

STATE OF NEW YORK

8109--A

IN SENATE

March 29, 2018

Introduced by Sens. HELMING, AVELLA, HAMILTON, O'MARA, ROBACH, YOUNG -- read twice and ordered printed, and when printed to be committed to the Committee on Energy and Telecommunications -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to create a prohibition against alternative waste to energy facilities that apply for approvals but that do not demonstrate a compelling public purpose and that would have a significant and adverse environmental impact that cannot be mitigated

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

- 1 Section 1. Notwithstanding any law, rule or regulation to the contra-
2 ry, no major electric generating facility which generates electricity
3 from the combustion, gasification or pyrolysis of solid waste or from
4 fuel derived from solid waste can be issued a certificate of compatibil-
5 ity and public need or receive a negative declaration under the New York
6 State Environmental Quality Review Act process if any of the following
7 criteria exist or are met:
- 8 a. It poses a risk to the public health and safety of a community
9 within an environmentally sensitive area of the state; and
- 10 b. It is within 10 miles of a priority waterbody as designated by the
11 state:
- 12 (i) as a critical source of drinking water and tourism driver; and
13 (ii) as having vulnerabilities to Harmful Algal Blooms; and
- 14 c. Is within a thriving agriculture-tourism region in the state serv-
15 ing as an economic engine with over one billion dollars (\$1,000,000,000)
16 of investment in the region and has created over 25,000 jobs; and
- 17 d. There are existing state approved landfills or other solid waste
18 management facilities operating within a 50 mile radius of the proposed
19 site; and
- 20 e. There is a significant impact to the access roads surrounding the
21 proposed site created by the additional traffic and transportation of
22 materials associated with the proposed project as determined by munici-
23 pal department of public works; and
