fied teacher or by successive qualified teachers or by qualified teachers for not less than one hundred eighty days. The moneys payable to a school district pursuant to section thirty-six hundred nine-a of this chapter in the current year shall be reduced by one one-hundred eightieth of the district's total foundation aid for the base year for each day less than one hundred eighty days that the schools of the district were actually in session, except that the commissioner may disregard such reduction[~~, up to five days,~~] in the apportionment of public money, (i) for any day on which session had been previously scheduled but the superintendent was required to close the school or schools due to a properly executed declaration of a state or local state of emergency pursuant to article two-B of the executive law or (ii) for up to five days if he or she finds that the schools of the district were not in session for one hundred eighty days because of extraordinarily adverse weather conditions, impairment of heating facilities, insufficiency of water supply, shortage of fuel, lack of electricity, natural gas leakage, unacceptable levels of chemical substances, a credible threat to student safety as reasonably determined by a lead school official or the destruction of a school building either in whole or in part, and if, further, the commissioner finds that such district cannot make up such days of instruction by using for the secondary grades all scheduled vacation days which occur prior to the first scheduled regents examination day in June, and for the elementary grades all scheduled vacation days which occur prior to the last scheduled regents examination day in June. For the purposes of this subdivision, "scheduled vacation days" shall mean days on which the schools of the district are not in session and for which no prohibition exists in subdivision eight of this section for them to be in session.

8. No school shall be in session on a Saturday or a legal holiday, except general election day, Washington's birthday and Lincoln's birthday, and except that driver education classes may be conducted on a Saturday.

8-a. A deficiency not exceeding four days during any school year caused by teachers' attendance upon conferences held by superintendents of schools of city school districts or other school districts employing superintendents of schools shall be excused by the commissioner, notwithstanding any provision of law, rule or regulation to the contrary, a school district may elect to schedule such conference days in the last two weeks of August, subject to collective bargaining requirements pursuant to article fourteen of the civil service law, and such days shall be counted towards the required one hundred eighty days of session, provided however, that such scheduling shall not alter the obligation of the school district to provide transportation to students in non-public elementary and secondary schools or charter schools. [~~The commissioner shall excuse a deficiency not exceeding four days during such school year caused by teachers' attendance upon conferences held by such superintendents, provided that at~~] At least two such conference days during such school year shall be dedicated to staff attendance upon conferences providing staff development relating to implementation of the new high learning standards and assessments, as adopted by the board of regents. Notwithstanding any other provision of law, rule or regulation to the contrary, school districts may elect to use one or more of such allowable conference days in units of not less than one hour each to provide staff development activities relating to implementation of the new high learning standards and assessments. A district making such election may provide such staff development [~~during the regularly sched-~~

5 days include appropriate school violence prevention and intervention  
6 training, and may require that up to one such conference day be dedi-
