gap elimination adjustment for the base year, and (3) "executive founda-
tion increase" shall mean the difference of (a) the amounts set forth
for each school district as "FOUNDATION AID" under the heading "2016-17
ESTIMATED AIDS" in the school aid computer listing produced by the
commissioner in support of the executive budget request for the two

remainder when the expected minimum local contribution is subtracted
from the product of the foundation amount, the regional cost index, and
the pupil need index, or: (foundation amount x regional cost index x
pupil need index)- expected minimum local contribution.

(1) The foundation amount shall reflect the average per pupil cost of
general education instruction in successful school districts, as deter-
mined by a statistical analysis of the costs of special education and
general education in successful school districts, provided that the
foundation amount shall be adjusted annually to reflect the percentage
increase in the consumer price index as computed pursuant to section two

sion.

(2) The regional cost index shall reflect an analysis of labor market
costs based on median salaries in professional occupations that require
similar credentials to those of positions in the education field, but
not including those occupations in the education field, provided that

not be less than one nor more than two. The extraordinary needs percent
shall be calculated pursuant to paragraph w of subdivision one of this
section.
(4) The expected minimum local contribution shall equal the lesser of

amount, the regional cost index, and the pupil need index, multiplied by
(B) the positive difference, if any, of one minus the state sharing
ratio for total foundation aid. The local tax factor shall be estab-
lished by May first of each year by determining the product, computed to
four decimal places without rounding, of ninety percent multiplied by
the quotient of the sum of the statewide average tax rate as computed by
the commissioner for the current year in accordance with the provisions
of paragraph e of subdivision one of section thirty-six hundred nine-
of this part plus the statewide average tax rate computed by the commis-
sioner for the base year in accordance with such provisions plus the
statewide average tax rate computed by the commissioner for the year
prior to the base year in accordance with such provisions, divided by
three, provided however that for the two thousand seven--two thousand
eight school year, such local tax factor shall be sixteen thousandths
(0.016), and provided further that for the two thousand eight--two thou-
sand nine school year, such local tax factor shall be one hundred
fifty-four ten thousandths (0.0154). The income wealth index shall be
calculated pursuant to paragraph d of subdivision three of this section,
provided, however, that for the purposes of computing the expected mini-
mum local contribution the income wealth index shall not be less than
sixty-five percent (0.65) and shall not be more than two hundred percent
(2.0) and provided however that such income wealth index shall not be
more than ninety-five percent (0.95) for the two thousand eight--two
thousand nine school year, and provided further that such income wealth
index shall not be less than zero for the two thousand thirteen--two
thousand fourteen school year. The selected actual valuation shall be
calculated pursuant to paragraph c of subdivision one of this section.
Total wealth foundation pupil units shall be calculated pursuant to
paragraph h of subdivision two of this section.

b. Phase-in foundation increase. (1) The phase-in foundation increase
shall equal the product of the phase-in foundation increase factor
multiplied by the positive difference, if any, of (i) the product of the
total aidable foundation pupil units multiplied by the district's
selected foundation aid less (ii) the total foundation aid base computed
pursuant to paragraph j of subdivision one of this section.

(2) (i) Phase-in foundation percent. The phase-in foundation percent
shall equal one hundred thirteen and fourteen one hundredths percent
(1.1314) for the two thousand eleven--two thousand twelve school year,
one hundred ten and thirty-eight hundredths percent (1.1038) for the two
thousand twelve--two thousand thirteen school year, one hundred seven
and sixty-eight hundredths percent (1.0768) for the two thousand thir-
teen--two thousand fourteen school year, one hundred five and six
hundredths percent (1.0506) for the two thousand fourteen--two thousand
fifteen school year, and one hundred two and five tenths percent
(1.0250) for the two thousand fifteen--two thousand sixteen school year.

(ii) Phase-in foundation increase factor. For the two thousand
eleven--two thousand twelve school year, the phase-in foundation
increase factor shall equal thirty-seven and one-half percent (0.375)
and the phase-in due minimum percent shall equal nineteen and forty-one
hundredths percent (0.1941), for the two thousand twelve--two thousand
thirteen school year the phase-in foundation increase factor shall equal
one and seven-tenths percent (0.017), for the two thousand thirteen--two thousand fourteen school year the phase-in foundation increase factor shall equal (1) for a city school district in a city having a population of one million or more, five and twenty-three hundredths percent (0.0523) or (2) for all other school districts zero percent, for the two thousand fourteen--two thousand fifteen school year the phase-in foundation increase factor shall equal (1) for a city school district of a city having a population of one million or more, four and thirty-two hundredths percent (0.0432) or (2) for a school district other than a city school district having a population of one million or more for which (A) the quotient of the positive difference of the foundation formula aid minus the foundation aid base computed pursuant to paragraph j of subdivision one of this section divided by the foundation formula aid is greater than twenty-two percent (0.22) and (B) a combined wealth ratio less than thirty-five hundredths (0.35), seven percent (0.07) or (3) for all other school districts, four and thirty-one hundredths percent (0.0431), and for the two thousand fifteen--two thousand sixteen school year the phase-in foundation increase factor shall equal: (1) for a city school district of a city having a population of one million or more, thirteen and two hundred seventy-four thousandths percent (0.13274); or (2) for districts where the quotient arrived at when dividing (A) the product of the total aidable foundation pupil units multiplied by the district's selected foundation aid less the total foundation aid base computed pursuant to paragraph j of subdivision one of this section divided by (B) the product of the total aidable foundation pupil units multiplied by the district's selected foundation aid is greater than ninety percent (0.9), and where the district's combined wealth ratio is less than thirty-three hundredths (0.33), seven and seventy-five hundredths percent (0.0775); or (3) for any other district designated as high need pursuant to clause (c) of subparagraph two of paragraph c of subdivision six of this section for the school aid computer listing produced by the commissioner in support of the enacted budget for the two thousand seven--two thousand eight school year and entitled "SA0708", four percent (0.04); or (4) for a city school district in a city having a population of one hundred twenty-five thousand or more but less than one million, fourteen percent (0.14); or (5) for school districts that were designated as small city school districts or central school districts whose boundaries include a portion of a small city for the school aid computer listing produced by the commissioner in support of the enacted budget for the two thousand fourteen--two thousand fifteen school year and entitled "SA1415", four and seven hundred fifty-one thousandths percent (0.04751); or (6) for all other districts one percent (0.01), and for the two thousand sixteen--two thousand seventeen school year the foundation aid phase-in increase factor shall equal for an eligible school district the greater of: (1) for a city school district in a city with a population of one million or more, seven and seven hundred eighty-four thousandths percent (0.07784); or (2) for a city school district in a city with a population of more than two hundred fifty thousand but less than one million as of the most recent federal decennial census, seven and three hundredths percent (0.0703); or (3) for a city school district in a city with a population of more than two hundred thousand but less than two hundred fifty thousand as of the most recent federal decennial census, six and seventy-two hundredths percent (0.0672); or (4) for a city school district in a city with a population of more than one hundred fifty thousand but less than two hundred thousand as of the most recent federal decennial census, six and seventyeight hundredths percent (0.068).

