

STATE OF NEW YORK

5177

2019-2020 Regular Sessions

IN ASSEMBLY

February 7, 2019

Introduced by M. of A. WALKER -- read once and referred to the Committee on Codes

AN ACT to amend the civil practice law and rules, the criminal procedure law, the executive law, and the legislative law, in relation to the use in evidence of the fact of possession or presence on the premises of condoms and other sexual and reproductive health devices; and to repeal paragraph (d) of subdivision 1 of section 160.10 of the criminal procedure law relating thereto

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. This act shall be known and may be cited as the "End criminalization of condoms act".
2
3 § 2. Legislative findings. The legislature hereby finds that promoting
4 and protecting health and respecting and fulfilling human rights are
5 necessarily linked, and that health-oriented and rights-based law
6 enforcement efforts are central to the effective provision of government
7 services for the benefit of the people of the State. Article 17, section
8 3 of the New York constitution requires that the legislature protect and
9 promote the health of the inhabitants of this state as a matter of
10 public concern. Despite these provisions, for purposes of prosecuting
11 certain criminal, civil and administrative offenses, reproductive and
12 sexual health tools, including condoms, are currently being destroyed,
13 confiscated, or used as evidence by law enforcement officers. This
14 legislation is intended to strengthen the public health of all New York-
15 ers, including the most vulnerable, while preserving the ability of law
16 enforcement to prosecute other crimes such as felony sexual offenses.
17 The purpose of this bill is to avoid the disparate impact of the prac-
18 tice of citing condoms and other reproductive and sexual health tools as
19 evidence upon survivors of trafficking and people who are or are
20 profiled as being engaged in the sex trades.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.
