IN SENATE

Introduced by Sen. YOUNG -- read twice and ordered printed, and when printed to be committed to the Committee on Children and Families

AN ACT to amend the social services law, in relation to requiring persons and officials who are required to report cases of suspected child abuse or maltreatment to complete annual training relating to identifying and reporting such abuse and maltreatment

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative intent. The legislature hereby finds that in
2 order to better protect the state's most vulnerable population, the
3 persons and officials who are required to report cases of suspected
4 child abuse or maltreatment would be better served to be required to
5 take a free, annual electronically-provided, self-directed online train-
6 ing course to refresh such persons and officials on the signs and indi-
7 cators of suspected child abuse or maltreatment.

8 Accurate and timely reporting of child abuse or maltreatment is essen-
9 tial to ensure cases are appropriately addressed and investigated by the
10 appropriate agencies. Timely and thoroughly investigated reports of
11 child abuse or maltreatment are necessary in order to prevent future
12 abuse or maltreatment while also holding accountable the parties respon-
13 sible for such abuse or maltreatment and to remove children from danger-
14 ous situations.

15 By completing this type of training course annually, persons and offi-
16 cials who are required to report cases of suspected child abuse or
17 maltreatment will be able to stay current with all of the information
18 necessary to ensure that they are best able to identify signs of child
19 abuse or maltreatment, as well as current reporting procedures and any
20 potential changes in reporting requirements.

21 § 2. The social services law is amended by adding a new section 413-a
22 to read as follows:

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.