(i) Tier A. For all school districts other than a district within a city with a population of one million or more, with a combined wealth ratio less than two (2.0), where either (A) the quotient arrived at by dividing the English language learner count pursuant to paragraph o of subdivision one of this section for the base year by the public school district enrollment for the base year pursuant to paragraph n of subdivision one of this section is greater than two one-hundredths (0.02) or (B) the quotient arrived at by dividing the difference of the English language learner count pursuant to paragraph o of subdivision one of this section for the base year less such count for one year prior to the base year by the public school district enrollment for one year prior to the base year pursuant to paragraph n of subdivision one of this section is greater than one one-thousandth (0.001), tier A shall equal the product of (A) the difference of two minus the combined wealth ratio multiplied by (B) one hundred dollars ($100.00) multiplied by (C) the English language learner count for the base year.

(ii) Tier B. For any school district (A) where the amount set forth as "25% LIMIT CAP ON INCREASE" on the computer file produced by the commissioner in support of the enacted budget for the two thousand seven--two thousand eight school year and entitled "SA070-8" is less than zero and (B) with a combined wealth ratio computed pursuant to paragraph c of subdivision three of this section greater than one (1.0), tier B shall equal the product of (A) the sum of (1) the difference of total foundation aid less the foundation aid base plus (2) the difference of the amount set forth for such school district as "FOUNDATION AID" under the heading "2017-18 ESTIMATED AIDS" in the school aid computer listing produced by the commissioner in support of the executive budget request and entitled "BT1718" less the foundation aid base multiplied by (B) ten and two-tenths percent (0.102).

(iii) Tier C. For all school districts with a combined wealth ratio for total foundation aid computed pursuant to paragraph c of subdivision three of this section less than one (1.0), tier C shall be the greater of (A) for districts that were designated as small city school districts or central school districts whose boundaries include a portion of a small city for the school aid computer listing produced by the commissioner in support of the enacted budget for the two thousand fourteen--two thousand fifteen school year and entitled "SA1415", the product of the public school district enrollment for the base year pursuant to paragraph n of subdivision one of this section multiplied by one hundred sixty-seven dollars and forty cents ($167.40) or (B) for school districts with a sparsity factor as set forth on the computer listing produced by the commissioner in support of the enacted budget for the two thousand seventeen--two thousand eighteen school year and entitled "SA171-8" of greater than zero, the product of the public school district enrollment for the base year multiplied by one hundred eighty-eight dollars ($188.00).

(iv) Tier D. For all school districts, other than districts within a city with a population of one hundred twenty-five thousand or more, with
a selected poverty rate of greater than eighteen hundredths (0.18), tier D shall equal the product of the selected poverty rate multiplied by the school district public enrollment for the base year multiplied by two hundred forty dollars ($240.00), provided, however, that for districts within a city with a population of greater than one hundred twenty-five thousand but less than one million and a selected poverty rate of greater than eighteen hundredths (0.18), tier D shall equal the product of the selected poverty rate multiplied by school district public enrollment for the base year multiplied by three hundred forty-four dollars ($344.00), and for a city school district in a city with a population of one million or more, tier D shall equal the product of the selected poverty rate multiplied by school district public enrollment for the base year multiplied by twenty-nine cents ($0.29).

e. Community schools aid set-aside. Each school district shall set aside from its total foundation aid computed for the current year pursuant to this subdivision an amount equal to the sum of (i) the amount, if any, set forth for such district as "COMMUNITY SCHL AID (BT1617)" in the data file produced by the commissioner in support of the enacted budget for the two thousand sixteen--two thousand seventeen school year and entitled "SA161-7", (ii) the amount, if any, set forth for such district as "COMMUNITY SCHL INCR" in the data file produced by the commissioner in support of the executive budget request for the two thousand seventeen--two thousand eighteen school year and entitled "BT171-8", and (iii) the amount, if any, set forth for such district as "COMMUNITY SCHOOLS INCREASE" in the data file produced by the commissioner in support of the executive budget for the two thousand eighteen--two thousand nineteen school year and entitled "BT181-9". 2 community hubs to deliver co-located or school linked academic, health,
3 mental health services and personnel, after-school programming, dual
4 language programs, nutrition, counseling, legal and/or other services to
5 students and their families, including but not limited to providing a
6 community school site coordinator and programs for English language

8 academic achievement, provided however that a school district whose
9 "COMMUNITY SCHL INCR" amount exceeds one million dollars ($1,000,000)
10 shall use an amount equal to the greater of one hundred fifty thousand
11 dollars ($150,000) or ten percent of such "COMMUNITY SCHL INCR" amount
12 to support such transformation at schools with extraordinary high levels
13 of student need as identified by the commissioner, subject to the 
approval of the director of the budget. Each school district may use 
such "COMMUNITY SCHOOLS INCREASE" in the data file produced by the
commissioner in support of the executive budget for the two thousand
18--two thousand nineteen school year and entitled "BT181-9" to
support the transformation of school buildings into community hubs to
deliver co-located or school linked academic, health, mental health
services and personnel, after-school programming, dual language
programs, nutrition, counseling, legal and/or other services to students
and their families, or to support other costs incurred to maximize

f. Foundation aid payable in the two thousand eighteen--two thousand
nineteen school year. Notwithstanding any provision of law to the
contrary, foundation aid payable in the two thousand eighteen--two thou-
sand nineteen school year shall be equal to the sum of (1) the valuation
increase, (2) the adjusted foundation aid increase, and (3) the execu-
tive foundation aid increase. For the purposes of this paragraph, the
"executive foundation aid increase" shall be equal to the difference of
(a) the amounts set forth for each school district as "FOUNDATION AID"
under the heading "2018-19 ESTIMATED AIDS" in the school aid computer
listing produced by the commissioner in support of the executive budget
request for the two thousand eighteen--two thousand nineteen school year
and entitled "BT181-9" less (b) the amounts set forth for each school
district as "FOUNDATION AID" under the heading "2017-18 BASE YEAR AIDS"
in such computer listing.

