AN ACT making appropriations for the support of government

AID TO LOCALITIES BUDGET

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1. Section 1. a) The several amounts specified in this chapter for aid to localities, or so much thereof as shall be sufficient to accomplish the purposes designated by the appropriations, are hereby appropriated and authorized to be paid as hereinafter provided, to the respective public officers and for the several purposes specified.

b) Where applicable, appropriations made by this chapter for expenditures from federal grants for aid to localities may be allocated for spending from federal grants for any grant period beginning, during, or prior to, the state fiscal year beginning on April 1, 2020 except as otherwise noted.

c) The several amounts named herein, or so much thereof as shall be sufficient to accomplish the purpose designated, being the undisbursed

and/or unexpended balances of the prior year's appropriations, are here-
by reappropriated from the same funds and made available for the same
purposes as the prior year's appropriations, unless herein amended, for
the fiscal year beginning April 1, 2020. Certain reappropriations in
this chapter are shown using abbreviated text, with three leader dots
(an ellipsis) followed by three spaces (... ) used to indicate where
existing law that is being continued is not shown. However, unless a
change is clearly indicated by the use of brackets [ ] for deletions and
underscores for additions, the purposes, amounts, funding source and all
other aspects pertinent to each item of appropriation shall be as last
appropriated.

For the purpose of complying with the state finance law, the year,
chapter and section of the last act reappropriating a former original
appropriation or any part thereof is, unless otherwise indicated, chap-
ter 53, section 1, of the laws of 2019.

d) No moneys appropriated by this chapter shall be available for
payment until a certificate of approval has been issued by the director
of the budget, who shall file such certificate with the department of
audit and control, the chairperson of the senate finance committee and
the chairperson of the assembly ways and means committee.

