AN ACT to amend the tax law, in relation to brownfield redevelopment tax credit

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Paragraphs 1, 2, 4, 6 and 7 of subdivision (a) of section 21 of the tax law, as amended by section 1 of part H of chapter 577 of the laws of 2004, paragraph 1 as amended by section 39 of part A of chapter 59 of the laws of 2014, are amended to read as follows:

3 chapter 59 of the laws of 2014, are amended to read as follows: (1) General. A taxpayer subject to tax under article nine, nine-A, twenty-two or thirty-three of this chapter shall be allowed a credit 7 against such tax, pursuant to the provisions referenced in subdivision (f) of this section. Such credit shall be allowed with respect to a 9 qualified site, as such term is defined in paragraph one of subdivision (b) of this section. The amount of the credit in a taxable year shall be 10 the sum of the credit components specified in paragraphs two, three and 12 four of this subdivision applicable in such year. Notwithstanding the 13 foregoing, in the event that the qualified site is owned by, or was 14 acquired by a taxpayer from, a municipality, as such term is defined in 15 <u>subdivision twenty-one of section 27-1405 of the environmental conserva-</u> 16 tion law, the credit shall be reduced by the following amounts to the extent that they were incurred after the date of the brownfield site 17 cleanup agreement executed by the taxpayer and the department of envi-18 ronmental conservation pursuant to section 27-1409 of the environmental 19 20 conservation law (A) the amount of all site preparation costs and on-site groundwater remediation costs undertaken specifically on such 22 qualified site by or at the expense of such municipality (or any affiliated municipality thereof), (B) the amount of all costs of all infras-23 24 tructure work, as defined below, undertaken specifically on the quali-25 fied site by or at the expense of such municipality (or any affiliated municipality thereof) and (C) the amount of all costs for improvements undertaken by or at the expense of the municipality (or any affiliated 27 28 municipality thereof) specifically on any portion of the qualified site

which will be available to the general public free of charge or which improvements are made for environmental conservation purposes; and such amount of all costs under subparagraphs (A), (B) and (C) of this para-3 4 graph shall instead be paid by the tax department to such municipality (or any affiliated municipality designated by such municipality); 6 provided, however, that such municipality may waive its right to any such payment, in whole or in part, by filing written notice of such 7 8 waiver with the commissioner on or before the date the taxpayer files a 9 return claiming the credit described in this section, and the amount of any such payment so waived shall not be a reduction against the credit 10 11 available to the taxpayer hereunder. For purposes of this section, "infrastructure work" means all improvements which are customarily 12 constructed or installed by a municipality and are generally necessary 13 14 for a site to be developed, including without limitation roads, curbs, 15 sidewalks, sewers, utilities, bulkheading, drainage facilities and 16 related earthwork and landscaping.

- (2) Site preparation credit component. The site preparation credit component shall be equal to the applicable percentage of the site preparation costs paid or incurred by the taxpayer or the municipality (or any affiliated municipality thereof) entitled to a payment pursuant to paragraph one of this subdivision with respect to a qualified site. The credit component amount so determined with respect to a site's qualification for a certificate of completion shall be allowed for the taxable year in which the effective date of the certificate of completion occurs. The credit component amount determined other than with respect to such qualification shall be allowed for the taxable year in which the improvement to which the applicable costs apply is placed in service for up to five taxable years after the issuance of such certificate of completion.
- (4) On-site groundwater remediation credit component. The on-site groundwater remediation credit component shall be equal to the applicable percentage of the on-site groundwater remediation costs paid or incurred by the taxpayer or the municipality (or any affiliated municipality thereof) entitled to a payment pursuant to paragraph one of this subdivision with respect to a qualified site (to the extent that such groundwater remediation costs are not included in the determination of the site preparation credit or the cost or other basis included in the determination of the tangible property credit). The credit component so determined for costs incurred and paid with respect to and prior to the issuance of a certificate of completion shall be allowed for the taxable year in which the effective date of the issuance of a certificate of completion occurs. The credit component amount determined in taxable years after the effective date of the issuance of a certificate of completion shall be allowed in the taxable year such qualified costs are incurred and paid for up to five taxable years after the issuance of such certificate of completion.
- (6) Site preparation costs and on-site groundwater remediation costs paid or incurred by the taxpayer or the municipality (or any affiliated municipality thereof) entitled to a payment pursuant to paragraph one of this subdivision with respect to a qualified site and the cost or other basis for federal income tax purposes of tangible personal property and other tangible property, including buildings and structural components of buildings, which constitute qualified tangible property shall only include costs paid or incurred by the taxpayer or the municipality (or any affiliated municipality thereof) entitled to a payment pursuant to paragraph one of this subdivision on or after the date of the brownfield