(1) For a city school district in a city with a population of more
than one million, the "valuation increase" shall be equal to one hundred
sixty million, three hundred fifty thousand dollars ($160,350,000). For
a city school district with a population of more than one hundred twen-
ty-five thousand inhabitants but less than one million inhabitants, the
"valuation increase" shall be equal to the product of (a) the actual
valuation change factor, multiplied by (b) public school district
enrollment for the current year pursuant to paragraph n of subdivision
one of this section, multiplied by (c) five hundred fifty dollars
($550). For purposes of this subparagraph, the "actual valuation change
factor" shall be equal to the difference of nineteen hundredths (0.19)
less the absolute value of the quotient arrived at when dividing (i) the
difference of actual valuation defined pursuant to paragraph c of subdi-
vision one of this section less such actual valuation for the calendar
year three years prior to the calendar year in which the base year
commenced by (ii) actual valuation for the calendar year three years
prior to the calendar year in which the base year commenced.
(2) The "adjusted foundation aid increase" shall be the greater of the following five tiers for all districts other than city school districts in a city with a population of more than one hundred twenty-five thousand inhabitants.

(i) Tier one shall be equal to the difference of the product of the tier one percent multiplied by the foundation aid base. For purposes of this subparagraph, the "tier one percent" shall be equal to (a) for districts with a combined wealth ratio computed pursuant to subparagraph one of paragraph c of subdivision three of this section less than five-tenths (0.50), one hundred fifty thousandths (0.015), (b) for districts with a combined wealth ratio greater than or equal to five-tenths (0.50) and less than one and thirteen hundredths (1.13), one thousand four hundred ninety-five hundred-thousandths (0.01495), (c) for districts with a combined wealth ratio greater than or equal to one and thirteen hundredths (1.13) and less than three and four-tenths (3.4), one hundred forty-nine ten-thousandths (0.0149), or (d) for districts with a combined wealth ratio greater than or equal to three and four-tenths (3.4), one hundred forty-eight ten-thousandths (0.0148).

(ii) For eligible districts, tier two shall be equal to the product of (a) the English language learner factor, multiplied by (b) the product of public school district enrollment for the current year pursuant to paragraph n of subdivision one of this section, multiplied by (c) seventy-nine dollars and fifty cents ($79.50). A district is eligible for tier two if the quotient arrived at when dividing (a) the product of the English language learner count, multiplied by 50 percent (0.50), by (b) public school district enrollment for the current year pursuant to paragraph n of subdivision one of this section, is greater than three percent (0.03). For purposes of this subparagraph, the English language learner factor shall be equal to the positive difference, if any, of (a) three (3.0) less (b) the lesser of one or the combined wealth ratio.

(iii) For eligible districts, tier three shall be equal to the product of (a) public school district enrollment for the current year pursuant to paragraph n of subdivision one of this section, multiplied by (b) the sum of five-tenths (0.5) plus the three-year average free and reduced price lunch percent calculated pursuant to subparagraph (ii) of paragraph p of subdivision one of this section, multiplied by (c) two hundred sixty-two dollars ($262.00). A district is eligible for tier three if the sparsity count defined pursuant to paragraph r of subdivision one of this section is greater than zero.

(iv) Tier four shall be equal to the product of foundation aid remaining multiplied by the tier four percent. For purposes of this subparagraph, "foundation aid remaining" shall be equal to the positive difference, if any, of (a) the product of the total aidable foundation pupil units multiplied by the district’s selected foundation aid less (b) the total foundation aid base computed pursuant to paragraph j of subdivision one of this section; and "tier four percent" shall be equal to (a) for districts with a combined wealth ratio less than twenty-five hundredths (0.25), six-tenths (0.60), (b) for districts with a combined wealth ratio greater than or equal to twenty-five hundredths (0.25) and less than one and twenty-two hundredths (1.22), three hundredths (0.03), or (c) for districts with a combined wealth ratio greater than or equal to one and twenty-two hundredths (1.22), zero.

(v) Tier five shall be equal to: for districts with a combined wealth ratio of less than ninety-one hundredths (0.91), the product of (a) school district enrollment for the base year pursuant to paragraph n of subdivision one of this section multiplied by ninety-four dollars and
forty cents ($94.40), (b) for districts with a combined wealth ratio
greater than or equal to ninety-one hundredths (0.91) and less than
three (3.0), the product of (1) the phase-in minimum factor multiplied
by (2) twenty dollars ($20) multiplied by (3) the public school district
enrollment for the current year pursuant to paragraph n of subdivision
one of this section, or (c) for districts with a combined wealth ratio
greater than or equal to three (3.0), zero. For purposes of this subpar-
agraph, the phase-in minimum factor shall be equal to the lesser of (a)
three (3.0) or (b) the positive difference, if any, of five (5.0) less
the combined wealth ratio.

§ 2. Subdivision 9 of section 2852 of the education law, as amended by
section 2 of subpart A of part B of chapter 20 of the laws of 2015, is
amended to read as follows:

9. The total number of charters issued pursuant to this article state-
wide shall not exceed four hundred sixty. (a) All charters issued on or
after July first, two thousand fifteen and counted toward the numerical
limits established by this subdivision shall be issued by the board of
regents upon application directly to the board of regents or on the
recommendation of the board of trustees of the state university of New
York pursuant to a competitive process in accordance with subdivision
nine-a of this section. Fifty of such charters issued on or after July
first, two thousand fifteen, and no more, shall be granted to a charter
for a school to be located in a city having a population of one million
or more. The failure of any body to issue the regulations authorized
pursuant to this article shall not affect the authority of a charter
entity to propose a charter to the board of regents or the board of
regents' authority to grant such charter. A conversion of an existing
public school to a charter school, or the renewal or extension of a
charter approved by any charter entity, shall not be counted toward the
numerical limits established by this subdivision.

(b) A charter that has been surrendered, revoked or terminated on or
before July first, two thousand fifteen, including a charter that has
not been renewed by action of its charter entity, may be reissued pursu-
ant to paragraph (a) of this subdivision by the board of regents either
upon application directly to the board of regents or on the recomenda-
tion of the board of trustees of the state university of New York pursu-
ant to a competitive process in accordance with subdivision nine-a of
this section. Provided that such reissuance shall not be counted toward
the statewide numerical limit established by this subdivision, and
provided further that no more than twenty-two charters may be reissued
pursuant to this paragraph.

(c) For purposes of determining the total number of charters issued
within the numerical limits established by this subdivision, the
approval date of the charter entity shall be the determining factor.