e) Notwithstanding any provision of law to the contrary, if, on a cash
basis of accounting, a General Fund imbalance has occurred during any
Measurement Period, the budget director is hereby authorized to adjust
or reduce any general fund and/or state special revenue fund appropri-
ation contained herein and related cash disbursement by any amount need-
ed to maintain a balanced budget for the 2020-2021 fiscal year. Provided
however that such adjustments or reductions shall be done uniformly
across-the-board to the extent practicable or by specific appropriations
as needed. Notwithstanding any provision set forth in this appropriation
bill or any other law to the contrary, to the extent any individual or
entity is entitled to any cash disbursement which is reduced in accord-
ance with this provision, such entitlement shall be adjusted or reduced
commensurate with adjustments or reductions made by the budget director
in accordance with this provision. The following types of appropriations
shall be exempt from such reduction pursuant to this provision: (a)
public assistance payments for families and individuals and payments for
eligible aged, blind and disabled persons related to supplemental social
security; (b) any reductions that would violate federal law; (c)
payments of debt service and related expenses for which the state is
constitutionally obligated to pay debt service or is contractually obli-
gated to pay debt service, subject to an appropriation, including where
the state has a contingent contractual obligation; and (d) payments the
state is obligated to make pursuant to court orders or judgments. For
purposes of this provision, the budget shall be deemed unbalanced for
the fiscal year if, during any Measurement Period, Actual State Operat-
ing Funds Tax Receipts are less than ninety-nine percent of Estimated
State Operating Funds Tax Receipts, or Actual State Operating Funds
Disbursements are more than one-hundred and one (101) percent of Esti-
mated State Operating Funds Disbursements, or both. Prior to any such
adjustments or reductions, the director shall notify in writing the
Chairs of the Senate Finance Committee and Assembly Ways and Means
Committee. The legislature shall then have ten days following the
receipt of such written notification to either prepare its own plan,
which may be adopted by concurrent resolution passed by both houses and
implemented by the division of the budget, or if after ten days the
legislature fails to adopt its own plan, the reductions to the general
fund and state special revenue fund aid to localities appropriations and related disbursements identified in the division of the budget plan will go into effect automatically. Any reductions to general fund and state special revenue fund aid to localities appropriations and related cash disbursements made pursuant to this provision may be paid in full or in part if one or both of the following events occur: Actual State Operating Funds Tax Receipts through February 28, 2021, are not less than ninety-eight percent of Estimated State Operating Funds Tax Receipts through February 28, 2021; or the federal government provides aid that the director of the budget deems sufficient to reduce or eliminate the imbalance in the General Fund for fiscal year 2020-2021 and does not adversely impact the budget gap in fiscal year 2021-2022. No such payments shall be made in part or in full unless and until the director of the budget certifies that: the general fund has resources sufficient to make all planned payments anticipated in the 2020-21 financial plan including tax refunds, without the issuance of deficit bonds or notes or extraordinary cash management actions; the balances in the tax stabilization reserve and rainy day reserve (together, the "rainy day reserves") have been restored to a level equal to the level as of the start of the fiscal year; and other designated balances have been maintained, as provided by law. For purposes of this provision: "Actual State Operating Funds Tax Receipts" shall mean the State Operating Fund tax receipts, reported by the State Comptroller in the monthly Report to the Legislature on the State Fund Cash Basis of Accounting, prepared in accordance with subdivision 9-a (a) of section 8 of the state finance law, immediately following the measurement period; "Actual State Operating Funds Disbursements" shall mean the State Operating Funds disbursements, reported by the State Comptroller in the monthly Report to the Legislature on the State Fund Cash Basis of Accounting, prepared in accordance with subdivision 9-a (a) of section 8 of the state finance law, immediately following the measurement period. Such disbursements shall be adjusted to include any amounts withheld pursuant to provision F or any other payment reduction authority authorized in this bill making aid-to-localities appropriations; "Estimated State Operating Funds Tax Receipts" shall mean the State Operating Funds tax receipts estimated to be received during the measurement period by the division of the budget in the Financial Plan; "Estimated State Operating Funds Disbursements" shall mean the State Operating Funds disbursements, estimated to be made during the measurement period by the division of the budget in the Financial Plan. "Financial Plan" shall mean a financial plan prepared by the division of the budget pursuant to sections 22 and 23 of the state finance law and used for the Measurement Period; and "Measurement Period" shall mean the period in which the difference between Actual State Operating Funds tax receipts and "Estimated State Operating Funds tax receipts" shall be measured for purposes of this section. The first measurement period shall begin on April 1, 2020 and end on April 30, 2020. Financial Plan estimates for this period shall be the Executive Financial Plan as Updated for Governor's Amendments and Forecast Revisions issued in February 2020. The second measurement period shall begin on May 1 and end on June 30, 2020. The third measurement period shall begin on July 1, 2020 and end on December 31, 2020. The Financial Plan for the second and third measurement periods shall be the Enacted Budget Financial Plan for FY 2021 issued pursuant to section 23 of the state finance law.

f) Notwithstanding any provision contained herein or any other law to the contrary, if, during the 2020-21 fiscal year, the budget is deemed
unbalanced, the budget director is hereby authorized to withhold all or some of the amounts appropriated herein, including amounts that are to be paid on specific dates prescribed in law or regulation if, in his or her sole discretion, such action is necessary to respond to the direct and indirect economic, financial, and social effects of the COVID-19 pandemic. Prior to withholding any amounts, the director shall consider whether other means are available for accomplishing the purposes of this provision, and the impact of such withholding on the affected aid recipient. To the extent the State is obligated to make payment to any individual or entity pursuant to any appropriation contained herein, such obligation shall be reduced commensurate with such payments withheld by the director of the budget. No later than five days prior to the beginning of each month, the director of the budget shall provide notification of payments that are expected to be withheld in such month pursuant to this provision to the president pro tempore of the senate and the speaker of the assembly. No later than seven days after month end, the director of the budget shall provide notification of payments that have been withheld pursuant to this provision to the president pro tempore of the senate and the speaker of the assembly. For purposes of this provision, the budget shall be deemed unbalanced if Actual State Operating Funds Tax Receipts are less than ninety-nine percent of Estimated State Operating Funds Tax Receipts, or Actual State Operating Funds Disbursements are more than one-hundred and one (101) percent of Estimated State Operating Funds Disbursements, or both. Additionally, for purposes of this provision: "Actual State Operating Funds Tax Receipts" shall mean the State Operating Fund tax receipts, reported by the State Comptroller in any monthly Report to the Legislature on the State Fund Cash Basis of Accounting, prepared in accordance with subdivision 9-a (a) of section 8 of the state finance law; "Actual State Operating Funds Disbursements" shall mean the State Operating Funds disbursements, reported by the State Comptroller in any monthly Report to the Legislature on the State Fund Cash Basis of Accounting, prepared in accordance with subdivision 9-a (a) of section 8 of the state finance law; "Estimated State Operating Funds Tax Receipts" shall mean the State Operating Funds tax receipts estimated to be received during any period within the 2020-21 Fiscal Year by the division of the budget in the Financial Plan; "Estimated State Operating Funds Disbursements" shall mean the State Operating Funds disbursements, estimated to be made during any period within the 2020-21 Fiscal Year by the division of the budget in the Financial Plan; and "Financial Plan" shall be the Executive Financial Plan as Updated for Governor's Amendments and Forecast Revisions issued in February 2020 for the period April 1, 2020 through April 30, 2020 and the enacted budget financial plan for the 2020-21 fiscal year issued pursuant to sections 22 and 23 of the state finance law for the period May 1, 2020 through March 31, 2021.

