AN ACT to amend the alcoholic beverage control law, in relation to certain recreational contests in establishments with licenses to sell alcoholic beverages for consumption on premise

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Legislative intent. The legislature finds that allowing recreational games such as playing cards, penny poker, cribbage and dominoes be permitted in establishments, licensed by the state liquor authority to serve alcoholic beverages, will offer mutual benefits for both the consumer and the establishment. Allowing for these activities to be conducted in establishments such as the local tavern or pub would provide a place for individuals like senior citizens to recreate. This legislation would further stimulate business within these establishments. Nevertheless, both employer and employee of such establishment would be prohibited from profiting from any such games so authorized pursuant to this legislation.

- 12 § 2. The alcoholic beverage control law is amended by adding a new 13 section 132 to read as follows:
- 14 § 132. Recreational contests involving skill in establishments with 15 licenses to sell alcoholic beverages. Notwithstanding any provision of law to the contrary any person, who holds a license to sell alcoholic 16 beverages for consumption on premise pursuant to this chapter, may allow 17 players to engage in recreational contests amongst themselves involving 18 19 chance so long as skill is a factor at such establishments. Wagering 20 amongst participants is permissible. No proceeds shall go to the estab-21 lishment. No employee of such establishment shall engage in such contests. Nothing in this section shall be considered unlawful for 22 purposes of article two hundred twenty-five of the penal law nor shall 24 it be construed to affect the existing authority of the governor under

25 the constitution and the laws of this state to prohibit qambling.
