AN ACT to amend the New York state urban development corporation act, in relation to marketing and expanding export trade

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

- Section 1. Short title. This act shall be known and may be cited as 2 the "marketing and expanding export trade - New York act" or "MEET-NY 3 act".

Businesses need support in the form of 12 updated information, technical expertise and to develop working alli-13 ances to position themselves to maximize trade potential with other 14 countries, states and regionally within New York state. The state cannot 15 remain static if it is to grow, and it must develop a comprehensive 16 strategy to encourage and assist all businesses to realize the promises 17 of expanded international, inter-state and intra-state trade.
- § 3. Section 1 of chapter 174 of the laws of 1968, constituting the 19 New York state urban development corporation act, is amended by adding a new section 16-bb to read as follows:
