§ 2803-d. Reporting abuses of persons receiving care or services in residential health care facilities. 1. The following persons are required to report in accordance with this section when they have reasonable cause to believe that a person receiving care or services in a residential health care facility has been ~~physically~~ abused, mistreated or neglected or subjected to the misappropriation of property by other than a person receiving care or services in the facility: any operator or employee of such facility, ~~any person who,~~ or employee of any corporation, partnership, organization or other entity which, is under contract to provide patient care services in such facility, and any nursing home administrator, physician, medical examiner, coroner, physician's associate, specialist's assistant, osteopath, chiropractor, physical therapist, occupational therapist, registered professional nurse, licensed practical nurse, dentist, podiatrist, optometrist, pharmacist, psychologist, licensed master social worker, licensed clinical social worker, speech pathologist and audiologist.

2. In addition to those persons required to report suspected ~~physical~~ abuse, mistreatment or neglect or misappropriation of the property of persons receiving care or services in residential health care facilities, any other person may make such a report if he or she has reasonable cause to believe that a person receiving care or services has been ~~physically~~ abused, mistreated or neglected in the facility or subjected to the misappropriation of property.

3. Reports of suspected ~~physical~~ abuse, mistreatment or neglect or the misappropriation of resident property made pursuant to this section shall be made immediately by telephone and in writing within forty-eight hours to the department. Written reports shall be made on forms supplied by the commissioner and shall include the following information: the identity of the person making the report and where he can be found; the name and address of the residential health care facility; the names of the operator and administrator of the facility, if known; the name of the subject of the alleged ~~physical~~ abuse, mistreatment or neglect or misappropriation, if known; the nature and extent of the ~~physical~~ abuse, mistreatment or neglect or misappropriation; the date, time and specific location of the occurrence; the names of next of kin or sponsors of the subject of the alleged ~~physical~~ abuse, mistreatment or neglect or misappropriation, if known; and any other information which the person making the report believes would be helpful to further the purposes of this section. Such written reports shall be admissible in evidence, consistent with the provisions of paragraph (f) of subdivision six of this section, in any actions or proceedings relating to ~~physical~~ abuse, mistreatment or neglect or misappropriation of the property of persons receiving care or services in residential health care facilities. Written reports made other than on forms supplied by the commissioner which contain the information required herein shall be treated as if made on such forms.

4. Any person who in good faith makes a report pursuant to this section shall have immunity from any liability, civil or criminal, for having made such a report. For the purpose of any proceeding, civil or criminal, the good faith of any person required to report instances of ~~physical~~ abuse, mistreatment or neglect or misappropriation of the property of persons receiving care or services in residential health care facilities shall be presumed.

5. Notwithstanding the provisions of section two hundred thirty of this chapter, any licensed person who commits an act of ~~physical~~ abuse, mistreatment or neglect or misappropriation of the property of a

1 person receiving care or services in a residential health care facility  
2 and any licensed person required by this section to report an instance  
3 of suspected [~~physical~~] abuse, mistreatment or neglect or misappropri-  
4 ation of the property of a person receiving care or services in a resi-  
5 dential health care facility who fails to do so shall be guilty of  
6 unprofessional conduct in the practice of his or her profession.

7 6. (a) Upon receipt of a report made pursuant to this section, the  
8 commissioner shall cause an investigation to be made of the allegations  
9 contained in the report. Notification of the receipt of a report shall  
10 be made immediately by the department to the appropriate district attor-  
11 ney if a prior request in writing has been made to the department by the  
12 district attorney. Prior to the completion of the investigation by the  
13 department, every reasonable effort shall be made to notify, personally  
14 or by certified mail, any person under investigation for having commit-  
15 ted an act of [~~physical~~] abuse, mistreatment or neglect or misappropri-  
16 ation of property. The commissioner shall make a written determination,  
17 based on the findings of the investigation, of whether or not sufficient  
18 credible evidence exists to sustain the allegations contained in the  
19 report or would support a conclusion that a person not named in such  
20 report has committed an act of [~~physical~~] abuse, neglect or mistreatment  
21 or misappropriation of property. A copy of such written determination,  
22 together with a notice of the right to a hearing as provided in this  
23 subdivision, shall be sent by registered or certified mail to each  
24 person who the commissioner has determined has committed an act of  
25 [~~physical~~] abuse, neglect or mistreatment or misappropriation of proper-  
26 ty. A letter shall be sent to any other person alleged in such report to  
27 have committed such an act stating that a determination has been made  
28 that there is not sufficient evidence to sustain the allegations relat-  
29 ing to such person. A copy of each such determination and letter shall  
30 be sent to the facility in which the alleged incident occurred.