g) Notwithstanding any provision of law to the contrary, prior to the expenditure of any funds received by the Federal government in response to the COVID-19 public health emergency pursuant to the authority granted in any appropriation set forth herein, the director of the budget may require that the agency or public authority making such expenditures submit an allocation plan to the director of the budget for approval. Approved allocation plans shall be provided to the president pro tempore of the senate and the speaker of the assembly within 30 days of approval. Such allocation plan must comport with any minimum Federal requirements for the expenditure of such funds.
h) Notwithstanding any provision of law to the contrary, for purposes of any appropriation made by this chapter which authorizes spending in an amount net of refunds, rebates, reimbursements, credits, repayments, and/or disallowances, "refunds" shall mean funds received to the state resulting from the overpayment of monies, "rebates" shall mean funds received to the state resulting from a return of a full or partial amount previously paid, as for goods or services, serving as a reduction, discount or rebate to the original payment amount, "reimbursements" shall mean funds received to the state as repayment in an equivalent amount for goods or services, including but not limited to personal service costs, incurred by the state in the first instance being provided to a third party for their benefit and partially or in full financed by such third party, "credit" shall mean monies made available to the state that reduce the amount owed to a third party, including but not limited to billing errors, rebates, and prior overpayments, "repayment" shall mean the return of monies as pay back for expenses incurred, and "disallowance" shall mean monies made available to the state that were not allowed or accepted officially by the intended recipient, based on a determination the payment is not acceptable and/or valid. When the office of the state comptroller receives any such refunds, rebates, reimbursements, credits, repayments, and/or disallowances, he or she shall credit the refunded, rebated, reimbursed, credited, repaid, and disallowed amount back to the original appropriation and reduce expenditures in the year which such credit is received regardless of the timing of the initial expenditure.

i) Notwithstanding any other provision of law to the contrary, if the state or any agency thereof incurs any costs associated with administering the rent regulation program in accordance with subdivision (c) of section 8 of chapter 576 of the laws of 1974, as amended, for a city having a population of one million or more, the director of the budget may direct any other state agency or agencies making payments to such city, or any department, agency, or instrumentality thereof, to permanently reduce the amount of any other payment or payments owed to such city or any department, agency, or instrumentality thereof pursuant to any appropriation set forth in this chapter. Provided however, that such reduction shall be in an amount equal to the costs incurred by the state or agency thereof in accordance with subdivision (c) of section 8 of chapter 576 of the laws of 1974 and provided further that such direction shall be made in writing by the director of the budget. If the director of the budget makes such direction pursuant to the authority set forth herein, the impacted city shall not make the payments required by subdivision (c) of section 8 of chapter 576 of the laws of 1974, as amended, and the division of housing and community renewal shall notify such city in writing of what payment or payments will be reduced and the amount of such reduction. To the extent a city of one million or more or any department, agency, or instrumentality thereof is entitled to any cash disbursement authorized by any appropriation contained in this chapter, such entitlement shall be reduced commensurate with reductions in payments made in accordance with this part.

j) Notwithstanding any provision of law to the contrary, upon enactment of this chapter of the laws of 2020 containing the aid to localities budget bill for the state fiscal year 2020-2021, all appropriations and reappropriations contained in chapter 53 of the laws of 2019, which would otherwise lapse by operation of law on March 31, 2021 are hereby repealed.
k) The appropriations contained in this chapter shall be available for the fiscal year beginning on April 1, 2020 except as otherwise noted.

