The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section 55-b of the civil service law is amended by adding a new subdivision 3 to read as follows:

3. (a) Notwithstanding any provision of subdivisions one and two of this section, the commission shall establish a customized employment demonstration program, of not more than fifteen positions, that subdivides traditional positions of employment into two or more sub-positions for the purpose of employing persons with developmental disabilities. Such persons appointed to fill sub-positions shall be limited to those individuals, who because of physical and/or mental disability, are unable to perform all the duties of the position, but are able to perform a portion of such duties, and who would otherwise not qualify, because of the severity of their disability, for a position designated pursuant to subdivision one of this section.

(b) Such persons, as determined by the president, shall be appointed as temporary employees to fill sub-positions. Sub-positions shall be customized to the strengths and interests of the job candidate and the identified needs of the employer, which may include the process of task reassignment, job carving and job sharing. No person holding a position pursuant to this chapter shall be terminated for the purposes of establishing or filling a sub-position established pursuant to this subdivision. Sub-positions may be either part-time or full-time employment. Compensation for the sub-positions shall be set at the minimum wage, as established pursuant to section six hundred fifty-two of the labor law.
