§ 10. Subparagraph (B) of paragraph 1 of subsection (eee) of section 606 of the tax law, as amended by section 8 of part A of chapter 73 of the laws of 2016, is amended to read as follows:

(B) "Affiliated income" shall mean for purposes of the basic STAR credit, the combined income of all of the owners of the parcel who resided primarily thereon as of December thirty-first of the taxable year, and of any owners' spouses residing primarily thereon as of such date, and for purposes of the enhanced STAR credit, the combined income of all of the owners of the parcel as of December thirty-first of the taxable year, and of any owners' spouses residing primarily thereon as of such date; provided that for both purposes the income to be so combined shall be the "adjusted gross income" for the taxable year as reported for federal income tax purposes, or that would be reported as adjusted gross income if a federal income tax return were required to be filed, reduced by distributions, to the extent included in federal adjusted gross income, received from an individual retirement account and an individual retirement annuity. For taxable years beginning on and after January first, two thousand nineteen, where an income-eligibility determination is wholly or partly based upon the income of one or more individuals who did not file a return pursuant to section six hundred fifty-one of this article for the applicable income tax year, then in order to be eligible for the credit authorized by this subsection, each such individual must file a statement with the department showing the source or sources of his or her income for that income tax year, and the amount or amounts thereof, that would have been reported on such a return if one had been filed. Such statement shall be
filed at such time, and in such form and manner, as may be prescribed by
the department, and shall be subject to the provisions of section six
hundred ninety-seven of this article to the same extent that a return
would be. The department shall make such forms and instructions avail-
able for the filing of such statements. The local assessor shall upon
the request of a taxpayer assist such taxpayer in the filing of the
statement with the department. Provided further, that if the qualified
taxpayer was an owner of the property during the taxable year but did
not own it on December thirty-first of the taxable year, then the deter-
mination as to whether the income of an individual should be included in
"affiliated income" shall be based upon the ownership and/or residency
status of that individual as of the first day of the month during which
the qualified taxpayer ceased to be an owner of the property, rather
than as of December thirty-first of the taxable year.
§ 11. No application for an enhanced exemption on a final assessment
roll to be completed in 2019 may be approved if the applicants have not
enrolled in the STAR income verification program established by subpara-
graph (iv) of paragraph (b) of subdivision 4 of section 425 of the real
property tax law as amended by section two of this act, regardless of
when the application was filed. The assessor shall notify such appli-
cants that participation in that program has become mandatory for all
applicants and that their applications cannot be approved unless they
enroll therein. The commissioner of taxation and finance shall provide
a form for assessors to use, at their option, when making this notifica-
tion.
§ 12. This act shall take effect immediately.

If such an extension is granted, and any taxes are not paid by the final date so provided, those taxes shall
be subject to the same interest and penalties that would have applied if no extension had been granted.

§ 6. Paragraph (d) of subdivision 1 of section 928-a of the real property tax law is relettered paragraph (f) and two new paragraphs (d) and (e) are added to read as follows:

(e) If the taxes of a city, town, village or school district are not collected by a county official, but its tax bills are prepared by the county, or its tax collection accounting software is provided by the county, then before the city, town, village or school district may implement a partial payment program pursuant to this section, it must obtain written approval of the chief executive officer of the county or the county director of real property tax services.

(g) Computation and certification by commissioner. It shall be the responsibility of the commissioner to compute the exempt amount for each assessing unit in each county in the manner provided herein, and to certify the same to the assessor of each assessing unit and to the county director of real property tax services of each county. Such certification shall be made at least twenty days before the last date prescribed by law for the filing of the tentative assessment roll. Provided, however, that where school taxes are levied on a prior year assessment roll, or on a final assessment roll that was filed more than one year after the tentative roll was filed, such certification shall be made no later than fifteen days after the publication of the data needed to compute the base figure for the enhanced STAR exemption pursuant to clause (A) of subparagraph (vi) of paragraph (b) of this subdivision, and provided further, that upon receipt of such certification, the assessor shall thereupon be authorized and directed to correct the assessment roll to reflect the exempt amount so certified, or, if another person has custody or control of the assessment roll, to direct that person to make the appropriate corrections.

to legal separation.

§ 9. This act shall take effect immediately; provided, however, that
sections one, one-a, one-b, two and three of this act shall take effect
April 15, 2020; provided further, however, that section 3-d of the

as added by section three of this act, shall expire and be deemed

REPEAL NOTE: Section 606(bbb) of the Tax Law, section 3-d of the
General Municipal Law and section 2023-b of the Education Law collec-
tively constituted the enabling legislation for the tax freeze credit
program. By the terms of those statutes, the tax freeze credit was only
applicable to taxable years 2014, 2015 and 2016. Therefore, these
provisions no longer serve a purpose, except for the reporting
provisions, which facilitate the administration of the tax levy limit
program and are being preserved in a reenacted section 3-d of the Gener-
al Municipal Law and section 2023-b of the Education Law.

Such requirements may include the types of industries that the employers are engaged in. The commissioner may give preference to employers that are engaged in demand occupations or industries, or in regional growth sectors, including but not limited to those identified by the regional economic development councils, such as clean energy, healthcare, advanced manufacturing and conservation. In addition, the commissioner shall give preference to employers who offer advancement and employee benefit packages to the qualified individuals. As part of such application, an employer must:

The maximum amount of tax credit the employer is allowed to claim shall be computed as prescribed in subdivision (c) of this section.

§ 3. Section 25-a of the labor law is amended by adding three new subdivisions (e-1), (e-2) and (e-3) to read as follows:

(e-1)(1) To receive an annual final certificate of tax credit, the qualified employer must annually submit, on or before January thirty-first of the calendar year subsequent to the payment of wages paid to an eligible employee, a report to the commissioner, in a form prescribed by the commissioner. The report must demonstrate that the employer has satisfied all eligibility requirements and provided all the information necessary for the commissioner to compute an actual amount of credit allowed.

(2) After reviewing the report and finding it sufficient, the commissioner shall issue an annual final certificate of tax credit. Such certificate shall include, in addition to any other information the commissioner determines is necessary, the following information:

(i) The name and employer identification number of the qualified employer;
(ii) The program year for the corresponding credit award;
(iii) The actual amount of credit to which the qualified employer is entitled for that calendar year or the fiscal year in which the annual
final certificate is issued, which actual amount cannot exceed the amount of credit listed on the preliminary certificate but may be less than such amount; and

(iv) A unique certificate number identifying the annual final certificate of tax credit.

(e-2) In determining the amount of credit for purposes of the annual final certificate of tax credit, the portion of the credit described in paragraph one of subdivision (c) of this section shall be allowed for the calendar year in which the wages are paid to the qualified employee, the portion of the credit described in paragraph two of subdivision (c) of this section shall be allowed for the calendar year in which the additional six consecutive month period ends, and the portion of the credit described in paragraph three of subdivision (c) of this section shall be allowed for the calendar year in which the additional year of consecutive employment ends after the completion of the time periods and satisfaction of the conditions set forth in paragraphs one and two of subdivision (c) of this section. If the qualified employer’s taxable year is a calendar year, the employer shall be entitled to claim the credit as calculated on the annual final certificate of tax credit on the calendar year return for which the annual final certificate of tax credit was issued. If the qualified employer’s taxable year is a fiscal year, the employer shall be entitled to claim the credit as calculated on the annual final certificate of tax credit on the return for the fiscal year that encompasses the date on which the annual final certificate of tax credit is issued.

(e-3) The commissioner shall establish guidelines and criteria that specify requirements for employers to participate in the program including criteria for certifying qualified employees, and issuing the preliminary certificate of eligibility and annual final certificate of tax credit. Such requirements may include the types of industries that the employers are engaged in. The commissioner may give preference to employers that are engaged in demand occupations or industries, or in regional growth sectors, including but not limited to those identified by the regional economic development councils, such as clean energy, healthcare, advanced manufacturing and conservation. In addition, the commissioner shall give preference to employers who offer advancement and employee benefit packages to the qualified individuals.

law increasing the rate of tax imposed under this article, or (ii)
resulted from the acceptance by a governmental agency of a bid accompa-

tangible personal property has been paid to the vendor, to qualify for
such refund or credit, such tangible personal property must be incorpo-

such date, the purchaser or user shall be entitled to a refund or credit
only of the amount by which the tax on such sale or use imposed under
1 this article plus any tax imposed under the authority of article twenty-nine exceeds the amount computed by applying against such sale or use the local rate of tax, if any, in effect at the time such contract was entered into or such bid was submitted.
2 In the case of the enactment of a law increasing the rate of tax imposed by this article, the purchaser or user shall be entitled only to a refund or credit of the amount by which the increased tax on such sale or use imposed under this article plus any tax imposed under the authority of article twenty-nine exceeds the amount computed by applying against such sale or use the state and local rates of tax in effect at the time such contract was entered into or such bid was submitted.

Section 1. Subdivision 1 of section 1131 of the tax law, as amended by chapter 576 of the laws of 1994, is amended to read as follows:

(1) "Persons required to collect tax" or "person required to collect any tax imposed by this article" shall include: every vendor of tangible personal property or services; every recipient of amusement charges; and every operator of a hotel. Said terms shall also include any officer, director or employee of a corporation or of a dissolved corporation, any employee of a partnership, any employee or manager of a limited liability company, or any employee of an individual proprietorship who as such officer, director, employee or manager is under a duty to act for such corporation, partnership, limited liability company or individual proprietorship in complying with any requirement of this article, or has so acted; and any member of a partnership or limited liability company. Provided, however, that any person who is a vendor solely by reason of clause (D) or (E) of subparagraph (i) of paragraph (8) of subdivision (b) of section eleven hundred one of this article shall not be a "person required to collect any tax imposed by this article" until twenty days after the date by which such person is required to file a certificate of registration pursuant to section eleven hundred thirty-four.

§ 2. Subdivision (a) of section 1133 of the tax law, as amended by chapter 621 of the laws of 1967, is amended to read as follows:

(a) (1) Except as otherwise provided in paragraph two of this subdivision and in section eleven hundred thirty-seven of this part, every person required to collect any tax imposed by this article shall be personally liable for the tax imposed, collected or required to be collected under this article. Any such person shall have the same right in respect to collecting the tax from his customer or in respect to nonpayment of the tax by the customer as if the tax were a part of the purchase price of the property or service, amusement charge or rent, as the case may be, and payable at the same time; provided, however, that the tax commission shall be joined as a party in any action or proceeding brought to collect the tax.

(2) Notwithstanding any other provision of this article: (i) The commissioner shall grant the relief described in subparagraph (iii) of this paragraph to a limited partner of a limited partnership (but not a partner of a limited liability partnership) or a member of a limited liability company if such limited partner or member demonstrates to the satisfaction of the commissioner that such limited partner's or member's ownership interest and the percentage of the distributive share of the
profits and losses of such limited partnership or limited liability company are each less than fifty percent, and such limited partner or member was not under a duty to act for such limited partnership or limited liability company in complying with any requirement of this article. Provided, however, the commissioner may deny an application for relief to any such limited partner or member who the commissioner finds has acted on behalf of such limited partnership or limited liability company in complying with any requirement of this article or has been convicted of a crime provided in this chapter or who has a past-due liability, as such term is defined in section one hundred seventy-one-v of this chapter.

(ii) Such limited partner or member must submit an application for relief, on a form prescribed by the commissioner, and the information provided in such application must be true and complete in all material respects. Providing materially false or fraudulent information on such application shall disqualify such limited partner or member for the relief described in subparagraph (iii) of this paragraph, shall void any agreement with the commissioner with respect to such relief, and shall result in such limited partner or member bearing strict liability for the total amount of tax, interest and penalty owed by their respective limited partnership or limited liability company pursuant to this subdivision.

Applications for licenses shall be in such form as may be prescribed by the commission and shall contain such information
or other material or evidence as the commission may require. No license shall be issued by the commission authorizing the simulcast transmission of thoroughbred races from a track located in Suffolk county. The fee for such licenses shall be five hundred dollars per simulcast facility and for account wagering licensees that do not operate either a simulcast facility that is open to the public within the state of New York or a licensed racetrack within the state, twenty thousand dollars per year payable by the licensee to the commission for deposit into the general fund. Except as provided in this section, the commission shall not approve any application to conduct simulcasting into individual or group residences, homes or other areas for the purposes of or in connection with pari-mutuel wagering. The commission may approve simulcasting into residences, homes or other areas to be conducted jointly by one or more regional off-track betting corporations and one or more of the following: a franchised corporation, thoroughbred racing corporation or a harness racing corporation or association; provided (i) the simulcasting consists only of those races on which pari-mutuel betting is authorized by this chapter at one or more simulcast facilities for each of the contracting off-track betting corporations which shall include wagers made in accordance with section one thousand fifteen, one thousand sixteen and one thousand seventeen of this article; provided further that the contract provisions or other simulcast arrangements for such simulcast facility shall be no less favorable than those in effect on January first, two thousand five; (ii) that each off-track betting corporation having within its geographic boundaries such residences, homes or other areas technically capable of receiving the simulcast signal shall be a contracting party; (iii) the distribution of revenues shall be subject to contractual agreement of the parties except that statutory payments to non-contracting parties, if any, may not be reduced; provided, however, that nothing herein to the contrary shall prevent a track from televising its races on an irregular basis primarily for promotional or marketing purposes as found by the commission. For purposes of this paragraph, the provisions of section one thousand thirteen of this article shall not apply. Any agreement authorizing an in-home simulcasting experiment commencing prior to May fifteenth, nineteen ninety-five, may, and all its terms, be extended until June thirtieth, two thousand nineteen; provided, however, that any party to such agreement may elect to terminate such agreement upon conveying written notice to all other parties of such agreement at least forty-five days prior to the effective date of the termination, via registered mail. Any party to an agreement receiving such notice of an intent to terminate, may request the commission to mediate between the parties new terms and conditions in a replacement agreement between the parties as will permit continuation of an in-home experiment until June thirtieth, two thousand nineteen; and (iv) no in-home simulcasting in the thoroughbred special betting district shall occur without the approval of the regional thoroughbred track.

internal revenue code, as adjusted by subsection (b) of section 965 of 
the internal revenue code, and without regard to subsection (c) of such 
section, received from a corporation that is not included in a combined 
report with the taxpayer, less, (iii) in the discretion of the commis-
sioner of finance, any interest deductions directly or indirectly 
attributable to that income. In lieu of subtracting from its exempt CFC 
income the amount of those interest deductions, the taxpayer may make a 
revocable election to reduce its total exempt CFC income by forty 
percent. If the taxpayer makes this election, the taxpayer must also 
make the elections provided for in paragraph (b) of subdivision five of 
this section and paragraph (c) of this subdivision. If the taxpayer 
subsequently revokes this election, the taxpayer must revoke the 
elections provided for in paragraph (b) of subdivision five of this 
section and paragraph (c) of this subdivision. A taxpayer which does 
not make this election because it has no exempt CFC income will not be 
precluded from making those other elections. The income described in 
subparagraph (ii) of this paragraph shall not constitute investment 
income.

250(a)(1)(A) of the internal revenue code.

(20) the amount of any federal deduction allowed pursuant to subsection (c) of section 965 of the internal revenue code;

(21) the amount of any federal deduction allowed pursuant to section 250(a)(1)(A) of the internal revenue code.

§ 4. Paragraph 1 of subsection (c) of section 1085 of the tax law, as amended by section 13-a of part Q of chapter 60 of the laws of 2016, is amended to read as follows:

(1) If any taxpayer fails to file a declaration of estimated tax under article nine-A of this chapter, or fails to pay all or any part of an amount which is applied as an installment against such estimated tax, it shall be deemed to have made an underpayment of estimated tax. There shall be added to the tax for the taxable year an amount at the underpayment rate set by the commissioner pursuant to section one thousand ninety-six of this article, or if no rate is set, at the rate of seven and one-half percent per annum upon the amount of the underpayment for the period of the underpayment but not beyond the fifteenth day of the [third] fourth month following the close of the taxable year. Provided, however, that, for taxable years beginning on or after January first, two thousand seventeen and before January first, two thousand eighteen, no amount shall be added to the tax with respect to the portion of such tax related to the amount of any interest deductions directly or indirectly attributable to the amount included in exempt CFC income pursuant to subparagraph (ii) of paragraph (b) of subdivision six-a of section two hundred eight of this chapter or the forty percent reduction of such exempt CFC income in lieu of interest attribution if the election described in paragraph (b) of subdivision six-a of such section is made.

