## IN ASSEMBLY

April 26, 2019

---

Introduced by M. of A. REYES -- read once and referred to the Committee on Small Business

AN ACT to amend the New York state urban development corporation act, in relation to the small business regional revolving loan trust fund and the small business regional revolving loan program

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Statement of legislative intent. The legislature hereby  
2 finds and declares that small businesses are the economic backbone of  
3 the state and the source of a majority of new jobs. The legislature  
4 further finds that such businesses often have difficulty obtaining small  
5 amounts of capital from traditional banking organizations that is neces-  
6 sary to start-up, improve, or expand operations. State assistance in the  
7 form of loans to meet such capital gaps would enable the formation and  
8 expansion of small businesses across the state and, thus, provide job  
9 opportunities to the state's citizens. The legislature further finds  
10 that the existing regional revolving loan program of the state urban  
11 development corporation demonstrated that it is more efficient and  
12 effective to provide such loans through regional not-for-profit corpo-  
13 rations that are knowledgeable about local businesses and economic  
14 conditions. Therefore, it is the intent of the legislature to improve  
15 job opportunities in the state by revitalizing the urban development  
16 corporation's regional revolving loan program and re-naming it the small  
17 business regional revolving loan program.

18 § 2. The New York state urban development corporation created by chap-  
19 ter 174 of the laws of 1968 is hereby directed to audit, pursuant to  
20 subdivision (19) of section 16-a of section 1 of the urban development  
21 corporation act, each existing regional corporation administering a  
22 small business regional revolving loan fund and to either recertify such  
23 regional corporation or decertify such regional corporation and competi-  
24 tively select a successor corporation to administer the small business

1 regional revolving loan fund. In the case of regions that do not have a  
2 regional corporation administering a small business regional revolving  
3 loan fund or that have a decertified regional corporation, the urban  
4 development corporation shall issue a request for proposals, pursuant to  
5 the provisions of section 16-a of section 1 of the urban development  
6 corporation act, to administer small business regional revolving loan  
7 funds. The corporation shall select from the proposals received the most  
8 qualified applicant in each region pursuant to subdivisions (4), (5),  
9 and (6) of such section 16-a. If there is no applicant or no qualified  
10 applicant in a region of the state, that region shall not participate in  
11 the small business regional revolving loan fund program. The corpo-  
12 ration, from money available for this purpose, shall allocate funds to  
13 each regional corporation pursuant to subdivision 1 of such section  
14 16-a.

15 § 3. Section 16-a of section 1 of chapter 174 of the laws of 1968,  
16 constituting the New York state urban development corporation act, as  
17 amended by chapter 477 of the laws of 2002, subdivision 3-a as added by  
18 chapter 474 of the laws of 2017, subdivision 20 as amended by chapter  
19 378 of the laws of 2018 and subdivision 21 as amended by chapter 524 of  
20 the laws of 2005, is amended to read as follows:

21 § 16-a. ~~[Regional]~~ Small business regional revolving loan program. (1)  
22 The corporation shall establish a fund to be known as the "small busi-  
23 ness regional revolving loan trust fund" and shall pay into such fund  
24 any monies made available to the corporation for such fund from any  
25 source. The monies held in or credited to the fund shall be expended  
26 solely for the purposes set forth in this section. The corporation shall  
27 not commingle the monies of such fund with any other monies of the  
28 corporation or any monies held in trust by the corporation.

29 (2) The corporation shall allocate any monies made available for such  
30 fund for the purpose of making grants to regional corporations. The  
31 grants shall be allocated as follows:

32 (a) fifty percent divided equally among the regions;

33 (b) fifty percent according to a formula weighted in favor of those  
34 regions with the greatest levels of economic distress as determined by  
35 poverty rates, number of persons receiving public assistance, unemploy-  
36 ment rates, rate of employment decline and such other indicators of  
37 economic distress as the corporation deems appropriate; and

38 (c) in the event a regional corporation advises the corporation that

40 pursuant to this subdivision, such funds shall be re-distributed by the  
41 corporation equally among the other regional corporations.

42 (3) In accordance with the rules and regulations of the corporation,  
43 each regional corporation shall establish two special accounts for  
44 monies received by the regional corporation pursuant to the provisions  
45 of this section. The grant monies received from the corporation, earn-  
46 ings on such monies, and any principal repayments shall be deposited in  
47 a loan fund account; any interest earned by the regional corporation on  
48 loans will be deposited in a separate interest repayment account. A  
49 regional corporation shall be authorized to provide financing assistance  
50 to eligible projects. Any interest earned from its loans may be used by  
51 a regional corporation for the cost of administering the programs  
52 authorized by this section.

53 (3-a) Notwithstanding subdivision three of this section, where appli-  
54 cable, the corporation is authorized to enter into agreements as may be  
55 necessary for the administration and reporting of funds repaid,  
56 received, expended or collected in a manner consistent with the

provisions in section sixteen-t of this act. The use of such funds by the corporation shall be consistent with the terms, conditions and restrictions set forth in subdivision four of this section, to provide financial assistance to eligible regional corporations as defined in subdivision eighteen of section three of this act. Outstanding expenses, loans and other obligations executed prior to the effective date of this subdivision shall be subject to the terms and conditions of the original contract or contracts.