31 (b) The commissioner may make a written determination, based on the  
32 findings of the investigation, that sufficient credible evidence exists  
33 to support a conclusion that a person required by this section to report  
34 suspected [~~physical~~] abuse, mistreatment or neglect or misappropriation  
35 of property had reasonable cause to believe that such an incident  
36 occurred and failed to report such incident. A copy of such written  
37 determination, together with a notice of the right to a hearing as  
38 provided in this subdivision, shall be sent by registered or certified  
39 mail to each person who the commissioner has determined has failed to  
40 report as required by this section.

41 (c) All information relating to any allegation which the commissioner  
42 has determined would not be sustained shall be expunged one hundred  
43 twenty days following notification of such determination to the person  
44 who made the report pursuant to this section, unless a proceeding  
45 pertaining to such allegation is pending pursuant to article seventy-  
46 eight of the civil practice law and rules. Whenever information is  
47 expunged, the commissioner shall notify any official notified pursuant  
48 to paragraph (a) of this subdivision that the information has been  
49 expunged.

50 (d) At any time within thirty days of the receipt of a copy of a  
51 determination made pursuant to this section, a person named in such  
52 determination as having committed an act of [~~physical~~] abuse, neglect or  
53 mistreatment or misappropriation of resident property, or as having  
54 failed to report such an incident, may request in writing that the  
55 commissioner amend or expunge the record of such report, to the extent  
56 such report applies to such person, or such written determination. If

1 the commissioner does not comply with such request within thirty days,  
2 such person shall have the right to a fair hearing to determine whether  
3 the record of the report or the written determination should be amended  
4 or expunged on the grounds that the record is inaccurate or the determi-  
5 nation is not supported by the evidence. The burden of proof in such  
6 hearing shall be on the department. Whenever information is expunged,  
7 the commissioner shall notify any official notified pursuant to para-  
8 graph (a) of this subdivision that the information has been expunged.

9 (e) Except as hereinafter provided, any report, record of the investi-  
10 gation of such report and all other information related to such report  
11 shall be confidential and shall be exempt from disclosure under article  
12 six of the public officers law.

13 (f) Information relating to a report made pursuant to this section  
14 shall be disclosed under any of the following conditions:

15 (i) pursuant to article six of the public officers law after expunge-  
16 ment or amendment, if any, is made in accordance with a hearing  
17 conducted pursuant to this section, or at least forty-five days after a  
18 written determination is made by the commissioner concerning such  
19 report, whichever is later; provided, however, that the identity of the  
20 person who made the report, the victim, or any other person named,  
21 except a person who the commissioner has determined committed an act of  
22 ~~[physical]~~ abuse, neglect or mistreatment or misappropriation of resi-  
23 dent property, shall not be disclosed unless such person authorizes such  
24 disclosure;

25 (ii) as may be required by the penal law or any lawful order or  
26 warrant issued pursuant to the criminal procedure law; or

27 (iii) to a person who has requested a hearing pursuant to this  
28 section, information relating to the determination upon which the hear-  
29 ing is to be conducted; provided, however, that the identity of the  
30 person who made the report or any other person who provided information  
31 in an investigation of the report shall not be disclosed unless such  
32 person authorizes such disclosure.