The amount of the underpayment shall be, with respect to any installment of estimated tax computed on the basis of either the preceding year's tax or the second preceding year's tax, the excess of the amount required to be paid over the amount, if any, paid on or before the last day prescribed for such payment or, with respect to any other installment of estimated tax, the excess of the amount of the installment which would be required to be paid if the estimated tax were equal to ninety-one percent of the tax shown on the return for the taxable year (or if no return was filed, ninety-one percent of the tax for such year) over the amount, if any, of the installment paid on or before the last day prescribed for such payment. In any case in which there would be no underpayment if "eighty percent" were substituted for "ninety-one percent" each place it appears in this subsection, the addition to the tax shall be equal to seventy-five percent of the amount otherwise determined. No underpayment shall be deemed to exist with respect to a declaration or installment otherwise due on or after the termination of existence of the taxpayer.

§ 4-a. Subdivision 3 of section 11-676 of the administrative code of the city of New York, as amended by section 12 of part D of chapter 60 of the laws of 2015, is amended to read as follows:

3. Failure to file declaration or underpayment of estimated tax. If any taxpayer fails to file a declaration of estimated tax under subchapter two, three or three-A of this chapter, or fails to pay all or any part of an amount which is applied as an installment against such estimated tax, it shall be deemed to have made an underpayment of estimated
tax. There shall be added to the tax for the taxable year an amount at
the underpayment rate set by the commissioner of finance pursuant to
section 11-687 of this subchapter, or, if no rate is set, at the rate of
seven and one-half percent per annum upon the amount of the underpayment
for the period of the underpayment but not beyond the fifteenth day of
the [third] fourth month following the close of the taxable year.
Provided, however, that, for taxable years beginning on or after January
first, two thousand seventeen and before January first, two thousand
eighteen, no amount shall be added to the tax with respect to the
portion of such tax related to the amount of any interest deductions
directly or indirectly attributable to the amount included in exempt CFC
income pursuant to subparagraph (ii) of paragraph (b) of subdivision
five-a of section 11-652 of this chapter or the forty percent reduction
of such exempt CFC income in lieu of interest attribution if the
election described in paragraph (b) of subdivision five-a of such
section is made. The amount of the underpayment shall be, with respect
to any installment of estimated tax computed on the basis of either the
preceding year's tax or the second preceding year's tax, the excess of
the amount required to be paid over the amount, if any, paid on or
before the last day prescribed for such payment or, with respect to any
other installment of estimated tax, the excess of the amount of the
installment which would be required to be paid if the estimated tax were
equal to ninety percent of the tax shown on the return for the taxable
year (or if no return was filed, ninety percent of the tax for such
year) over the amount, if any, of the installment paid on or before the
last day prescribed for such payment. In any case in which there would
be no underpayment if "eighty percent" were substituted for "ninety
percent" each place it appears in this subdivision, the addition to the
tax shall be equal to seventy-five percent of the amount otherwise
determined. No underpayment shall be deemed to exist with respect to a
declaration or installment otherwise due on or after the termination of
existence of the taxpayer.

(A) income, gains and losses from subsidiary capital which do not
include the amount of a recovery in respect of any war loss, except that
this modification shall not apply to the amount described in subpara-
graph (S) of this paragraph;
(B) fifty percent of dividends other than from subsidiaries, except
that this modification shall not apply to the amount described in
subparagraph (S) of this paragraph, and except that, in the case of a
life insurance company, such modification shall apply only with respect
to the company's share of such dividends, which share means the percent-
determined under paragraph one of subsection (a) of section eight
hundred twelve of the internal revenue code;
§ 4-c. Paragraph 1 of subdivision (b) of section 1503 of the tax law
is amended by adding a new subparagraph (S) to read as follows:

of such section to the extent such income is received from a corporation
that is not included in a combined return with the taxpayer.

§ 92-gg. Charitable gifts trust fund. 1. There is hereby established in the joint custody of the commissioner of taxation and finance and the state comptroller a special fund pursuant to section eleven of this chapter to be known as the "charitable gifts trust fund".

2. Moneys in the charitable gifts trust fund shall be kept separate from and shall not be commingled with any other moneys in the custody of the comptroller or the commissioner of taxation and finance. Provided, however that any moneys of the fund not required for immediate use may, at the discretion of the comptroller, in consultation with the director of the budget, be invested by the comptroller in obligations of the United States or the state. The proceeds of any such investment shall be retained by the fund as assets to be used for purposes of the fund.

3. Except as set forth in subdivisions two and four of this section, no moneys from the charitable gifts trust fund shall be transferred to any other fund, nor shall moneys from the fund be used to make payments for any purpose other than the purposes set forth in subdivisions two and four of this section.

4. The charitable gifts trust fund shall have two separate and distinct accounts, as set forth in paragraphs a and b of this subdivision. Moneys in each of the accounts shall be kept separate from and shall not be commingled with any other moneys of any other account within the fund.

a. The "health charitable account" shall consist of monetary grants, gifts or bequests received by the state, and all other moneys credited or transferred thereto from any other fund or source. Moneys of such account shall only be expended for the support of services relating to primary, preventive, and inpatient health care, dental and vision care, hunger prevention and nutritional assistance, and other services for New York state residents with the overall goal of ensuring that New York
state residents have access to quality health care and other related
services.

b. The "elementary and secondary education charitable account" shall
consist of monetary grants, gifts or bequests received by the state for
the support of elementary and secondary education of children enrolled
in public school districts in the state and all other moneys credited or
transferred thereto from any other fund or source. Moneys of such
account shall only be expended for the provision of elementary and
secondary education of children in the state.

§ 2. Credits for certain charitable contributions to Health Research,
Inc. 1. Charitable monetary contributions to Health Research, Inc.
(hereinafter "the corporation") that conform to the provisions of this
subdivision shall be considered qualified contributions for purposes of
the tax credit available pursuant to subsection (iii) of section 606 of
the tax law.

(a) Applications for contribution authorization certificates.
Contributors seeking to make a qualified contribution to the corporation
shall apply to the corporation for a contribution authorization certif-
icate for such contribution. Such application shall be in the form and
manner prescribed by the corporation. The corporation may allow contrib-
utors to make multiple applications on the same form, provided that each
contribution listed on such application shall be treated as a separate
application and that the corporation shall issue separate contribution
authorization certificates for each such application.

(b) Contribution authorization and receipt certificates. (i) Issuance
of certificates. The president of the corporation shall issue contrib-
ution authorization certificates in two phases. In phase one, which
begins on the first day of January and ends on the thirtieth day of
September, the president of the corporation shall accept applications
for contribution authorization certificates, but shall not issue any
such certificates. Commencing after the first day of October, the pres-
ident of the corporation shall issue contribution authorization certif-
icates for applications received during phase one, provided that if the
aggregate total of the contributions for which applications have been
received during phase one exceeds the amount of the contribution cap in
paragraph (e) of this subdivision, the authorized contribution amount
listed on each contribution authorization certificate shall equal the
pro-rata share of the contribution cap. If the contribution cap is not
exceeded, phase two commences on October first and ends on November
fifteenth, during which period the president of the corporation shall
issue contribution authorization certificates on a first-come first-
served basis based upon the date the corporation received the contribu-
tor's application for such certificate; provided, however, that if on
any day the corporation receives applications requesting contribution
authorization certificates for contributions that in the aggregate
exceed the amount of the remaining available contribution cap on such
day, the authorized contribution amount listed in each contribution
authorization certificate shall be the contributor's pro-rata share of
the remaining available contribution cap. For purposes of determining a
contributor's pro-rata share of remaining available contribution cap,
the head of the corporation shall multiply the amount of remaining
available contribution cap by a fraction, the numerator of which equals
the total contribution amount listed on the contributor's application
and the denominator of which equals the aggregate amount of contrib-
utions listed on the applications for contribution authorization certif-
icates received on such day. Contribution authorization certificates
for applications received during phase one shall be mailed no later than the fifteenth day of October. Contribution authorization certificates for applications received during phase two shall be mailed within twenty days of receipt of such applications. Provided, however, that no contribution authorization certificates for applications received during phase two shall be issued until all of the contribution authorization certificates for applications received during phase one have been issued.

(ii) Contribution authorization certificate contents. Each contribution authorization certificate shall state: (A) the date such certificate was issued; (B) the date by which the authorized contributions listed in the certificate must be made, which shall be no later than November thirtieth of the year for which the contribution authorization certificate was issued; (C) the contributor's name and address; (D) the amount of authorized contributions; (E) the contribution authorization certificate's certificate number; and (F) any other information that the president of the corporation or the commissioner of taxation and finance deems necessary.

(c) Certificate of receipt. If a contributor makes an authorized contribution to the corporation no later than the date by which such authorized contribution is required to be made, the corporation shall, within 30 days of receipt of the authorized contribution, issue to the contributor a written certificate of receipt. Each certificate of receipt shall state: (i) the name and address of the corporation; (ii) the contributor's name and address; (iii) the date for each contribution; (iv) the amount of each contribution and the corresponding contribution authorization certificate number; (v) the total amount of contributions; and (vi) any other information that the commissioner of taxation and finance deems necessary.

(d) Notification to the department of the issuance of a certificate of receipt. Upon the issuance of a certificate of receipt, the corporation shall, within thirty days of issuing the certificate of receipt, provide the department of taxation and finance with notification of the issuance of such certificate in the form and manner prescribed by the department of taxation and finance.

(e) Contribution cap. The maximum permitted contributions under this section available annually for calendar year two thousand eighteen and all following years shall be ten million dollars.

2. Use of authorized contributions. The corporation shall develop policies and procedures to ensure that all contributions for which certificates of receipt have been issued are expended only for one or more of the following charitable health purposes: to support and supplement laboratory facilities and programs, including, but not limited to, laboratory testing and scientific research; to support and supplement bioinformatics programs, including, but not limited to, developing public health data analytical strategies; and to support and supplement other public health activities.

§ 3. Credits for certain charitable contributions to University Foundations. 1. Charitable monetary contributions to the State University of New York Impact Foundation (hereinafter "the SUNY foundation") or the Research Foundation of the City University of New York (hereinafter "the CUNY foundation") that conform to the provisions of this subdivision shall be considered qualified contributions for purposes of the tax credit available pursuant to subsection (iii) of section 606 of the tax law.
(a) Applications for contribution authorization certificates. Contributors seeking to make a qualified contribution to the SUNY foundation or the CUNY foundation shall apply to such foundation for a contribution authorization certificate for such contribution. Such application shall be in the form and manner prescribed by the corporation. Each foundation may allow contributors to make multiple applications on the same form, provided that each contribution listed on such application shall be treated as a separate application and that the foundation shall issue separate contribution authorization certificates for each such application.

(b) Contribution authorization and receipt certificates. (i) Issuance of certificates. The head of each foundation shall issue contribution authorization certificates in two phases. In phase one, which begins on the first day of January and ends on the thirtieth day of September, the head of each foundation shall accept applications for contribution authorization certificates, but shall not issue any such certificates. Commencing after the first day of October, the head of each foundation shall issue contribution authorization certificates for applications received during phase one, provided that if the aggregate total of the contributions for which applications have been received during phase one exceeds the amount of the contribution cap in paragraph (e) of this subdivision, the authorized contribution amount listed on each contribution authorization certificate shall equal the pro-rata share of the contribution cap. If the contribution cap is not exceeded, phase two commences on October first and ends on November fifteenth, during which period the head of each foundation shall issue contribution authorization certificates on a first-come first-served basis based upon the date the foundation received the contributor's application for such certificate; provided, however, that if on any day the SUNY foundation or the CUNY foundation receives applications requesting contribution authorization certificates for contributions that in the aggregate exceed the amount of the remaining available contribution cap on such day, the authorized contribution amount listed in each contribution authorization certificate shall be the contributor's pro-rata share of the remaining available contribution cap. For purposes of determining a contributor's pro-rata share of remaining available contribution cap, the head of each foundation shall multiply the amount of remaining available contribution cap by a fraction, the numerator of which equals the total contribution amount listed on the contributor's application and the denominator of which equals the aggregate amount of contributions listed on the applications for contribution authorization certificates received on such day. Contribution authorization certificates for applications received during phase one shall be mailed no later than the fifteenth day of October. Contribution authorization certificates for applications received during phase two shall be mailed within twenty days of receipt of such applications. Provided, however, that no contribution authorization certificates for applications received during phase two shall be issued until all of the contribution authorization certificates for applications received during phase one have been issued.

(ii) Contribution authorization certificate contents. Each contribution authorization certificate shall state: (A) the date such certificate was issued; (B) the date by which the authorized contributions listed in the certificate must be made, which shall be no later than November thirtieth of the year for which the contribution authorization certificate was issued; (C) the contributor's name and address; (D) the
amount of authorized contributions; (E) the contribution authorization certificate's certificate number; and (F) any other information that the head of the respective foundation or the commissioner of taxation and finance deems necessary.

(c) Certificate of receipt. If a contributor makes an authorized contribution to the SUNY foundation or the CUNY foundation no later than the date by which such authorized contribution is required to be made, such foundation shall, within thirty days of receipt of the authorized contribution, issue to the contributor a written certificate of receipt. Each certificate of receipt shall state: (i) the name and address of the foundation; (ii) the contributor's name and address; (iii) the date for each contribution; (iv) the amount of each contribution and the corresponding contribution authorization certificate number; (v) the total amount of contributions; and (vi) any other information that the commissioner of taxation and finance deems necessary.

(d) Notification to the department of the issuance of a certificate of receipt. Upon the issuance of a certificate of receipt, the respective foundation shall, within thirty days of issuing the certificate of receipt, provide the department of taxation and finance with notification of the issuance of such certificate in the form and manner prescribed by the department of taxation and finance.

(e) Contribution cap. The maximum permitted contributions under this section available annually for calendar year two thousand eighteen and all following years shall be ten million dollars for the SUNY foundation and ten million dollars for the CUNY foundation.

2. Use of authorized contributions. The SUNY foundation and the CUNY foundation shall develop policies and procedures to ensure that all contributions for which certificates of receipt have been issued are expended only to support programs benefiting students enrolled at the state university of New York and the city university of New York, respectively. Provided however, contributions may not be used for scholarships or tuition assistance.

§ 4. Section 606 of the tax law is amended by adding a new subsection (iii) to read as follows:

§ 980-a. Tax credits for contributions to certain funds. 1. (a) A
municipal corporation that has established a fund pursuant to subdivi-

subdivision twelve-b of section seventeen hundred nine of the education
law, subdivision fifty-four of section twenty-five hundred ninety-h of
the education law, or section six-t or six-u of the general municipal
law, may adopt a local law, or in the case of a school district, a
resolution, authorizing a tax credit to be provided pursuant to this
section for contributions to such fund. For purposes of this section, a
municipal corporation that has established such a fund and authorized
such a credit shall be referred to as a "participating" municipal corpo-
ration.

(b) On and after a date specified in the local law or resolution
adopted by a participating municipal corporation pursuant to paragraph
(a) of this subdivision, the owner or owners of real property shall be
allowed a credit against the real property taxes of a participating
municipal corporation that have been imposed upon such property. The
amount of such credit shall equal ninety-five percent, or such lesser
allowable percentage credit as may have been established pursuant to
paragraph (c) of this subdivision, of the amount contributed by one or more of the owners of such property during the "associated credit year" as defined in this section, to any or all of the funds established by such municipal corporation, subject to the limit established pursuant to paragraph (c) of this subdivision, if any.

(c) The participating municipal corporation may establish a limit upon the amount or percentage of such credit to be allowed in any given fiscal year, in which case the amount of such credit shall not exceed any limit so established. Any such limit shall be adopted by local law, or in the case of a school district, by resolution, which local law or resolution may either be the same as or separate from the local law or resolution that initially authorized the credit. Once such a limit has been adopted, it may be amended or repealed thereafter by local law, or in the case of a school district, by resolution, provided that any such amendment or repeal shall only apply to taxes of the participating municipal corporation for fiscal years commencing after the adoption of such local law or resolution. A copy of any local law or resolution establishing, amending or repealing such a limit shall be provided to the collecting officer who collects the taxes of the participating municipal corporation.

2. For purposes of this section, the "associated credit year" shall be the twelve-month period during which the owner of the property has made a contribution described in subdivision one of this section that ends on the last day prescribed by law on which the taxes of the participating municipal corporation may be paid without interest or penalties, subject to the following:

(a) Where such taxes are payable in installments, such twelve-month period shall end on the last day prescribed by law on which the first installment of such taxes may be paid without interest or penalties.

