## STATE OF NEW YORK

10835

## IN ASSEMBLY

July 20, 2020

Introduced by COMMITTEE ON RULES -- (at request of M. of A. D. Rosenthal) -- read once and referred to the Committee on Corporations, Authorities and Commissions

AN ACT in relation to requiring certain provisions be included in any procurement or agreement prior to disposing of any asset owned, leased or otherwise controlled on or in the immediate vicinity of the Lefferts Boulevard Bridge

## The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Legislative intent. The legislature hereby finds and 2 declares that the Lefferts Boulevard Bridge is an essential almost 100year-old structure of historical significance in Kew Gardens, Queens that has been owned by the MTA/Long Island Rail Road since 1925. The bridge has been an integral and essential focal point for community life in Kew Gardens for the past century. The bridge has long served critical and multiple purposes in the community-as a hub of business and culture, and as a pristine example of "Ponte Vecchio" style architecture which is rare and brilliant, particularly in New York City. The structure itself 10 has intrinsically historical significance and currently is under review 11 by the office of parks, recreation and historic preservation for designation on the New York State and National Registers of Historic Places 13 Programs. In addition, the bridge is home to a series of longstanding 14 local businesses, many of which have served the community, and contrib-15 uted substantial revenues to the MTA, for multiple generations, while 16 hard at work in their humble storefronts on top of the bridge. In 2018 17 the bridge was saved from demolition by an earnest and professional partnership between the MTA, LIRR, the businesses and the concerned 18 19 community. Stabilization of the structure was undertaken and now reha-20 bilitation is contemplated yet the metes and bounds are unclear. This 21 legislation will ensure that the character of the singularly important 22 bridge and its footprint are protected and that the bridge-based busi-23 nesses are given a fair opportunity to continue, post rehabilitation. 24 § 2. Notwithstanding any law to the contrary, prior to disposing of

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

25 any asset owned, leased or otherwise controlled on or in the immediate