33 (g) Where appropriate, the commissioner shall report instances of  
34 ~~[physical]~~ abuse, mistreatment or neglect or misappropriation of resi-  
35 dent property or the failure to report as required by this section, to  
36 the appropriate committee on professional conduct for the professions  
37 enumerated in subdivision one of this section when a determination has  
38 been made after the commissioner has provided an opportunity to be  
39 heard. The commissioner shall report instances of ~~[physical]~~ abuse,  
40 mistreatment, neglect or misappropriation of resident property by a  
41 nurse aide or other unlicensed individual and any brief statement by the  
42 nurse aide or other unlicensed individual disputing the finding to the  
43 nursing home nurse aide registry established pursuant to section twen-  
44 ty-eight hundred three-j of this article when a determination has been  
45 made after the commissioner has provided an opportunity to be heard.

46 7. In addition to any other penalties prescribed by law, any person  
47 who commits an act of ~~[physical]~~ abuse, neglect or mistreatment or  
48 misappropriation of resident property, or who fails to report such an  
49 act as provided in this section, shall be deemed to have violated this  
50 section and shall be liable for a penalty pursuant to section twelve of  
51 this chapter after an opportunity to be heard pursuant to this section.

52 8. No residential health care facility or officer or employee thereof  
53 shall discharge or in any manner discriminate or retaliate against any  
54 person in any residential health care facility, or any relative, or  
55 sponsor thereof, or against any employee of the facility, or against any  
56 other person because such person, relative, legal representative, spon-

1 sor or employee has made, or is about to make, a report pursuant to this  
2 section, or has testified, or is about to testify, in any proceeding  
3 relating to [~~physical~~] abuse, mistreatment or neglect or misappropri-  
4 ation of the property of a person receiving care or services in a resi-  
5 dential health care facility. The supreme court may grant injunctive  
6 relief to any person subject to such retaliation or discrimination. Any  
7 violation of this subdivision shall be punishable pursuant to section  
8 twelve of this chapter.

9 9. No later than March fifteenth of every year the commissioner shall  
10 prepare and transmit to the governor and the legislature a report on the  
11 incidents of [~~physical~~] abuse, mistreatment and neglect or misappropri-  
12 ation of the property of persons receiving care or services in residen-  
13 tial health care facilities. No information concerning any individual or  
14 facility shall be disclosed in a report made pursuant to this subdivi-  
15 sion, or in any other report, except information which would be avail-  
16 able pursuant to article six of the public officers law as provided in  
17 this section. Nothing in this section shall be construed to prohibit the  
18 maintenance or disclosure of, or require the expungement of, statistical  
19 data which would not reveal the identity of any person or facility.

20 10. An investigation shall be made of each incident reported pursuant  
21 to this section, but only the provisions of paragraphs (e) and (f) of  
22 subdivision six, and subdivisions two, four, eight and nine shall apply  
23 to [~~physical~~] abuse or misappropriation of resident property by persons  
24 receiving care or services in residential health care facilities.

25 11. The commissioner shall adopt rules and regulations necessary to  
26 implement this section.

27 § 2. The public health law is amended by adding a new section 2803-v  
28 to read as follows:

29 § 2803-v. Independent quality monitors for residential health care  
30 facilities. The department may require a residential health care facili-  
31 ty to contract with an independent quality monitor approved by the  
32 department, pursuant to a selection process conducted notwithstanding  
33 sections one hundred twelve or one hundred sixty-three of the state  
34 finance law, for purposes of monitoring the operator's compliance with a  
35 corrective plan and reporting to the department on the implementation of  
36 such corrective action, when the department has determined in its  
37 discretion that operational deficiencies exist at such facility that  
38 show:

39 1. a condition or conditions in substantial violation of the standards  
40 for health, safety, or resident care established in law or regulation  
41 that constitute a danger to resident health or safety;

42 2. a pattern or practice of habitual violation of the standards of  
43 health, safety, or resident care established in law or regulation; or

44 3. any other condition dangerous to resident life, health, or safety.