(b) Where a participating municipal corporation is a city school district that is subject to article fifty-two of the education law, such twelve-month period shall end on the last day prescribed by law on which city taxes may be paid without interest or penalties, or if applicable, on the last day prescribed by law on which the first installment of such taxes may be paid without interest or penalties.

(c) Each such twelve-month period shall be determined without regard to the possibility that the period prescribed by law for paying such taxes without interest or penalties may be extended due to a delay in the first publication of the collecting officer's notice as provided by sections thirteen hundred twenty-two or thirteen hundred twenty-four of this chapter or a comparable law, or due to an executive order issued in connection with a state disaster emergency as provided by subdivision two of section nine hundred twenty-five-a of this chapter.

3. The credit authorized by this section shall be administered as follows:

(a) The administrator of the fund or its designated agent shall, upon receiving a contribution to the fund specified in subdivision one of this section during a credit year, furnish the property owner with an acknowledgement in duplicate. Such acknowledgement shall be provided on a form prescribed by the commissioner and shall specify the amount of the contribution, the name and address of the donor, the date the contribution was received, the authorized signature of the administrator or agent, and such other information as the commissioner shall require.

(b) After receiving such an acknowledgement, the property owner may present it to the appropriate collecting officer on or before the last day prescribed by law on which taxes may be paid without interest or
penalty, together with a credit claim on a form prescribed by the commissioner. Such credit claim form shall contain the name of the property owner or owners, the date and amount of the contributions made to the account during the associated credit year, the address of the property to which the credit claim relates, and such other information as the commissioner shall require. Notwithstanding any provision of law to the contrary, the collecting officer shall thereupon be authorized and directed to grant the property owner a tax credit equal to ninety-five percent, or such lesser allowable percentage credit as may have been established pursuant to paragraph (c) of subdivision one of this section, of the amount of the contributions made during the associated credit year as specified on the acknowledgement, and to reduce the tax liability on the parcel accordingly, provided that such credit may not exceed any percentage credit or other limit established by the participating municipal corporation pursuant to paragraph (c) of subdivision one of this section, if such a limit has been established, and may not exceed the property taxes due or paid that are attributable to the participating municipal corporation. Where taxes are payable in installments, if the credit exceeds the amount of the first installment, the excess shall be applied to future installments until exhausted. The participating municipal corporation may adopt a local law, or in the case of a school district, a resolution, providing that where a property owner submits a credit claim form to the collecting officer prior to the collecting officer's receipt of the tax warrant, or such other date as may be specified in such local law or resolution, the associated property tax bill shall reflect a reduction in the tax liability equal to the credit authorized by this section; provided however that if the collecting officer is not employed by the participating municipal corporation, such local law or resolution shall not take effect unless and until the governing body of the municipal corporation that employs the collecting officer has adopted a resolution agreeing thereto. The department of financial services, in consultation with the department, shall promulgate regulations related to the adjustment of mortgage escrow accounts to reflect the credits provided pursuant to this section.

(c) If the property owner fails to present the acknowledgment and credit claim form to the collecting officer on or before the last day prescribed by law on which taxes may be paid without interest or penalty, he or she may present the same to the chief fiscal officer or chief financial officer of the participating municipal corporation, or to a member of his or her staff. Such officer shall thereupon be authorized and directed to grant the property owner a refund of property taxes in the amount of the credit, which amount shall be equal to ninety-five percent, or such lesser allowable percentage credit as may have been established pursuant to paragraph (c) of subdivision one of this section, of the total contributions made during the associated credit year, provided that such refund shall not exceed the property taxes that have been paid on the property or any percentage credit or other limit established pursuant to paragraph (c) of subdivision one of this section, if any, and may not exceed the property taxes due or paid that are attributable to the participating municipal corporation. Provided further, that no interest shall be payable on such refund if paid within forty-five days of the receipt of the acknowledgment and credit claim form. The owner of the property may file such refund claim with the authorized officer at any time during the three year period beginning immediately after the last day such taxes were payable without interest or penalty.
4. The amount of the itemized deduction that may be claimed by a taxpayer under section six hundred fifteen of the tax law with respect to the taxes paid on such property may not exceed the amount of the taxes of a participating municipal corporation that have been imposed upon such property minus the amount of the credit provided pursuant to this section.

§ 10. This act shall take effect immediately; provided, however, that the amendments to section 2590-h of the education law made by section seven of this act shall not affect the expiration and reversion of such section and shall expire and be deemed repealed therewith; and provided further that if section 2590-h of the education law expires or is repealed and is reverted prior to the effective date of this act, section seven of this act shall not take effect.

PART MM

Section 1. The tax law is amended by adding a new article 24 to read as follows:

856. Deposit and disposition of revenue.
857. Procedural provisions.

§ 850. Definitions. For purposes of this article:

(a) Employer. Employer means an employer that is required by section six hundred seventy-one of this chapter to deduct and withhold tax from wages.

(b) Electing employer. Electing employer is an employer that has made the election provided for in section eight hundred fifty-one of this article.

(c) Payroll expense. Payroll expense means wages and compensation as defined in sections 3121 and 3231 of the internal revenue code (without regard to section 3121(a)(1) and section 3231(e)(2)(A)(i)), paid to all covered employees.

(d) Covered employee. Covered employee means an employee of an electing employer who is required to have amounts withheld under section six hundred seventy-one of this chapter and receives annual wages and compensation from his or her employer of more than forty thousand dollars annually.

§ 851. Employer election. (a) Any employer who employs covered employees in the state shall be allowed to make an annual election to be taxed under this article.

(b) In order to be effective, the annual election must be made by (1) individual with authority to bind the entity or sign returns required pursuant to section six hundred fifty-three of this chapter; or (2) if the employer is a for-profit or not-for-profit corporation, by any officer or manager of the employer who is authorized under the law of the state where the corporation is incorporated or under the employer’s organizational documents to make the election and who represents to having such authorization under penalty of perjury; or (3) if the
employer is a trust, by the unanimous consent of all trustees; or (4) if
the employer is a governmental entity, by the chief executive officer of
such governmental entity.
(c) The annual election must be made by December first of each calen-
dar year and will take effect for the immediately succeeding calendar
year. If an election is made after December first of a calendar year, it
will first take effect in the second succeeding calendar year.
§ 852. Imposition and rate of tax. A tax is hereby imposed on the
payroll expense paid by electing employers to covered employees. For two
thousand nineteen, the tax shall be equal to one and one-half percent of
the payroll expense paid by electing employers to covered employees

equal to three percent of the payroll expense paid by electing employers
to covered employees during the calendar quarter. For two thousand twen-

§ 853. Pass through of tax. An employer cannot deduct from the wages
or compensation of an employee any amount that represents all or any
portion of the tax imposed on the employer under this article.
§ 854. Payment of tax. Employers with payroll expense. The tax imposed
on the payroll expense of electing employers under section eight hundred
fifty-two of this article must be paid at the same time the electing
employer is required to remit payments under section six hundred seven-
ty-four of this chapter; provided however, that electing employers
subject to the provisions in section nine of this chapter must pay the
tax on the payroll expense at the same time as the withholding tax
remitted under the electronic payment reporting system and the electron-
ic funds transfer system authorized by section nine of this chapter.
§ 855. Employee credit. A covered employee shall be allowed a credit
against the tax imposed under article twenty-two of this chapter,

ties, and fees collected or received by the commissioner under this
article shall be deposited and disposed of pursuant to the provisions of
section one hundred seventy-one-a of this chapter.
§ 857. Procedural provisions. (a) General. All provisions of article
two of this chapter will apply to the provisions of this article
in the same manner and with the same force and effect as if the language
of article twenty-two of this chapter had been incorporated in full into
this article and had been specifically adjusted for and expressly
referred to the tax imposed by this article, except to the extent that
any provision is either inconsistent with a provision of this article or
is not relevant to this article. Notwithstanding the preceding
sentence, no credit against tax in article twenty-two of this chapter
can be used to offset the tax due under this article.
(b) Notwithstanding the provisions of section six hundred ninety-seven
of this chapter, if the commissioner determines that a person is liable
for any tax, penalty or interest under this article pursuant to
subsection (b) of section eight hundred fifty-four of this article, upon
request in writing of such person, the commissioner shall disclose in
writing to such person (1) the name of any other person the commissioner
has determined to be liable for such tax, penalty or interest under this article for the electing employer, and (2) whether the commissioner has attempted to collect such tax, penalty or interest from such other person or electing employer, the general nature of such collection activities, and the amount collected.

(c) Notwithstanding any other law to the contrary, the commissioner may require that all filings of forms or returns under this article must be filed electronically and all payments of tax must be paid electronically. The commissioner may prescribe the methods for quarterly filings by electing employers, including but not limited to, the inclusion of specific employee-level detail.

§ 2. Section 606 of the tax law is amended by adding a new subsection (ccc) to read as follows:

(ccc) Article twenty-four employee credit. A covered employee of an electing employer shall be entitled to a credit against the tax imposed by this article as provided in this subsection. For purposes of this subsection the terms "covered employee" and "electing employer" shall have the same meanings as under section eight hundred fifty of this chapter. (1) For two thousand nineteen, the credit shall be equal to the product of (i) the covered employee’s wages and compensation in excess of forty thousand dollars received during the tax year from the electing employer that are subject to tax under this article and (ii) one and one-half percent and (iii) the result of one minus a fraction, the numerator of which shall be the tax imposed on the covered employee as determined pursuant to section six hundred one of this article before the application of any credits for the applicable tax year and the denominator of which shall be the covered employee’s taxable income as determined pursuant to this article for the applicable tax year. (2) For two thousand twenty, the credit shall be equal to the product of (i) the covered employee’s wages and compensation in excess of forty thousand dollars received during the tax year from the electing employer that are subject to tax under this article and (ii) three percent and (iii) the result of one minus a fraction, the numerator of which shall be the tax imposed on the covered employee as determined pursuant to section six hundred one of this article before the application of any credits for the applicable tax year and the denominator of which shall be the covered employee’s taxable income as determined pursuant to this article for the applicable tax year. (3) For two thousand twenty-one and thereafter, the credit shall be equal to the product of (i) the covered employee’s wages and compensation in excess of forty thousand dollars received during the tax year from the electing employer that are subject to tax under this article and (ii) five percent and (iii) the result of one minus a fraction, the numerator of which shall be the tax imposed on the covered employee as determined pursuant to section six hundred one of this article before the application of any credits for the applicable tax year and the denominator of which shall be the covered employee’s taxable income as determined pursuant to this article for the applicable tax year. If the amount of the credit allowable under this subsection for any taxable year shall exceed the taxpayer’s tax for such year, the excess allowed for a taxable year may be carried over to the following year or years and may be deducted from the taxpayer’s tax for such year or years.

§ 3. Subdivision 1 of section 171-a of the tax law, as amended by section 15 of part AAA of chapter 59 of the laws of 2017, is amended to read as follows:

chapter. The commissioner and the comptroller shall maintain a system of

Of the total revenue collected or received under such articles of this chapter, the comptroller shall retain in the comptroller's hands such amount as the commissioner may determine to be necessary for refunds or
reimbursements under such articles of this chapter out of which amount the comptroller shall pay any refunds or reimbursements to which taxpayers shall be entitled under the provisions of such articles of this chapter. The commissioner and the comptroller shall maintain a system of accounts showing the amount of revenue collected or received from each of the taxes imposed by such articles. The comptroller, after reserving the amount to pay such refunds or reimbursements, shall, on or before the tenth day of each month, pay into the state treasury to the credit of the general fund all revenue deposited under this section during the preceding calendar month and remaining to the comptroller's credit on the last day of such preceding month, (i) except that the comptroller shall pay to the state department of social services that amount of overpayments of tax imposed by article twenty-two of this chapter and the interest on such amount which is certified to the comptroller by the commissioner as the amount to be credited against past-due support pursuant to subdivision six of section one hundred seventy-one-c of this article, (ii) and except that the comptroller shall pay to the New York state higher education services corporation and the state university of New York or the city university of New York respectively that amount of overpayments of tax imposed by article twenty-two of this chapter and the interest on such amount which is certified to the comptroller by the commissioner as the amount to be credited against the amount of defaults in repayment of guaranteed student loans and state university loans or city university loans pursuant to subdivision five of section one hundred seventy-one-d and subdivision six of section one hundred seventy-one-e of this article, (iii) and except further that, notwithstanding any law, the comptroller shall credit to the revenue arrearage account, pursuant to section ninety-one-a of the state finance law, that amount of overpayment of tax imposed by article nine, nine-A, twenty-two, thirty, thirty-A, thirty-B or thirty-three of this chapter, and any interest thereon, which is certified to the comptroller by the commissioner as the amount to be credited against a past-due legally enforceable debt owed to a state agency pursuant to paragraph (a) of subdivision six of section one hundred seventy-one-f of this article, provided, however, he shall credit to the special offset fiduciary account, pursuant to section ninety-one-c of the state finance law, any such amount credited as a liability as set forth in paragraph (b) of subdivision six of section one hundred seventy-one-f of this article, (iv) and except further that the comptroller shall pay to the city of New York that amount of overpayment of tax imposed by article nine, nine-A, twenty-two, thirty, thirty-A, thirty-B or thirty-three of this chapter and any interest thereon that is certified to the comptroller by the commissioner as the amount to be credited against city of New York tax warrant judgment debt pursuant to section one hundred seventy-one-l of this article, (v) and except further that the comptroller shall pay to a non-obligated spouse that amount of overpayment of tax imposed by article twenty-two of this chapter and the interest on such amount which has been credited pursuant to section one hundred seventy-one-c, one hundred seventy-one-d, one hundred seventy-one-e, one hundred seventy-one-f or one hundred seventy-one-l of this article and which is certified to the comptroller by the commissioner as the amount due such non-obligated spouse pursuant to paragraph six of subsection (b) of section six hundred fifty-one of this chapter; and (vi) the comptroller shall deduct a like amount which the comptroller shall pay into the treasury to the credit of the general fund from amounts subsequently payable to the department of social services, the state university of New York, the

§ 5. Subdivisions 2, 3 and paragraph (a) of subdivision 5 of section
92-z of the state finance law, subdivision 2 as amended by section 30 of
part T of chapter 57 of the laws of 2007, and subdivision 3 and para-
graph (a) of subdivision 5 as added by section 1 of part I of chapter
383 of the laws of 2001, are amended to read as follows:

2. Such fund shall consist of [twenty-five] (a) fifty percent of
receipts from the imposition of personal income taxes pursuant to arti-
cle twenty-two of the tax law, less such amounts as the commissioner of
taxation and finance may determine to be necessary for refunds, and (b)
fifty percent of receipts from the imposition of employer compensation
expense taxes pursuant to article twenty-four of the tax law, less such
amounts as the commissioner of taxation and finance may determine to be
necessary for refunds.

3. (a) Beginning on the first day of each month, the comptroller shall
deposit all of the receipts collected pursuant to section six hundred
seventy-one of the tax law in the revenue bond tax fund until the amount
of monthly receipts anticipated to be deposited pursuant to the certif-
icate required in paragraph (b) of subdivision five of this section are
met. On or before the twelfth day of each month, the commissioner of
taxation and finance shall certify to the state comptroller the amounts
specified in paragraph (a) of subdivision two of this section relating
to the preceding month and, in addition, no later than March thirty-
first of each fiscal year the commissioner of taxation and finance shall
certify such amounts relating to the last month of such fiscal year. The
amounts so certified shall be deposited by the state comptroller in the
revenue bond tax fund.

(b) Beginning on the first day of each month, the comptroller shall
deposit all of the receipts collected pursuant to section eight hundred
fifty-four of the tax law in the revenue bond tax fund until the amount
of monthly receipts anticipated to be deposited pursuant to the certif-
icate required in paragraph (b) of subdivision five of this section are
met. On or before the twelfth day of each month, the commissioner of
taxation and finance shall certify to the state comptroller the amounts
specified in paragraph (b) of subdivision two of this section relating
to the preceding month and, in addition, no later than March thirty-
first of each fiscal year the commissioner of taxation and finance shall
certify such amounts relating to the last month of such fiscal year. The
amounts so certified shall be deposited by the state comptroller in the
revenue bond tax fund.