For reimbursement to the East Ramapo central school district to support students attending public schools in such district, provided that the district is in compliance with the requirements set forth in chapter 89 of the laws of 2016.

The East Ramapo central school district shall be eligible to receive reimbursement from the funds appropriated herein for its approved expenditures in the 2020-2021 school year on services to improve and enhance the educational opportunities of students attending the public schools in such district. Such services shall include, but not be limited to, reducing class sizes, expanding academic and enrichment opportunities, establishing and expanding kindergarten programs, expanding extracurricular opportunities and providing student support services, provided, however, transportation services and expenses shall not be eligible for reimbursement from such funds.

In order to receive such funds, the school district in consultation with the monitor or monitors pursuant to chapter 89 of the laws of 2016 shall revise its long term strategic academic and fiscal improvement plan by October 1, 2020. Such revised plan shall be submitted to the commissioner for approval and shall include a set of goals with appropriate benchmarks and measurable objectives and identify strategies to address areas where improvements are needed in the district, including but not limited to its financial stability, academic opportunities and outcomes, education of students with disabilities, and education of English language learners, and shall ensure compliance with all
applicable state and federal laws and regulations. Such revised improvement plan shall also include a comprehensive expenditure plan that will describe how the funds made available to the district from this appropriation will be spent. Such comprehensive expenditure plan shall ensure that funds supplement, not supplant, expenditures from local, state and federal funds for services provided to public school students, except that such funds may be used to continue services funded pursuant to chapter 89 of the laws of 2016 in prior years. Such expenditure plan shall be revised in consultation with the monitor or monitors appointed by the commissioner. The board of education of the East Ramapo central school district shall conduct a public hearing on the expenditure plan and shall consider the input of the community before adopting such plan. Such expenditure plan shall also be made publicly available and shall be submitted along with comments made by the community to the commissioner for approval once the plan is finalized. Upon review of such improvement plan and such expenditure plan, the commissioner shall approve or deny such plan in writing and, if denied, shall include the reasons therefor. The district in consultation with the monitors may resubmit such plan or plans with any needed modifications thereto.

The commissioner shall disburse the funds appropriated herein after receiving satisfactory evidence from the East Ramapo central school district that the district has complied with the approved comprehensive expenditure plan and spent such funds pursuant to the approved expenditure plan as set forth in chapter 89 of the laws of 2016. The commissioner of education shall have 30 days from the receipt of such evidence to confirm whether the school district has complied with the requirements of chapter 89 of the laws of 2016 and shall determine whether such funds were spent in conformance with the provisions of such chapter. Upon finding compliance and determining that the funds were properly expended, the
commissioner shall certify the amount of
the approved expenditures to the state
comptroller for payment no later than 60
days after such determinations. The East
Ramapo central school district shall not
receive reimbursement for funds authorized
herein that are not spent for the direct
benefit of students attending public
schools in such district in a manner
consistent with its approved comprehensive
expenditure plan or prior written approval
from the commissioner.

The board of education in consultation with
the monitor or monitors shall submit the
school district's proposed budget for the
next succeeding school year to the commis-
sioner no later than 45 days before the
date scheduled for the school district's
budget vote. The commissioner shall review
the budget to ensure that it, to the
greatest extent possible, expands educa-
tional programming for students including
but not limited to extracurricular activ-
ities, course offerings, non-mandated
support services, non-mandated art and
music classes, programs and services for
English language learners and students
with disabilities, and maintaining class
size. The commissioner shall also review
the proposed budget to ensure that it is
balanced within the context of revenue and
expenditure estimates and mandated
programs. The commissioner shall present
his or her findings to the board of educa-
tion no later than 30 days prior to the
date scheduled for the school district's
budget vote. The board of education shall

by the commissioner. The school district

Notwithstanding any inconsistent provision of law to the contrary, foundation aid payable for the 2020-21 year shall equal the amount of foundation aid payable apportioned to school districts in the base year.

