1 commencing July first and ending June thirtieth for up to three years,
2 or until the project is completed, whichever occurs first. Fifty percent
3 of such aid shall be payable to each system or library upon approval of
4 the application by the department. Forty percent of such aid shall be
5 payable in the next state fiscal year. The remaining ten percent shall
6 be payable upon project completion.

7 2. Each application for state aid shall be submitted by the board of
8 trustees of the library or library system responsible for the operation
9 of the subject building to the commissioner for his or her review and
10 approval, after having been reviewed and approved by the governing board
11 of the public library system of which such library is a member. Each
12 application shall:

13 a. demonstrate that resources are or shall be available to provide for
14 maximum utilization of the project if approved;

15 b. contain verification in such form as may be acceptable to the
16 commissioner that the total cost of the project, exclusive of state aid,
17 has been or will be obtained;

18 c. demonstrate that library operations would be made more economical
19 as a consequence of approval;

20 d. be limited to one project concerning such building, provided that
21 no building shall be the subject of more than one application per year;

22 e. contain documentation, where such an application requests state aid
23 in an amount greater than fifty percent, demonstrating how the project
24 will address the service needs of one or more economically disadvantaged
25 communities. Such documentation may demonstrate need through poverty
26 rates, concentrations of English language learners, low high school
27 graduation rates, limited fiscal capacity or other relevant factors;
28 [~~and~~]

29 f. contain documentation, where such an application requests state aid
30 in an amount greater than seventy-five percent, demonstrating how the
31 project will address the service needs of one or more economically
32 distressed communities. An application must demonstrate that the average
33 poverty rate within the library's service area is equal to or greater
34 than the New York state average poverty rate using federal census data;
35 and the library must demonstrate that it lacks the capacity to provide
36 twenty-five percent of the project costs; and

37 g. provide such other information as may be required by the commis-
38 sioner.

39 3. In approving any application that would receive state aid beyond
40 fifty percent of the total project approved costs, the board of trustees
41 of the library system shall give particular attention to addressing the
42 library service needs of economically disadvantaged communities as
43 provided for in paragraph e of subdivision two of this section.

44 4. In approving any application that would receive state aid beyond
45 seventy-five percent of the total project approved costs, the board of
46 trustees of the library system shall give particular attention to
47 addressing the library service needs of economically distressed communi-
48 ties as provided for in paragraph f of subdivision two of this section.
49 No more than ten percent of the total funds appropriated to a library
50 system in subdivision six of this section may be used to support the
51 total costs for projects that would receive state aid beyond seventy-
52 five percent of the total project approved costs.

53 5. In approving any application the commissioner shall consider the
54 condition of existing libraries and, where appropriate, the needs of
55 isolated or economically disadvantaged communities, provided that no
56 application shall be approved for a project that is deemed by the

1 commissioner to have been completed prior to the date of the applica-
2 tion.

3 ~~[5-]~~ 6. Aid shall be distributed pursuant to this section as follows:

4 a. sixty percent of the funds appropriated pursuant to this section
5 shall be made available to libraries within each system by the commis-
6 sioner in such manner as to insure that the ratio of the amount received
7 within each system to the whole of the aid made available pursuant to
8 this paragraph is no greater than the ratio of the population served by
9 such system to the population of the state;

10 b. forty percent of the funds appropriated pursuant to this section
11 shall be made available to library systems or libraries within each
12 system by the commissioner in such manner as to insure that an equal
13 amount is received within each system in the state;

14 c. any funds made available pursuant to paragraph a or b of this
15 subdivision which by April first of each succeeding fiscal year, are
16 declined by such libraries or library systems for any reason, or which
17 cannot otherwise be used by such libraries or library systems for any
18 reason, shall be made available by the commissioner to other eligible
19 libraries within such system, or if no such library can use such funds
20 shall be reallocated among the other library systems and their libraries
21 in a manner that will to the extent possible provide from such reallo-
22 cated funds an equal amount to each such system.

23 ~~[6-]~~ 7. The commissioner shall adopt rules and regulations as are
24 necessary to carry out the purposes and provisions of this section.

25 ~~[7-]~~ 8. The commissioner shall submit to the temporary president of
26 the senate and the speaker of the assembly an annual report describing
27 those projects that have received state funding of greater than fifty
28 percent of project costs and the communities to be served by those
29 projects.

30 § 2. This act shall take effect immediately; provided, however, that
31 the amendments to section 273-a of the education law made by section one
32 of this act shall not affect the expiration of such section and shall be
33 deemed to expire therewith.
