PART H

Section 1. Section 1220-b of the vehicle and traffic law is amended by adding four new subdivisions 5, 6, 7 and 8 to read as follows:
5. As an alternative to the penalties provided for the violation of the provisions of this section:

(a) Any person who operates, or attempts to operate, a motor vehicle in violation of the provisions of this section shall be guilty of a traffic infraction and, for the first violation, be required to pay a mandatory civil penalty of three thousand dollars and, upon notice, the commissioner shall suspend for a period of thirty days the driver's license or privilege to operate a motor vehicle of any person that operated, or attempted to operate, a motor vehicle in violation of this section; and for the second violation, be required to pay a mandatory civil penalty of five thousand dollars and, upon notice, the commissioner shall suspend for a period of ninety days such driver's license or privilege to operate; and for a third or subsequent violation, be required to pay a mandatory civil penalty of ten thousand dollars and, upon notice, the commissioner shall suspend for a period of one hundred eighty days such driver's license or privilege to operate. In addition to the foregoing, where such person is the owner of the motor vehicle operated in violation of the provisions of this section, for the first violation, the commissioner, upon notice, shall suspend for a period of thirty days the registration of any motor vehicle so operated; and for the second violation, the commissioner, upon notice, shall suspend the registration of any motor vehicle so operated for a period of ninety days; and for a third or subsequent violation, the commissioner, upon notice, shall suspend the registration of any motor vehicle so operated for a period of one hundred eighty days.

(b) Any person who knowingly solicits or attempts to solicit another person for the unlicensed provision of any business, trade or commercial transaction in violation of this section involving the rendering to another person of ground transportation services from an airport shall be guilty of a traffic infraction and, for the first violation, be required to pay a mandatory civil penalty of three thousand dollars; and for the second violation, be required to pay a mandatory civil penalty of five thousand dollars; and for a third or subsequent violation, be required to pay a mandatory civil penalty of ten thousand dollars.

6. The commissioner shall have the authority to deny a registration or renewal application for a motor vehicle where a current or previously registered owner of such motor vehicle has been found in violation of this section, section 19-506 of the administrative code of the city of New York, or other provision establishing civil or criminal liability for unlicensed ground transportation service, or unlicensed operation, and may also deny a registration or renewal application for any other motor vehicle registered in the name of such owner, where the commissioner determines that the applicant's intent in applying for registration or renewal has likely been to evade the purposes of this section and where the commissioner has reasonable grounds to believe that such registration or renewal will have the effect of tending to defeat the purposes of this section.

7. (a) A special proceeding may be commenced in supreme court or county court by a petitioner, whom shall be either the attorney general, or by the agency, authority, bi-state authority, county, or city having jurisdiction over the airport where the alleged violation occurred, alleging that a motor vehicle owner has committed a second or subsequent traffic infraction in violation of this section. A petitioner establishing by clear and convincing evidence that a motor vehicle owner has committed a second or subsequent violation of this section shall be entitled to judgment of forfeiture of all right, title or interest held
by the owner in any motor vehicle used in the commission of the second
or subsequent violation.

(b) Any judgment of forfeiture issued pursuant to this subdivision
shall include provisions for the disposal of the property found to have
been forfeited. Such provisions shall include, but are not limited to,
an order directing that the property, right, title, or interest shall be
sold in accordance with the provisions of article fifty-one of the civil
practice law and rules, unless good cause is shown. Net proceeds of the
sale shall be paid to the petitioner.

8. (a) A police officer shall be permitted to seize a motor vehicle
that may be subject to legal forfeiture pursuant to subdivision seven of
this section if the officer has probable cause to believe the owner of
the motor vehicle is operating, or attempting to operate, the motor
vehicle in violation of this section and the owner has previously been
convicted in any court or administrative tribunal of a violation of this
section. A police officer effectuating a seizure pursuant to this subdi-
vision may do so within twenty-four hours of providing the owner of the
motor vehicle with a traffic summons for the second or subsequent
violation of this section and a notice of motor vehicle seizure contain-
ing the date, time, and place of the court hearing pursuant to this
subdivision, as well as a concise statement concerning the nature of the
legal forfeiture action. Within five business days of such seizure, a
supreme or county court, upon the filing of a petition for legal forfei-
ture, shall conduct a hearing pursuant to subdivision seven of this
section and shall promptly determine whether a motor vehicle seized
pursuant to this subdivision is subject to legal forfeiture and whether
it is necessary that the motor vehicle remain impounded in order to
ensure its availability to effectuate legal forfeiture.

