authority to approve or disapprove any corporation's use of eminent domain. Each such local legislative body shall approve or disapprove any proposed corporate use of the power of eminent domain by majority vote. Where applicable in the enactment of local laws, the chief executive officer of such locality if the office of such chief executive officer is elective shall approve or disapprove such governing body's decision, subject to any applicable right to override.

§ 4. The general municipal law is amended by adding a new section 858-c to read as follows:

Where applicable in the enactment of local laws, the chief executive officer of such locality if the office of such chief executive officer is elective shall approve or disapprove such governing body's decision, subject to any applicable right to override.

§ 5. Section 103 of the eminent domain procedure law is amended by adding two new subdivisions (H) and (I) to read as follows:

(H) "Economic development project" means any project for which acquisition of real property may be required for a public use, benefit, or purpose where such public use, benefit, or purpose is primarily for economic development and where the condemnee's real property is a home or dwelling.

(I) For the purposes of article two of this chapter:

(1) "Home" means owner-occupied residential premises consisting of not more than six dwelling units.

(2) "Dwelling" means residential premises consisting of not more than thirty dwelling units, none of which is occupied by an owner of such premises.

(3) In the case of cooperative apartment corporations, title to that portion of real property owned by a cooperative apartment corporation in which a tenant-stockholder of such corporation resides, and which is represented by his or her share or shares of stock in such corporation as determined by its or their proportional relationship to the total outstanding stock of the corporation, including that owned by the corporation, shall be deemed to be vested in such tenant-stockholder notwithstanding the number of dwelling units in such residential premises, thus qualifying a cooperative apartment as a home.

§ 6. Subdivision (B) of section 204 of the eminent domain procedure law is amended to read as follows:

(B) The condemnor, in its determination and findings, shall specify, but shall not be limited to the following:

(1) the public use, benefit or purpose to be served by the proposed public project;

(2) the approximate location for the proposed public project and the reasons for the selection of that location;

(3) the general effect of the proposed project on the environment and residents of the locality;

(4) a declaration to such effect if the primary public purpose is determined to be for economic development where one or more condemnees' homes or dwellings are to be affected; and

(5) such other factors as it considers relevant.

§ 7. The eminent domain procedure law is amended by adding a new section 204-a to read as follows:

1     § 204-a. Economic development condemnation findings and homeowner  
2 protection. (A) If the condemnor determines pursuant to paragraph four  
3 of subdivision (B) of section two hundred four of this article that the  
4 primary public purpose or benefit is for economic development, the  
5 condemnor, in cooperation with the government of the locality in which  
6 the real property to be acquired is located shall prepare a comprehen-  
7 sive economic development plan for the affected area. The comprehensive  
8 economic development plan shall include, but not be limited to, the  
9 actual or expected benefits of the project, including the expected  
10 increased tax revenue or expected creation of jobs, the types of busi-  
11 nesses or industry that will use the condemned property, and alterna-  
12 tives to the plan. When a draft comprehensive economic development plan  
13 is created, the condemnor, in cooperation with the government of the  
14 locality in which the real property to be acquired is located shall hold  
15 at least one public hearing to compile and analyze public input. The  
16 public hearing shall be held in accordance with the provisions of this  
17 article at a location reasonably proximate to the real property which  
18 may be acquired for such project. Thereafter, the condemnor shall  
19 complete a final comprehensive economic development plan to be submitted  
20 to the local legislative body, subject to any applicable right to over-  
21 ride for its approval. To move forward with the project, the local  
22 legislative body must approve the plan by a majority vote, and it must  
23 also be approved by the chief executive officer of such locality if the  
24 office of such chief executive officer is elective.

25     (B) The condemnor shall also create a homeowner impact assessment  
26 statement. The condemnor, in the homeowner impact assessment statement,  
27 shall assess the actual harm to affected condemnees' that would lose  
28 their homes or dwellings and compare such harm with the reasonably  
29 expected community benefits, including but not limited to how the  
30 condemnor justifies the taking of the condemnees' homes or dwellings.  
31 The homeowner impact assessment statement shall be completed simultane-  
32 ously with the comprehensive economic development plan under subdivision  
33 (A) of this section. The homeowner impact assessment statement shall be  
34 made widely available.

35     (C) In cases where a condemnee's home or dwelling is acquired for an  
36 economic development project, the condemnor shall, in addition to any  
37 other compensation requirements under this article, compensate the  
38 condemnee a minimum of one hundred fifty percent of the fair market  
39 value of the real property. Residents who are displaced by the economic  
40 development project shall also be compensated at least one hundred fifty  
41 percent of the annual rent of such dwelling.

42     § 8. Subdivision (A) of section 207 of the eminent domain procedure  
43 law, as amended by chapter 356 of the laws of 1982, is amended to read  
44 as follows:

48 appellate division of the supreme court, in the judicial department  
49 embracing the county wherein the proposed facility is located by the  
50 filing of a petition in such court within [~~thirty~~ ninety] days after the  
51 condemnor's completion of its publication of its determination and find-  
52 ings pursuant to section two hundred four [~~herein~~ of this article]. Such  
53 petition shall be accompanied by proof of service of a demand on the  
54 condemnor to file with said court a copy of a written transcript of the  
55 record of the proceeding before it, and a copy of its determination and  
56 findings. Upon receipt of such petition and demand, the condemnor shall

1 forthwith deliver to the court a copy of the record and a copy of its  
2 determination and findings. The proceeding shall be heard on the record  
3 without requirement of reproduction. If such proposed public improvement  
4 is located in more than one judicial department, such proceeding may be  
5 brought in any one, but only one, of such departments, and all such  
6 proceedings with relation to any single public project shall be consol-  
7 idated with that first filed. If the condemnor substantially alters the  
8 scope of the project or the determination and findings, then the condem-  
9 nee shall have an additional ninety days from the condemnor's publica-  
10 tion of such alteration, which publication is hereby required, to seek