(d) be subject to restrictions. Notwithstanding any provision of this
article to the contrary, any charter authorized to be issued by chapter
fifty-seven of the laws of two thousand seven effective July first, two
thousand seven, and that remains unissued as of July first, two thousand
fifteen, may be issued pursuant to the provisions of law applicable to a
charter authorized to be issued by such chapter in effect as of June
fifteenth, two thousand fifteen; provided however that nothing in this
paragraph shall be construed to increase the numerical limit applicable
to a city having a population of one million or more as provided in
paragraph (a) of this subdivision, as amended by a chapter of the laws
of two thousand fifteen which added this paragraph].
§ 3. Paragraph b of subdivision 5 of section 1950 of the education law, as amended by chapter 296 of the laws of 2016, is amended to read as follows:

b. The cost of services herein referred to shall be the amount allocated to each component school district by the board of cooperative educational services to defray expenses of such board, including approved expenses from the testing of potable water systems of occupied school buildings under the board's jurisdiction as required pursuant to section eleven hundred ten of the public health law, except that that part of the salary paid any teacher, supervisor or other employee of the board of cooperative educational services which is in excess of thirty thousand dollars shall not be such an approved expense, and except also that administrative and clerical expenses shall not exceed ten percent of the total expenses for purposes of this computation. Provided however, that for teachers providing instruction in career and technical education to school age students, the salary, to be considered as an approved expense, shall not exceed thirty-five thousand dollars for the two thousand eighteen--two thousand nineteen school year and thereafter. Any gifts, donations or interest earned by the board of cooperative educational services or on behalf of the board of cooperative educational services by the dormitory authority or any other source shall not be deducted in determining the cost of services allocated to each component school district. Any payments made to a component school district by the board of cooperative educational services pursuant to subdivision eleven of section six-p of the general municipal law attributable to an approved cost of service computed pursuant to this subdivision shall be deducted from the cost of services allocated to such component school district. The expense of transportation provided by the board of cooperative educational services pursuant to paragraph q of subdivision four of this section shall be eligible for aid apportioned pursuant to subdivision seven of section thirty-six hundred two of this chapter and no board of cooperative educational services transportation expense shall be an approved cost of services for the computation of aid under this subdivision. Transportation expense pursuant to paragraph q of subdivision four of this section shall be included in the computation of the ten percent limitation on administrative and clerical expenses.

§ 4. The education law is amended by adding a new section 3006-b to read as follows:

§ 3006-b. Compliance with part 154 of the commissioner's regulations.

1. Notwithstanding any provision of law, rule, or regulation, this section shall apply to public school districts for purposes of complying with part 154 of the commissioner's regulations (8 NYCRR 154).

2. School districts that make a good faith effort to hire a teacher that is dual-certified, but cannot hire such teacher due to a lack of qualified or acceptable candidates, may satisfy such by hiring an individual who is not dual-certified, but who meets one of the following criteria: (i) has at least an initial teaching certificate and has scored proficiently on a content specialty test in the language to be instructed in; or (ii) is certified for "Teaching English to Speakers of Other Languages" (TESOL). Such individuals shall be deemed to satisfy instances where a second certified teacher is required for instruction in the native language of the student because the primary teacher is not dual-certified and the primary teacher is providing content specific instruction.
3. Individuals meeting either of the criteria in subdivision two of this section may also be used for purposes of administering the home language questionnaire that is used for initial identification purposes.

§ 5. Paragraph a of subdivision 5 of section 3604 of the education law, as amended by chapter 161 of the laws of 2005, is amended to read as follows:

a. State aid adjustments. All errors or omissions in the apportionment shall be corrected by the commissioner. Whenever a school district has been apportioned less money than that to which it is entitled, the commissioner may allot to such district the balance to which it is entitled. Whenever a school district has been apportioned more money than that to which it is entitled, the commissioner may, by an order, direct such money to be paid back to the state to be credited to the general fund local assistance account for state aid to the schools, or may deduct such amount from the next apportionment to be made to said district, provided that any recovery initiated by the commissioner under this subdivision shall first be offset by any pending payment of moneys due to said district as a prior year adjustment payable pursuant to paragraph c of this subdivision, and that the commissioner shall remove such claim from the ordered list he or she prepares for such paragraph.

Provided, however, that, upon notification of excess payments of aid for which a recovery must be made by the state through deduction of future aid payments, a school district may request that such excess payments be recovered by deducting such excess payments from the payments due to such school district and payable in the month of June in (i) the school year in which such notification was received and (ii) the two succeeding school years, provided further that there shall be no interest penalty assessed against such district or collected by the state. Such request shall be made to the commissioner in such form as the commissioner shall prescribe, and shall be based on documentation that the total amount to be recovered is in excess of one percent of the district's total general fund expenditures for the preceding school year. The amount to be deducted in the first year shall be the greater of (i) the sum of the amount of such excess payments that is recognized as a liability due to other governments by the district for the preceding school year and the positive remainder of the district's unreserved fund balance at the close of the preceding school year less the product of the district's total general fund expenditures for the preceding school year multiplied by five percent, or (ii) one-third of such excess payments. The amount to be recovered in the second year shall equal the lesser of the remaining amount of such excess payments to be recovered or one-third of such excess payments, and the remaining amount of such excess payments shall be recovered in the third year. Provided further that, notwithstanding any other provisions of this subdivision, any pending payment of moneys due to such district as a prior year adjustment payable pursuant to paragraph c of this subdivision for aid claims that had been previously paid as current year aid payments in excess of the amount to which the district is entitled and for which recovery of excess payments is to be made pursuant to this paragraph, shall be reduced at the time of actual payment by any remaining unrecovered balance of such excess payments, and the remaining scheduled deductions of such excess payments pursuant to this paragraph shall be reduced by the commissioner to reflect the amount so recovered. The commissioner shall certify no payment to a school district based on a claim submitted later than three years after the close of the school year in which such payment was first to be made. For claims for which payment is first to
be made in the nineteen hundred ninety-six--ninety-seven school year, the commissioner shall certify no payment to a school district based on a claim submitted later than two years after the close of such school year. For claims for which payment is first to be made in the nineteen hundred ninety-seven--ninety-eight school year and thereafter, the commissioner shall certify no payment to a school district based on a claim submitted later than one year after the close of such school year. Provided, however, no payments shall be barred or reduced where such payment is required as a result of a final audit of the state. It is further provided that, until June thirtieth, nineteen hundred ninety-six, the commissioner may grant a waiver from the provisions of this section for any school district if it is in the best educational interests of the district pursuant to guidelines developed by the commissioner and approved by the director of the budget.

§ 6. a. All the acts done and proceedings heretofore had and taken or caused to be had and taken by a school district and by all officers, employees or agents of each such school district relating to or in connection with transportation contracts (1) identified by the state education department as having been filed or executed late prior to June 30, 2018, and (2) for which an aid adjustment or recovery has not been initiated by the state education department as of the effective date of this act are hereby legalized, validated, ratified and confirmed, notwithstanding any failure to comply with the contract filing provisions of the education law, other than those filing provisions defined in paragraph a of subdivision 5 of section 3604 of the education law, in relation to any omission, error, defect, irregularity or illegality in such proceeding had and taken.

b. The education department is hereby directed to consider the aforementioned contracts for transportation aid as valid and proper obligations of such school district.