45 § 3. The public health law is amended by adding a new section 2803-w  
46 to read as follows:

47 § 2803-w. Requirements related to residential health care facilities  
48 and related assets. 1. The operator of a residential health care facili-

50 any corporation or individual providing services to the operator.

51 2. The operator of a residential health care facility shall, on an  
52 annual basis, attest to the department, in a form determined by the  
53 department, to the accuracy of the information on file with the depart-  
54 ment regarding the ownership of the licensed corporation, real estate,  
55 and corporations providing services to the operator.

3. The operator of a residential health care facility may not enter into any arrangement to guarantee the debt or other obligation of a party which has not received establishment approval.

4. The operator of a residential health care facility shall notify the department at least ninety days prior to executing a letter of intent or other contractual agreement related to the sale of the real property of the facility.

5. In any instance where a residential health care facility is sold or otherwise transferred and used for a purpose which is not a health care purpose, the operator shall remit to the department from the sale proceeds an amount equivalent to the undepreciated value of capital assets for which the provider has been reimbursed through Medicaid or otherwise funded with resources provided by the state.

§ 5. This act shall take effect immediately.

## PART B

Section 1. Paragraphs (a) and (b) of subdivision 7 of section 460-d of the social services law, paragraph (a) as amended by chapter 719 of the laws of 1989, paragraph (b) as amended by chapter 524 of the laws of 1984 and subparagraph 2 of paragraph (b) as amended by chapter 733 of the laws of 1994, are amended to read as follows:

(a) The department shall adopt regulations establishing civil penalties of up to one thousand dollars per day to be assessed against all adult care facilities except facilities operated by a social services district for violations of (i) regulations of the department pertaining to the care of residents in such facilities, (ii) paragraph (a) of subdivision three of section four hundred sixty-one-a of this chapter, or (iii) an order issued pursuant to subdivision eight of this section; provided, however, that civil penalties of up to two thousand dollars per day may be assessed pursuant to subparagraph two of paragraph (b) of this subdivision. The regulations shall specify the violations subject to penalty and the amount of the penalty to be assessed in connection with each such violation and shall specify that only civil penalties of up to one thousand dollars per day per violation shall be assessed pursuant to this paragraph against an adult care facility found responsible for an act of retaliation or reprisal against any resident, employee, or other person for having filed a complaint with or having provided information to any long term care patient ombudsman functioning in accordance with section [~~five hundred forty-four or five hundred forty-five~~] two hundred eighteen of the [~~executive~~] elder law.

(b) (1) In addition to any other civil or criminal penalty provided by law, the department shall have the power to assess civil penalties in accordance with its regulations adopted pursuant to paragraph (a) of this subdivision, after a hearing conducted in accordance with the procedures established by regulations of the department. Such procedures shall require that notice of the time and place of the hearing, together with a statement of charges of violations, shall be served in person or by certified mail addressed to the facility at least thirty days prior

1 to the date of the hearing. The statement of charges of violations shall  
2 set forth the existence of the violations[7] and the amount of penalty  
3 for which it may become liable [~~and the steps which must be taken to~~  
4 ~~rectify the violation and, where applicable, a statement that the~~  
5 ~~department contends that a penalty may be imposed under this paragraph~~  
6 ~~regardless of rectification~~]. An answer to the charges of violations, in  
7 writing, shall be filed with the department, not less than ten days  
8 prior to the date of hearing. The answer shall notify the department of  
9 the facility's position with respect to each of the charges and shall  
10 include all matters which if not disclosed in the answer would be likely  
11 to take the department by surprise. The commissioner, or a member of his  
12 staff who is designated and authorized by him to hold such hearing, may  
13 in his discretion allow the facility to prove any matter not included in  
14 the answer. [~~Where the facility satisfactorily demonstrates that it~~  
15 ~~either had rectified the violations within thirty days of receiving~~  
16 ~~written notification of the results of the inspection pursuant to~~  
17 ~~section four hundred sixty one a of this chapter, or had submitted with-~~  
18 ~~in thirty days an acceptable plan for rectification and was rectifying~~  
19 ~~the violations in accordance with the steps and within the additional~~  
20 ~~periods of time as accepted by the department in such plan, no penalty~~  
21 ~~shall be imposed, except as provided in subparagraph two of this para-~~  
22 ~~graph.~~]