(b) Upon a determination by a court that a motor vehicle is subject to
legal forfeiture, the court will issue an order that petitioner shall
retain the seized motor vehicle during the pendency of the legal forfei-
ture action and proceed in accordance with article four of the civil
practice law and rules to resolve any remaining issues prior to entering
judgment. If the seized motor vehicle is not subject to legal forfei-
ture, but a violation of this section is found, then the motor vehicle
shall be released to the owner upon the payment of all penalties and
suspension termination fees associated with such violation. If a charge
for violating this section is dismissed and the motor vehicle is not
otherwise subject to legal forfeiture, the motor vehicle shall be
released to the owner within twenty-four hours of such dismissal.

§ 2. Paragraph b of subdivision 2 of section 510 of the vehicle and
traffic law is amended by adding two new subparagraphs (xviii) and (xix)
to read as follows:

for a violation of section twelve hundred twenty-b of this chapter as a
result of a failure to appear in response to a summons, or appearance
ticket received pursuant to such section.

The aforesaid shall not apply to contracts for personal, architectural, engineering or other professional services nor to contracts for projects using the design build contracting method which may in the authority's discretion be solicited and awarded pursuant to a process for competitive request for proposals. The authority may reject all bids and obtain new bids in the manner provided by this section when it is deemed in the public interest to do so or, in cases where two or more responsible bidders submit identical bids which are the lowest bids, award the contract to any of such bidders or obtain new bids from such bidders. In the event that a low bid contains a non-conformity or is otherwise non-compliant with the solicitation, the authority may permit such bid to be corrected without increase to the low bid price or may reject such bid. Nothing in this paragraph shall obligate the authority to seek new bids after the rejection of bids or after cancellation of an invitation to bid. Nothing in this section shall prohibit the evaluation of bids on the basis of costs or savings including life cycle costs of the item to be purchased, discounts, and inspection services so long as the invitation to bid reasonably sets forth the criteria to be used in evaluating such costs or savings. Life cycle costs may include but shall not be limited to costs or savings associated with installation, energy use, maintenance, operation and salvage or disposal.

(c) To assist the authority in the development, testing and adoption of new and innovative technology, the authority may award contracts for goods or services not to exceed five million dollars to qualified emerging technology companies as defined in section thirty-one hundred two-e of this chapter pursuant to a process established by the board. Such procedures shall provide for products or vendors to be added to or deleted from such list and shall include provisions for public advertisement of the manner in which
such lists are compiled. The authority shall review such list no less than [twice] once a year for the purpose of making modifications there- to. Contracts for particular supplies, materials or equipment identified on a qualified products list may be awarded by the authority to the lowest responsible bidder after obtaining sealed bids in accordance with this section or without competitive sealed bids in instances when the item is available from only a single source, except that the authority may dispense with advertising provided that it mails copies of the invitation to bid to all vendors of the particular item on the qualified products list.

§ 6. Subdivision 1 of section 1265-a of the public authorities law is repealed.

§ 7. Paragraph (a) of subdivision 2 of section 1265-a of the public authorities law, as amended by section 3-a of subpart C of part ZZZ of chapter 59 of the laws of 2019, is amended to read as follows:

For purposes hereof, contracts for public work shall exclude contracts for personal, engineering and architectural, or professional services, and contracts for projects using the design build contracting method which may, in the authority's discretion, be solicited and awarded pursuant to a process for competitive request for proposals. The authority may reject all bids and obtain new bids in the manner provided by this section when it is deemed in the public interest to do so or, in cases where two or more responsible bidders submit identical bids which are the lowest bids, award the contract to any of such bidders or obtain new bids from such bidders. In the event that the authority receives no responsive bids or only a single bid in response to an invitation for bids, it may negotiate with any firm capable of providing the goods or work that was the subject of the bid. In the event that a low bid contains a non-conformity or is otherwise non-compliant with the solicitation, the authority may permit such bid to be corrected without increase to the low bid price or may reject such bid. Nothing in this paragraph shall obligate the authority to seek new bids after the rejection of bids or after cancellation of an invitation to bid. Nothing in this section shall prohibit the evaluation of bids on the basis of costs or savings including life cycle costs of the item to be purchased, discounts, and inspection services so long as the invitation to bid reasonably sets forth the criteria to be used in evaluating such costs or savings. Life cycle costs may include but shall not be limited to costs or savings associated with installation, energy use, maintenance, operation and salvage or disposal.

affords the person notice and an opportunity to contest the authority's
proposed action in accordance with procedures adopted by the authority
for this purpose. The authority's procedures shall provide, at a mini-
mum, for the notice and other protections set forth in this section, and
the authority shall provide reasonable notification to the public of the
availability of such procedures.

4. (a) A notice of a proposed prohibition order shall set forth a
description of the listed crimes or conduct giving rise to the prohibi-
tion order, including reference to the applicable statutory provision or
ordinance violated, the dates of the listed conduct, the locations where
such conduct was committed and the scope of the prohibition. The notice
shall include a clear and conspicuous statement indicating the procedure
for contesting the proposed prohibition order. The notice shall be
served upon the person who is the subject of the proposed prohibition
order in the manner set forth in paragraph (b) of this subdivision. The
notice of prohibition order, or a copy thereof, shall be considered a
record kept in the ordinary course of business of the authority and
shall be prima facie evidence of the facts contained in the notice
establishing a rebuttable presumption affecting the burden of producing
evidence. For purposes of this paragraph, "clear and conspicuous" means
in larger type than the surrounding text, or in contrasting type, font,
or color to the surrounding text of the same size or set off from the
surrounding text of the same size by symbols or other marks that call
attention to the language.

(b) A proposed prohibition order may be served by:
(1) in-person delivery; or
(2) delivery by any form of mail providing for delivery confirmation,
postage prepaid, to the most recent address provided by the person being
served in government records, including, but not limited to, the address
set forth in a citation or court records; or
(3) any alternate method approved in writing by the authority and the
person being served.
(c) For purposes of this section, delivery shall be deemed to have
been made on the following date, as applicable:
(1) on the date of delivery, if delivered in person; or
(2) on the date of confirmed delivery, if delivered by mail.
(d) Proof of service of the notice shall be filed with the authority.
(e) If a person contests a notice of prohibition order, the authority
shall proceed in accordance with subdivision six of this section. If the
notice of prohibition order is not contested within ten calendar days
following service of the notice, the prohibition order shall be deemed
final and shall be effective, without further action by the authority
for three years.

(f) Prohibition orders shall be subject to an automatic stay and shall
not take effect until the latest of the following:
(1) eleven calendar days following service of the notice of the
proposed prohibition order if the order is not contested;
(2) eleven calendar days following service of the results of the
review if an initial review is timely requested and the proposed prohi-
bition order is upheld on review; or
(3) the date the hearing officer's decision is served on the person if
an administrative hearing is timely requested and the hearing officer
upheld the order.

5. (a) For a period of ten days from the service of the proposed
prohibition order, the person may request an initial review of the
prohibition order by the authority. The request may be made by tele-
phone, in writing, or in person. There shall be no charge for this
review. In conducting its review and reaching a determina
tion, the
authority shall determine whether the prohibition order meets the
requirements of subdivision one of this section. If, following the
initial review, based on these findings, the authority determines that
the proposed prohibition order is not adequately supported or that
extenuating circumstances make dismissal of the prohibition order appro-
priate in the interest of justice, the authority shall cancel the
notice. If, following the initial review, based on these findings, the
authority determines that the prohibition order should be upheld in
whole or in part, the authority shall issue a written statement to that
effect, including any modification to the period or scope of the prohi-
petition order. The authority shall serve the results of the initial
review to the person contesting the notice as set forth in subdivision
four of this section.