Provided further that notwithstanding any provision of law to the contrary, for the 2020-21 school year, the apportionments computed pursuant to subdivisions 5-a, 12 and 16 of section 3602 of the education law shall equal the amounts set forth, respectively, for such school district as "SUPPLEMENTAL PUB EXCESS COST", "ACADEMIC ENHANCEMENT" and "HIGH TAX AID" under the heading "2018-19 ESTIMATED AIDS" in the school aid computer listing produced by the commissioner of education in support of the enacted budget for the 2018-19 school year and entitled "SA181-9".

Provided further that for the apportionments appropriated herein, the commissioner of education shall reduce payments due to each district for the 2020-21 school year by an amount equal to the Pandemic adjustment computed for such district, and provided further that an amount equal to the amount of such deduction shall be deemed to have been paid to the district pursuant to this section for the school year in which such deduction is made. The
commissioner of education shall compute such pandemic adjustment in each electron-
ic data file produced pursuant to subdivision 21 of section 305 of the education law, based on the following information (i) 99.5% of the funds available from the elementary and secondary emergency relief fund that are available to school districts pursuant to the Coronavirus Aid, Relief, and Economic Security Act of 2020, and (ii) the governor's emergency relief fund pursuant to such act, provided that a schedule of such amounts shall be approved by the director of the budget, and shall provide a schedule of such pandemic adjustment to the state comptroller, the director of the budget, the chair of the senate finance committee and the chair of the assembly ways and means committee.

Provided further that notwithstanding any provision of law to the contrary, the director of the budget, in approving the final payment for the state fiscal year pursuant to clause (iii) of subparagraph (3) of paragraph b of subdivision 1 of section 3609-a of the education law, may direct the commissioner of education to apportion an advance in an amount less than that reported by the commissioner of education pursuant to such clause (iii) of subparagraph (3) of paragraph b of subdivision 1 of section 3609-a of the education law, and provided further that such reduction shall not exceed the amount of the pandemic adjustment that was restored by additional state and federal funds.

Notwithstanding any inconsistent provision of law, for all school districts, the apportionment of general support for public schools for the 2020-21 school year in excess of the amount apportioned to such school district in the 2019-20 school year shall be withheld until (i) such school district has submitted to the commissioner of education and the director of the budget a detailed statement of the total funding allocation for each school in the district for the 2020-21 school year, in a statewide uniform form developed by the director of the budget, in consultation with the commissioner of education, and (ii) the commissioner of
education and the director of the budget
issue a determination of compliance in
writing of such school district’s state-

of the education law, provided that such
school districts shall submit such state-
ment to the commissioner of education and
the director of the budget on or before
Provided further that such school districts
shall adhere to and complete the
prescribed form accurately and fully, and

budget shall request in such form only
information that is known to, or may be
ascertained or estimated by, the district.

cation of centralized spending to individ-
ual schools from all funding sources.
Provided further that within 45 days of
submission of such statement by a school
district, the commissioner of education
and director of the budget shall review
such statement and determine whether the
statement is complete and is in the format
required. If such statement is determined
to be complete and in the format required,
a written acknowledgement of such shall be
sent to the school district. If no deter-

be authorized to complete such form and
submit such statement to the director of
the budget and the commissioner of educa-
tion for approval.

Provided further that where the comptroller
or chief financial officer exercises the
authority to submit such form, such
submission shall occur within 60 days
following notification of the school

such services directly in school buildings, (iii) the extent to
which the proposal articulates how such services would facilitate
measurable improvement in student and family outcomes, (iv) the
extent to which the proposal articulates and identifies how existing
funding streams and programs would be used to provide such community
services, and (v) the extent to which the proposal ensures the safe-
ty of all students, staff and community members in school buildings
used as community hubs. Provided, however, that community schools
grants appropriated herein shall be paid to school districts in
installments upon successful implementation of each phase of a
school district's approved proposal. Provided, further, that no
school district shall receive more than forty percent of the total