(d) describe the means for coordinating financial assistance available from the small business regional revolving loan program with financial assistance available from other public funding sources within the region and how such program will be used to leverage private financing for projects;

~~[(e) at any time, the corporation may consider proposals to reconfigure geographic areas served by regional corporations,]~~ and

~~[(f)]~~ (e) contain such other information as the corporation deems appropriate.

(6) The corporation shall select, from among eligible applicants, regional corporations to administer revolving loan programs, on the basis of:

(b) the extent of coordination with other publicly supported financial assistance programs available within the region represented by the regional corporation;

(c) the degree of public and private support within the region for the applicant regional corporation; and

3 region.

4 (6-a) The corporation shall, every five years, recertify that each  
5 regional corporation has complied with the terms and conditions of this  
6 section. In the event a regional corporation is not recertified, or its  
7 certification is withdrawn pursuant to subdivision nineteen of this  
8 section, then the corporation shall give written notice to such regional  
9 corporation which shall thereafter neither make new loans nor undertake  
10 new obligations except upon written approval of the corporation. The  
11 corporation may thereafter certify another regional corporation in the  
12 manner provided in this section for the selection of regional corpo-  
13 rations. Upon the certification of a successor regional corporation, all  
14 remaining loan funds, records and accounts of the regional corporation  
15 not recertified shall be transferred to the corporation and the regional  
16 corporation not recertified shall cease to function pursuant to this  
17 section. The corporation shall transfer returned funds to a successor  
18 regional corporation, or in the event no successor regional corporation  
19 is formed, equally to other existing regional corporations.

20 (7) A regional corporation certified by the corporation shall use the  
21 funds received from the corporation, subject to the terms, conditions  
22 and restrictions set forth in this section, to provide financial assist-  
23 ance to eligible businesses as defined in subdivision seventeen of  
24 section three of this act, for projects that demonstrate a substantial  
25 likelihood of providing increases in net new permanent jobs or retaining  
26 jobs in businesses that need such financial assistance to remain viable.  
27 The regional corporation certified by the corporation shall also use the  
28 funds received from the corporation, subject to the terms, conditions,  
29 and restrictions set forth in this section, to provide financial assist-  
30 ance to micro-enterprises, defined as any commercial business with five  
31 or fewer employees, one or more of whom is the owner.

32 (8) The decision to approve or reject an application for financial  
33 assistance pursuant to the provisions of this section shall be made by a  
34 majority of the directors of the regional corporation, and such decision  
35 shall be final. No member of the board or other governing body of a  
36 regional corporation shall participate in a decision on a project appli-  
37 cation when such member is a party to or has a financial interest in  
38 such project. Any member who cannot participate in a decision on a  
39 project application for such reason shall not be counted as a member of  
40 the board or other governing body for purposes of determining the number  
41 of members required for a majority vote on such application.

42 (9) No employee or officer of any regional corporation shall be a  
43 party to or have any financial interest in any project that receives  
44 financial assistance pursuant to this section.

Guarantees may be made for the following types of financing: short and medium term loans for working capital, revolving lines of credit, and seasonal inventory and accounts receivable loans. In no event may a loan guarantee be for a term longer than five years. Any loan made by a banking organization that is guaranteed pursuant to this subdivision shall be secured by a security agreement, chattel paper, loan agreement, or such other instruments or documents deemed necessary or convenient by the regional corporation to secure the loan. Any guarantee made pursuant to this subdivision shall be backed by a minimum reserve within the account established by each regional corporation of at least twenty-five percent of the amount guaranteed that is outstanding.

(11-a) A regional corporation, in addition to receiving funds as provided in this section, may also apply for and accept funds from any other source for the purpose of furthering its goals and objectives. Such funds may be used in the same manner as funds received from the corporation to carry out the purposes of this section.

(12) The funds of each regional corporation derived pursuant to this section may be used to provide loans for working capital for eligible projects; provided that the amount of the loan does not exceed ninety percent of the total project cost, or one hundred thousand dollars, whichever is less. The interest rate and the terms ~~[on]~~ of such loans shall be determined by the regional corporation, but in no event shall the interest rate be less than ~~[five-percent]~~ the federal discount rate. The term of any loan shall not exceed five years. All loans shall be secured by lien positions on collateral at the highest level of priority that can accommodate the borrower's ability to raise sufficient debt and equity capital for the project.

(13) A regional corporation shall not provide any financial assistance authorized by this section unless the following conditions are met:

(a) the applicant has demonstrated that there is little prospect of obtaining the project financing requested from other public sources of funding within the region, including local revolving loan funds, and that there is little prospect of obtaining adequate project financing from private sources of capital, or in the case of a loan guarantee, that there is little prospect of obtaining project financing without the guarantee; except that in the case of local revolving loan funds, financial assistance from the small business regional revolving loan fund account may be provided for a project in conjunction with financial assistance from a local revolving loan fund, provided that assistance from the small business regional revolving loan fund is no greater than that provided by the local revolving loan fund, and that a project qualifying for financial assistance available from a local revolving loan fund is not denied such assistance;

(b) the applicant has a minimum equity interest of at least ten percent in the business or project;

(c) there is a reasonable prospect of repayment;

14 ation from one municipality within the state to another, except under  
15 one of the following conditions: (i) when a business is relocating  
16 within a municipality with a population of at least one million where

26 ferring to the employees or to other local interests ownership of a  
27 company that would otherwise depart from or cease or substantially  
28 reduce operations in the state and except when such refinancing is  
29 required to enable a viable business to maintain or expand its oper-