(b) The authority may in its discretion modify or cancel a prohibition
order in the interest of justice at any time. If the person depends upon
the authority's subways, trains, buses, or other conveyances or facili-
ties for trips of necessity, including, but not limited to, travel to or
from medical or legal appointments, school or training classes, or plac-
es of employment; obtaining food, clothing, and necessary household
items; or rendering care to family members, the authority may modify a
prohibition order to allow for a trip or trips as in its discretion are
necessary. A person requesting that a prohibition order be cancelled or
modified in the interest of justice shall have the burden of establish-
ing the qualifying circumstances by a preponderance of the evidence.

(c) If the person is dissatisfied with the results of the initial
review, the person may request an administrative hearing of the prohibi-
tion order no later than ten days after the results of the initial
review are serviced. The request may be made by telephone, in writing,
or in person. An administrative hearing shall be held within thirty days
after the receipt of a request for an administrative hearing. The person
requesting the hearing may request one continuance, not to exceed seven
calendar days.

6. The administrative hearing process shall include all of the follow-
ing:

(a) The person requesting the hearing shall have the choice of a hear-
ing by mail or in person. An in-person hearing shall be conducted by the
transit adjudication bureau established by section twelve hundred nine-a
of this article.

(b) The administrative hearing shall be conducted in accordance with
written procedures established by the authority. The hearing shall
provide an independent, objective, fair, and impartial review of the
prohibition order.

(c) The administrative review shall be conducted before a hearing
officer. In addition to any other requirements, a hearing officer shall
demonstrate the qualifications, training, and objectivity as are neces-
sary to fulfill and that are consistent with the duties and responsibil-
ities set forth in this subdivision.

(d) In issuing a decision, the hearing officer shall determine whether
the prohibition order meets the requirements of subdivision one of this
section. Based upon these findings, the hearing officer may uphold the
prohibition order in whole, determine that the prohibition order is not
adequately supported by a preponderance of the evidence, or cancel or
modify the prohibition order in the interest of justice. If the person
depends upon the authority's subways, trains, buses, or other conveyanc-
es or facilities for trips of necessity, including, but not limited to,
travel to or from medical or legal appointments, school or training
classes, or places of employment; obtaining food, clothing, and neces-
sary household items; or rendering care to family members, the hearing
officer may in their discretion modify a prohibition order to allow for
such trips. A person requesting a cancellation or modification in the
interest of justice shall have the burden of establishing the qualifying
circumstances by a preponderance of the evidence.

(e) The hearing officer's decision following the administrative hear-
ing shall be served as set forth in subdivision four of this section.

(f) A person aggrieved by the final decision of the hearing officer
may seek judicial review of the decision within ninety days of service
of the decision pursuant to article seventy-eight of the civil practice law and rules.

7. A person issued a prohibition order may, within ten days of the date the order becomes effective, request a refund for any prepaid fare amounts rendered unusable in whole or in part by the prohibition order including, but not limited to, monthly passes.

8. The provisions of this section shall not be construed to limit the power of any court to issue additional restrictions on a person's ability to use or enter the authority's facilities or conveyances, including but not limited to as a condition of bail or probation or conditional discharge or as a part of any criminal sentence.

§ 3. This act shall take effect on the ninetieth day after it shall have become a law. Effective immediately, the metropolitan transportation authority may adopt any rules, regulations, policies or procedures necessary to implement this act prior to the effective date of this act.

PART S

Section 1. The general business law is amended by adding a new section 390-d to read as follows:

§ 390-d. Gender pricing discrimination. 1. Definitions. For the purposes of this section, the following terms shall have the following meanings:
   (a) "Consumer products" shall mean any goods used, bought or rendered primarily for personal, family or household purposes;
   (b) "Consumer services" shall mean any services used, bought or rendered primarily for personal, family or household purposes;
   (c) "Substantially similar" shall mean (i) two consumer products that exhibit no substantial differences in the materials used in production, the intended use of the product, and the functional design and features of the product, or (ii) two consumer services that exhibit no substantial difference in the amount of time to provide the services, the difficulty in providing the services, or the cost of providing the services. A difference in coloring among any consumer product shall not be construed as a substantial difference for the purposes of this paragraph.