(a) The state comptroller shall from time to time, but in no event
later than the fifteenth day of each month (other than the last month of
the fiscal year) and no later than the thirty-first day of the last
month of each fiscal year, pay over and distribute to the credit of the
general fund of the state treasury all moneys in the revenue bond tax
fund, if any, in excess of the aggregate amount required to be set aside
for the payment of cash requirements pursuant to paragraph (b) of this
subdivision, provided that an appropriation has been made to pay all
amounts specified in any certificate or certificates delivered by the
director of the budget pursuant to paragraph (b) of this subdivision as
being required by each authorized issuer as such term is defined in
section sixty-eight-a of this chapter for the payment of cash require-
ments of such issuers for such fiscal year. Subject to the rights of
holders of debt of the state, in no event shall the state comptroller
pay over and distribute any moneys on deposit in the revenue bond tax
fund to any person other than an authorized issuer pursuant to such
certificate or certificates (i) unless and until the aggregate of all
cash requirements certified to the state comptroller as required by such
authorized issuers to be set aside pursuant to paragraph (b) of this
subdivision for such fiscal year shall have been appropriated to such
authorized issuers in accordance with the schedule specified in the
certificate or certificates filed by the director of the budget or (ii)
if, after having been so certified and appropriated, any payment
required to be made pursuant to paragraph (b) of this subdivision has
not been made to the authorized issuers which was required to have been
made pursuant to such certificate or certificates; provided, however,
that no person, including such authorized issuers or the holders of
revenue bonds, shall have any lien on moneys on deposit in the revenue
bond tax fund. Any agreement entered into pursuant to section sixty-
eight-c of this chapter related to any payment authorized by this
section shall be executory only to the extent of such revenues available
to the state in such fund. Notwithstanding subdivisions two and three of
this section, in the event the aggregate of all cash requirements certi-
fied to the state comptroller as required by such authorized issuers to
be set aside pursuant to paragraph (b) of this subdivision for the
fiscal year beginning on April first shall not have been appropriated to
such authorized issuers in accordance with the schedule specified in the
certificate or certificates filed by the director of the budget or, (ii)
if, having been so certified and appropriated, any payment required to
be made pursuant to paragraph (b) of this subdivision has not been made
pursuant to such certificate or certificates, all receipts collected
pursuant to section six hundred seventy-one of the tax law and section
eight hundred fifty-four of the tax law shall be deposited in the reven-
ue bond tax fund until the greater of [twenty-five] forty percent of the
aggregate of the receipts from the imposition of (A) the personal income
tax imposed by article twenty-two of the tax law and (B) the employer
compensation expense tax imposed by article twenty-four of the tax law
for the fiscal year beginning on April first and as specified in the
certificate or certificates filed by the director of the budget pursuant
to this paragraph or [six] a total of twelve billion dollars has been
deposited in the revenue bond tax fund. Notwithstanding any other
provision of law, if the state has appropriated and paid to the author-
ized issuers the amounts necessary for the authorized issuers to meet
their requirements for the current fiscal year pursuant to the certifi-
cate or certificates submitted by the director of the budget pursuant
to paragraph (b) of this section, the state comptroller shall, on the
last day of each fiscal year, pay to the general fund of the state all
sums remaining in the revenue bond tax fund on such date except such
amounts as the director of the budget may certify are needed to meet the
cash requirements of authorized issuers during the subsequent fiscal
year.
§ 6. Subdivision 5 of section 68-c of the state finance law, as added
by section 2 of part I of chapter 383 of the laws of 2001, is amended to
read as follows:
5. Nothing contained in this article shall be deemed to restrict the
right of the state to amend, repeal, modify or otherwise alter statutes
imposing or relating to the taxes imposed pursuant to article twenty-two
and article twenty-four of the tax law. The authorized issuers shall not
include within any resolution, contract or agreement with holders of the
revenue bonds issued under this article any provision which provides
that a default occurs as a result of the state exercising its right to
amend, repeal, modify or otherwise alter the taxes imposed pursuant to
article twenty-two and article twenty-four of the tax law.

§ 7. This act shall take effect immediately; provided, however, that
the amendments to subdivision 1 of section 171-a of the tax law made by
section three of this act shall not affect the expiration of such subdi-
vision and shall expire therewith, when upon such date the provisions of
section four of this act shall take effect.

PART NN

Section 1. The opening paragraph of subdivision 7 of section 221 of
the racing, pari-mutuel wagering and breeding law, as amended by section
2 of part SS of chapter 59 of the laws of 2017, is amended to read as
follows:

In order to pay the costs of the insurance required by this section
and by the workers' compensation law and to carry out its other powers
and duties and to pay for any of its liabilities under section fourteen-a of the workers' compensation law, the New York Jockey Injury
Compensation Fund, Inc. shall ascertain the total funding necessary and
establish the sums that are to be paid by all owners and trainers
licensed or required to be licensed under section two hundred twenty of
this article, to obtain the total funding amount required annually. In
order to provide that any sum required to be paid by an owner or trainer
is equitable, the fund shall establish payment schedules which reflect
such factors as are appropriate, including where applicable, the
geographic location of the racing corporation at which the owner or
trainer participates, the duration of such participation, the amount of
any purse earnings, the number of horses involved, or such other factors
as the fund shall determine to be fair, equitable and in the best inter-
ests of racing. In no event shall the amount deducted from an owner's
share of purses exceed two per centum; provided, however, for two thou-
sand [seventeen] eighteen the New York Jockey Injury Compensation Fund,
Inc. may use up to two million dollars from the account established
pursuant to subdivision nine of section two hundred eight of this arti-
cle to pay the annual costs required by this section and the funds from
such account shall not count against the two per centum of purses
deducted from an owner's share of purses. The amount deducted from an
owner's share of purses shall not exceed one per centum after April

PART AAA

Section 1. Section 1 of subpart H of part C of chapter 20 of the laws of 2015, appropriating money for certain municipal corporations and school districts, as amended by section 1 of part QQ of chapter 58 of the laws of 2017, is amended to read as follows:

Contingent upon available funding, and not to exceed $45,000,000 $69,000,000 moneys from the urban development corporation shall be available for a local government entity, which for the purposes of this section shall mean a county, city, town, village, school district or special district, where (i) on or after June 25, 2015, an electric generating facility located within such local government entity has ceased operations, and (ii) the closing of such facility has caused a reduction in the real property tax collections or payments in lieu of taxes of at least twenty percent owed by such electric generating facility. Such moneys attributable to the cessation of operations, shall be paid annually on a first come, first served basis by the urban development corporation to such local government entity within a reasonable time upon confirmation from the state office of real property tax services or the local industrial development authority established pursuant to titles eleven and fifteen of article eight of the public authorities law, or the local industrial development agency established pursuant to article eighteen-A of the general municipal law that such cessation has resulted in a reduction in the real property tax collections or payments in lieu of taxes, provided, however, that the urban development corporation shall not provide assistance to such local government entity for more than seven years, and shall award payments reflecting the loss of revenues due to the cessation of operations as follows:

A local government entity shall be eligible for only one payment of funds hereunder per year. A local government entity may seek assistance under the electric generation facility cessation mitigation fund once a generator has submitted its notice to the federally designated electric bulk system operator (BSO) serving the state of New York of its intent to retire the facility or of its intent to voluntarily remove the facility from service subject to any return-to-service provisions of any tariff, and that the facility also is ineligible to participate in the markets operated by the BSO. The date of submission of a local government entity's application for assistance shall establish the order in which assistance is paid to program applicants, except that in no event shall assistance be paid to a local government entity until such time that an electric generating facility has retired or become ineligible to participate in the markets operated by the BSO. For purposes of this section, any local government entity seeking assistance under the electric generation facility cessation mitigation fund must submit an attestation to the department of public service that a facility is no longer producing electricity and is no longer participating in markets operated by the BSO. After receipt of such attestation, the department of public service shall confirm such information with the BSO. In the case that the BSO confirms to the department of public service that the facility is no longer producing electricity and participating in markets operated by such BSO, it shall be deemed that the electric generating facility located within the local government entity has ceased operation. The department of public service shall provide such confirmation to the urban development corporation upon receipt. The determination of the amount of such annual payment shall be determined by the president of the urban development corporation based on the amount of the difference between the annual real property taxes and payments in lieu of taxes imposed upon the facility, exclusive of interest and penalties, during the last year of operations and the current real property taxes and payments in lieu of taxes imposed upon the facility, exclusive of interest and penalties. The total amount awarded from this program shall not exceed $45,000,000.

§ 2. This act shall take effect immediately provided, however, that the amendments to section 1 of subpart H of part C of chapter 20 of the laws of 2015 made by section one of this act shall not affect the repeal of such subpart and shall be deemed repealed therewith.

for each school district as "FOUNDATION AID" under the heading "2016-17
ESTIMATED AIDS" in the school aid computer listing produced by the
commissioner in support of the executive budget request for the two

computer listing and provided further that total foundation aid shall
not be less than the product of the total foundation aid base computed
pursuant to paragraph j of subdivision one of this section and the due-

be calculated pursuant to paragraph g of subdivision two of this
section. For the purposes of calculating aid pursuant to this subdivi-

calculated on a citywide basis.

a. Foundation formula aid. Foundation formula aid shall equal the
remainder when the expected minimum local contribution is subtracted
from the product of the foundation amount, the regional cost index, and
the pupil need index, or: (foundation amount x regional cost index x
pupil need index) - expected minimum local contribution.

(1) The foundation amount shall reflect the average per pupil cost of
general education instruction in successful school districts, as deter-
mined by a statistical analysis of the costs of special education and
general education in successful school districts, provided that the
foundation amount shall be adjusted annually to reflect the percentage
increase in the consumer price index [as computed pursuant to section
two thousand twenty-two of this chapter] as defined by paragraph hh of
subdivision one of this section, provided that for the two thousand
eight--two thousand nine school year, for the purpose of such adjust-

deemed to be two and nine-tenths percent (0.029), and provided further
that the foundation amount for the two thousand seven--two thousand
eight school year shall be five thousand two hundred fifty-eight
dollars, and provided further that for the two thousand seven--two thou-

years, the foundation amount shall be further adjusted by the phase-in
foundation percent established pursuant to paragraph b of this subdivi-
sion.

(2) The regional cost index shall reflect an analysis of labor market
costs based on median salaries in professional occupations that require
similar credentials to those of positions in the education field, but

not be less than one nor more than two. The extraordinary needs percent
shall be calculated pursuant to paragraph w of subdivision one of this
section.

(4) The expected minimum local contribution shall equal the lesser of
(i) the product of (A) the quotient arrived at when the selected actual
valuation is divided by total wealth foundation pupil units, multiplied
by (B) the product of the local tax factor, multiplied by the income
wealth index, or (ii) the product of (A) the product of the foundation amount, the regional cost index, and the pupil need index, multiplied by (B) the positive difference, if any, of one minus the state sharing ratio for total foundation aid. The local tax factor shall be established by May first of each year by determining the product, computed to four decimal places without rounding, of ninety percent multiplied by the quotient of the sum of the statewide average tax rate as computed by the commissioner for the current year in accordance with the provisions of paragraph e of subdivision one of section thirty-six hundred nine-e of this part plus the statewide average tax rate computed by the commissioner for the base year in accordance with such provisions plus the statewide average tax rate computed by the commissioner for the year prior to the base year in accordance with such provisions, divided by three, provided however that for the two thousand seven--two thousand eight school year, such local tax factor shall be sixteen thousandths (0.016), and provided further that for the two thousand eight--two thousand nine school year, such local tax factor shall be one hundred fifty-four ten thousandths (0.0154). The income wealth index shall be calculated pursuant to paragraph d of subdivision three of this section, provided, however, that for the purposes of computing the expected minimum local contribution the income wealth index shall not be less than sixty-five percent (0.65) and shall not be more than two hundred percent (2.0) and provided however that such income wealth index shall not be more than ninety-five percent (0.95) for the two thousand eight--two thousand nine school year, and provided further that such income wealth index shall not be less than zero for the two thousand thirteen--two thousand fourteen school year. The selected actual valuation shall be calculated pursuant to paragraph c of subdivision one of this section. Total wealth foundation pupil units shall be calculated pursuant to paragraph h of subdivision two of this section.

b. Phase-in foundation increase. (1) The phase-in foundation increase shall equal the product of the phase-in foundation increase factor multiplied by the positive difference, if any, of (i) the product of the total aidable foundation pupil units multiplied by the district's selected foundation aid less (ii) the total foundation aid base computed pursuant to paragraph j of subdivision one of this section.

(2) (i) Phase-in foundation percent. The phase-in foundation percent shall equal one hundred thirteen and fourteen one hundredths percent (1.1314) for the two thousand eleven--two thousand twelve school year, one hundred ten and thirty-eight hundredths percent (1.1038) for the two thousand twelve--two thousand thirteen school year, one hundred seven and sixty-eight hundredths percent (1.0768) for the two thousand thirteen--two thousand fourteen school year, and one hundred five and six hundredths percent (1.0506) for the two thousand fourteen--two thousand fifteen school year, and one hundred two and five tenths percent (1.0250) for the two thousand fifteen--two thousand sixteen school year. (ii) Phase-in foundation increase factor. For the two thousand eleven--two thousand twelve school year, the phase-in foundation increase factor shall equal thirty-seven and one-half percent (0.375) and the phase-in due minimum percent shall equal nineteen and forty-one hundredths percent (0.1941), for the two thousand twelve--two thousand thirteen school year the phase-in foundation increase factor shall equal one and one-tenths percent (0.017), for the two thousand thirteen--two thousand fourteen school year the phase-in foundation increase factor shall equal (1) for a city school district in a city having a population of one million or more, five and twenty-three hundredths percent

2 thousand fourteen--two thousand fifteen school year the phase-in founda-
3 tion increase factor shall equal (1) for a city school district of a
4 city having a population of one million or more, four and thirty-two
5 hundredths percent (0.0432) or (2) for a school district other than a
6 city school district having a population of one million or more for
7 which (A) the quotient of the positive difference of the foundation
8 formula aid minus the foundation aid base computed pursuant to paragraph
9 j of subdivision one of this section divided by the foundation formula
10 aid is greater than twenty-two percent (0.22) and (B) a combined wealth
11 ratio less than thirty-five hundredths (0.35), seven percent (0.07) or
12 (3) for all other school districts, four and thirty-one hundredths

(8) The individual qualifications of the proposer's key personnel;
(9) The proposer's ability to assess and manage risk and minimize risk impact;
(10) The proposer's financial capability;
(11) The proposer's ability to comply with applicable requirements, including the provisions of articles 145, 147 and 148 of the education law;
(12) The proposer's past record of compliance with federal, state and local laws, rules, licensing requirements, where applicable, and executive orders, including but not limited to compliance with the labor law and other applicable labor and prevailing wage laws, article 15-A of the executive law, and any other applicable laws concerning minority-and women-owned business enterprise participation;
(13) The proposer's record of complying with existing labor standards, maintaining harmonious labor relations, and protecting the health and safety of workers and payment of wages above any locally-defined living wage; and
(14) A quantitative factor to be used in evaluation of bids or offers for awarding of contracts for bidders or offerers that are certified as minority- or women-owned business enterprises pursuant to article 15-A of the executive law, and certified pursuant to local law as minority- or women-owned business enterprises. Where an agency identifies a quantitative factor pursuant to this paragraph, the agency must specify that business certified as minority- or women-owned business enterprises pursuant to article 15-A of the executive law as well as those certified as minority- or women-owned business enterprises or pursuant to section thirteen hundred four of the New York City charter are eligible to qualify for such factor. Nothing in this paragraph shall be construed as a requirement that such businesses be concurrently certified as minority- or women-owned business enterprises under both article 15-A of the executive law and section 1304 of the New York City charter to qualify for such quantitative factor.

(c) "Cost plus" shall mean compensating a contractor for the cost to complete a contract by reimbursing actual costs for labor, equipment and materials plus an additional amount for overhead and profit.
(d) "Design-build contract" shall mean a contract for the design and construction of a public work with a single entity, which may be a team comprised of separate entities.

(e) "Project labor agreement" shall have the meaning set forth in subdivision 1 of section 222 of the labor law. A project labor agreement shall require participation in apprentice training programs in accordance with paragraph (e) of subdivision 2 of such section.
(f) "Public work" shall mean a public work in the city of New York related to the following, and shall refer to this public work:

§ 3. Any contract for a public work undertaken pursuant to a project labor agreement in accordance with section 222 of the labor law may be a design-build contract in accordance with this act.
§ 4. Notwithstanding any general, special or local law, rule or regulation to the contrary, including but not limited to article 5-A of the general municipal law, and in conformity with the requirements of this act, for any public work that has an estimated total cost of not less than ten million dollars and is undertaken pursuant to a project labor agreement in accordance with section 222 of the labor law, an authorized entity charged with awarding a contract for public work may use the alternative delivery method referred to as design-build contracts.

