Introduced by Sen. PHILLIPS -- read twice and ordered printed, and when printed to be committed to the Committee on Rules

AN ACT to amend the election law, in relation to requests for cancellation of the designation of a polling place

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subdivision 3 of section 4-104 of the election law, as  
2 amended by chapter 694 of the laws of 1989, is amended to read as  
3 follows:

4 3. (a) A building exempt from taxation shall be used whenever possible  
5 as a polling place if it is situated in the same or a contiguous  
6 election district, and may contain as many distinctly separate polling  
7 places as public convenience may require. The expense, if any, inci-  
8 dental to its use, shall be paid like the expense of other places of  
9 registration and voting. If a board or body empowered to designate poll-  
10 ing places chooses a public school building for such purpose, the board  
11 or agency which controls such building must make available a room or  
12 rooms in such building which are suitable for registration and voting  
13 and which are as close as possible to a convenient entrance to such  
14 building and must make available any such room or rooms which the board  
15 or body designating such building determines are accessible to phys-  
16 ically disabled voters as provided in subdivision one-a of this section.  
17 Not later than twenty days after a public school building receives  
18 notice of its designation as a polling place, the board or agency  
19 controlling such building may file a written request for a cancellation  
20 of such designation, provided that such board or agency makes a showing  
21 that such building does not possess the proper structure or procedures  
22 to keep the public safe in the event of a security concern arising  
23 during the use of such building as a polling site. The board or body  
24 empowered to so designate shall, within twenty days after such request  
25 is filed, cancel the designation of such polling site.

26 (b) Notwithstanding the provisions of any general, special or local  
27 law, if a board or body empowered to designate polling places chooses a  
28 publicly owned or leased building, other than a public school building,

EXPLANATION--Matter in italics (underscored) is new; matter in brackets  
[-] is old law to be omitted.

1 for such purposes the board or body which controls such building must  
2 make available a room or rooms in such building which are suitable for  
3 registration and voting and which are as close as possible to a conven-  
4 ient entrance to such building, and must make available any such room or  
5 rooms which the board or body designating such building determines are  
6 accessible to physically disabled voters unless, not later than thirty  
7 days after notice of its designation as a polling place, the board or  
8 body controlling such building, files a written request for a cancella-  
9 tion of such designation with the board or body empowered to designate  
10 polling places on such form as shall be provided by the board or body  
11 making such designation. The board or body empowered to so designate  
12 shall, within twenty days after such request is filed, determine whether  
13 the use of such building as a polling place would unreasonably interfere  
14 with the usual activities conducted in such building and upon such  
15 determination, may cancel such designation.

16 § 2. This act shall take effect on the sixtieth day after it shall  
17 have become a law.
