The commissioner may grant such a waiver annually.

(4) A "local sponsor" shall mean any municipality, a school district or a district as defined in the general municipal law, or any combination thereof.

q. (1) In calendar year two thousand nineteen and thereafter, up through and including calendar year two thousand twenty-three, except in cities with a population in excess of one million inhabitants, the commissioner is hereby authorized to expend each year up to seven million dollars for grants to public library systems operating under an approved plan of service and with an approved program for assisting local communities to create and strengthen local public library districts so that all New Yorkers may live within the boundaries of a local public library district. Such grants shall be awarded for a period of three years, shall be determined on the basis of criteria to be developed by the commissioner and shall assist member public and free association libraries in meeting and exceeding standards established by the regents in accordance with section two hundred fifty-four of this part. Notwithstanding any other provision of law to the contrary, any portion of a grant award that remains unexpended at the end of a state fiscal year shall be carried over to the next fiscal year and shall remain available to the library or library system for expenditure for purposes of this paragraph to the extent there is an appropriation available, provided that the term of the grant has not expired. This state aid shall be awarded in accordance with regulations promulgated by the commissioner.

(2) The commissioner shall provide grants to eligible public library systems with a program for assisting libraries and communities in creating and strengthening public library districts in the following manner:

(a) an amount of one hundred fifty thousand dollars to each eligible public library system in furtherance of the purposes of this paragraph, and

(b) an amount up to one dollar per capita of the library system's population who do not reside within the chartered service area of a member library to each eligible public library system in furtherance of the purposes of this paragraph, and

(3) In calendar year two thousand nineteen and thereafter, up through and including calendar year two thousand twenty-three, the New York state library shall be entitled to receive each year the sum of four hundred thousand dollars for the establishment and implementation of a statewide program for assisting public library systems, public and free association libraries and local communities to create and strengthen local public library districts so that all New Yorkers live within the boundaries of a local public library district. Such statewide services may include, but are not limited to technical assistance and training for libraries and library systems, publications, communications and program planning, implementation and evaluation.

r. (1) In calendar year two thousand nineteen and thereafter, except in cities as defined by the federal census, the commissioner is hereby authorized to provide grants to strengthen chartered and registered public and free association libraries meeting standards of service promulgated by the commissioner. This annual state aid shall be awarded in accordance with regulations promulgated by the commissioner. Nonurban library services aid shall be paid to the system for distribution within thirty days of receipt to its eligible member libraries in accordance with this subdivision.

(2) In the event that the sum total of local sponsor support raised by local taxation exclusive of the sum raised for capital expenditures in a twelve month period, is less than ninety-five per centum of the average of the amounts raised for such purposes by local taxation for the two preceding twelve month periods, the nonurban library services aid to which such library would otherwise be entitled shall be reduced by the same ratio.

(3) The commissioner may waive the requirements of subparagraph two of this paragraph, if the commissioner determines that the application of such subparagraph would result in excessive hardship for the public or free association library brought about by an extraordinary change in a local sponsor's economic condition, loss by a local sponsor of state aid to local governments provided under section fifty-four of the state finance law, or by a natural disaster. The commissioner may grant such waiver annually.

(4) A "local sponsor" shall mean any municipality, a school district or a district as defined in the general municipal law, or any combination thereof.

Local library need-based aid would provide matching grants to raise the total local sponsor support raised by local taxation exclusive of the sum raised for capital expenditures and debt service to a total of twenty dollars per capita of the population of the library's chartered service area as on file with the commissioner on January first of the year in which the aid is payable. Such matching grants shall be determined on the basis of need criteria to be developed by the commissioner and shall assist those member public and free association libraries designated by the commissioner as serving economically disad-

This annual state aid shall be awarded in accordance with regulations promulgated by the commissioner. This state aid shall be paid to the system for distribution within thirty days of receipt to its eligible member libraries in accordance with this subdivision.

(2) In the event that the sum total of local sponsor support raised by local taxation exclusive of the sum raised for capital expenditures in a twelve month period, is less than that provided to the local library in the fiscal year ending in two thousand eighteen, the local library need-based aid to which such library would otherwise be entitled shall be reduced by the same ratio. In the event that the sum total of local sponsor support raised by local taxation exclusive of the sum raised for capital expenditures in a twelve month period, is more than that provided to the local library in the fiscal year ending in two thousand eighteen, the local library need-based state aid to which such library would otherwise be entitled would remain constant.

(3) The commissioner may waive the requirements of subparagraph two of this paragraph, if the commissioner determines that the application of such subparagraph would result in excessive hardship for the public or free association library brought about by an extraordinary change in a local sponsor's economic condition, loss by a local sponsor of state aid to local governments provided under section fifty-four of the state finance law, or by a natural disaster. The commissioner may grant such waiver annually.

(4) A "local sponsor" shall mean any municipality, a school district, or a district as defined in the general municipal law, or any combination thereof.

(b) the remainder shall be provided to the New York state library for establishing and coordinating statewide reading programs, which may include contracting with library systems or other libraries to deliver statewide services for this purpose. Such statewide services may include, but shall not be limited to, training, technical assistance to libraries and library systems, publications, communications and program planning and evaluation.

2. Within the amounts appropriated therefor moneys paid out pursuant to this section shall be paid out of the state treasury on vouchers certified by the commissioner after audit by and upon the warrant of the comptroller.

3. The commissioner may waive the requirement that a public library system serve an entire county to earn the maximum annual grant under subparagraphs two and three of paragraph a of subdivision one of this

Each system may annually appropriate funds received under this provision to obtain matching funds from the National Endowment for the Humanities in the United States Newspaper Program. The annual amount payable to each approved system under this paragraph shall be payable on or before July first, provided that, upon receipt of annual system activity reports satisfactory to the commissioner, the commissioner shall determine the amount of any under- or overpayments and shall apply such adjustment to the next annual payment due such system.

(2) For the purposes of determining the amount of funds available to each system, institutions and their weightings are as follows:

(i) not-for-profit hospitals licensed by the New York state health department, with a weighting of two;