2. No person, firm, partnership, company, corporation, or other business entity shall sell or offer for sale any two consumer products from the same manufacturer or distributor that are substantially similar, if such products are priced differently based on the gender of the persons for whom the products are marketed and intended.

3. No person, firm, partnership, company, corporation or other business entity shall sell or offer for sale any consumer services that are substantially similar if such services are priced differently based upon the gender of the individuals for whom the services are performed, offered, or marketed.

4. Nothing in this section prohibits price differences in consumer products or consumer services based specifically upon the amount of time, difficulty or cost incurred in manufacturing such product or offering such service.

5. (a) The following business establishments shall clearly and conspicuously disclose to the customer in writing the pricing for each standard service provided:
   (i) tailors or businesses providing aftermarket clothing alterations;
   (ii) barbers or hair salons;
   (iii) dry cleaners and laundries providing services to individuals; and
   (iv) such other business establishments as may be identified and added to this list by regulation.

(b) The price list shall be posted in an area conspicuous to customers. Posted price lists shall be in no less than fourteen-point bold-face type and clearly and completely display pricing for every standard service offered by the business.

(c) The business establishment shall provide the customer with a complete written price list upon request.
(d) The business establishment shall display in a conspicuous place at least one clearly visible sign, printed in no less than twenty-four point boldface type, which reads: "NEW YORK LAW PROHIBITS ANY BUSINESS ESTABLISHMENT FROM DISCRIMINATING, WITH RESPECT TO THE PRICE CHARGED FOR SERVICES OF SIMILAR OR LIKE KIND, AGAINST A PERSON BECAUSE OF THE PERSON’S GENDER. A COMPLETE PRICE LIST IS AVAILABLE UPON REQUEST."

(e) For the purposes of this subdivision, "standard service" means the fifteen most frequently requested services provided by the business.

6. (a) The attorney general may issue a notice directing the cessation of any conduct by a person, firm, partnership, company, corporation, or other business entity which the attorney general has reason to believe has violated this section. If any person, firm, partnership, company, corporation, or other business entity fails to submit evidence demonstrating differences in the amount of time, difficulty or cost incurred in manufacturing such product or offering such service within five business days after service of such notice, or if the attorney general determines that such evidence fails to demonstrate legally excusable differences provided for in subdivision four of this section, the attorney general may bring an action in the name and on behalf of the people of the state of New York to enjoin such acts and to obtain restitution of any moneys or property obtained directly or indirectly by any such unlawful acts. In such action preliminary relief may be granted under article sixty-three of the civil practice law and rules. In any such proceeding, the court shall impose a civil penalty in an amount not to exceed twenty-five thousand dollars.

(b) Before any violation of this section is sought to be enjoined, the attorney general shall be required to give the person against whom such proceeding is contemplated notice by certified mail and an opportunity to show in writing within five business days after receipt of notice why proceedings should not be instituted against him, unless the attorney general shall find, in any case in which he seeks preliminary relief, that to give such notice and opportunity is not in the public interest.

(c) In addition to the right of action granted to the attorney general pursuant to this section, any person who has been injured by reason of any violation of this section may bring an action in such person’s own name to enjoin such unlawful act or practice, an action to recover actual damages or fifty dollars, whichever is greater, or both such actions. The court may, in its discretion, increase the award of damages to an amount not to exceed three times the actual damages up to one thousand dollars, if the court finds the defendant willfully or knowingly violated this section. The court may award reasonable attorneys' fees to a prevailing plaintiff.

(d) The attorney general shall have power at all times, either personally or by his or her deputies, to subpoena witnesses, to compel their attendance, to administer an oath, to examine any person under oath and to require the production of any relevant books or papers. Such examination may be conducted on any subject relating to the duties imposed upon, or the powers vested in, the attorney general under the provisions of this section. Any person, firm, partnership, company, corporation, or other business entity which fails to obey the command of a subpoena without reasonable excuse or refuses, without reasonable cause, to be sworn or to be examined or to answer a question or to produce a book or paper when ordered so to do by the officer duly conducting such inquiry, or fails to perform any act required hereunder to be performed, shall be guilty of a misdemeanor and shall also be subject to the compulsions provided by the civil practice law and rules.
Any officer participating in such inquiry and any person examined as a witness upon such inquiry who shall disclose to any person other than the attorney general the name of any witness examined or any other information obtained upon such inquiry, except as directed by the attorney general, shall be guilty of a misdemeanor.

