2 article 23 to read as follows:

ARTICLE 23

451. Statement of legislative findings and declaration.

452. Definitions.

453. Eligibility criteria.

454. Application and approval process.

455. Powers and duties of the commissioner.

11 § 450. Short title. This article shall be known and may be cited as
12 the "BizBoom program act".

13 § 451. Statement of legislative findings and declaration. It is hereby
14 found and declared that New York state needs, as a matter of public
15 policy, to create competitive financial incentives for businesses to
16 locate and invest in New York state. The BizBoom program act is created
17 to incentivize the siting of new businesses and the creation of busi-
18 nesses in our state.

19 This legislation creates the BizBoom program, which provides a tax
20 exempt benefit to new businesses relocating to or starting up a new
21 business in New York. The BizBoom tax exemption for qualifying busi-
22 nesses is one hundred percent the first year, fifty percent of the busi-
23 ness tax liability in the second year, and a twenty-five percent
24 exemption in the third year. This exemption would discontinue after

1 three years and any participating business that leaves the state before
2 completing six years of operation would be liable to repay all tax bene-
3 fits received under the program. These exemptions are designed to
4 promote business expansion and increase jobs in New York state. At the
5 same time, the program protects state taxpayers' dollars by ensuring
6 that New York provides tax benefits only to businesses that represent
7 new investment in our state.

8 § 452. Definitions. For the purposes of this article: 1. "BizBoom
9 business" means a business entity that has been determined to be a newly
10 formed business in New York, as determined by the commissioner of taxa-
11 tion and finance and the department.

12 2. "Certificate of eligibility" means the document issued by the
13 department to an applicant that has completed an application to be
14 admitted into the BizBoom program and has been accepted into the program
15 by the department. Possession of a certificate of eligibility does not
16 by itself guarantee the eligibility to claim the tax exemption.

17 3. "Certificate of tax exemption" means the document issued to a
18 participant by the department as authorized by the department of taxa-
19 tion and finance, after the department has verified that the participant
20 has met all applicable eligibility criteria in this article.

21 § 453. Eligibility criteria. 1. To be a participant in the BizBoom
22 program, a qualifying business entity shall have not operated or shall
23 not have had nexus in New York state prior to the first year of the
24 implementation of this act and any other criteria established by the
25 commissioner in regulations promulgated pursuant to this article. In
26 promulgating such regulations the commissioner shall include a review of
27 such new business creation criteria.

28 2. For the purposes of this article, in order to participate in the
29 BizBoom jobs program a business must be in compliance with all worker
30 protection and environmental laws and regulations. In addition, a busi-
31 ness may not owe past due state taxes, local property taxes or any fines
32 issued by the state or municipality.

33 § 454. Application and approval process. 1. A business entity must
34 submit a completed application as prescribed by the commissioner.

35 2. As part of such application, each business entity must:

36 (a) Agree to allow the department to share its tax information with
37 the department of labor and department of taxation and finance. However,
38 any information shared as a result of this agreement shall not be avail-
39 able for disclosure or inspection under the state freedom of information
40 law.

41 (b) Agree to allow the department of labor and department of taxation
42 and finance to share its tax and employer information with the depart-
43 ment. However, any information shared as a result of this agreement
44 shall not be available for disclosure or inspection under the state
45 freedom of information law.

46 (c) Allow the department and its agents access to any and all books
47 and records the department may require to monitor compliance.

48 (d) Provide the following information to the department upon request:

49 (i) a plan outlining the schedule for job creation and investments;

50 (ii) unemployment insurance quarterly returns, real property tax bills
51 and audited financial statements;

52 (iii) the amount and description of projected tax liability for which
53 it plans to claim the BizBoom tax exemptions; and

54 (iv) the employer identification or social security numbers for all
55 related persons to the applicant, including those of any members of a
56 limited liability company or partners in a partnership.

(e) Certify, under penalty of perjury, that it is in substantial compliance with all environmental, worker protection, and local, state, and federal tax laws.

3. After reviewing a business entity's completed application and determining that the business entity will meet the conditions set forth in section four hundred fifty-three of this article, the department may admit the applicant into the program and provide the applicant with a certificate of eligibility.

4. In order to become a participant in the program, an applicant must submit evidence of being a newly formed business entity in such form as the commissioner may prescribe. After reviewing such evidence and finding it sufficient, the department shall certify the applicant as a participant and issue to that participant a certificate of tax exemption.

5. A participant may claim tax benefits commencing in the first taxable year that the business entity receives a certificate of tax exemption. A participant may claim a tax exemption of one hundred percent of the tax liability in the first year of operation, fifty percent exemption of the business tax liability in the second year of operation, and a twenty-five percent exemption of the business tax liability in the third year of operation, provided that the participant demonstrates to the department that it continues to satisfy the eligibility criteria specified in section four hundred fifty-three of this article and subdivision two of this section in each of those taxable years.

§ 455. Powers and duties of the commissioner. 1. The commissioner shall promulgate regulations establishing an application process and eligibility criteria, that will be applied consistent with the purposes of this article.

2. The commissioner shall, in consultation with the department of taxation and finance, develop a certificate of tax exemption that shall be issued by the commissioner to participants. Participants must include the certificate of tax exemption with their tax return to receive any tax benefits under this article.

3. The commissioner shall, in consultation with the department of taxation and finance and the department of labor, determine the eligibility of any applicant applying for entry into the program and shall remove any participant from the program for failing to meet any of the requirements set forth in section four hundred fifty-three and four hundred fifty-four of this article.

§ 2. The tax law is amended by adding a new section 44 to read as follows:

A taxpayer may claim such exemption for three consecutive taxable years commencing in the first taxable year

1 that the taxpayer receives a certificate of tax exemption. The taxpayer
2 shall be allowed to claim only the percentage amount listed on the
3 certificate of tax exemption for that taxable year. Such certificate
4 should be attached to the taxpayer's return. No cost or expense paid or
5 incurred by the taxpayer shall be the basis for more than one component
6 of this exemption or any other tax exemption.

7 (c) Exemption recapture. If a certificate of eligibility or a certifi-
8 cate of tax exemption issued by the department of economic development
9 under article twenty-two of the economic development law is revoked by

24 vision for any taxable year may not reduce the tax due for such year to
25 less than the amount prescribed in paragraph (d) of subdivision one of
26 section two hundred ten of this article. However, if the amount of
27 exemption allowed under this subdivision for any taxable year reduces
28 the tax to such amount, any amount of exemption thus not deductible in
29 such taxable year will be treated as an overpayment of tax to be
30 exempted or refunded in accordance with the provisions of section one
31 thousand eighty-six of this chapter. Provided, however, the provisions
32 of subsection (c) of section one thousand eighty-eight of this chapter
33 notwithstanding, no interest will be paid thereon.