23 (2) [~~Rectification shall not preclude the assessment of a penalty~~]  
24 Civil penalties of up to two thousand dollars per day may be assessed  
25 against any adult care facility except those operated by a social  
26 services district if the department establishes at a hearing that a  
27 particular violation[~~, although corrected,~~] endangered or resulted in  
28 harm to any resident as the result of:

29 (i) the total or substantial failure of the facility's fire detection  
30 or prevention systems, or emergency evacuation procedures prescribed by  
31 department safety standard regulations;

32 (ii) the retention of any resident who has been evaluated by the resi-  
33 dent's physician as being medically or mentally unsuited for care in the  
34 facility or as requiring placement in a hospital or residential health  
35 care facility and for whom the operator is not making persistent efforts  
36 to secure appropriate placement;

37 (iii) the failure in systemic practices and procedures;

38 (iv) the failure of the operator to take actions as required by  
39 department regulations in the event of a resident's illness or accident;

40 (v) the failure of the operator to provide at all times supervision of  
41 residents by numbers of staff at least equivalent to the night staffing  
42 requirement set forth in department regulations; or

43 (vi) unreasonable threats of retaliation or taking reprisals, includ-  
44 ing but not limited to unreasonable threats of eviction or hospitaliza-  
45 tion against any resident, employee or other person who makes a  
46 complaint concerning the operation of an adult care facility, partic-  
47 ipates in the investigation of a complaint or is the subject of an  
48 action identified in a complaint.

49 The department shall specify in its regulations those regulations to  
50 which this subparagraph two shall apply.

51 (3) In assessing penalties pursuant to this paragraph, the department  
52 shall consider [~~promptness of rectification,~~] delay occasioned by the  
53 department[7] and the specific circumstances of the violations as miti-  
54 gating factors.

§ 2. Paragraph (c) of subdivision 9 of section 460-d of the social services law is amended by adding a new subparagraph (iv) to read as follows:

(iv) If the department of health determines, based on a complaint or other facts known to the department, that there is reason to believe that an individual or entity is operating an adult home, enriched housing program, or residence for adults which does not possess a valid operating certificate issued by the department, and that one or more conditions or activities at such facility constitute or are likely to give rise to an immediate danger to the health of the residents, and awaiting a court order pursuant to subparagraph (iii) of this paragraph would be seriously detrimental to the health of such residents, the department of health may, notwithstanding an objection by the operator, administrator or other person in charge, inspect the entire premises, which shall include access to all dwellings on the said property which house tenants/occupants as well as access to such tenants/occupants, for the purpose of ascertaining whether such danger exists or is likely to arise on an immediate basis. The department of health may request the assistance of local law enforcement for purposes of carrying out such inspection and may take any appropriate action if it determines that such danger exists or is likely to arise, including issuing a written notice directing the operator, administrator or other person in charge of such facility to cease or correct the condition or activity at issue. As promptly as possible thereafter, within a period not to exceed fifteen days, the commissioner shall provide the operator an opportunity to be heard and to present any proof that such condition or activity does not constitute a danger to the health of the residents of such facility. The attorney general, upon request of the department of health, shall be authorized to apply to the supreme court in the county in which the facility is located for an order for any appropriate additional relief.