(e) Notwithstanding any law to the contrary, all monies recovered or obtained under this article by a state agency or state official or employee acting in their official capacity shall be subject to subdivision eleven of section four of the state finance law.

7. The attorney general may adopt and promulgate rules as may be necessary in carrying out the provisions of this section.

§ 2. Separability clause; construction. If any part or provision of this act or the application thereof to any person or circumstances be adjudged invalid by any court of competent jurisdiction, such judgment shall be confined in its operation to the part, provision or application directly involved in the controversy in which such judgment shall have been rendered and shall not affect or impair the validity of the remainder of this act or the application thereof to other provisions or circumstances.

§ 3. This act shall take effect on the one hundred eightieth day after it shall have become a law. Effective immediately, the addition, amendment and/or repeal of any rule or regulation necessary for the implementation of this act on its effective date are authorized to be made and completed on or before such effective date.

8. Whenever there shall be a violation of this section, an application may be made by either a. the attorney general in the name of the people of the state of New York, or b. in the case of a voice service provider subject to the jurisdiction of the public service commission, to a court or justice having jurisdiction, to issue an injunction, and upon notice to the defendant of not less than five days, to enjoin and restrain the

provided by federal law and rules or orders of the federal communi-

the risks of blocking wanted calls.

b. Voice service providers shall block a call made to a telephone or

at the time of the blocking. An unused number is a number that is not
assigned to a subscriber or otherwise set aside for outbound call use.

5. By July thirty-first of the year following the effective date of this section, and annually thereafter, every voice service provider shall file with both the department, and the secretary to the public service commission, a report setting forth its deployment and review of the best available call blocking technology required by this section, as well as any available upgrades thereto and deployment thereof to persons or entities, as well as any other information that the department, in consultation with the department of public service, may require. The report shall include a sworn statement by a principal or officer of the voice service provider that the information provided is current and accurate.

8. If the person upon whom such request was made fails to produce the documents or records within fourteen days after the date of the request, the department may issue and serve subpoenas to compel the production of such documents and records. If any person shall refuse to comply with a subpoena issued under this section, the department may petition a court of competent jurisdiction to enforce the subpoena and, notwithstanding any other provision of law, to request a civil penalty not to exceed one thousand dollars per day, actual damages sustained by reason of the failure to comply, and such sanctions as the court may direct.

9. The secretary shall promulgate any rules or regulations necessary to implement and enforce the provisions of this section.

10. The public service commission may promulgate any rules or regulations necessary to implement and enforce the provisions of this section.

§ 905. Use of automatic telephone dialing systems and placement of consumer telephone calls. 1. No person shall operate an automatic telephone dialing system, nor place any consumer telephone call, except in accordance with the provisions of this section. The use of such device by any person, either individually or acting as an officer, agent, or

5. A telephone solicitor shall not make a consumer telephone call to a consumer unless the telephone solicitor conforms with subparagraph (i) of paragraph (b) of subdivision five of section nine hundred sixty of this article. Nothing contained herein shall be deemed to limit, annul, alter, or affect the provisions of subdivision two of this section.

6. No telephone solicitor or person who places any consumer telephone call or who operates an automatic telephone dialing system and no employer of any such telephone solicitor or person shall intentionally cause to be installed, or shall intentionally utilize, any blocking device or service to prevent the name and/or telephone number of such solicitor or person, or the name and/or telephone number of his or her employer, from being displayed on a caller identification device of the recipient of any such consumer telephone call. A violation of this subdivision shall be subject to the provisions of subdivision eight of this section.

Whenever the court shall determine that a violation of subdivision five of this section, or a violation of subdivision six of this section, has occurred, the court may impose a civil penalty of not more than two thousand dollars. In connection with any such proposed application, the attorney-general is authorized to take proof and make a determination of the relevant facts and to issue subpoenas in accordance with the civil practice law and rules.

