(a) revisions to state education standards and the state instructional technology plan;

(b) revisions to policies and procedures on media literacy, including digital citizenship and internet safety;

(c) school district processes necessary to develop customized school district policies and procedures on electronic resources and internet safety that can be used within a school district technology plan;

(d) best practices, resources, and models for instruction in media literacy;

(e) best practices, resources, and models for instruction of digital citizenship, including media literacy, that are compliant with the federal universal service e-rate program administered by the schools and libraries division of the universal service administrative company and federal mandates established in the federal children's internet protection act; and

(f) strategies that will support school districts in local implementation of the best practices and recommendations developed by the committee, including strategies for delivering professional development to educators and administrators.

§ 4. The report required by section three of this act shall be delivered to the governor, the temporary president of the senate and the speaker of the assembly no later than one year after the effective date of this act.

§ 5. The education law is amended by adding a new section 756 to read as follows:

§ 756. Annual review of media literacy policy and procedures. 1. For purposes of this section, "media literacy" shall be considered a broad term that encompasses consumption and production of media and digital products and is defined as the ability to access, analyze, evaluate, act and create with all forms of communication, and encompasses the foundational skills of digital citizenship and internet safety including the norms of appropriate, responsible, healthy behavior, and cyberbullying prevention.

2. Beginning in the two thousand twenty--two thousand twenty-one school year, a media literacy advisory committee shall be created within the department to review and amend the policy and procedures on media literacy. The committee, in conjunction with national or statewide organizations focused on media literacy, shall:

(a) involve a representation of parents or guardians, teachers, teacher librarians, other school employees, school administrators, pupils, and community representatives with experience or expertise in media literacy issues;

(b) consider customizing the model policy and procedures on electronic resources;

(c) consider existing school district resources; and

(d) consider best practices, resources, and models for instruction in media literacy, including methods to involve parents.

§ 6. This act shall take effect immediately.
