1	lations. The standing order shall not be implemented in a specific situ-
2	ation where the hospital's policies, the standing order, or applicable
3	regulations provide otherwise.
4	4. (a) A standing order shall provide for the circumstances in which
5	the condition or change in condition of the newborn or the newborn's
б	mother, or other circumstances relating to providing services and care
7	to the newborn, require departure from the terms of the standing order.
8	(b) Where an attending nurse implementing a standing order becomes
9	aware of circumstances that, in his or her professional judgment,
10	reasonably indicate a need to depart from the terms of the standing
11	order, he or she shall so advise the attending practitioner. In such
12	circumstances, if the attending nurse determines, in his or her profes-
13	sional judgment, that the health of the newborn requires departing from
14	the standing order prior to receiving direction from the attending prac-
15	titioner, the attending nurse may do so, consistent with his or her
16	lawful scope of practice, the hospital's policies and applicable regu-
17	lations.
18	(c) The standing order shall provide, including the times and manner,
19	that an attending practitioner shall review and acknowledge in writing
20	the services and care provided to the newborn under the standing order
21	and the condition of the newborn.
22	5. (a) A standing order may provide for circumstances in which it
23	shall not be implemented, or implemented only at the order of an attend-
24	ing practitioner, which may include but not be limited to:
25	<u>(i) lack of or inadequate prenatal care;</u>
26	<u>(ii) a birth not attended by an attending practitioner;</u>
27	<u>(iii) a birth not occurring in a hospital; or</u>
28	<u>(iv) a premature or low birth weight birth.</u>
29	(b) A standing order shall be dated, timed, and authenticated promptly
30	in the patient's medical record by the attending practitioner acting in
31	accordance with law, including scope-of-practice laws, hospital poli-
32	cies, and medical staff bylaws, rules and regulations.
33	6. A standing order may be implemented only if the implementing hospi-
34	tal:
35	(a) establishes that the order has been reviewed and approved by the
36	hospital's medical staff and nursing and pharmacy leadership;
37	(b) demonstrates that the order is consistent with nationally recog-
38	nized evidence-based guidelines; and
39	(c) ensures that the periodic and regular review of the order is
40	conducted by the hospital's medical staff and nursing and pharmacy lead-
41	ership to determine the continuing usefulness and safety of the order.
42	7. A standing order is a medical regimen; it shall be consistent with
43	the lawful scope of practice of a registered nurse.
44	8. The commissioner may make regulations governing the terms, proce-
45	dures and implementation of standing orders.
46	§ 2. Section 6909 of the education law is amended by adding a new
47	subdivision 9 to read as follows:
48	9. A registered professional nurse may execute a standing order for
49	newborn care in a hospital established under section twenty-eight
50	hundred three-v of the public health law, as provided in that section.
51	The commissioner may make regulations relating to implementation of this
52	subdivision.
53	§ 3. This act shall take effect on the one hundred twentieth day after
54	it shall have become a law. Effective immediately, the commissioner of
55	health and the commissioner of education may make regulations and take

56 other actions reasonably necessary to implement this act on that date.