§ 7. a. Notwithstanding any other provision of law to the contrary, the actions or omissions of a school district which failed to submit a final building project cost report by June 30 of the school year following June 30 of the school year in which the certificate of substantial completion of the project is issued by the architect or engineer, or six months after issuance of such certificate, whichever is later, are hereby ratified and validated, provided the following conditions have been met: (i) that such building project was eligible for aid in a year for which the commissioner of education is required to prepare an estimate of apportionments due and owing pursuant to paragraph c of subdivision 21 of section 305 of the education law, and (ii) (A) that the school district was notified in writing by the state education department after March 1, 2015 but before July 1, 2018 that such final building cost reports were late, or (B) such building project was eligible for an installment recovery pursuant to section 11 of part YYY of chapter 59 of the laws of 2017 or sections 48, 49, 50, 51, and 52 of part A of chapter 54 of the laws of 2016 or sections 25-a, 25-b, 25-c, 25-d, and 25-e of part A of chapter 56 of the laws of 2015 or section 9-a of part A of chapter 56 of the laws of 2014 or section 24-a of part A of chapter 57 of the laws of 2013; provided, however, that notwithstanding any other provision of law to the contrary, the state education department shall not refund any monies for which recovery of excess payments has already been made pursuant to paragraph c of subdivision 5 of section 3604 of the education law and this act.

b. The education department is hereby directed to adjust the approved costs of the aforementioned projects for the 2017--2018 school year and
thereafter to reflect the ratification and validation provided in this act and to consider such adjusted approved costs as valid and proper obligations of such school districts.

§ 8. Subdivisions 1, 2 and 7 of section 2116-b of the education law, subdivisions 1 and 7 as added by chapter 263 of the laws of 2005, and subdivision 2 as amended by section 4 of part A of chapter 57 of the laws of 2013, are amended to read as follows:

2. School districts of less than eight teachers, school districts with actual general fund expenditures totaling less than five million dollars in the previous school year, or school districts with actual enrollment of less than [one] five thousand [fifty hundred] students in the previous school year shall be exempt from this requirement. Any school district claiming such exemption shall annually certify to the commissioner that such school district meets the requirements set forth in this subdivision.

7. Nothing in this section shall be construed as requiring a school district in any city with a population of one hundred twenty-five thousand or more to replace or modify an existing internal audit function where such function already exists by special or local law, so long as the superintendent of the district [annually] certifies to the commissioner that the existing internal audit function meets or exceeds the requirements of this section; provided, however, notwithstanding any special or local law to the contrary, school districts shall perform such internal audits every five years.

§ 9. The opening paragraph of section 3609-b of the education law, as amended by section 33 of part B of chapter 57 of the laws of 2007, is amended to read as follows:

Moneys apportioned to school districts for the excess cost aid setaside pursuant to subdivision four of section thirty-six hundred two of this article and the apportionments for students with disabilities due in accordance with the provisions of subdivisions five and five-a of section thirty-six hundred two of this article and section forty-four hundred five of this chapter, shall be paid to or on behalf of school districts in accordance with the provisions of this section, provided, however, that payments made to or on behalf of any school district pursuant to this section shall be adjusted subsequent to the filing, in an acceptable manner, of aid claim forms prescribed by the commissioner, provided that the apportionments for students with disabilities due in accordance with the provisions of subdivision five of section thirty-six hundred two of this article and section forty-four hundred five of this chapter, who enroll in school districts after October first, shall be based on attendance in the current school year and shall be paid in the
current school year subject to this section and subject to the STAC and AVL filing deadlines established by the commissioner.

§ 10. Section 207 of the education law is amended to read as follows:

§ 207. Legislative power. 1. Subject and in conformity to the constitution and laws of the state, the regents shall exercise legislative functions concerning the educational system of the state, determine its educational policies, and, except, as to the judicial functions of the commissioner, establish rules for carrying into effect the laws and policies of the state, relating to education, and the functions, powers, duties and trusts conferred or charged upon the university and the department. But no enactment of the regents shall modify in any degree the freedom of the governing body of any seminary for the training of priests or clergymen to determine and regulate the entire course of religious, doctrinal or theological instruction to be given in such institution. No rule by which more than a majority vote shall be required for any specified action by the regents shall be amended, suspended or repealed by a smaller vote than that required for action thereunder. Rules or regulations, or amendments or repeals thereof, adopted or prescribed by the commissioner as provided by law shall not be effective unless and until approved by the regents, except where authority is conferred by the regents upon the commissioner to adopt, prescribe, amend or repeal such rules or regulations.

2. Prior to promulgation of any rule, regulation, amendment or repeal, pursuant to this section of any other provision of law granting rulemaking or regulatory authority, the regents shall request a fiscal note from the division of budget. No rule, regulation, amendment, or repeal shall be promulgated unless a fiscal note from the division of budget has been filed with the secretary of the board of regents. Such fiscal note shall state the estimated annual costs of implementing the rule, regulation, amendment, or repeal to the state, school districts, and any other applicable political subdivisions. The requirement for a fiscal note may be waived at the discretion of the director of the division of budget for rules, regulations, amendments, or repeals promulgated pursuant to subdivision six of section two hundred two of the state administrative procedure act.

§ 11. Section 3 of chapter 507 of the laws of 1974, relating to providing for the apportionment of state monies to certain nonpublic schools, to reimburse them for their expenses in complying with certain state requirements for the administration of state testing and evaluation programs and for participation in state programs for the reporting of basic educational data, as amended by section 17 of part YYY of chapter 59 of the laws of 2017, is amended to read as follows:

§ 3. Apportionment. a. The commissioner shall annually apportion to each qualifying school, for school years beginning on and after July first, nineteen hundred seventy-four, an amount equal to the actual cost incurred by each such school during the preceding school year for providing services required by law to be rendered to the state in compliance with the requirements of the state’s pupil evaluation program, the basic educational data system, regents examinations, the statewide evaluation plan, the uniform procedure for pupil attendance reporting, the state’s immunization program and other similar state prepared examinations and reporting procedures.

b. Such nonpublic schools shall be eligible to receive aid based on the number of days or portion of days attendance is taken and either a 5.0/5.5 hour standard instructional day, or another work day as certi-
fied by the nonpublic school officials. The average hourly rate shall be computed using the following methodology: the total salary and benefits of the individual divided by the total number of hours worked, with the total number of hours worked being the total number of days claimed multiplied by the total number of hours claimed pursuant to this subdivision.

c. The commissioner shall annually apportion to each qualifying school in the cities of New York, Buffalo and Rochester, for school years beginning on or after July first, two thousand sixteen, an amount equal to the actual cost incurred by each such school during the preceding school year in meeting the recording and reporting requirements of the state school immunization program, provided that the state's liability shall be limited to the amount appropriated for this purpose.

