7

8

2-b. The state university trustees shall establish a consistent and evidence-based policy for accepting and granting comparable college credit for demonstrating college level performance by earning passing scores on standardized exams in high school. The policy shall be adopted and implemented for students enrolling in any state university campus, effective for the two thousand twenty--two thousand twenty-one academic year and thereafter.

9 10 The policy shall be developed based on the findings of a study and 11 shall include: (i) in consultation with the system's institutions, 12 student advisory groups and other interested parties, a review by the 13 state university trustees of findings and academic performance data for 14 students successfully passing one or more Advanced Placement Exams prior to enrolling in a state university or college; and (ii) measures of 15 16 academic performance, retention rates, and graduation rates of students 17 who complete a lower-division course at the state university's insti-18 tutions of higher education compared to students who receive credit for 19 a comparable college course, disaggregated by score, based upon Advanced 20 Placement, College Level Examination Program (CLEP) International Baccalaureate (IB) Examinations.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

b. Each institution in the state university system shall submit to the state university trustees the data requested for the purpose of completing this study in a timely manner.

- c. Not later than January first, two thousand twenty, the state university trustees shall establish a consistent policy, based on the findings of the study required by this subdivision, for granting college credit established by evidence of passing scores on standardized college level exams completed in high school.
- 9 § 2. Section 6206 of the education law is amended by adding a new 10 subdivision 20 to read as follows:
 - 20. The board of trustees shall establish a consistent and evidence based policy for accepting and granting college credit for successful performance on college level standardized exams taken by students while in high school. The policy shall be adopted and implemented for students enrolling in any city university campus effective for the two thousand twenty--two thousand twenty-one academic year and thereafter.
- a. The policy shall be developed based on the findings of a study and shall include: (i) in consultation with the system's institutions, student advisory groups and other interested parties, a review by the 20 board of trustees of findings and academic performance data for students successfully passing one or more Advanced Placement, College Level Examination Program (CLEP), and International Baccalaureate (IB) Exams prior to enrolling in a state university college; and (ii) measures of academic performance, retention rates, and graduation rates of students who complete a lower-division course at the city university's institutions of higher education compared to students who receive credit for a comparable college course, disaggregated by score, based upon Advanced Placement Examinations.
- b. Each institution in the city university system shall submit to the 29 30 board of trustees the data requested for the purpose of completing this 31 study in a timely manner.
- c. Not later than January first, two thousand twenty, the board of 32 33 trustees shall establish a consistent policy, based on the findings of the study required by this subdivision, for granting college credit 34 35 established by evidence of passing scores on standardized college level exams completed in high school. 36
 - § 3. This act shall take effect immediately.
