An employer may elect to provide its employees with the total amount of sick leave required to fulfill its obligations pursuant to subdivision one of this section at the beginning of the calendar year, provided, however that no employer shall be permitted to reduce or revoke any such sick leave based on the number of hours actually worked by an employee during the calendar year if such employer elects pursuant to this subdivision.

Employees shall receive compensation at his or her regular rate of pay, or the applicable minimum wage established pursuant to section six hundred fifty-two of this chapter, whichever is greater, for the use of paid sick leave.

6. An employee's unused sick leave shall be carried over to the following calendar year, provided, however, that: (i) an employer with fewer than one hundred employees may limit the use of sick leave to forty hours per calendar year; and (ii) an employer with one hundred or more employees may limit the use of sick leave to fifty-six hours per calendar year. Nothing in this section shall be construed to require an employer to pay an employee for unused sick leave upon such employee's termination, resignation, retirement, or other separation from employment.

7. No employer or his or her agent, or the officer or agent of any corporation, partnership, or limited liability company, or any other person, shall discharge, threaten, penalize, or in any other manner discriminate or retaliate against any employee because such employee has exercised his or her rights afforded under this section, including, but not limited to, requesting sick leave and using sick leave, consistent with the provisions of section two hundred fifteen of this chapter.

9. 10. Upon return to work following any sick leave taken pursuant to this section, an employee shall be restored by his or her employer to
the position of employment held by such employee prior to any sick leave taken pursuant to this section with the same pay and other terms and conditions of employment.

11. Upon the oral or written request of an employee, an employer shall provide a summary of the amounts of sick leave accrued and used by such employee in the current calendar year and/or any previous calendar year. The employer shall provide such information to the employee within three business days of such request.

12. Nothing in this section shall be construed to prevent a city with a population of one million or more from enacting and enforcing local laws or ordinances which meet or exceed the standard or requirements for minimum hour and use set forth in this section, as determined by the commissioner. Any paid sick leave benefits provided by a sick leave program enforced by a municipal corporation in effect as of the effective date of this section shall not be diminished or limited as a result of the enactment of this section.

13. The commissioner shall have authority to adopt regulations and issue guidance to effectuate any of the provisions of this section. If any clause, sentence, paragraph, subdivi- sion, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part thereof directly involved in the controversy in which such judg- ment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.

§ 5. This act shall take effect immediately; provided, however that sections two and three of this act shall take effect on the one hundred eightieth day after it shall have become a law; provided, further, that