university of New York for the services and expenses of administer-

Notwithstanding any inconsistent provision of law, the amount appropriated herein, shall be available under a foster care block grant for state reimbursement of eligible social services district expenditures for the provision and administration of foster care services including care, maintenance, supervision, and tuition; for supervision of foster children placed in federally funded job corps programs; for care, maintenance, supervision, and tuition for adjudicated juvenile delinquents placed in residential programs operated by authorized agencies and in out-of-state residential programs; and for the provision and administration of the kinship guardian assistance program including kinship guardianship assistance payments and payments for non-recurring guardianship expenses; except that, reimbursement from the amount appropriated herein shall not be available for tuition expenditures for foster children, including persons in need of supervision and adjudicated juvenile delinquents, made by a social services district located within a city having a population of one million or more.
Notwithstanding any other provision of law, a portion of the funds are available to reimburse social services districts for the change in the maximum state aid rates established by the office of children and family services for the 2020-21 rate year pursuant to section 398-a of the social services law and sections 4003 and 4405 of the education law to reflect the continuation of the cost of living adjustments that became effective April 1, 2008 for payments made to foster parents and for salary and fringe benefit costs and other critical nonpersonal services costs for foster care programs as determined by the office. Social services districts must adjust the amount of payments made for care provided by congregate care and foster boarding home programs and to foster parents to reflect the cost of living adjustments in the manner specified by the office. Each authorized agency operating a congregate care or foster boarding home program in New York state for which the office sets a maximum state aid rate pursuant to section 398-a of the social services law or section 4003 or 4405 of the education law shall submit, at the time and in a manner to be determined by the office, a written certification, attesting that the funds received for the continuation of the cost of living adjustment to the maximum state aid rate that became effective April 1, 2008 for that program will be or were used solely in accordance with the requirements of the cost of living adjustment established by the office.

Notwithstanding any inconsistent provision of law, for the period commencing on April 1, 2020 and ending March 31, 2021 the commissioner shall not apply any cost of living adjustment for the purpose of establishing rates of payments, contracts or any other form of reimbursement.

Within the amounts appropriated herein, state reimbursement to each social services district for services identified herein that are otherwise reimbursable by the state from April 1, 2020 through March 31, 2021 shall be limited to a district
allocation, hereinafter referred to as the
district's block grant allocation. Notwithstanding any other provision of
tal, such block grant allocation shall be
based, in part, on each district's claims
for such costs, adjusted by the applicable
cost allocation methodology and net of any
retroactive payments for the 12 month
period ending June 30, 2019 that are
submitted on or before January 2, 2020
and, in part, on such other factors as
determined by the office of children and
family services and approved by the direc-
tor of the budget. Any portion of a social
services district's allocation from funds
appropriated herein not claimed by such
district during the state fiscal year may
be used by such district for expenditures
on preventive services provided pursuant
to section 409-a of the social services
law, independent living services and
aftercare services provided pursuant to
regulations of the department of family
assistance, claimed by such district
during the next state fiscal year up to
the amount remaining from the district's
foster care block grant allocation,
provided however, that any claims for such
services during the next state fiscal year
in excess of such amount shall be subject
to 62 percent state reimbursement exclu-
sive of any federal funds made available
for such purposes, in accordance with
directives of the department of family
assistance and subject to the approval of
the director of the budget. Any claims
submitted by a social services district
for reimbursement for a particular state
fiscal year for which the social services
district does not receive state or federal
reimbursement during that state fiscal
year may not be claimed against that
district's block grant apportionment for
the next state fiscal year.
The office of children and family services,
with the approval of the director of the
budget, may reduce a district's block
grant allocation by the state share
decrease related to federal retroactive
reimbursement for such foster care
services identified herein. The office,
with the approval of the director of the
budget, may reduce a district's block
grant allocation by the state share of
disallowances or sanctions taken against
the district pursuant to the social
services law or federal law.
Notwithstanding any other provision of law,
the state shall not be responsible for
reimbursing a social services district and
a district shall not seek state reimburse-
ment for any portion of any state disal-
lowance or sanction taken against the
social services district, or any federal
disallowance attributable to final federal
agency decisions or to settlement made, on
or after July 1, 1995, when such disallow-
ance or sanction results from the failure
of the social services district to comply
with federal or state requirements,
including, but not limited to, failure to
document eligibility for federal or state
funds in the case record; provided, howev-
er, if the office determines that any
federal disallowance for services provided
between January 1, 1999 and May 31, 1999
results solely from the late enactment of
the state legislation implementing the
federal adoption and safe families act,
the state shall be solely responsible for
the full amount of the disallowance or
sanction; provided, further, however, this
provision shall be deemed to apply both
prospectively and retroactively regardless
of whether such sanctions or disallowances
are for services provided or claims made
prior to or after April 1, 2020.
Notwithstanding any other provision of law,
any federal disallowance resulting from a
federal title IV-E eligibility review or
audit that uses extrapolated statistic
techniques shall be passed along by the
state to any and all social services
districts that the office of children and
family services has determined have not
complied with the title IV-E eligibility
requirements or have not taken the neces-
sary actions to ensure compliance with
such requirements including, but not
limited to, failing to: assess and fully
document all the criteria and have readily
available all the necessary documents to
establish and continue title IV-E eligibility for all title IV-E eligible children within the required time frames; claim title IV-E funding only for cases that meet all of the title IV-E eligibility criteria; and fully implement the social services payment system on or before April 1, 2005 for all direct and voluntary agency foster care services.

Notwithstanding any law to the contrary, the office of children and family services shall impose on social services districts any federal disallowance issued against the state as a result of a federal title IV-E secondary eligibility review regardless of the date the children may have entered foster care, the date the eligibility or payment errors occurred, or the filing date of any federal claims for reimbursement; provided, however, that the state shall be responsible for the disallowed costs and expenditures related to the placement of children in a facility operated by the office of children and family services, which shall be determined in the same manner as the disallowed costs and expenditures for social services districts other than the city of New York.

In order to reimburse the federal government for the full amount of any disallowance imposed on the state by the federal administration for children and families within the timeframes necessary to avoid any potential interest payments on such amount, the office of children and family services is authorized to immediately offset funds otherwise due to each district for a pro rata share of the total disallowed costs based on the percentage of applicable federal title IV-E claims made by that district for the relevant time period as compared to the total applicable statewide title IV-E claims. The amount of the offset against each district will be adjusted, if necessary, upon completion of the disallowance allocation process. The final allocation of the amount of any federal disallowance resulting from a title IV-E secondary eligibility review shall be allocated among the districts so that each district
shall be responsible for the amount attributable to each of the district's children or cases that are determined by the federal review to be unallowable. Each district shall also be responsible for a portion of the federal extrapolated disallowance amount based on the relative error rate for the district. The city of New York's error rate will be based on the federal sample and federal statistics. For all social services districts other than the city of New York, the error rate will be based on a review conducted by the district of a sample of children and/or cases determined by the office of children and family services and a re-review of a sub-sample by the office of those children and/or cases determined by the office. The office of children and family services will determine what is reasonable in establishing the size of the sample and sub-sample for each district. The office of children and family services shall notify each social services district of the sample of children and/or cases from the federal audit period that the social services district must review. Any child or case from the social services district that was included in the federal sample will automatically be included in the social services district's review sample and the determination made at the federal review regarding that child or case will govern for the purposes of the social services district's review. The social services district must complete and submit the results of its review to the office of children and family services within 60 days of receipt of the sample. The error rate for the district will be based on the findings of the district's review and the office of children and family services' re-review. If a social services district does not complete its review within 60 days of receiving the sample from the office of children and family services, the office of children and family services shall assign an error rate to the social services district based on the relative percentage of the district's applicable title IV-E claims for the relevant period.
as compared to applicable statewide title IV-E claims for that period and other circumstances that the office of children and family services may consider in order to allocate 100 percent of the federal disallowance. The office of children and family services shall apply each social services district's error rate to the total amount of the district's applicable title IV-E claims including associated administrative expenses. The resulting dollar amounts for all of the social services districts will be summed to derive the total amount of title IV-E claims deemed to be in error statewide. To establish a disallowance percentage for each social services district, the amount of the district's title IV-E claims deemed to be in error will be divided by the amount of statewide title IV-E claims deemed to be in error. The resulting disallowance percentage for each district will be applied to the entire title IV-E extrapolated disallowance calculated by the federal review to determine the amount of the extrapolated disallowance for which the district is responsible. Each district will be credited for the amount already disallowed for any individual children or cases found to be in error during the federal review. The exclusive appeal rights for the review of the amount of the federal disallowance assigned to each social services district shall be pursuant to article 78 of the civil practice law and rules; provided, however, that in any such action all of the social services districts shall be joined as necessary parties and the venue of any such action shall be in Rensselaer county. Any social services district that fails to complete its sample review in the required time frames shall have no right to appeal and shall not be a necessary party to any action brought by another social services district.

