AN ACT to amend the executive law, in relation to establishing the empire state performance commission in the executive department for the purpose of designing and advising the governor and the legislature on the implementation of a performance-management and performancebudgeting system

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Short title. This act shall be known and may be cited as 2 the "empire state performance commission act".

§ 2. Legislative intent. New York's lack of a comprehensive perfor-4 mance-budgeting scheme for state-funded programs often leads to irreg-5 ular appropriation practices and rigid across-the-board cuts, without 6 regard to the programs' effectiveness. A performance-management and 7 performance-budgeting system that ties program funding to the results 8 the programs achieve would provide lawmakers with more flexibility in 9 making budget decisions and provide the public with a means by which 10 they can evaluate how their tax dollars are being spent.

11 The legislature recognizes that implementing and maintaining a compre-12 hensive system of performance-management and performance-budgeting is a 13 complicated process that will require cooperation between the legisla-14 tive and executive branches in order to be successful. Unilaterally imposing performance-management and performance-budgeting requirements 15 on executive agencies would likely be unproductive and ineffective. 16 17 Reforming the state budget process requires careful deliberation that 18 includes feedback from the various stakeholders in the process, includ-19 ing the public.

This legislation creates a blue ribbon commission that will be charged with designing a performance-management and performance-budgeting model for New York to adopt. The commission is structured to elicit input from

1 both houses of the legislature, the governor, executive agencies, and the public. Additionally, it is expected that the commission will 2 3 consult with performance-management and/or performance-budgeting 4 experts, other state governments, and/or academic research on perfor-5 mance-management and performance-budgeting. The intent of the legislaб ture in creating this commission is to have legislation ready for 7 passage in 2019 that implements a performance-management and perfor-8 mance-budgeting system starting with the 2021-2022 budget. 9 § 3. The executive law is amended by adding a new article 51 to read 10 as follows: ARTICLE 51 11 12 EMPIRE STATE PERFORMANCE COMMISSION 13 Section 1010. Empire state performance commission; purpose. 14 1011. Membership; terms; chairman and vice chairman. 1012. Duties of the commission. 15 16 1013.
