AN ACT to amend the general business law and the penal law, in relation to preventing the sale of firearms, rifles, and shotguns to criminals

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Legislative findings and declaration. The legislature hereby finds and declares as follows:

3 1. Firearms, rifles and shotguns are used to kill over 30,000 individ-4 uals in the United States every year, including 1,000 individuals in New York state alone. Additionally, there are 100,000 non-fatal injuries 5 6 across the country. The federal government has largely ignored this public health crisis and has left it up to state and local governments 7 8 to protect its citizens. Firearm violence also costs billions of dollars 9 and causes incalculable emotional damage, devastating families and 10 communities throughout the country. Therefore, the state of New York 11 has a strong interest in reducing violence and crimes that involve the use of firearms and the illegal trafficking of firearms. Illegal guns 12 13 obtained throughout the state end up in the hands of criminals, youth and violent individuals who use them to threaten, maim and kill. 14

15 2. There is a thriving underground market for illegal firearms, largelo ly driven by demand from drug gangs and other criminals. A highly effiround continuous business practice exists in which firearms are moved from legal manufacture and sale to prohibited purchasers, making them illegal firearms. According to a recent report of the New York

state attorney general, 52,915 crime guns were recovered by law enforce-1 ment in New York between 2010-2015. Target on Trafficking, New York Crime Gun Analysis, October 2016 ("2016 AG Report"). Of these crime 2 3 4 guns, 13,188 or 24.9% were long guns. Outside New York City, long guns 5 are sold without a permit. The 2016 AG Report further found that 90% of б the crime guns recovered were recovered in seven distinct markets: New 7 York City, the lower Hudson Valley (including the cities of Yonkers, 8 White Plains, Newburgh and Poughkeepsie), the Capital Region (including 9 Albany, Troy and Schenectady), Syracuse, Rochester and Buffalo. 74% of 10 the crime guns recovered were from out of state. Yet a significant 11 portion of guns involved in crimes upstate originate within the state. For example, according to the 2016 AG Report, 41% of crime guns in the 12 13 Buffalo area and 56% of crime guns in the Rochester area originated 14 within New York state.

15 3. Youth are particularly at risk of being killed with guns. Accord-16 ing to the Centers for Disease Control and Prevention, in 2010 alone, 17 116 children and teens (under the age of 19) died from gun violence in 18 New York state.

4. A substantial portion of illegal firearms are diverted to the ille-19 20 gal market through licensed gun dealers. Rogue gun dealers play a key 21 role in this market. These roque dealers funnel guns to the illegal market through a variety of channels. One of the most common means is to 22 allow "straw purchases". A straw purchase occurs when a person purchases 23 a gun on behalf of a prohibited person. In 2000, the Bureau of Alcohol, 24 25 Tobacco, Firearms, and Explosives (ATF) conducted an investigation of 26 qun trafficking from July 1996 to December 1998 and found that almost 27 26,000 trafficked firearms were associated with investigations in which there was a straw purchaser. Almost 50% of all trafficking investi-28 29 gations involved straw purchasers, with an average of 37 firearms trafficked per investigation. Another issue, according to a 2008 report by 30 31 Mayors Against Illegal Guns, Inside Straw Purchasing: How Criminals Get 32 Guns Illegally, is that many traffickers return to the same store again 33 and again once they have identified it as one in which they can make straw purchases easily. According to the ATF, 1% of gun dealers are the 34 35 source of almost 60% of crime guns.

36 5. Although most gun dealers operate their businesses legally and 37 responsibly, some gun dealers who are corrupt or maintain shoddy record-38 keeping practices flood the streets with illegal weapons as a result of 39 their unrestricted access to new gun inventory and the unwillingness of gun manufacturers to terminate their supply to these rogue dealers. 40 41 Current federal and state regulation has not curbed the business prac-42 tice of illegal gun dealers. According to a 2004 study by Americans for 43 Gun Safety, of the 120 worst gun dealers in the country, namely those 44 dealers with an average of 500 crime guns traced to them, 96 were still 45 in operation.

46 б. Moreover, this problem is not limited to unlicensed sellers, and 47 clearly includes federal firearms licensees (FFLs). Indeed, although FFLs were involved in under 10% of the trafficking investigations under-48 49 taken by ATF, they were associated with the largest number of diverted 50 firearms--over 40,000 guns, which is nearly half of the total number of 51 trafficked firearms documented during the two-year period of the ATF's 52 investigation. Additionally, a 2010 report by Mayors Against Illegal 53 Guns indicated that several states which allow state authorities to 54 supplement the federal ATF inspection with routine inspections provide 55 law enforcement with more opportunities to uncover dealers in violation 56 of the law. These inspections also help identify dealers who exercise

lax oversight over their inventory and may lead to improved compliance
with federal, state, and local laws.
7. Current state law governing firearm dealers is inadequate to
prevent the diversion of firearms to the illegal marketplace. Addi-
tional protections that are needed include, but are not limited to,
better gun dealer internal compliance procedures, programs to eliminate
straw purchases, improved security measures, reducing youth access, and mandatory training for gun dealer employees. The additional protections
set forth in this act will greatly enhance the state's efforts to reduce
criminal activity in the state.

to read as follows:
