6 that are used for the transportation of school children, all contracts
7 for mobile instructional units, and all contracts to provide, maintain
8 and operate cafeteria or restaurant service by a private food service
9 management company shall be subject to the approval of the commissioner,
10 who may disapprove a proposed contract if, in his opinion, the best

lation within the district for such purpose. Such advertisement shall contain a statement of the time when and place where all bids received pursuant to such advertisement will be publicly opened and read either by the school authorities or by a person or persons designated by them. All bids received shall be publicly opened and read at the time and place so specified. At least five days shall elapse between the first publication of such advertisement and the date so specified for the opening and reading of bids. The requirement for competitive bidding shall not apply to an award of a contract for the transportation of pupils or a contract for mobile instructional units, if such award is based on an evaluation of proposals in response to a request for proposals pursuant to paragraph e of this subdivision. The requirement for competitive bidding shall not apply to annual, biennial, or triennial extensions of a contract nor shall the requirement for competitive bidding apply to quadrennial or quinquennial year extensions of a contract involving transportation of pupils, maintenance of school buses or mobile instructional units secured either through competitive bidding or through evaluation of proposals in response to a request for proposals pursuant to paragraph e of this subdivision, when such extensions [~~(1)~~] (i) are made by the board of education or the trustee of a district, under rules and regulations prescribed by the commissioner, and, [~~(2)~~] (ii) do not extend the original contract period beyond five years from the date cafeteria and restaurant service commenced thereunder and in the case of contracts for the transportation of pupils, for the maintenance of school buses or for mobile instructional units, that such contracts may be extended, except that power is hereby vested in the commissioner, in addition to his existing statutory authority to approve or disapprove transportation or maintenance contracts, [~~(1)~~] (A) to reject any extension of a contract beyond the initial term thereof if he finds that amount to be paid by the district to the contractor in any year of such proposed extension fails to reflect any decrease in the regional consumer price index for the N.Y., N.Y.-Northeastern, N.J. area, based upon the index for all urban consumers (CPI-U) during the preceding twelve month period; and [~~(1)~~] (B) to reject any extension of a contract after ten years from the date transportation or maintenance service commenced thereunder, or mobile instructional units were first provided, if in his opinion, the best interests of the district will be promoted thereby. Upon such rejection of any proposed extension, the commissioner may order the board of education or trustee of the district to seek, obtain and consider bids pursuant to the provisions of this section. The board of education or the trustee of a school district electing to extend a contract as provided herein, may, in its discretion, increase the amount to be paid in each year of the contract extension by an amount not to exceed the regional consumer price index increase for the N.Y., N.Y.-Northeastern, N.J. area, based upon the index for all urban consumers (CPI-U), during the preceding twelve month period, provided it has been satisfactorily established by the contractor that there has been at least an equivalent increase in the amount of his cost of operation, during the period of the contract.

(2) Notwithstanding any other provision of this subdivision, the board of education of a school district located in a city with at least one million inhabitants shall include in contracts for the transportation of school children in kindergarten through grade twelve, whether awarded through competitive bidding or through evaluation of proposals in response to a request for proposals pursuant to paragraph e of this subdivision, provisions for the retention or preference in hiring of

22 subcontractor, or as a result of a reduction in service directed by such
23 board of education during the term of such contract.
