h) of section fifteen hundred three of this article, may contain any word which, at the time of incorporation, could be used in the name of a partnership practicing a profession which the corporation is authorized to practice, and may not contain any word which could not be used by such a partnership. Provided, however, the name of a professional service corporation may not contain the name of a deceased person unless
(1) such person's name was part of the corporate name at the time of such person's death; or
(2) such person's name was part of the name of an existing partnership and at least two-thirds of such partnership's partners become shareholders of the corporation.

§ 8. Section 1514 of the business corporation law is amended by adding a new paragraph (c) to read as follows:
(c) Each firm established for the business purpose of incorporating as a professional service corporation pursuant to paragraph (h) of section fifteen hundred three of this article shall, at least once every three years on or before the date prescribed by the licensing authority, furnish a statement to the licensing authority listing the names and residence addresses of each shareholder, director and officer of such corporation and certify as the date of certification and at all times over the entire three year period that:
(i) at least fifty-one percent of the outstanding shares of stock of the corporation are and were owned by certified public accountants,
(ii) at least fifty-one percent of the directors are and were certified public accountants,
(iii) at least fifty-one percent of the officers are and were certified public accountants,
(iv) the president, the chairperson of the board of directors and the chief executive officer or officers are and were certified public accountants.
The statement shall be signed by the president or any certified public accountant vice-president and attested to by the secretary or any assistant secretary of the corporation.

§ 9. Paragraph (d) of section 1525 of the business corporation law, as added by chapter 505 of the laws of 1983, is amended to read as follows:
(d) "Foreign professional service corporation" means a professional service corporation, whether or not denominated as such, organized under the laws of a jurisdiction other than this state, all of the shareholders, directors and officers of which are authorized and licensed to practice the profession for which such corporation is licensed to do business; except that all shareholders, directors and officers of a foreign professional service corporation which provides health services in this state shall be licensed in this state.

Notwithstanding any other provision of law a foreign professional service corporation formed to lawfully engage in the practice of public accountancy, as such practice is defined under article one hundred forty-nine of the education law, or equivalent state law, shall be required to show (1) that a simple majority of the ownership of the firm, in terms of financial interests, including ownership-based compensation, and voting rights held by the firm's owners, belongs to individuals licensed to practice public accountancy in some state, and (2) that all shareholders of a foreign professional service corporation whose principal place of business is in this state, and who are engaged in the practice of public accountancy in this state, hold a valid license issued under section seventy-four hundred four of the education law or are public accountants licensed under section seventy-four hundred five of the education law. Although firms may include non-licensee owners, the firm and its owners must comply with rules promulgated by the state board of regents. Notwithstanding the foregoing, a firm registered under this section may not have non-licensee owners if the firm's name includes the words "certified public accountant," or "certified public accountants," or the abbreviations "CPA" or "CPAs." Each non-licensee owner of a firm that is...
operating under this section shall be a natural person who actively participates in the business of the firm or its affiliated entities, provided each beneficial owner of an equity interest in such entity is a natural person who actively participates in the business conducted by the firm or its affiliated entities. For purposes of this subdivision, "actively participate" means to provide services to clients or to otherwise individually take part in the day-to-day business or management of the firm.