§ 12. Subdivision 7 of section 3602 of the education law is amended by adding a new paragraph f to read as follows:

In addition to any other apportionment under this subdivision, for the two thousand eighteen--two thousand nineteen school year and thereafter, a public school district other than a city school district in a city having a population of one million or more inhabitants that receives revenue from another public school district or BOCES for eligible shared transportation services, shall be eligible to offset a portion of such revenue received that reduces total expenses allowable for an apportionment under this subdivision. The amount of such offset under this paragraph shall be equal to the product of (1) the amount of revenue received from another public school district or BOCES for providing eligible shared transportation services and (2) the providing school district's transportation aid ratio under this subdivision. For the purpose of this paragraph, the commissioner shall be authorized to promulgate regulations including but not limited to the identification of transportation services eligible for sharing among participants, a methodology for calculating the cost of such shared transportation services among participants, and a reporting mechanism by which school districts will be required to demonstrate to the commissioner that such shared transportation services results in a cost savings to participants as well as to the state.

§ 13. Intentionally omitted.

§ 15. Subdivision 2 of section 3037 of the education law, as added by section 18 of part YYY of chapter 59 of the laws of 2017, is amended to read as follows:

Each school which seeks a reimbursement pursuant to this section shall submit to the office of religious and independent schools an application therefor, together with such additional documents as the commissioner may reasonably require, at such times, in such form and containing such information as the commissioner may prescribe by regulation. Applications for reimbursement pursuant to this section must be received by August first of each year for schools to be reimbursed for the salaries of eligible teachers in the prior year.

(b) For claims submitted for the salaries of eligible teachers in the two thousand nineteen--two thousand twenty school year and thereafter, nonpublic schools shall, upon application, be reimbursed by the department for the salaries of eligible teachers. Each school which seeks a reimbursement pursuant to this section shall submit to the office of

Reimbursements shall not be provided for eligible teachers who provide instruction in mathemat-
ics, science or technology if such teachers also provide non-secular instruction in any capacity.

(d) For claims submitted on or before August first, two thou-
sand nineteen, in the event that the applications for reimbursement under this section exceed the appropriation available for this program, then each applicant shall only be reimbursed an amount equal to the percentage that each such applicant represents to the total of all applications submitted.

4. Notwithstanding any other provision of law to the contrary, any expenditures for transportation provided pursuant to this section in the two thousand thirteen--two thousand fourteen school year and thereafter and otherwise eligible for transportation aid pursuant to subdivision seven of section thirty-six hundred two of this article shall be consid-

For purposes of this subdivision, "base amount" means the amount of transportation aid paid to the school district for expendi-
tures incurred in the two thousand twelve--two thousand thirteen school year for transportation that would have been eligible for aid pursuant to this section had this section been in effect in such school year, except that subdivision six of this section shall be deemed not to have been in effect. And provided further that the school district shall continue to annually expend for the transportation described in subdivi-
sion one of this section at least the expenditures used for the base amount.
§ 16-a. Paragraph (b) of subdivision 1 of section 3627 of the education law, as amended by section 7 of part A of chapter 56 of the laws of 2014, is amended to read as follows:

§ 3. The vehicle and traffic law is amended by adding a new section 1118 to read as follows:

§ 1118. Owner liability for operator illegally overtaking or passing a school bus. (a) 1. Notwithstanding any other provision of law, each board of education or trustees of a school district is hereby authorized and empowered to adopt and amend a resolution establishing a school bus safety camera program imposing monetary liability on the owner of a vehicle for failure of an operator thereof to comply with section eleven hundred seventy-four of this title. Such program shall empower a board of education or school district or school bus transportation contractor that has contracted with such school district to install school bus safety cameras upon school buses operated by or contracted with such district.

2. Such program shall utilize necessary technologies to ensure, to the extent practicable, that photographs produced by such school bus safety cameras shall not include images that identify the driver, the passengers, or the contents of the vehicle. Provided, however, that no notice of liability issued pursuant to this section shall be dismissed solely because a photograph or photographs allow for the identification of the contents of a vehicle, provided that such school district has made a reasonable effort to comply with the provisions of this paragraph.

(b) In any school district which has adopted a resolution pursuant to subdivision (a) of this section, the owner of a vehicle shall be liable for a penalty imposed pursuant to this section if such vehicle was used or operated with the permission of the owner, express or implied, in violation of subdivision (a) of section eleven hundred seventy-four of this title, and such violation is evidenced by information obtained from a school bus safety camera; provided however that no owner of a vehicle shall be liable for a penalty imposed pursuant to this section where the operator of such vehicle has been convicted of the underlying violation of subdivision (a) of section eleven hundred seventy-four of this title.

(c) For purposes of this section, "owner" shall have the meaning provided in article two-B of this chapter. For purposes of this section, "school bus safety camera" shall mean an automated photo monitoring device affixed to the outside of a school bus and designated to detect and store videotape and one or more images of motor vehicles that overtake or pass school buses in violation of subdivision (a) of section eleven hundred seventy-four of this title.

(d) No school district or school bus transportation contractor that has installed cameras pursuant to this section shall access the images from such cameras but shall provide, pursuant to an agreement with the appropriate law enforcement agency or agencies, for the proper handling and custody of such images for the forwarding of such images from such cameras to a law enforcement agency having jurisdiction in the area in which the violation occurred for the purpose of imposing monetary liability on the owner of a motor vehicle for illegally overtaking or passing a school bus in violation of subdivision (a) of section eleven hundred seventy-four of this title. After receipt of such images a police officer shall inspect such videotape and images to determine whether a violation of subdivision (a) of section eleven hundred seven-
ty-four of this title was committed. Upon such a finding a certificate, sworn to or affirmed by an officer of such agency, or a facsimile there-
of, based upon inspection of photographs, microphotographs, videotape or other recorded images produced by a school bus safety camera, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudi-
cate the liability for such violation.

(e) An owner found liable pursuant to this section for a violation of subdivision (a) of section eleven hundred seventy-four of this title shall be liable for a monetary penalty of two hundred fifty dollars.

(e-1) Payment of the monetary penalty imposed by subdivision (e) of this section shall be payable to the school district. Nothing herein shall prevent the school district from entering into a memorandum of understanding with a local law enforcement agency to return a portion of such penalty received to the local law enforcement agency, provided however, in no case shall such portion returned to a local law enforce-
ment agency exceed twenty percent of the amount received by the school district.

(e-2) In the event an owner is charged pursuant to this section with a violation of subdivision (a) of section eleven hundred seventy-four of this title where a sworn certificate has been issued pursuant to subdi-
vision (d) of this section where such owner elects to plead guilty to a lesser charge, the payment of the monetary penalty imposed by subdivi-
sion (e) of this section shall not be reduced and shall be payable to the school district.

(f) An imposition of liability under this section shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom such liability is imposed nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

(g) 1. A notice of liability shall be sent by the respective law enforcement agency by first class mail to each person alleged to be liable as an owner for a violation of subdivision (a) of section eleven hundred seventy-four of this title pursuant to this section. Personal delivery on the owner shall not be required. A manual or automatic record of mailing prepared in the ordinary course of business shall be prima facie evidence of the facts contained therein.

2. A notice of liability shall contain the name and address of the person alleged to be liable as an owner for a violation of subdivision (a) of section eleven hundred seventy-four of this title pursuant to this section, the registration number of the vehicle involved in such violation, the location where such violation took place, the date and time of such violation and the identification number of the camera which recorded the violation or other document locator number.

3. The notice of liability shall contain information advising the person charged of the manner and the time in which he may contest the liability alleged in the notice. Such notice of liability shall also contain a warning to advise the persons charged that failure to contest in the manner and time provided shall be deemed an admission of liabil-
ity and that a default judgment may be entered thereon.

4. The notice of liability shall be prepared and mailed by the respec-
tive law enforcement agency having jurisdiction over the location where the violation occurred.

(h) Adjudication of the liability imposed upon owners by this section shall be by a traffic violations bureau established pursuant to section
three hundred seventy of the general municipal law or, if there be none, by the court having jurisdiction over traffic infractions, except that any city which has established owner liability established by this article for failure to comply with traffic-control indications shall use such tribunal to adjudicate the liability imposed by this section.

(i) If an owner receives a notice of liability pursuant to this section for any time period during which the vehicle was reported to a police department as having been stolen, it shall be a valid defense to an allegation of liability for a violation of subdivision (a) of section eleven hundred seventy-four of this title pursuant to this section that the vehicle had been reported to the police as stolen prior to the time the violation occurred and had not been recovered by such time. For purposes of asserting the defense provided by this subdivision it shall be sufficient that a certified copy of the police report on the stolen vehicle be sent by first class mail to the traffic violations bureau, court having jurisdiction or parking violations bureau.

(j) Where the adjudication of liability imposed upon owners pursuant to this section is by an administrative tribunal, traffic violations bureau, or a court having jurisdiction, an owner who is a lessor of a vehicle to which a notice of liability was issued pursuant to subdivision (g) of this section shall not be liable for the violation of subdivision (a) of section eleven hundred seventy-four of this title, provided that he or she sends to the administrative tribunal, traffic violations bureau, or court having jurisdiction a copy of the rental, lease or other such contract document covering such vehicle on the date of the violation, with the name and address of the lessee clearly legible, within thirty-seven days after receiving notice from the bureau or court of the date and time of such violation, together with the other information contained in the original notice of liability. Failure to send such information within such thirty-seven day time period shall render the owner liable for the penalty prescribed by this section. Where the lessor complies with the provisions of this paragraph, the lessee of such vehicle on the date of such violation shall be deemed to be the owner of such vehicle for purposes of this section, shall be subject to liability for the violation of subdivision (a) of section eleven hundred seventy-four of this title pursuant to this section and shall be sent a notice of liability pursuant to subdivision (g) of this section.

(k) 1. If the owner liable for a violation of subdivision (a) of section eleven hundred seventy-four of this title pursuant to this section was not the operator of the vehicle at the time of the violation, the owner may maintain an action for indemnification against the operator.

2. Notwithstanding any other provision of this section, no owner of a vehicle shall be subject to a monetary fine imposed pursuant to this section if the operator of such vehicle was operating such vehicle without the consent of the owner at the time such operator was found to have been overtaking or passing a school bus. For purposes of this subdivision there shall be a presumption that the operator of such vehicle was operating such vehicle with the consent of the owner at the time such operator was found to have been overtaking or passing a school bus.

(l) Nothing in this section shall be construed to limit the liability of an operator of a vehicle for any violation of subdivision (a) of section eleven hundred seventy-four of this title.
(m) In any school district which adopts a school bus safety camera program pursuant to subdivision (a) of this section, such school district shall submit an annual report on the results of the use of its school bus safety cameras to the governor, the temporary president of the senate and the speaker of the assembly on or before June first, two thousand nineteen and on the same date in each succeeding year in which the demonstration program is operable. Such report shall include, but not be limited to:

1. a description of the number of busses and routes where school bus safety cameras were used;
2. the aggregate number of annual incidents of violations of subdivision (a) of section eleven hundred seventy-four of this title within the district;
3. the number of violations recorded by school bus safety cameras in the aggregate and on a daily, weekly and monthly basis;
4. the total number of notices of liability issued for violations recorded by such systems;
5. the number of fines and total amount of fines paid after first notice of liability issued for violations recorded by such systems;
6. the number of violations adjudicated and results of such adjudications including breakdowns of dispositions made for violations recorded by such systems;
7. the total amount of revenue realized by such school district from such adjudications;
8. expenses incurred by such school district in connection with the program; and
9. quality of the adjudication process and its results.

(n) It shall be a defense to any prosecution for a violation of subdivision (a) of section eleven hundred seventy-four of this title that such school bus safety cameras were malfunctioning at the time of the alleged violation.

§ 4. Subdivision (c) of section 1174 of the vehicle and traffic law, as amended by chapter 254 of the laws of 2002, is amended to read as follows:

(c) Every person convicted of a violation of subdivision (a) of this section shall: for a first conviction thereof, be punished by a fine of not less than [two hundred fifty] five hundred dollars nor more than [four] seven hundred fifty dollars or by imprisonment for not more than thirty days or by both such fine and imprisonment; for a conviction of a second violation, both of which were committed within a period of three years, such person shall be punished by a fine of not less than [six hundred] one thousand dollars nor more than [seven] one thousand two hundred fifty dollars or by imprisonment for not more than one hundred eighty days or by both such fine and imprisonment; for a conviction of a third or subsequent violation, all of which were committed within a period of three years, such person shall be punished by a fine of not less than [seven hundred fifty] one thousand two hundred fifty dollars or by imprisonment for not more than one thousand five hundred dollars or by imprisonment for not more than one hundred eighty days or by both such fine and imprisonment.

§ 5. This act shall take effect immediately.

Costs allocated to a participating non-component school district pursuant to a memorandum of understanding shall be aidable pursuant to subdivision five of this section to the same extent and on the same basis as costs allocated to a component school district.

Although firms may include non-licensee owners, the firm and its owners must comply with rules promulgated by the state board of regents. Notwithstanding the provisions of this paragraph, a firm incorporated under this section may not have non-licensee owners if the firm's name includes the words "certified public accountant," or "certified public accountants," or the abbreviations "CPA" or "CPAs". Each non-licensee owner of a firm that is incorporated under this section shall be a natural person who actively participates in the business of
the firm or its affiliated entities. For purposes of this subdivision, "actively participate" means to provide services to clients or to other-

ration a certificate or certificates demonstrating the firm's compliance with this paragraph, in lieu of the certificate or certificates required by subparagraph (ii) of paragraph (b) of this section.