(a) A contractor selected by such authorized entity to enter into a design-build contract shall be selected through a two-step method, as follows:

(1) Step one. Generation of a list of responding entities that have demonstrated the general capability to perform the design-build contract. Such list shall consist of a specified number of responding entities, as determined by an authorized entity, and shall be generated based upon the authorized entity's review of responses to a publicly advertised request for qualifications. The authorized entity's request for qualifications shall include a general description of the public work, the maximum number of responding entities to be included on the list, the selection criteria to be used and the relative weight of each criterion in generating the list. Such selection criteria shall include the qualifications and experience of the design and construction team, organization, demonstrated responsibility, ability of the team or of a member or members of the team to comply with applicable requirements, including the provisions of articles 145, 147, and 148 of the education law, past record of compliance with the labor law, and such other qualifications the authorized entity deems appropriate, which may include but are not limited to project understanding, financial capability and record of past performance. The authorized entity shall evaluate and rate all responding entities to the request for qualifications. Based upon such ratings, the authorized entity shall list the responding entities that shall receive a request for proposals in accordance with paragraph two of this subdivision. To the extent consistent with applicable federal law, the authorized entity shall consider, when awarding any contract pursuant to this section, the participation of (i) responding entities that are certified as minority- or women-owned business enterprises pursuant to article 15-A of the executive law, or certified pursuant to local law as minority- or women-owned business enterprises; and (ii) small business concerns identified pursuant to subdivision (b) of section 139-g of the state finance law.

(2) Step two. Selection of the proposal which is the best value to the authorized entity. The authorized entity shall issue a request for proposals to the responding entities listed pursuant to paragraph one of this subdivision. If such a responding entity consists of a team of separate entities, the entities that compromise such a team must remain unchanged from the responding entity as listed pursuant to paragraph one of this subdivision unless otherwise approved by the authorized entity. The request for proposals shall set forth the public work's scope of work, and other requirements, as determined by the authorized entity, which may include separate goals for work under the contract to be performed by businesses certified as minority- or women-owned business enterprises pursuant to article 15-A of the executive law, or certified pursuant to local law as minority- or women-owned business enterprises. The request for proposals shall also specify the criteria to be used to evaluate the responses and the relative weight of each of such criteria. Such criteria shall include the proposal's cost, the quality of the
proposal's solution, the qualifications and experience of the proposer, and other factors deemed pertinent by the authorized entity, which may include, but shall not be limited to, the proposal's manner and schedule of project implementation, the proposer's ability to complete the work in a timely and satisfactory manner, maintenance costs of the completed public work, maintenance of traffic approach, and community impact. Any contract awarded pursuant to this act shall be awarded to a responsive and responsible proposer, which, in consideration of these and other specified criteria deemed pertinent, offers the best value, as determined by the authorized entity. The request for proposals shall include a statement that proposers shall designate in writing those portions of the proposal that contain trade secrets or other proprietary information that are to remain confidential; that the material designated as confidential shall be readily separable from the proposal. Nothing in this subdivision shall be construed to prohibit the authorized entity from negotiating final contract terms and conditions including cost. All proposals submitted shall be scored according to the criteria listed in the request for proposals and such final scores shall be published on the authorized entity's website.

(b) An authorized entity awarding a design-build contract to a contractor offering the best value may but shall not be required to use the following types of contracts:

(1) A cost-plus not to exceed guaranteed maximum price form of contract in which the authorized entity shall be entitled to monitor and audit all costs. In establishing the schedule and process for determining a guaranteed maximum price, the contract between the authorized entity and the contractor shall:

(i) Describe the scope of the work and the cost of performing such work,

(ii) Include a detailed line item cost breakdown,

(iii) Include a list of all drawings, specifications and other information on which the guaranteed maximum price is based,

(iv) Include the dates of substantial and final completion on which the guaranteed maximum price is based, and

(v) Include a schedule of unit prices; or

(2) A lump sum contract in which the contractor agrees to accept a set dollar amount for a contract which comprises a single bid without providing a cost breakdown for all costs such as for equipment, labor, materials, as well as such contractor's profit for completing all items of work comprising the public work.

§ 5. Any contract entered into pursuant to this act shall include a clause requiring that any professional services regulated by articles 145, 147 and 148 of the education law shall be performed and stamped and sealed, where appropriate, by a professional licensed in accordance with the appropriate articles.

§ 6. Construction or reconstruction with respect to each contract entered into by an authorized entity pursuant to this act shall be deemed a "public work" to be performed in accordance with the provisions of article 8 of the labor law, as well as subject to sections 200, 240, 241 and 242 of such law and enforcement of prevailing wage requirements pursuant to applicable law or, for projects or public works receiving federal aid, applicable federal requirements for prevailing wage. Any contract entered into pursuant to this act shall include a clause requiring the selected design builder to obligate every tier of contractor working on the public work to comply with the project labor agreement referenced in section three of this act, and shall include project
labor agreement compliance monitoring and enforcement provisions consistent with the applicable project labor agreement.

§ 7. Each contract entered into by an authorized entity pursuant to this act shall comply with the objectives and goals with regard to minority- and women-owned business enterprises pursuant to, as applicable, section 6-129 of the administrative code of the city of New York, or, for projects or public works receiving federal aid, applicable federal requirements for disadvantaged business enterprises or minority- and women-owned business enterprises.

§ 8. Public works undertaken by an authorized entity pursuant to this act shall be subject to the requirements of article 8 of the environmental conservation law, and, where applicable, the requirements of the national environmental policy act.

§ 9. (a) Notwithstanding any provision of law to the contrary, all rights or benefits, including terms and conditions of employment, and protection of civil service and collective bargaining status of all employees of authorized entities solely in connection with the public works identified in subdivision (f) of section two of this act, shall be preserved and protected.

(b) Nothing in this act shall result in the: (1) displacement of any currently employed worker or loss of position (including partial displacement such as a reduction in the hours of non-overtime work, wages or employment benefits), or result in the impairment of existing collective bargaining agreements; and (2) transfer of existing duties and functions related to maintenance and operations currently performed by existing employees of authorized entities to a contractor.

(c) Employees of authorized entities using design-build contracts serving in positions in newly created titles shall be assigned to the appropriate bargaining unit. Nothing contained in this act shall be construed to affect (1) the existing rights of employees of such entities pursuant to an existing collective bargaining agreement, (2) the existing representational relationships among employee organizations representing employees of such entities, or (3) the bargaining relationships between such entities and such employee organizations.

§ 10. The submission of a proposal or responses or the execution of a design-build contract pursuant to this act shall not be construed to be a violation of section 6512 of the education law.

§ 11. Nothing contained in this act shall limit the right or obligation of any authorized entity to comply with the provisions of any existing contract or to award contracts as otherwise provided by law.

§ 12. Any construction or reconstruction performed pursuant to this act shall be subject to any applicable uniform land use review procedures and local zoning requirements.

§ 13. Before the demolition of any correctional facility located on the Rikers Island Jail Complex, a substitute correctional facility must be identified and if such facility is defined as a public works project pursuant to this act, such public works project must be fully constructed before such demolition may occur.

§ 14. This act shall take effect immediately and shall expire and be deemed repealed two years after such date, provided that, public works with requests for qualifications issued prior to such repeal shall be permitted to continue under this act notwithstanding such repeal.
Section 1. This act shall be known and may be cited as the "New York city housing authority modernization investment act".

(a) "Authorized entity" shall mean the New York city department of design and construction, and the New York city housing authority.

   (1) The quality of the proposer's performance on previous projects;

   (13) The proposer's record of complying with existing labor standards, maintaining harmonious labor relations, and protecting the health and safety of workers and payment of wages above any locally-defined living wage; and
   (14) A quantitative factor to be used in evaluation of bids or offers for awarding of contracts for bidders or offerers that are certified as minority- or women-owned business enterprises pursuant to article 15-A of the executive law, and certified pursuant to local law as minority- or women-owned business enterprises. Where an agency identifies a quantitative factor pursuant to this paragraph, the agency must specify that businesses certified as minority- or women-owned business enterprises pursuant to article 15-A of the executive law as well as those certified as minority- or women-owned business enterprises or pursuant to section 1304 of the New York City charter are eligible to qualify for such factor. Nothing in this paragraph shall be construed as a requirement that such businesses be concurrently certified as minority- or women-owned business enterprises under both article 15-A of the executive law and section 1304 of the New York City charter to qualify for such quantitative factors. Such basis shall reflect, wherever possible, objective and quantifiable analysis.
   (c) "Cost plus" shall mean compensating a contractor for the cost to complete a contract by reimbursing actual costs for labor, equipment and materials plus an additional amount for overhead and profit.
(d) "Design-build contract" shall mean a contract for the design and construction of a public work with a single entity, which may be a team comprised of separate entities.

(e) "Project labor agreement" shall have the meaning set forth in subdivision 1 of section 222 of the labor law. A project labor agreement shall require participation in apprentice training programs in accordance with paragraph (e) of subdivision 2 of such section.

(f) "Public work" shall mean a public work in the city of New York related to the following, and shall refer to this public work; the construction or reconstruction of residential properties owned by the New York City housing authority where such construction or reconstruction is required to remediate certain conditions of habitability, including but not limited to, roof repair, lead or mold abatement and remediation, plumbing installation or repair, boiler installation or repair, or any structural repair where such construction or reconstruction is deemed necessary in accordance with the terms of a state declaration of a disaster emergency pursuant to section 402-d of the public housing law.

§ 3. Any contract for a public work undertaken pursuant to a project labor agreement in accordance with section 222 of the labor law may be a design-build contract in accordance with this act.

§ 4. Notwithstanding any general, special or local law, rule or regulation to the contrary, including but not limited to article 5-A of the general municipal law, section 151 of the public housing law, and in conformity with the requirements of this act, for any public work that is undertaken pursuant to a project labor agreement in accordance with section 222 of the labor law, an authorized entity charged with awarding a contract for public work may use the alternative delivery method referred to as design-build contracts.

(a) A contractor selected by such authorized entity to enter into a design-build contract shall be selected through a two-step method, as follows:

(1) Step one. Generation of a list of responding entities that have demonstrated the general capability to perform the design-build contract. Such list shall consist of a specified number of responding entities, as determined by an authorized entity, and shall be generated based upon the authorized entity's review of responses to a publicly advertised request for qualifications. The authorized entity's request for qualifications shall include a general description of the public work, the maximum number of responding entities to be included on the list, the selection criteria to be used and the relative weight of each criterion in generating the list. Such selection criteria shall include the qualifications and experience of the design and construction team, organization, demonstrated responsibility, ability of the team or of a member or members of the team to comply with applicable requirements, including the provisions of articles 145, 147, and 148 of the education law, past record of compliance with the labor law, and such other qualifications the authorized entity deems appropriate, which may include but are not limited to project understanding, financial capability and record of past performance. The authorized entity shall evaluate and rate all responding entities to the request for qualifications. Based upon such ratings, the authorized entity shall list the responding entities that shall receive a request for proposals in accordance with paragraph two of this subdivision. To the extent consistent with applicable federal law, the authorized entity shall consider, when awarding any contract pursuant to this section, the participation of: (i) responding
entities that are certified as minority- or women-owned business enterprises pursuant to article 15-A of the executive law, or certified pursuant to local law as minority- or women-owned business enterprises; and (ii) small business concerns identified pursuant to subdivision (b) of section 139-g of the state finance law.

The authorized entity shall issue a request for proposals to the responding entities listed pursuant to paragraph one of this subdivision. If such a responding entity consists of a team of separate entities, the entities that comprise such a team must remain unchanged from the responding entity as listed pursuant to paragraph one of this subdivision unless otherwise approved by the authorized entity. The request for proposals shall set forth the public work's scope of work, and other requirements, as determined by the authorized entity, which may include separate goals for work under the contract to be performed by businesses certified as minority- or women-owned business enterprises pursuant to article 15-A of the executive law, or certified pursuant to local law as minority- or women-owned business enterprises. The request for proposals shall also specify the criteria to be used to evaluate the responses and the relative weight of each of such criteria. Such criteria shall include the proposal's cost, the quality of the proposal's solution, the qualifications and experience of the proposer, and other factors deemed pertinent by the authorized entity, which may include, but shall not be limited to, the proposal's manner and schedule of project implementation, the proposer's ability to complete the work in a timely and satisfactory manner, maintenance costs of the completed public work, maintenance of traffic approach, and community impact. Any contract awarded pursuant to this act shall be awarded to a responsive and responsible proposer, which, in consideration of these and other specified criteria deemed pertinent, offers the best value, as determined by the authorized entity. The request for proposals shall include a statement that proposers shall designate in writing those portions of the proposal that contain trade secrets or other proprietary information that are to remain confidential; that the material designated as confidential shall be readily separable from the proposal. Nothing in this subdivision shall be construed to prohibit the authorized entity from negotiating final contract terms and conditions including cost. All proposals submitted shall be scored according to the criteria listed in the request for proposals and such final scores shall be published on the authorized entity's website.

(b) An authorized entity awarding a design-build contract to a contractor offering the best value may but shall not be required to use the following types of contracts:

(1) A cost-plus not to exceed guaranteed maximum price form of contract in which the authorized entity shall be entitled to monitor and audit all costs. In establishing the schedule and process for determining a guaranteed maximum price, the contract between the authorized entity and the contractor shall:

(i) Describe the scope of the work and the cost of performing such work,

(ii) Include a detailed line item cost breakdown,

(iii) Include a list of all drawings, specifications and other information on which the guaranteed maximum price is based,

(iv) Include the dates of substantial and final completion on which the guaranteed maximum price is based, and

§ 7. Each contract entered into by an authorized entity pursuant to this act shall comply with the objectives and goals with regard to minority- and women-owned business enterprises pursuant to, as applicable, section 6-129 of the administrative code of the city of New York, or, for projects or public works receiving federal aid, applicable federal requirements for disadvantaged business enterprises or minority- and women-owned business enterprises.

(c) Employees of authorized entities using design-build contracts serving in positions in newly created titles shall be assigned to the appropriate bargaining unit. Nothing contained in this act shall be construed to affect: (1) the existing rights of employees of such entities pursuant to an existing collective bargaining agreement, (2) the existing representational relationships among employee organizations representing employees of such entities, or (3) the bargaining relationships between such entities and such employee organizations.
§ 10. The submission of a proposal or responses or the execution of a
design-build contract pursuant to this act shall not be construed to be
a violation of section 6512 of the education law.

deemed repealed 2 years after such date, provided that, public works
with requests for qualifications issued prior to such repeal shall be
permitted to continue under this act notwithstanding such repeal.

PART MMM

Section 1. This act shall be known and may be cited as the "New York
Pennsylvania Station Public Safety Improvements Act".

§ 2. It is hereby found and declared, that the rail and transportation
facility known as New York Pennsylvania Station ("Penn Station") is
antiquated, substandard, and inadequate to meet current transportation
and public safety needs and presents an unreasonable safety risk to the
public; Penn Station serves as a major transportation hub for the Metro-
politan Transportation Authority ("MTA"), New York City Transit, Amtrak,
the Long Island Railroad, and the New Jersey Transit. It serves hundreds
of millions of passengers on an annual basis. Well over 600,000 passen-
gers travel through Penn Station on a daily basis. This is more people
than travel through LaGuardia, John F. Kennedy International, and Newark
Liberty International airports combined. Penn Station is in need of
modernization to meet public safety needs. Penn Station is currently
overcrowded, hard to navigate, at times often chaotic and has a limited
capacity for security and proper policing. Penn Station is in desperate
need of more access and egress to allow better entrance and exit capaci-
ty and expedited evacuation procedures. In this time of heightened
terrorist threats Penn Station needs more controlled points for security
monitoring and equipment. Passenger flow and security access must allow
manageability in emergency situations. The current situation poses a
clear public safety hazard. With the new adjoining Farley Building
Moynihan Train Hall soon to be completed, the proposed Gateway Tunnel,
and improved Long Island Railroad access the number of commuters enter-
ing Penn Station is expected to increase dramatically.

§ 3. It is further found and declared that such conditions and circum-
stances require action to repair or redevelop such facilities into safe,
modern, efficient facilities to assure the safety and comfort of travel-
ers. Work is currently underway within Penn Station to improve passage-
ways, concourses, lighting and amenities. Connections with the new
Moynihan Train Hall at Farley are also underway, as well as planning for
remaining necessary improvements to access and egress and to the
surrounding areas to position such areas to accommodate and attract
passengers and evolving technological and business and commercial needs
and practices.

§ 4. This is a pressing public safety and transportation issue and is
a major objective for the State to resolve and should be made a top
priority. MTA and the New York state urban development corporation
("UDC") should coordinate and consult with community leaders, business
groups and federal and city government to design a solution.