9. In addition to the right of action granted to the attorney-general pursuant to this section, any person who has received a telephone call in violation of subdivision two, three or four of this section may bring an action in such person's own name to enjoin such unlawful act or practice, an action to recover such person's actual damages or five hundred dollars, whichever is greater, or both such actions. The court may, in its discretion, increase the award of damages to an amount not to exceed three times the actual damages up to one thousand dollars, if the court finds the defendant willfully or knowingly violated such subdivisions. § 906. Telemarketing and consumer fraud and abuse prevention act. 1. Legislative findings and declaration. The legislature finds and declares that the prevention of deceptive and unfair practices in association with telemarketing is in the public interest and subject to the authority of appropriate political subdivisions of the state for the purpose of protecting the public against fraud, deception and other abuses. The legislature intends that the federal telemarketing and consumer fraud and abuse prevention act (P.L. 103-297) be fully enforceable by appropriate state and local enforcement officials. The legislature further declares that additional requirements applicable to the telemarketing industry not present in the federal statute are necessary to protect residents of the state and others from telemarketing abuses. The legislature therefore intends that provisions in this section which differ from the aforementioned federal act and other New York state laws regulating telemarketing be construed whenever reason-
able as providing additional protections to victims of telemarketing fraud.

2. Registration of telemarketers. a. No person shall act as a telemarketer without first having received a certificate of registration from the secretary as provided in this section. Employees of telemarketers shall be exempt from the requirements of this paragraph and paragraph b of this subdivision.

b. No person required to register pursuant to paragraph a of this subdivision shall act as a telemarketer without holding a valid certificate of registration from the secretary as provided in this section.

c. Any applicant shall file with the department an application for a certificate of registration in such form and containing such information as the secretary shall prescribe, including the following:

(i) the applicant's name, address and telephone number;

(ii) each business name under which the applicant engages in or intends to engage in telemarketing, if such name is different than the applicant's;

(iii) the complete street address and primary telephone number of each location, designating the principal location, from which the applicant engages in or intends to engage in telemarketing, including each location at which mail will be received by or on behalf of the applicant, and identifying any such location that is a post office box or mail drop;

(iv) the name, address and telephone number of each principal of the business;

(v) whether the applicant or any principal thereof has been convicted or plead guilty to or is being prosecuted by indictment or information for racketeering, violations of securities laws, or a theft offense of any state, or the United States;

(vi) whether any injunction or judgment has been entered into against the applicant or any principal, or such applicant or principal has entered into a settlement agreement, assurance of discontinuance, consent decree or any similar instrument in any civil action involving theft, racketeering, embezzlement, conversion, misappropriation of property, fraud, or deceptive, unfair, illegal or unconscionable trade practices, and whether any civil action involving such practices is currently pending, to the extent not inconsistent with any existing court orders; and

(vii) whether the license to engage in any business, trade or profession of the applicant or any principal thereof has been refused, suspended or revoked in any jurisdiction.

d. Upon receipt of the completed application for registration and required fee, and unless such certificate of registration has been denied as provided in subdivision four of this section, the secretary shall issue and deliver to the applicant a certificate in such form and manner as the secretary shall prescribe, but which must set forth the applicant's name, business address, and the effective term of the registration. A registration certificate issued or renewed under the provisions of this section shall entitle a person to act as a registered telemarketer for a period of two years from the effective date of the registration.

e. Any registration granted under this section may be renewed by the secretary upon application by the holder thereof, in such form as the secretary may prescribe. The secretary shall have the authority to assign staggered expiration dates for licenses at the time of renewal. If the assigned date results in a term that exceeds two years, the
applicant shall pay an additional pro-rata adjustment together with the
fee prescribed in paragraph f of this subdivision.

f. Each application for a certificate of registration shall be accom-
panied by a fee of five hundred dollars, which shall not be refundable.

g. The fees collected pursuant to this subdivision shall be deposited
to the credit of the business and licensing services account established
pursuant to the provisions of section ninety-seven-y of the state
finance law.

h. Any person holding a certificate of registration shall be required
to provide notice of any change in the information required of appli-
cants by this section, in such form and manner, and within such time
period as the secretary shall prescribe.

i. No person required to be registered under this subdivision shall be
entitled to enforce any agreement or seek any consideration or any other
payment for goods and services offered through telemarketing unless such
person is in compliance with this subdivision and subdivision four of
this section.

j. The secretary may prescribe rules and regulations to administer
this subdivision and subdivision four of this section.