§ 3. Section 1507 of the business corporation law is amended by adding a new paragraph (c) to read as follows:

ter 550 of the laws of 2011, is amended to read as follows:

§ 1509. Disqualification of shareholders, directors, officers and employees.

If any shareholder, director, officer or employee of a professional service corporation, including a design professional service corpo-

ing as a professional service corporation pursuant to paragraph (h) of
section fifteen hundred three of this article, who has been rendering
professional service to the public becomes legally disqualified to prac-
tice his profession within this state, he shall sever all employment
with, and financial interests (other than interests as a creditor) in,
such corporation forthwith or as otherwise provided in section 1510 of
this article. All provisions of law regulating the rendering of profes-
sional services by a person elected or appointed to a public office
shall be applicable to a shareholder, director, officer and employee of
such corporation in the same manner and to the same extent as if fully
set forth herein. Such legal disqualification to practice his profession
within this state shall be deemed to constitute an irrevocable offer by
the disqualified shareholder to sell his shares to the corporation,
pursuant to the provisions of section 1510 of this article or of the
certificate of incorporation, by-laws or agreement among the corporation
and all shareholders, whichever is applicable. Compliance with the terms
of such offer shall be specifically enforceable in the courts of this
state. A professional service corporation's failure to enforce compli-
ance with this provision shall constitute a ground for forfeiture of its
certificate of incorporation and its dissolution.

amended by chapter 550 of the laws of 2011, is amended and a new para-

corporation pursuant to paragraph (h) of section fifteen hundred three
of this article, may sell or transfer his shares in such corporation
except to another individual who is eligible to have shares issued to
him by such corporation or except in trust to another individual who
would be eligible to receive shares if he were employed by the corpo-
ration. Nothing herein contained shall be construed to prohibit the
transfer of shares by operation of law or by court decree. No transfer-
ee of shares by operation of law or court decree may vote the shares for
any purpose whatsoever except with respect to corporate action under
sections 909 and 1001 of this chapter. The restriction in the preceding
sentence shall not apply, however, where such transferee would be eligi-
ble to have shares issued to him if he were an employee of the corpo-
ration and, if there are other shareholders, a majority of such other
shareholders shall fail to redeem the shares so transferred, pursuant to
section 1510 of this article, within sixty days of receiving written
notice of such transfer. Any sale or transfer, except by operation of
law or court decree or except for a corporation having only one share-
holder, may be made only after the same shall have been approved by the
board of directors, or at a shareholders' meeting specially called for
such purpose by such proportion, not less than a majority, of the
outstanding shares as may be provided in the certificate of incorpo-
ration or in the by-laws of such professional service corporation. At
such shareholders' meeting the shares held by the shareholder proposing
to sell or transfer his shares may not be voted or counted for any
purpose, unless all shareholders consent that such shares be voted or
counted. The certificate of incorporation or the by-laws of the profes-
sional service corporation, or the professional service corporation and
the shareholders by private agreement, may provide, in lieu of or in
addition to the foregoing provisions, for the alienation of shares and
may require the redemption or purchase of such shares by such corpo-
ration at prices and in a manner specifically set forth therein. The
existence of the restrictions on the sale or transfer of shares, as
contained in this article and, if applicable, in the certificate of
incorporation, by-laws, stock purchase or stock redemption agreement,
shall be noted conspicuously on the face or back of every certificate
for shares issued by a professional service corporation. Any sale or
transfer in violation of such restrictions shall be void.

(c) A firm established for the business purpose of incorporating as a
professional service corporation pursuant to paragraph (h) of section
fifteen hundred three of this article, shall purchase or redeem the
shares of a non-licensed professional shareholder in the case of his or
her termination of employment within thirty days after such termination.
A firm established for the business purpose of incorporating as a
professional service corporation pursuant to paragraph (h) of section
fifteen hundred three of this article, shall not be required to purchase
or redeem the shares of a terminated non-licensed professional share-
holder if such shares, within thirty days after such termination, are
sold or transferred to another employee of the corporation pursuant to
this article.

§ 7. Paragraph (a) of section 1512 of the business corporation law, as
amended by chapter 550 of the laws of 2011, is amended to read as
follows:
(a) Notwithstanding any other provision of law, the name of a profes-
sional service corporation, including a design professional service
corporation and any firm established for the business purpose of incor-
porating as a professional service corporation pursuant to paragraph (h)
of section fifteen hundred three of this article, may contain any word
which, at the time of incorporation, could be used in the name of a
partnership practicing a profession which the corporation is authorized
to practice, and may not contain any word which could not be used by
such a partnership. Provided, however, the name of a professional
service corporation may not contain the name of a deceased person unless
(1) such person's name was part of the corporate name at the time of
such person's death; or
(2) such person's name was part of the name of an existing partnership
and at least two-thirds of such partnership's partners become sharehold-
ers of the corporation.

§ 8. Section 1514 of the business corporation law is amended by adding
a new paragraph (c) to read as follows:
(c) Each firm established for the business purpose of incorporating as
a professional service corporation pursuant to paragraph (h) of section
fifteen hundred three of this article shall, at least once every three
years on or before the date prescribed by the licensing authority,

a. The city planning commission shall establish the New York city hous-

York city housing authority. Under such program, the city planning
commission shall grant amendments to zoning resolutions which increase
the allowable development in areas covered by a New York city housing
authority repair certificate issued pursuant to section four hundred
two-d of the public housing law.

b. The city planning commission shall for each application for an
amendment of a zoning resolution, establish the per foot value of any
New York city housing authority repair certificate issued in the areas
covered by such amendment and the maximum allowed foot area ratio that
may be granted to the holder of such certificate in the newly zoned
area. Such per foot value shall be updated annually based upon increases
in the consumer price index for housing costs in the New York city
metropolitan area.

c. A developer who seeks to obtain an increased foot area ratio in a
newly zoned area, by means of being the holder of a New York city hous-
ing authority repair certificate, shall submit an application therefor
to the city planning commission. Such commission shall within seven days
of receiving an application pursuant to this subdivision, forward it to
the New York city housing authority, along with the per foot value to be
granted if the applicant receives a repair certificate from such author-

2. There shall be established, within the New York city housing
authority, an office of repair certification. Such office shall adminis-

repair projects, to authority facilities, which shall be eligible for
the repair certificate program, the estimated value of each such repair
project, and the priority of each repair project based upon its urgency
and/or importance.

3. The office of repair certification shall receive each application

c of section 25-116 of the administrative code of the city of New York.