§ 5. The State will provide funds to UDC to begin with the planning of
any such redevelopment.

§ 6. This act shall take effect immediately.
Section 1. Paragraph 34 of subdivision (b) of section 1101 of the tax
law, as amended by section 17 of part AAA of chapter 59 of the laws of
2017, is amended to read as follows:
3 (34) Transportation service. The service of transporting, carrying or
4 conveying a person or persons by livery service; whether to a single
destination or to multiple destinations; and whether the compensation
5 paid by or on behalf of the passenger is based on mileage, trip, time
6 consumed or any other basis. A service that begins and ends in this
7 state is deemed intra-state even if it passes outside this state during
8 a portion of the trip. However, transportation service does not include
9 transportation of persons in connection with funerals. Transportation
10 service includes transporting, carrying, or conveying property of the
11 person being transported, whether owned by or in the care of such
12 person. Notwithstanding the foregoing, transportation service shall not
13 include a TNC prearranged trip, as that term is defined in article
14 forty-four-B of the vehicle and traffic law, that is subject to tax
15 under article twenty-nine-B of this chapter. In addition to what is
16 included in the definition of "receipt" in paragraph three of this
17 subdivision, receipts from the sale of transportation service subject to
18 tax include any handling, carrying, baggage, booking service, adminis-
19 trative, mark-up, additional, or other charge, of any nature, made in
20 conjunction with the transportation service. Livery service means
21 service provided by limousine, black car or other motor vehicle, with a
22 driver, but excluding (i) a taxicab, (ii) a bus, and (iii), in a city of
24 one million or more in this state, an affiliated livery vehicle, and
25 excluding any scheduled public service. Limousine means [●] any vehicle
26 with a seating capacity of up to fourteen persons, excluding the driver,
27 and any vehicle with a seating capacity of between fifteen and twenty
28 persons, excluding the driver, that has only two axles and four tires.
29 "Bus" means any motor vehicle with a seating capacity of at least
30 fifteen persons, excluding the driver, that does not otherwise qualify
31 as a limousine. Black car means a for-hire vehicle dispatched from a
32 central facility. "Affiliated livery vehicle" means a for-hire motor
33 vehicle with a seating capacity of up to six persons, including the
34 driver, other than a black car or luxury limousine, that is authorized
35 and licensed by the taxi and limousine commission of a city of one
36 million or more to be dispatched by a base station located in such a
37 city and regulated by such taxi and limousine commission; and the charg-
38 es for service provided by an affiliated livery vehicle are on the basis
39 of flat rate, time, mileage, or zones and not on a garage to garage
40 basis.

Provided however, if the for-hire transportation trip is provided by a for-hire vehicle that is also subject to article twenty-nine-A of this chapter, excluding a HAIL vehicle as defined by such article, the rate of surcharge under this subsection shall be two dollars and fifty cents for each trip.

(b) In addition to any other tax or assessment imposed by this chapter or other law, beginning on January first, two thousand nineteen, there is hereby imposed on transportation provided by pool vehicles a surcharge of seventy-five cents for each person that both enters and
exits the pool vehicle in the state, and who is picked up in, dropped off in, or travels through the congestion zone.

(c) Notwithstanding the foregoing, the surcharge imposed by this article shall not apply to transportation services that are administered by or on behalf of the metropolitan transportation authority, including paratransit services.

(d) Receipts subject to tax under paragraph ten of subdivision (c) of section eleven hundred fifty of this chapter, as well as the gross trip fare of every TNC prearranged trip as those terms are defined by section twelve hundred ninety-one of this chapter, shall be deemed to exclude any surcharge imposed by this article.

§ 1299-B. Liability for surcharge. (a) Notwithstanding any provision of law to the contrary, any person that dispatches a motor vehicle by any means that provides transportation that is subject to a surcharge imposed by this article, including transportation network companies as defined in article forty-four-B of the vehicle and traffic law, shall be liable for the surcharge imposed by this article, except that in the case of taxicab trips and HAIL vehicle trips that are also subject to tax pursuant to article twenty-nine-A of this chapter, only the taxicab owner or HAIL base liable for that tax shall be the person liable for the surcharge imposed by this article. For purposes of this section, the terms "taxicab trips," "HAIL vehicle trips," "taxicab owner," and "HAIL base" shall have the same meaning as they do in section twelve hundred eighty of this chapter.

(b) Notwithstanding any law to the contrary: (1) The surcharge imposed by this article must be passed along to passengers and separately stated on any receipt that is provided to such passengers. The passing along of such surcharge shall not be construed by any court or administrative body as the imposition of the surcharge on the person or entity that pays for the for-hire transportation trip. All regulatory agencies must adjust any fares that are authorized by them to include the surcharge imposed by this article, and must require that any meter or other instrument used in any for-hire vehicle regulated by it to calculate fares be adjusted to include the surcharge.

(2) Neither the failure of a regulatory agency to adjust fares nor the failure to adjust a meter or other instrument used in a for-hire vehicle to calculate fares shall relieve any person liable for the surcharge imposed by this article from the obligation to pay such surcharge.

§ 1299-C. Registration. (a) Every person liable for the surcharge imposed by this article shall file with the commissioner a properly completed application for a certificate of registration, in a form prescribed by the commissioner. Such application shall be accompanied by a fee of one dollar and fifty cents, and shall set forth the name and address of the registrant, and any other information that the commissioner may require. Notwithstanding the forgoing, any person liable for a surcharge imposed by this article that will incur such liability no more than one time in any single calendar month shall not be subject to the provisions of this paragraph.

(b) Except as otherwise provided in this section, the commissioner shall issue a certificate of registration to each person that applies for one for a specified term of not less than three years. Any certificate of registration referred to in this paragraph shall be subject to renewal in accordance with rules promulgated by the commissioner, and upon the payment of a fee of one dollar and fifty cents. Whether or not such certificate of registration is issued for a specified term, it shall be subject to suspension or revocation as provided for in this
section. Each certificate shall state the registrant, the registrant's
taxpayer ID number, and vehicle (or vehicles) it is applicable to.
Certificates of registration issued pursuant to this article shall be
non-assignable and non-transferable, and shall be surrendered to the
commissioner immediately upon the registrant's ceasing to do business at
the address provided in its application, unless the registrant amends
its certificate of registration in accordance with rules promulgated by
the commissioner. All registrants must notify the commissioner of chang-
es to any of the information stated on their certificate of registra-
tion, including vehicle changes, if any, on a calendar quarterly basis,
and shall amend their certificates of registration accordingly.

(c) (1) The commissioner may refuse to issue a certificate of regis-
tration to a person, or may suspend or revoke a certificate of registra-
tion that was issued to a person, pursuant to this section upon finding
that: (i) such person failed to pay any monies that are finally deter-
mined to be due for any tax or imposition that is administered by the
commissioner; (ii) such person failed to file any report or return that
is due from it under this chapter; (iii) such person willfully filed a
false report, return or other document due under this chapter; (iv) such
person willfully violated any provision of this article, or any rule or
regulation of the commissioner promulgated under this article; or (v) a
certificate of registration issued pursuant to this section to such
person, or to any business or entity under control of such person, or
that is subject to substantially the same ownership, direction or
control of such person, has been revoked or suspended within one year
from the date on which a certificate of registration is filed.

(2) A notice of proposed revocation, suspension or refusal to issue
shall be given to the person that applies for a certificate of registra-
tion pursuant to this section in the manner prescribed for a notice of
deficiency in subsection (a) of section one thousand eighty-one of this
chapter, and except as otherwise provided herein, all the provisions of
article twenty-seven of this chapter applicable to a notice of deficien-
cy shall apply to a notice issued pursuant to this paragraph, insofar as
such provisions can be made applicable to such notice, and with such
modifications as may be necessary in order to adapt the language of such
provisions to the notice authorized by this paragraph. All notices of
proposed revocation, suspension or refusal to issue shall contain a
statement advising the person to whom it is issued that the suspension,
revocation or refusal to issue may be challenged through a hearing proc-
ess and that the petition for such challenge must be filed with the
division of tax appeals within ninety days after the giving of such
notice.

(3) In the case of a proposed revocation or suspension, notice of such
must be given to a person within three years from the date of the act or
omission described in paragraph one of this subdivision, except that in
the case of acts involving falsity or fraud, such notice may be issued
at any time.

(4) In any of the foregoing instances where the commissioner may
suspend or revoke or refuse to issue a certificate of registration, the
commissioner may condition the retention or issuance of a certificate of
registration upon the filing of a bond or the deposit of tax in the
manner provided in paragraph two or three of subdivision (e) of section
eleven hundred thirty-seven of this chapter.

(d) If the commissioner considers it necessary for the proper adminis-
tration of the surcharge imposed by this article, he or she may require
every person who holds a certificate of registration issued pursuant to
this section to apply for a new certificate of registration in such form and at such time as the commissioner may prescribe, and to surrender each previously issued certificate of registration. The commissioner may require such filing and such surrender not more often than once every three years. Upon the filing of an application for a new certificate of registration and the surrender of all previous such certificates, the commissioner shall issue, within such time as the commissioner may prescribe, a new certificate of registration, without charge, to each registrant.

§ 1299-D. Returns and payment of surcharge. (a) Every person liable for the surcharge imposed by this article shall file a return with the commissioner on a monthly basis. Each return shall show the number of for-hire transportation trips, or the number of pool vehicle passengers, subject to the surcharge imposed by this article in the month for which the return is filed, along with such other information as the commissioner may require. The returns required by this section shall be filed within twenty days after the end of the month covered thereby. If the commissioner deems it necessary to ensure the payment of the surcharge imposed by this article, he or she may require returns to be made for shorter periods than prescribed by the foregoing provisions of this section, and upon such dates as may be specified. The form of returns shall be prescribed by the commissioner and shall contain such information as the commissioner may deem necessary for the proper administration of this article. The commissioner may require that returns be filed electronically.

(b) Every person liable for the surcharge imposed by this article shall, at the time of filing such return, pay to the commissioner the total amount of all surcharges due under this article. Such amount shall be due and payable on the date specified for the filing of the return for such period, without regard to whether a return is filed, or whether the return that is filed correctly shows the correct number of for-hire trips are subject the surcharge, or the correct surcharge amount due thereon. The commissioner may require that the surcharge be paid electronically.

(c) In addition to any other penalty or interest provided for under this article or other law, and unless it is shown that such failure is due to reasonable cause and not due to willful neglect, any person liable for the surcharge imposed by this article that fails to pay such surcharge when due shall be liable for a penalty in an amount equal to two hundred percent of the total surcharge amount that is due.

§ 1299-E. Records to be kept. Every person liable for the surcharge imposed by this article shall keep, and shall make available for review upon demand by the commissioner:

(1) records of every trip provided or arranged by such person, or provided through the use of a for-hire vehicle owned or leased by such person, including all amounts paid, charged or due thereon, in such form as the commissioner may require;

(2) true and complete copies of any records required to be kept by any applicable regulatory department or agency; and

(3) such other records and information as the commissioner may require to perform his or her duties under this article.

§ 1299-F. Secrecy of returns and reports. (a) Except in accordance with proper judicial order or as otherwise provided by law, it shall be unlawful for the commissioner, any officer or employee of the department, any person engaged or retained by the department on an independent contract basis, or any person who in any manner may acquire knowledge of
the contents of a return or report filed with the commissioner pursuant to this article, to divulge or make known in any manner any particulars set forth or disclosed in any such return or report. The officers charged with the custody of such returns and reports shall not be required to produce any of them or evidence of anything contained in them in any action or proceeding in any court, except on behalf of the commissioner in an action or proceeding under the provisions of this chapter, or in any other action or proceeding involving the collection of a tax due under this chapter to which the state, the commissioner or an agency that is authorized to permit or regulate the provision of any relevant transportation is a party or a claimant, or on behalf of any party to any action, proceeding or hearing under the provisions of this article, when the returns or the reports or the facts shown thereby are directly involved in such action, proceeding or hearing, in any of which events the court, or in the case of a hearing, the division of tax appeals, may require the production of, and may admit in evidence so much of said returns or reports or of the facts shown thereby as are pertinent to the action or proceeding and no more. Nothing herein shall be construed, however, to prohibit the commissioner, in his or her discretion, from allowing the inspection or delivery of a certified copy of any return or report filed under this article, or from providing any information contained in any such return or report, by or to a duly authorized officer or employee of the comptroller; nor to prohibit the inspection or delivery of a certified copy of any return or report filed under this article, or the provision of any information contained therein, by or to the attorney general or other legal representatives of the state when an action shall have been recommended or commenced pursuant to this chapter in which such returns or reports or the facts shown thereby are directly involved; nor to prohibit the delivery to a person liable for the surcharge imposed by this article, or a duly authorized representative of such, a certified copy of any return or report filed by such person pursuant to this article, or to prohibit the publication of statistics so classified as to prevent the identification of particular returns or reports and the items thereof; nor to prohibit the disclosure, in such manner as the commissioner deems appropriate, of the names and other appropriate identifying information of those persons required to pay the surcharge imposed by this article.

(b) Notwithstanding the provisions of subdivision (a) of this section, the commissioner may permit the secretary of the treasury of the United States or such secretary's delegate, or the authorized representative of either such officer, to inspect any return filed under this article, or may furnish to such officer or such officer's authorized representative an abstract of any such return or supply such person with information concerning an item contained in any such return, or disclosed by any investigation of liability under this article, but such permission shall be granted or such information furnished only if the laws of the United States grant substantially similar privileges to the commissioner or officer of this state charged with the administration of the surcharge imposed by this article, and only if such information is to be used for purposes of tax administration only; and provided further the commissioner may furnish to the commissioner of internal revenue or such commissioner's authorized representative such returns filed under this
article and other tax information, as such commissioner may consider
proper, for use in court actions or proceedings under the internal
revenue code, whether civil or criminal, where a written request there-
for has been made to the commissioner by the secretary of the treasury
of the United States or such secretary's delegate, provided the laws of
the United States grant substantially similar powers to the secretary of
the treasury of the United States or his or her delegate. Where the
commissioner has so authorized use of returns and other information in
such actions or proceedings, officers and employees of the department
may testify in such actions or proceedings in respect to such returns or
other information.

(c) (1) Any officer or employee of the state who willfully violates
the provisions of subdivision (a) of this section shall be dismissed
from office and be incapable of holding any public office for a period
of five years thereafter.

(2) Cross-reference: For criminal penalties, see article thirty-seven
of this chapter.

§ 1299-G. Practice and procedure. The provisions of article twenty-
seven of this chapter shall apply with respect to the administration of
and procedure with respect to the surcharge imposed by this article in
the same manner and with the same force and effect as if the language of
such article twenty-seven had been incorporated in full into this arti-
cle and had expressly referred to the surcharge imposed by this article,
except to the extent that any such provision is either inconsistent with
a provision of this article or is not relevant to this article.

§ 1299-H. Deposit and disposition of revenue. (a) Any surcharge,
interest, and penalties collected or received by the commissioner shall
be deposited daily with such responsible banks, banking houses or trust
companies, as may be designated by the comptroller, to the credit of the
comptroller in trust for the metropolitan transportation authority. An
account may be established in one or more of such depositories. Such
deposits will be kept separate and apart from all other money in the
possession of the comptroller. The comptroller shall require adequate
security from all such depositories. Of the total revenue collected or
received under this article, the comptroller shall retain such amount as
the commissioner may determine to be necessary for refunds under this
article. The commissioner is authorized and directed to deduct from the
amounts it receives under this article, before deposit into the trust
accounts designated by the comptroller, a reasonable amount necessary to
effectuate refunds of appropriations of the department to reimburse the
department for the costs incurred to administer, collect and distribute
the surcharge, interest, and penalties imposed by this article.

(b) On or before the twelfth day of each month, after reserving such
amount for such refunds and deducting such amounts for such costs, as
provided for in subdivision (a) of this section, the commissioner shall
certify to the comptroller the amount of revenues so received during the
prior month as a result of the surcharge, interest and penalties so
imposed. Notwithstanding any provision of law to the contrary, after
deducting the amounts specified in the previous sentence, the first
three hundred sixty-two million dollars collected or received in calen-
dar year two thousand nineteen, the first three hundred one million
dollars collected or received in calendar year two thousand twenty, and
the first three hundred million dollars collected or received in each
calendar year thereafter, shall be deposited by the comptroller, without
appropriation, pursuant to subdivision (c) of this section. The next
fifty million dollars collected or received in calendar year two thou-
and in each year thereafter, in excess of funds collected and deposited pursuant to subdivision (c) of this section, shall be deposited by the comptroller, without appropriation, pursuant to subdivision (d) of this section, provided, however, that any uncommitted fund balance at the end of each calendar year through the approval process of subdivision three of section twelve hundred seventy-i of the public authorities law shall be transferred on the last business day of the calendar year by the metropolitan transportation authority from the outer borough transportation account to the general transportation account of the New York city transportation assistance fund created by section twelve hundred seventy-i of the public authorities law. Any amounts collected or received, in any year, that are in excess of the amounts deposited pursuant to subdivisions (c) and (d) of this section, shall be deposited by the comptroller, without appropriation, pursuant to subdivision (e) of this section.

