## IN ASSEMBLY

February 26, 2019

Introduced by M. of A. ORTIZ, COOK, D'URSO, DICKENS, JAFFEE, ARROYO, TAYLOR -- read once and referred to the Committee on Governmental Operations

AN ACT to amend the executive law, in relation to bilingual services

## The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. This act shall be known and may be cited as the "bilingual services act".

3 § 2. Legislative intent. The legislature hereby finds and declares 4 that the effective maintenance and development of a free and democratic 5 society depends on the right and ability of its citizens and residents 6 to communicate with their government and the right and ability of the 7 government to communicate with them.

8 The legislature further finds and declares that substantial numbers of 9 persons who live, work and pay taxes in this state are unable, either 10 because they do not speak or write English at all, or because their 11 primary language is other than English, to effectively communicate with 12 their government. The legislature further finds and declares that state 13 and local agency employees frequently are unable to communicate with 14 persons requiring their services because of this language barrier. As a 15 consequence, substantial numbers of persons presently are being denied 16 rights and benefits to which they would otherwise be entitled.

17 It is the intent of the legislature in enacting this legislation to 18 provide for effective communication between all levels of government in 19 this state and the people of this state who are precluded from utilizing 20 public services because of language barriers.

21 § 3. The executive law is amended by adding a new article 19-E to read 22 as follows:

26	twenty-five or fewer regular, full-time employees, it shall constitute
27	compliance with the requirements of this article if a sufficient number
28	of qualified bilingual persons are employed in public contact positions,
29	or as interpreters to assist those in such positions, to provide the