Notwithstanding any other provision of law, the amount appropriated
herein shall be available to reimburse for 98 percent of 65 percent
of eligible social services district expenditures that are claimed
by March 31, 2019 for those community preventive services provided
from October 1, 2017 through September 30, 2018 at a cost that does
not exceed the cost that was in effect on October 1, 2008 and that a
social services district can demonstrate had been approved by the
office of children and family services on or before October 1, 2008;
provided, however, that should insufficient funds be available to
provide state reimbursement for 98 percent of 65 percent of such
costs, reimbursement shall be made proportionally to each district
based on the percentage of their total eligible claims to the amount
appropriated; and, provided further, however, that if the amount
appropriated exceeds the amount of funds necessary to reimburse 98
percent of 65 percent of the eligible social services district
expenditures, the office may, to the extent funds are available,
provide reimbursement for 98 percent of 65 percent of eligible
social services district expenditures for new community preventive
services programs approved by the office and only up to the amounts
approved by the office. A local social services district seeking
federal and/or state reimbursement for community preventive services

family services and approved by the director of the budget (13999).
Notwithstanding any other provision of law, for suballocation to the
office of mental health and subsequently for suballocation from the
office of mental health to the department of health for 94 percent
of 65 percent of the nonfederal share of medical assistance payments
for home and community based waiver services provided in accordance

authorized by selected social services districts which choose to use
preventive services funds to support such costs and to authorize the
office of temporary and disability assistance to intercept funds
otherwise due to the districts to provide the 38.9 percent local
share of such preventive services expenditures.
Notwithstanding any inconsistent provision of law, including section 1
of part C of chapter 57 of the laws of 2006, as amended by part I of
chapter 60 of the laws of 2014, for the period commencing on April
1, 2018 and ending March 31, 2019 the commissioner shall not apply

failure of an administrator to submit a timely report may jeopardize
such program's funding in future years. Expenses related to the
development of the evaluation of the pilot programs shall be paid
from the pilot program's administrative set-aside or non-state

assist with project administration and timely coordination of the
bi-monthly claiming process. Notwithstanding any other provision of
law, any pilot programs maintained herein may be terminated if the
administrator for such programs mismanages such programs, by engag-

subsidy funding appropriated herein can support, and failing to
submit claims for reimbursement in a timely fashion (52212) .......

amounts allocated to local social services districts shall herein-
after be referred to as the flexible fund for family services and
shall be used for eligible services to eligible individuals under
the State plan for the federal temporary assistance for needy fami-

Such funds are to be available for payment of aid heretofore accrued

 provision of law, shall constitute the full amount of federal tempo-
rary assistance for needy families funds to be paid on account of
activities funded in whole or in part hereunder and the full amount
of state reimbursement to be paid on account of local district
administrative claims. District allocations from the flexible fund
for family services may be spent only pursuant to plans of expendi-

governing body and approved by the office of temporary and disabili-

director of the budget. Such allocation shall be available for

A of title IV of the social security act as such part was in effect
on September 30, 1995; provided that the funds appropriated herein
may not be used to reimburse localities for costs disallowed under
title IV-E of the social security act. Such expenditures shall
constitute good cause pursuant to section 408 (a) (10) of the social
security act. Such funds may also be used, without state or local
participation, for care, maintenance, supervision, and tuition for
juvenile delinquents and persons in need of supervision who are
placed in residential programs operated by authorized agencies and
who are eligible for emergency assistance to families in the manner
the state was authorized to fund such costs under part A of title IV
of the social security act as such part was in effect on September
30, 1995. Such expenditures shall constitute good cause pursuant to
section 408 (a) (10) of the social security act. Unless otherwise
approved by the commissioner of the office of children and family
services with the approval of the director of the budget, these
funds may be used only for eligible expenditures made from October

claims made by a social services district for expenditures made for
child care during a particular federal fiscal year, other than
claims made under title XX of the federal social security act and