(c) The amount of revenues so certified shall be paid over by the fifteenth business day of each succeeding month from such account, without appropriation, into the subway action plan account of the New York city transportation assistance fund established pursuant to section twelve hundred seventy-i of the public authorities law.

(d) The amount of revenues so certified that are in excess of the amounts deposited as provided in subdivision (c) of this section, shall be paid over by the fifteenth business day of each succeeding month from such account, without appropriation, into the outer borough transportation account of the New York city transportation assistance fund established pursuant to section twelve hundred seventy-i of the public authorities law.

(e) The amount of revenues so certified that are in excess of the amounts deposited as provided in subdivisions (c) and (d) of this section, shall be paid over by the fifteenth business day of each succeeding month from such account, without appropriation, into the general transportation account of the New York city transportation assistance fund established pursuant to section twelve hundred seventy-i of the public authorities law.

(f) Notwithstanding any provision of law to the contrary, any surcharge imposed by this article that is paid in connection with transportation provided to persons eligible for medical assistance who are transported pursuant to section three hundred sixty-five-h of the social services law shall be transferred on a quarterly basis from the account specified in paragraph (a) of this section to the Medicaid management information system escrow fund. The commissioner of health shall collect the Medicaid transportation data necessary to determine an amount to be transferred each quarter; provided that such amount shall be reconciled in the subsequent quarter to reflect actual Medicaid surcharge expenditures; and further provided that any difference between the amount transferred and the reconciled amount shall be added to or subtracted from the amount transferred in the following quarter.

§ 1299-I. Cooperation by regulatory agencies. All regulatory agencies shall cooperate with and assist the commissioner to effectuate the purposes of this article and the commissioner's responsibilities hereunder. Such cooperation shall include obtaining, furnishing, and timely updating current, complete and accurate names, addresses and all other information concerning: (1) every for-hire vehicle owner, operator, and driver of for-hire vehicles licensed or permitted by such licensing agency; (2) every agent of such person, if any; and (3) any other person or entity that is licensed or permitted by such licensing agency. Such
cooperation shall also include furnishing to the commissioner all written, computerized, automated or electronic records in the regulatory agency's possession, or in the possession of any of its agents, instrumentalities, contractors, or any other person authorized or required to obtain or possess such records or information, that account for any transportation and operation for hire provided by a licensed or permitted person or entity. Such information shall be provided to the commissioner without cost, and in a format prescribed by the commissioner.

§ 3. Section 1825 of the tax law, as amended by section 20 of part AAA of chapter 59 of the laws of 2017, is amended to read as follows:

§ 1825. Violation of secrecy provisions of the tax law.--Any person who violates the provisions of subdivision (b) of section twenty-one, subdivision one of section two hundred two, subdivision eight of section two hundred eleven, subdivision (a) of section three hundred fourteen, subdivision one or two of section four hundred thirty-seven, subdivision (e) of section 11-1797 of the administrative code of the city of New York shall be guilty of a misdemeanor.

§ 4. The public authorities law is amended by adding a new section 1270-i to read as follows:

§ 1270-i. New York city transportation assistance fund. 1. The authority shall create and establish a fund to be known as the "New York city transportation assistance fund" which shall be kept separate from and shall not be commingled with any other moneys of the authority. The New York city transportation assistance fund shall consist of three separate accounts: (i) the "subway action plan account"; (ii) the "outer borough transportation account"; and (iii) the "general transportation account". The authority shall make deposits in the subway action plan account of the moneys received by it pursuant to the provisions of subdivision (c) of section twelve hundred ninety-nine-H of the tax law in accordance with the provisions thereof, shall make deposits in the outer borough transportation account of the moneys received by it pursuant to the provisions of subdivision (d) of section twelve hundred ninety-nine-H of the tax law in accordance with the provisions thereof, and shall make deposits in the general transportation account of the moneys received by it pursuant to the provisions of subdivision (e) of section twelve hundred ninety-nine-H of the tax law in accordance with the provisions thereof, and pursuant to the provisions of section eleven hundred eleven-C of vehicle and traffic law.

2. Moneys in the subway action plan account shall be used for the exclusive purpose of funding the operating and capital costs of the metropolitan transportation authority's New York city subway action plan. Such funds may be used for infrastructure including construction, reconstruction, reconditioning and preservation of transportation systems, facilities and equipment, acquisition of property, and for operating costs including personal services, non-personal services, fringe benefits, and contractual services. Funds may also be used to pay or to reimburse the authority for its payment of debt service and reserve requirements on that portion of authority bonds and notes issued
by the authority for capital costs of the metropolitan transportation authority's New York city subway action plan.

3. Moneys in the outer borough transportation account shall be used for the exclusive purpose of funding the operating and capital costs of metropolitan transportation authority facilities, equipment and services in the counties of Bronx, Kings, Queens and Richmond, and any projects improving transportation connections from such counties to New York County. Such funds may be used for infrastructure including construction, reconstruction, reconditioning and preservation of transportation systems, facilities and equipment, acquisition of property, and for operating costs including personal services, non-personal services, fringe benefits, and contractual services. Funds may also be used to fund a toll reduction program for any crossings under the jurisdiction of the metropolitan transportation authority or its subsidiaries or affiliates. Funds may also be used to pay or to reimburse the authority for its payment of debt service and reserve requirements on that portion of authority bonds and notes that have been issued by the authority specifically for the authorized purpose of this account. Notwithstanding any law to the contrary, final approval of the use of any funds paid into the outer borough transportation account shall be unanimously approved by three members of the Metropolitan Transportation Authority Capital Program Review Board, established pursuant to section twelve hundred sixty-nine-a of this title so designated pursuant to this subdivision. For purposes of such final approvals the three voting members are: the member appointed upon recommendation by the temporary president of the senate; the member appointed upon recommendation of speaker of the assembly; and the member appointed by the governor.

4. Moneys in the general transportation account shall be used for funding the operating and capital costs of the metropolitan transportation authority. Such funds may be used for infrastructure including construction, reconstruction, reconditioning and preservation of transportation systems, facilities and equipment, acquisition of property, and for operating costs including personal services, non-personal services, fringe benefits, and contractual services. Funds may also be used to pay or to reimburse the authority for its payment of debt service and reserve requirements on that portion of authority bonds and notes that have been issued by the authority specifically for the purposes of this account.

5. Any revenues deposited in the subway action plan account, the outer borough transportation account, or the general transportation account pursuant to subdivision one of this section shall be used exclusively for the purposes described, respectively, in subdivisions two, three, and four of this section. Such revenues shall only supplement and shall not supplant any federal, state, or local funds expended by the metropolitan transportation authority, such authority’s affiliates or subsidiaries for such respective purposes.

6. Any revenues deposited into the New York city transportation assistance fund pursuant to subdivision one of this section shall not be diverted into the general fund of the state, any other fund established by the chapter of the laws of two thousand eighteen which added this subdivision, any other fund maintained for the support of any other governmental purpose, or for any other purpose not authorized by subdivisions two, three and four of this section.

7. The authority shall report on the receipt and uses of all funds received by the New York city transportation assistance fund, and in each of its accounts, to the director of the budget, the temporary pres-
ident of the senate, and the speaker of the assembly, on an annual basis
no later than the first day of February.
§ 5. The public authorities law is amended by adding a new section
1279-d to read as follows:
§ 1279-d. Supplemental revenue reporting program. 1. On or before
January first, two thousand nineteen, the authority shall develop a
supplemental revenue reporting program. Such program shall provide a
detailed accounting of the amount spent from supplemental revenues on
actions, measures or projects undertaken to reduce major incidents that
have been found to cause delays to the New York city subway system,
including but not limited to: track incidents; signal failure; persons
on the track; police and medical activity; structural and electrical
problems; and broken traincar equipment. The information described in
this subdivision, including the spending details and the associated
category of major incident, shall be updated quarterly and be prominent-
ly posted together on the authority's website.
2. Definitions. For purposes of this section, "supplemental revenues"
shall include any funds appropriated by the state or the city of New
York to support the NYC subway action plan approved by the board of the
authority and any revenues received pursuant to section twelve hundred
ninety-nine-H of the tax law.
§ 6. Section 1111-c of the vehicle and traffic law, as added by
section 9 of part II of chapter 59 of the laws of 2010, paragraphs 1 and
4 of subdivision (a), subdivision (b), paragraphs 3, 4, 5 and 6 of
subdivision (c) and subdivision (e) as amended by chapter 239 of the
laws of 2015, is amended to read as follows:
§ 1111-c. Owner liability for failure of operator to comply with bus
lane restrictions. (a) 1. Notwithstanding any other provision of law,
the city of New York is hereby authorized and empowered to establish a
bus rapid transit program imposing monetary liability on the owner of a
vehicle for failure of an operator thereof to comply with bus lane
restrictions in such city in accordance with the provisions of this
section. The New York city department of transportation or applicable
mass transit agency, for purposes of the implementation of such program,
shall operate bus lane photo devices only within designated bus lanes in
such bus rapid transit program. Such bus lane photo devices may be
stationary or mobile and shall be activated at locations determined by
such department of transportation and/or on buses selected by such
department of transportation in consultation with the applicable mass
transit agency, however, the applicable mass transit agency may also
install no less than fifty mobile bus lane photo devices on buses oper-
ating on designated bus lanes in such bus rapid transit program below
96th street in the borough of Manhattan, in consultation with the New
York city department of transportation for the purposes of this section.
2. Any image or images captured by bus lane photo devices shall be
inadmissible in any disciplinary proceeding convened by the applicable
mass transit agency or any subsidiary thereof and any proceeding initi-
ated by the department involving licensure privileges of bus operators.
Any mobile bus lane photo device mounted on a bus shall be directed
outwardly from such bus to capture images of vehicles operated in
violation of bus lane restrictions, and images produced by such device
shall not be used for any other purpose in the absence of a court order
requiring such images to be produced.
3. The city of New York shall adopt and enforce measures to protect
the privacy of drivers, passengers, pedestrians and cyclists whose iden-
(i) utilization of necessary technologies to ensure, to the extent practicable, that images produced by such bus lane photo devices shall not include images that identify the driver, the passengers, or the contents of the vehicle, provided, however, that no notice of liability issued pursuant to this section shall be dismissed solely because an image allows for the identification of the driver, the passengers or other contents of a vehicle;

(ii) a prohibition on the use or dissemination of vehicles' license plate information and other information and images captured by bus lane photo devices except: (A) as required to establish liability under this section or collect payment of penalties; (B) as required by court order; or (C) as otherwise required by law;

(iii) the installation of signage at regular intervals within restricted bus lanes stating that bus lane photo devices are used to enforce restrictions on vehicular traffic in bus lanes; and

(iv) oversight procedures to ensure compliance with the aforementioned privacy protection measures.

4. Within the city of New York, such bus lane photo devices shall only be operated on designated bus lanes within the bus rapid transit program and only from [10:00] a.m. to [7:00] p.m. Warning notices of violation will be issued during the first sixty days that bus lane photo devices are operated on each route in the bus rapid transit program that is established after June fifteenth, two thousand fifteen.

(b) If the city of New York has established a bus rapid transit program pursuant to subdivision (a) of this section, the owner of a vehicle shall be liable for a penalty imposed pursuant to this section if such vehicle was used or operated with the permission of the owner, express or implied, in violation of any bus lane restrictions that apply to routes within such program, and such violation is evidenced by information obtained from a bus lane photo device; provided however that no owner of a vehicle shall be liable for a penalty imposed pursuant to this section where the operator of such vehicle has been convicted of the underlying violation of any bus lane restrictions.

(c) For purposes of this section, the following terms shall have the following meanings:

1. "owner" shall have the meaning provided in article two-B of this chapter.

2. "bus lane photo device" shall mean a device that is capable of operating independently of an enforcement officer and produces one or more images of each vehicle at the time it is in violation of bus lane restrictions.

3. "bus lane restrictions" shall mean restrictions on the use of designated traffic lanes by vehicles other than buses imposed on routes within a bus rapid transit program by local law and signs erected by the department of transportation of a city that establishes such a program pursuant to this section.

4. "Bus Rapid Transit Phase I plan" shall mean the following five bus rapid transit routes as designated by the New York city department of transportation: Fordham Road, First/Second Avenue, Nostrand Avenue, Thirty-Fourth Street, Hylan Boulevard, and an undesignated route in the borough of Queens not to exceed ten miles.

5. "bus rapid transit program" shall mean up to ten routes designated by the New York city department of transportation in consultation with the applicable mass transit agency, in addition to the Bus Rapid Transit
Phase I plan routes, that operate on designated bus lanes and that may include upgraded signage, enhanced road markings, minimum bus stop spacing, off-board fare payment, traffic signal priority for buses, and any other enhancement that increases bus speed or reliability.

6. "designated bus lane" shall mean a lane dedicated for the exclusive use of buses with the exceptions allowed under 4-12(m) and 4-08(a)(3) of title 34 of the rules of the city of New York.

(d) A certificate, sworn to or affirmed by a technician employed by the city in which the charged violation occurred, or a facsimile thereof, based upon inspection of photographs, microphotographs, videotape or other recorded images produced by a bus lane photo device, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation pursuant to this section.

(e) An owner liable for a violation of a bus lane restriction imposed on any route within a bus rapid transit program shall be liable for monetary penalties in accordance with a schedule of fines and penalties promulgated by the parking violations bureau of the city of New York; provided, however, that the monetary penalty for violating a bus lane restriction shall not exceed one hundred fifteen dollars; provided, further, that an owner shall be liable for an additional penalty not to exceed twenty-five dollars for each violation for the failure to respond to a notice of liability within the prescribed time period.

(f) An imposition of liability pursuant to this section shall not be deemed a conviction of an operator and shall not be made part of the operating record of the person upon whom such liability is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

(g) 1. A notice of liability shall be sent by first class mail to each person alleged to be liable as an owner for a violation of a bus lane restriction. Personal delivery to the owner shall not be required. A manual or automatic record of mailing prepared in the ordinary course of business shall be prima facie evidence of the facts contained therein.

2. A notice of liability shall contain the name and address of the person alleged to be liable as an owner for a violation of a bus lane restriction, the registration number of the vehicle involved in such violation, the location where such violation took place including the street address or cross streets, one or more images identifying the violation, the date and time of such violation and the identification number of the bus lane photo device which recorded the violation or other document locator number.

3. The notice of liability shall contain information advising the person charged of the manner and the time in which he or she may contest the liability alleged in the notice. Such notice of liability shall also contain a warning to advise the persons charged that failure to contest in the manner and time provided shall be deemed an admission of liability and that a default judgment may be entered thereon.

4. The notice of liability shall be prepared and mailed by the agency or agencies designated by the city of New York, or any other entity authorized by such city to prepare and mail such notification of violation.

5. Adjudication of the liability imposed upon owners by this section shall be by the New York city parking violations bureau.

(h) If an owner of a vehicle receives a notice of liability pursuant to this section for any time period during which such vehicle was
reported to the police department as having been stolen, it shall be a valid defense to an allegation of liability for a violation of a bus lane restriction that the vehicle had been reported to the police as stolen prior to the time the violation occurred and had not been recovered by such time. For purposes of asserting the defense provided by this subdivision it shall be sufficient that a certified copy of the police report on the stolen vehicle be sent by first class mail to the parking violations bureau of such city.

(i) 1. An owner who is a lessee of a vehicle to which a notice of liability was issued pursuant to subdivision (g) of this section shall not be liable for the violation of a bus lane restriction, provided that:

(ii) prior to the violation, the lessor has filed with such parking violations bureau in accordance with the provisions of section two hundred thirty-nine of this chapter; and

(iii) within thirty-seven days after receiving notice from such bureau of the date and time of a liability, together with the other information contained in the original notice of liability, the lessor submits to such bureau the correct name and address of the lessee of the vehicle identified in the notice of liability at the time of such violation, together with such other additional information contained in the rental, lease or other contract document, as may be reasonably required by such bureau pursuant to regulations that may be promulgated for such purpose.

