1. The existing district dental societies are continued. In any judicial district in which a district dental society is not incorporated, fifteen or more dentists of such district authorized to practice dentistry in this state may become a district dental society of such district, by publishing a call for a meeting of the dentists of the district to be held at a time and place mentioned therein within the district, in at least one newspaper in each county of the district, at least once a week for at least four weeks immediately preceding the time when such meeting is to be held, and by meeting at the time and place specified in such notice with such dentists authorized to practice dentistry in the district as may respond to such call, and by making and filing with the secretary of the state dental association a certificate, to be executed and acknowledged by the dentists so meeting, or by at least fifteen of them, which shall set forth that such meeting has been held pursuant to such notice, the corporate name of the society, which shall be the district dental society of the judicial district where located, the names and places of residence of the officers of the society for the first year, or until the first annual meeting, which officers shall be a president, vice-president, secretary and treasurer, the time and place of the annual meeting of the society and the general objects and purposes of the association. Thereupon the persons executing such certificate and all other dentists in good standing and authorized to practice dentistry in such district, and persons with dental degrees that qualify them for licensure, who shall subscribe to its bylaws, shall be a corporation by the name expressed in such certificate. Every licensed and registered dentist, and persons with dental degrees that qualify them for licensure, in the judicial district in which such a society is formed, shall be eligible to membership in the district society of the district in which he or she resides or practices dentistry, except if such dentist resides or practices dentistry in a county in which a county dental society is formed in the manner hereinafter provided, he or she shall be eligible to membership in such county society; provided, however, that after September 1, 1990 any licensed and

1 registered dentist who is not a member of the state dental association
2 shall be eligible for membership only in the district or county society
3 in which he or she maintains his or her primary practice. Any member of
4 a district or county dental society who has been a member of such
5 district or county dental society continuously since January first,
6 nineteen hundred seventy-seven, may maintain his or her membership in
7 that district or county dental society notwithstanding where such member
8 resides or practices dentistry. The dental societies of the respective
9 districts of the state shall have power to make all necessary bylaws not
10 inconsistent with the laws of this state for the management of their
11 affairs and property and the admission and expulsion of members; provid-
12 ing that no bylaw of any district society shall be repugnant to or
13 inconsistent with the bylaws of the state association. Twenty members or
14 ten percent of the total membership entitled to vote, whichever is less,
15 shall be a quorum. Such societies may purchase and hold real and
16 personal property for the purposes of their incorporation.

17 2. Notwithstanding the provisions of this section or any other law or
18 rule to the contrary, a county dental society may be formed if applica-
19 tion by fifteen or more dentists of a county or fifteen or more
20 dentists from each of contiguous counties, or fifty percent or more of
21 the dentists in a county or from each contiguous county with fewer than
22 thirty dentists is approved by the governing body of the New York State
23 Dental Association. Every licensed and registered dentist, and persons
24 with dental degrees that qualify them for licensure, who resides or
25 practices dentistry within the geographic area in which such a county
26 society is formed shall be eligible to membership in such society;
27 provided, however, that after September 1, 1990, any licensed and regis-
28 tered dentist who is not a member of the state dental association shall
29 be eligible for membership only in the county society in which he or she
30 maintains his or her primary practice. Any member of a district or coun-
31 ty dental society who has been a member of such district or county
32 dental society continuously since January first, nineteen hundred seven-
33 ty-seven, may maintain his or her membership in that district or county
34 dental society notwithstanding where such member resides or practices
35 dentistry. Such county dental societies shall have the same powers,
36 duties and quorum requirements as district dental societies.

37 § 3. This act shall take effect immediately.
