§ 3. Subdivision 3 of section 1805 of the real property tax law, as amended by chapter 143 of the laws of 1989, and as further amended by subdivision (b) of section 1 of part W of chapter 56 of the laws of 2010, is amended to read as follows:

3. If the assessment appearing on an assessment roll completed on or after January first, nineteen hundred eighty-two for any parcel not subject to the provisions of subdivision one or two of this section, other than a parcel classified in class three in a special assessing unit not located wholly within the city, is greater than the assessment appearing on the previous year's assessment roll the assessor shall determine a transition assessment for such parcel for the first assessment roll on which such greater assessment appears and for each of the succeeding four assessment rolls by computing the difference between such greater assessment and the assessment appearing on such previous year's assessment roll and adding the following percentages of such difference to the assessment appearing on such previous year's assessment roll: in the first year, twenty percent; in the second year, forty percent; in the third year, sixty percent; in the fourth year, eighty percent; and in the fifth year, one hundred percent. If the assessment of a parcel is increased during a period for which transition assessments have been established because of any prior assessment increases,

1 such new increase shall be phased-in over a five-year period as set
2 forth in this subdivision, and such phased-in increases shall be added
3 to the transitional assessments previously established for the prior
4 increase; provided, however, that if in any year any such transition
5 assessment exceeds the actual assessment for such year, taxes imposed on
6 such parcel for such year shall be based on such lesser actual assess-
7 ment. Notwithstanding the foregoing, during the period of any such tran-
8 sition, the assessment roll shall contain an entry of the full amount of
9 such greater assessment which shall be used by the commissioner in its
10 determination of class ratios pursuant to paragraph (b) of subdivision
11 one of section twelve hundred two of this chapter. In establishing state
12 equalization rates, class equalization rates, special state equalization
13 rates and special state equalization ratios under article twelve, arti-
14 cle twelve-A and article twelve-B of this chapter, the commissioner
15 shall use the transition assessments as provided for in this subdivision
16 in its determinations, or where the actual assessment is the lesser,
17 such actual assessment shall be so used.

18 § 4. This act shall take effect immediately and shall be applicable to
19 assessment rolls with a taxable status date following such effective
20 date.
