Introduced by M. of A. L. ROSENTHAL -- read once and referred to the Committee on Governmental Operations

AN ACT to amend the executive law, in relation to the use of facial recognition and biometric information for determining probable cause

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The executive law is amended by adding a new section 837-u 1 2 to read as follows:

§ 837-u. Use of biometric identifying technology. 1. As used in this 4 section:

- (a) "Biometric identifying technology" shall mean any computer soft-6 ware, algorithm, product, or application that collects or electronically 7 analyzes biometric information for the purposes of identifying an individual, including but not limited to facial recognition.
- (b) "Biometric information" shall mean any measurable physical or 9 10 behavioral characteristics that are attributable to an individual 11 person, including but not limited to facial characteristics, fingerprint 12 characteristics, hand characteristics, eye characteristics, vocal char-13 acteristics, and any other physical characteristics that can be used to identify a person including, but not limited to: fingerprints; hand-14 15 prints; retina and iris patterns; DNA sequence; voice; gait; and facial 16 geometry.
- 17 (c) "Facial recognition" shall mean a biometric application or biome-18 tric identifying technology capable of uniquely identifying or verifying a person by comparing and analyzing patterns based on the person's 19 facial contours. 20
- 21 2. Biometric identifying technology shall not be the sole factor in 22 <u>determining the existence of probable cause to place in custody or</u> 23 arrest an individual.
- 3. Not later than January first, two thousand twenty-one, each munici-24 25 pal police department, sheriff's office, and the division of state police shall adopt a written policy that prohibits the stopping, 26 27 detention or search of any person when such action is solely motivated

28 by biometric identifying technology.