§ 3. Section 460-d of the social services law is amended by adding a new subdivision 17 to read as follows:

17. The department of health may require the operator of an adult home or an enriched housing program to contract with an independent quality monitor approved by the department, pursuant to a selection process conducted notwithstanding sections one hundred twelve or one hundred sixty-three of the state finance law, for purposes of monitoring the operator's compliance with a corrective plan and reporting to the department on the implementation of such corrective action, where the department has determined in its discretion that operational deficiencies exist at such facility that show: (a) a condition or conditions in substantial violation of the standards for health, safety, or resident care established in law or regulation that constitute a danger to resident health or safety; (b) a pattern or practice of habitual violation of the standards of health, safety, or resident care established in law or regulation; or (c) any other condition dangerous to resident life, health, or safety.

§ 4. Subdivision 2 of section 461-a of the social services law, as amended by chapter 601 of the laws of 1981, paragraphs (a) and (c) as amended and paragraph (d) as added by chapter 735 of the laws of 1994, and paragraph (e) as added by chapter 601 of the laws of 1981 and as relettered by chapter 735 of the laws of 1994, is amended and a new subdivision 5 is added to read as follows:

2. (a) With respect to adult care facilities the department shall conduct a minimum of one unannounced inspection of each such facility to

1 determine the adequacy of care being rendered, pursuant to the follow-  
2 ing:

3 (1) Such facilities receiving the department's highest rating shall be  
4 inspected at least once every eighteen months on an unannounced basis.

5 (2) All other such facilities shall be inspected on an unannounced  
6 basis no less than annually. The commissioner may provide for more  
7 frequent inspections of any such facilities. Such inspection shall not  
8 be required with respect to any facility for which the commissioner has  
9 delegated responsibility for inspection and supervision to a social  
10 services official pursuant to section four hundred sixty-c of this chap-  
11 ter. Any employee of the department or a social services district who  
12 gives or causes to be given advance notice of such unannounced  
13 inspections to any unauthorized persons shall, in addition to any other  
14 penalty provided by law, be suspended by the department or the social  
15 services district from all duties without pay for at least five days or  
16 for such greater period of time as the department or social services  
17 district shall determine. Any such suspension shall be made by the  
18 department or social services district in accordance with all other  
19 applicable provisions of law.

20 (b) The department or a social services district, where appropriate,  
21 shall each year conduct a minimum of one full inspection of each adult  
22 care facility. Such inspection shall include, but shall not be limited  
23 to, examination of the medical, dietary and social services records of  
24 the facility as well as the minimum standards of construction, life  
25 safety standards, quality and adequacy of care, rights of residents,  
26 payments and all other areas of operation. The purpose of any inspection  
27 shall be to determine compliance with requirements of applicable  
28 provisions of law and regulations of the department.

29 (c) An inspection report shall be made of each inspection which shall  
30 clearly identify and indicate in detail each area of operation, includ-  
31 ing, but not limited to, the premises, equipment, personnel, resident  
32 care and services, and whether each such area of operation or any of its  
33 component parts is or is not in compliance with the regulations of the  
34 department and all other applicable requirements. It also shall identify  
35 those areas of operation or any of its component parts found not in  
36 compliance as a result of failure in systemic practices and procedures.  
37 The operator shall be notified of the results of the inspection in a  
38 manner to be determined by regulations of the department. [~~Such notifi-~~  
39 ~~cation shall contain directions as may be appropriate as to the manner~~  
40 ~~and time in which compliance with applicable requirements of law or~~  
41 ~~regulations of the department shall be effected.~~] The department shall  
42 also require the operator of an adult home or residence for adults to  
43 develop, biannually update and implement plans for quality assurance  
44 activities for each area of operation. Quality assurance activities  
45 include but are not limited to, development and maintenance of perform-  
46 ance standards, measurement of adherence to such standards and to appli-  
47 cable state and local laws and regulations, identification of perform-  
48 ance failures, design, and implementation of corrective action.

49 (d) Systemic practices or procedures are those activities related to  
50 each area of operation which indicate a pattern or an inability to bring  
51 the operation of the facility into compliance with applicable provisions  
52 of laws and regulations.

53 (e) Nothing contained in this subdivision shall limit or restrict the  
54 ability of the department or social services district, where appropri-