2. Failure to comply with subparagraph (ii) of paragraph one of this subdivision shall render the lessor liable for the penalty prescribed in this section.

Where the lessor complies with the provisions of paragraph one of this subdivision, the lessee of such vehicle on the date of such violation shall be deemed to be the owner of such vehicle for purposes of this section and shall be sent a notice of liability pursuant to subdivision (g) of this section.

(j) If the owner liable for a violation of a bus lane restriction was not the operator of the vehicle at the time of the violation, the owner may maintain an action for indemnification against the operator.

(k) Nothing in this section shall be construed to limit the liability of an operator of a vehicle for any violation of bus lane restrictions.

(l) If the city of New York adopts a bus rapid transit demonstration program pursuant to subdivision (a) of this section it shall submit a report on the results of the use of bus lane photo devices to the governor, the temporary president of the senate and the speaker of the assembly by April first, two thousand twelve and every two years thereafter. 7. the quality of the adjudication process and its results;
8. the total number of cameras by type of camera;
9. the total cost to the city and the total cost to any participating
mass transit agency; and
10. a detailed report on the bus speeds, reliability, and ridership
before and after implementation of the bus rapid transit demonstration
program for each bus route, including current statistics.

(m) Any revenue from fines and penalties collected pursuant to this
section from any mobile bus lane photo devices that were authorized to
be installed pursuant to a chapter of the laws of two thousand eighteen
that added this subdivision shall be remitted by the city of New York to
the applicable mass transit agency on a quarterly basis to be deposited
in the general transportation account of the New York city transporta-

§ 3. Any contract for a public work undertaken pursuant to a project labor agreement in accordance with section 222 of the labor law may be a design-build contract in accordance with this act.

§ 4. Notwithstanding any general, special or local law, rule or regulation to the contrary, including but not limited to article 5-A of the general municipal law and in conformity with the requirements of this act, for any public work that has an estimated cost of not less than ten million dollars and is undertaken pursuant to a project labor agreement in accordance with section 222 of the labor law, an authorized entity charged with awarding a contract for public work may use the alternative delivery method referred to as design-build contracts.

(a) A contractor selected by such authorized entity to enter into a design-build contract shall be selected through a two-step method, as follows:

(1) Step one. Generation of a list of responding entities that have demonstrated the general capability to perform the design-build contract. Such list shall consist of a specified number of responding entities, as determined by an authorized entity, and shall be generated based upon the authorized entity's review of responses to a publicly advertised request for qualifications. The authorized entity's request for qualifications shall include a general description of the public work, the maximum number of responding entities to be included on the list, the selection criteria to be used and the relative weight of each criterion in generating the list. Such selection criteria shall include the qualifications and experience of the design and construction team, organization, demonstrated responsibility, ability of the team or of a member or members of the team to comply with applicable requirements, including the provisions of articles 145, 147, and 148 of the education law, past record of compliance with the labor law, and such other qualifications the authorized entity deems appropriate, which may include but are not limited to project understanding, financial capability and record of past performance. The authorized entity shall evaluate and rate all responding entities to the request for qualifications. Based upon such ratings, the authorized entity shall list the responding entities that shall receive a request for proposals in accordance with paragraph two of this subdivision. To the extent consistent with applicable federal law, the authorized entity shall consider, when awarding any contract pursuant to this section, the participation of: (i) responding entities that are certified as minority- or women-owned business enterprises pursuant to article 15-A of the executive law, or certified pursuant to local law as minority- or women-owned business enterprises; and (ii) small business concerns identified pursuant to subdivision (b) of section 139-g of the state finance law.

(2) Step two. Selection of the proposal which is the best value to the authorized entity. The authorized entity shall issue a request for proposals to the responding entities listed pursuant to paragraph one of this subdivision. If such a responding entity consists of a team of separate entities, the entities that comprise such a team must remain
unchanged from the responding entity as listed pursuant to paragraph one
of this subdivision unless otherwise approved by the authorized entity.
The request for proposals shall set forth the public work's scope of
work, and other requirements, as determined by the authorized entity,
which may include separate goals for work under the contract to be
performed by businesses certified as minority- or women-owned business
erprises pursuant to article 15-A of the executive law, or certified
pursuant to local law as minority- or women-owned business enterprises.
The request for proposals shall also specify the criteria to be used to
evaluate the responses and the relative weight of each of such criteria.
Such criteria shall include the proposal's cost, the quality of the
proposal's solution, the qualifications and experience of the proposer,
and other factors deemed pertinent by the authorized entity, which may
include, but shall not be limited to, the proposal's manner and schedule
of project implementation, the proposer's ability to complete the work
in a timely and satisfactory manner, maintenance costs of the completed
public work, maintenance of traffic approach, and community impact. Any
contract awarded pursuant to this act shall be awarded to a responsive
and responsible proposer, which, in consideration of these and other
specified criteria deemed pertinent, offers the best value, as deter-
mined by the authorized entity. The request for proposals shall include
a statement that proposers shall designate in writing those portions of
the proposal that contain trade secrets or other proprietary information
that are to remain confidential; that the material designated as confi-
dential shall be readily separable from the proposal. Nothing in this
subdivision shall be construed to prohibit the authorized entity from
negotiating final contract terms and conditions including cost. All
proposals submitted shall be scored according to the criteria listed in
the request for proposals and such final scores shall be published on
the authorized entity's website.
(b) An authorized entity awarding a design-build contract to a
contractor offering the best value may but shall not be required to use
the following types of contracts:
(1) A cost-plus not to exceed guaranteed maximum price form of
contract in which the authorized entity shall be entitled to monitor and
audit all costs. In establishing the schedule and process for determin-
ing a guaranteed maximum price, the contract between the authorized
entity and the contractor shall:
(i) Describe the scope of the work and the cost of performing such
work,
(ii) Include a detailed line item cost breakdown,
(iii) Include a list of all drawings, specifications and other infor-
mation on which the guaranteed maximum price is based,
(iv) Include the dates of substantial and final completion on which
the guaranteed maximum price is based, and
(v) Include a schedule of unit prices; or
(2) A lump sum contract in which the contractor agrees to accept a set
dollar amount for a contract which comprises a single bid without
providing a cost breakdown for all costs such as for equipment, labor,
materials, as well as such contractor's profit for completing all items
of work comprising the public work.
§ 5. Any contract entered into pursuant to this act shall include a
clause requiring that any professional services regulated by articles
145, 147 and 148 of the education law shall be performed and stamped and
sealed, where appropriate, by a professional licensed in accordance with
the appropriate articles.
§ 6. Construction with respect to each contract entered into by an authorized entity pursuant to this act shall be deemed a "public work" to be performed in accordance with the provisions of article 8 of the labor law, as well as subject to sections 200, 240, 241 and 242 of such law and enforcement of prevailing wage requirements pursuant to applicable law or, for projects or public works receiving federal aid, applicable federal requirements for prevailing wage. Any contract entered into pursuant to this act shall include a clause requiring the selected design builder to obligate every tier of contractor working on the public work to comply with the project labor agreement referenced in section three of this act, and shall include project labor agreement compliance monitoring and enforcement provisions consistent with the applicable project labor agreement.

§ 7. Each contract entered into by an authorized entity pursuant to this act shall comply with the objectives and goals with regard to minority- and women-owned business enterprises pursuant to, as applicable, section 6-129 of the administrative code of the city of New York, or, for projects or public works receiving federal aid, applicable federal requirements for disadvantaged business enterprises or minority- and women-owned business enterprises.

§ 8. Public works undertaken by an authorized entity pursuant to this act shall be subject to the requirements of article 8 of the environmental conservation law, and, where applicable, the requirements of the national environmental policy act.

§ 9. (a) Notwithstanding any provision of law to the contrary, all rights or benefits, including terms and conditions of employment, and protection of civil service and collective bargaining status of all employees of authorized entities solely in connection with the public works identified in subdivision (f) of section two of this act, shall be preserved and protected.

(b) Nothing in this act shall result in the: (1) displacement of any currently employed worker or loss of position (including partial displacement such as a reduction in the hours of non-overtime work, wages or employment benefits), or result in the impairment of existing collective bargaining agreements; and (2) transfer of existing duties and functions related to maintenance and operations currently performed by existing employees of authorized entities to a contractor.

(c) Employees of authorized entities using design-build contracts serving in positions in newly created titles shall be assigned to the appropriate bargaining unit. Nothing contained in this act shall be construed to affect: (1) the existing rights of employees of such entities pursuant to an existing collective bargaining agreement, (2) the existing representational relationships among employee organizations representing employees of such entities, or (3) the bargaining relationships between such entities and such employee organizations.

§ 10. The submission of a proposal or responses or the execution of a design-build contract pursuant to this act shall not be construed to be a violation of section 6512 of the education law.

§ 11. Nothing contained in this act shall limit the right or obligation of any authorized entity to comply with the provisions of any existing contract or to award contracts as otherwise provided by law.

§ 12. For any design-build contract for a public work defined by subdivision (f) of section two of this act, the City of New York or its respective departments shall receive approval from the Commissioner of New York State Department of Transportation before any request for qual-
§ 13. This act shall take effect immediately and shall expire and be deemed repealed 2 years after such date, provided that, public works with requests for qualifications issued prior to such repeal shall be permitted to continue under this act notwithstanding such repeal.

1. A public employer shall extend to an employee organization certified or recognized pursuant to this article the following rights:
   (a) to represent the employees in negotiations notwithstanding the existence of an agreement with an employee organization that is no longer certified or recognized, and in the settlement of grievances; and
   (b) to membership dues deduction, upon presentation of dues deduction authorization cards signed by individual employees. A public employer shall commence making such deductions as soon as practicable, but in no case later than thirty days after receiving proof of a signed dues deduction authorization card; and such dues shall be transmitted to the certified or recognized employee organization within thirty days of the deduction. A public employer shall accept a signed authorization to deduct from the salary of a public employee an amount for the payment of his or her dues in any format permitted by article three of the state technology law. The right to such membership dues deduction shall remain in full force and effect until:
   (i) an individual employee revokes membership in the employee organization in writing in accordance with the terms of the signed authorization; or
   (ii) the individual employee is no longer employed by the public employer, provided that if such employee is, within a period of one year, employed by the same public employer in a position represented by the same employee organization, the right to such dues deduction shall be automatically reinstated.

(c) Should the individual employee who has signed a dues deduction authorization card either be removed from a public employer's payroll or otherwise placed on any type of involuntary or voluntary leave of absence, whether paid or unpaid, such public employee's membership in an employee organization shall be continued upon that public employee's return to the payroll or restoration to active duty from such a leave of absence.

4. (a) Within thirty days of a public employee first being employed or reemployed by a public employer, or within thirty days of being promoted or transferred to a new bargaining unit, the public employer shall notify the employee organization, if any, that represents that bargaining unit of the employee's name, address, job title, employing agency, department or other operating unit, and work location; and
   (b) Within thirty days of providing the notice in paragraph a of this subdivision, a public employer shall allow a duly appointed representative of the employee organization that represents that bargaining unit to meet with such employee for a reasonable amount of time during his or her work time without charge to leave credits, unless otherwise specified within an agreement bargained collectively under article fourteen of the civil service law, provided however that arrangements for such
meeting must be scheduled in consultation with a designated representa-

tive of the public employer.

5. (a) If any clause, sentence, paragraph, or subdivision of this
section shall be adjudged by a court of competent jurisdiction to be
unconstitutional or otherwise invalid, such judgment shall not affect,
impair or invalidate the remainder thereof, but shall be confined in its
operation to the clause, sentence, paragraph, or subdivision of this
section directly involved in the controversy in which such judgment
shall have been rendered.

(b) If any clause, sentence, paragraph, or part of a signed authori-
zation shall be adjudged by a court of competent jurisdiction to be
unconstitutional or otherwise invalid, such determination shall not
affect, impair or invalidate the remainder of such signed authorization
but shall be confined in its operation to the clause, sentence, para-
graph, or part of the signed authorization directly involved in the
controversy in which such judgment shall have been rendered.

§ 2. Subdivision 1 of section 93-b of the general municipal law, as
amended by chapter 632 of the laws of 1964, is amended to read as
follows:

1. The fiscal or disbursing officer of every municipal corporation or
other civil division or political subdivision of the state is hereby
authorized to deduct from the wage or salary of any employee of such
municipal corporation or civil division or political subdivision of the
state such amount that such employee may specify in writing filed with
such fiscal or disbursing officer for the payment of dues in a duly
organized association or organization of civil service employees and to
transmit the sum so deducted to the said association or organization.
Any such written authorization [may be withdrawn by such employee or
member at any time by filing written notice of such withdrawal with the
fiscal or disbursing officer] shall remain in effect in accordance with
subdivision one of section two hundred eight of the civil service law.

§ 3. Subdivision 2 of section 201 of the state finance law, as amended
by chapter 233 of the laws of 1992, is amended to read as follows:

2. The comptroller is hereby authorized to deduct from the salary of
any employee of the state such amount as such employee may specify in
writing filed in a manner determined by the comptroller for the payment
of membership dues in a duly organized association or organization of
civil service employees or faculty members of the state university and
to transmit the sums so deducted to the said association or organiza-
tion. Any such written authorization [may be withdrawn by such employee
at any time upon filing written notice of such withdrawal in a manner
determined by the comptroller] shall remain in effect in accordance with
subdivision one of section two hundred eight of the civil service law.
The foregoing notwithstanding, and subject to the provisions of article
fourteen of the civil service law, such deductions and transmittals
shall be terminated as to one or more such associations or organizations
in accordance with the written directions of the director of employee
relations, not more than thirty days after receipt by the comptroller of
such directions. The deductions and transmittals which were the subject
of such directions shall not thereafter be resumed without the written
approval of such director.

§ 4. Subdivision 2 of section 209-a of the civil service law, as
amended by chapter 467 of the laws of 1990, is amended to read as
follows:

2. Improper employee organization practices. It shall be an improper
practice for an employee organization or its agents deliberately (a) to
interfere with, restrain or coerce public employees in the exercise of the rights granted in section two hundred two, or to cause, or attempt to cause, a public employer to do so provided, however, that an employee organization does not interfere with, restrain or coerce public employees when it limits its services to and representation of non-members in accordance with this subdivision; (b) to refuse to negotiate collectively in good faith with a public employer, provided it is the duly recognized or certified representative of the employees of such employer; or (c) to breach its duty of fair representation to public employees under this article. Notwithstanding any law, rule or regulation to the contrary, an employee organization's duty of fair representation to a public employee it represents but who is not a member of the employee organization shall be limited to the negotiation or enforcement of the terms of an agreement with the public employer. No provision of this article shall be construed to require an employee organization to provide representation to a non-member (i) during questioning by the employer, (ii) in statutory or administrative proceedings or to enforce statutory or regulatory rights, or (iii) in any stage of a grievance, arbitration or other contractual process concerning the evaluation or discipline of a public employee where the non-member is permitted to proceed without the employee organization and be represented by his or her own advocate. Nor shall any provision of this article prohibit an employee organization from providing legal, economic or job-related services or benefits beyond those provided in the agreement with a public employer only to its members.

§ 5. Nothing in this act shall be construed to impede, infringe or diminish the rights and benefits which accrue to an employee organization through a bonafide collective bargaining agreement.

§ 6. This act shall take effect immediately.

and middle school, including instruction in English that will prepare
pupils to read fiction and nonfiction text for information and to use
that information to construct written essays that state a point of view
or support an argument; instruction in mathematics that will prepare

responsibilities of citizens in world communities; and instruction in
science by learning how to gather, analyze and interpret observable data

deductive and inductive reasoning to support a hypothesis, and how to
differentiate between correlational and causal relationships.

this subdivision for nonpublic high schools that: (1) are established
for pupils in high school who have graduated from an elementary school
that provides instruction as described in this section, (2) are a non-
profit corporation, (3) have a bi-lingual program, and (4) have an

consider the following but not limited to: if the curriculum provides
academically rigorous instruction that develops critical thinking skills
in the school’s students, the outcomes of which, taking into account the
entirety of the curriculum, result in a sound basic education.

(iv) Nothing herein shall be construed to entitle or permit any school
to receive an increase in mandated services aid pursuant to 8 NYCRR 176
on account of providing a longer school day.

(v) The commissioner shall be the entity that determines whether
nonpublic elementary and secondary schools are in compliance with the
academic requirements set forth in paragraphs (ii) and (iii) of this
subdivision.

§ 2. This act shall take effect immediately.
