LBD08251-01-9

The commissioner shall not approve a certificate of incorporation or articles of organization or grant an operating certificate unless he is satisfied, insofar as applicable, as to (1) the public need for the services or the facility which the proposed corporation or proposed provider of services is empowered to perform or maintain at the time and place and under the circumstances proposed; (2) the character, competence [~~and~~], standing in the community**, and fiscal management practices related to the operation of a mental hygiene facility or program and other programs or facilities as described by this subdivision which are under the jurisdiction of an agency other than the department** of the proposed incorporators, directors, sponsors, stockholders, members, managers, partners, or operators, provided that in making such determination the commissioner is authorized to consider whether or not, within ten years of the date of the application, any such persons have been denied renewal for cause of an operating certificate, or have had an operating certificate revoked or suspended for cause, and such denial, revocation or suspension was not reversed after an administrative hearing or other appeal, for a program or facility licensed or operated by a health, mental hygiene, social services or education agency or department of this or any state or have failed to operate a program serving the mentally disabled, other disabled persons as defined in subdivision twenty-one of section two hundred ninety-two of the executive law, the aged, children or other persons receiving health, mental hygiene, residential, social or educational services in continuous compliance with applicable laws or regulations within the previous ten years in any state; (3) the financial resources of the proposed corporation or proposed provider of services and its sources of future revenues; (4) the availability of facilities or services which may serve as alternates or substitutes for the facility or services which the proposed corporation or proposed provider of services is empowered to maintain or render; (5) such other matters as he shall deem pertinent in the public interest. The commissioner in approving the proposed certificate of incorporation or articles of organization or issuing the proposed operating certificate may request and consider information and advice from all available sources including local and regional mental health and health planning agencies and groups as to the matters set forth herein. If the commissioner proposes to disapprove the application he shall afford the applicant an opportunity to request a public hearing. The commissioner shall not take any action contrary to the advice of the health systems agency for facilities other than community residences or residential care centers for adults until he affords an opportunity to the agency to request a public hearing and, if so requested, a public hearing shall be held. The commissioner, on his own motion, may hold a public hearing on the application. Any public hearings held pursuant to this subdivision may be conducted by the commissioner or by an individual designated by the commissioner.

§ 4. This act shall take effect on the first of January next succeeding the date on which it shall have become a law.