3. Bonding of telemarketers. a. Any applicant shall, at the time of
any original application for a certificate of registration, file with
the secretary, in the form and amount as prescribed in this subdivision
and satisfactory to the secretary:

(i) A bond with a corporate surety, from a company authorized to do
business in this state; or

(ii) An irrevocable letter of credit or a certificate of deposit from

bank or savings and loan association qualified to do business in New
York state and insured by the federal deposit insurance corporation.

to this section, or article ten-B of the personal property law.

e. The aggregate liability of the surety upon the bond or the banking
organization upon the letter of credit or certificate of deposit to all
persons for all breaches of the conditions of the bond shall in no event
exceed the amount of the bond, letter of credit or certificate of depos-
it.

f. The bond, letter of credit or certificate of deposit shall not be
canceled, revoked, diminished or terminated except after notice to, and
with the consent of, the secretary at least forty-five days in advance
of such cancellation, revocation, or termination. Unless the bond is
replaced by another bond, letter of credit or certificate of deposit in
conformity with this subdivision prior to the expiration of the forty-
five day period, the registration of the telemarketer shall be treated
as terminated as of the cancellation, revocation or termination of the
bond.
g. The registration of the telemarketer shall be treated as terminated as of the date the amount of the bond, letter of credit or certificate of deposit falls below the amount required by this subdivision.

h. Any change in ownership of a telemarketer shall not release, cancel or terminate liability under this subdivision under any bond, letter of credit, or certificate of deposit filed for any telemarketer as to any customer who was injured as a result of a violation of this section or article ten-B of the personal property law while such bond, letter of credit or certificate of deposit was in effect unless such transferee, purchaser, successor or assignee of such telemarketer obtains a bond, letter of credit or certificate of deposit under this subdivision for the benefit of such customer. Nothing in this paragraph shall be construed to authorize any telemarketer to cancel any bond, letter of credit, or certificate of deposit where such cancellation is not otherwise authorized by this subdivision.

4. Refusal to issue, suspension, and revocation of registration. a. The secretary, or any person deputized or so designated by him or her may deny the application of any person for a certificate of registration, refuse to issue a renewal thereof, suspend or revoke such certificate or in lieu thereof assess a fine not to exceed one thousand dollars per violation, if he or she determines that such applicant, or any of its principals:

PART V

Section 1. Subdivision 1 of section 130 of the executive law, as
amended by section 1 of subpart D of part II of chapter 55 of the laws
of 2019, is amended to read as follows:
1. The secretary of state may appoint and commission as many notaries
public for the state of New York as in his or her judgment may be deemed
best, whose jurisdiction shall be co-extensive with the boundaries of
the state. The appointment of a notary public shall be for a term of
four years. An application for an appointment as notary public shall be
in form and set forth such matters as the secretary of state shall
prescribe. Every person appointed as notary public must, at the time of
his or her appointment, be a citizen of the United States and either
reside in New York state or have an office or place of business
in New York state. A notary public who is a resident of the state and
who moves out of the state but still maintains a place of business or an
office in New York state does not vacate his or her office as a notary
public. A notary public who is a nonresident and who ceases to have an
office or place of business in this state, vacates his or her office as a
notary public. A notary public who is a resident of New York state and
moves out of the state and who does not retain an office or place of
business in this state shall vacate his or her office as a notary
public. A non-resident who accepts the office of notary public in this
state thereby appoints the secretary of state as the person upon whom
process can be served on his or her behalf. Before issuing to any appli-
cant a commission as notary public, unless he or she be an attorney and
counsellor at law duly admitted to practice in this state or a court
clerk of the unified court system who has been appointed to such posi-
tion after taking a civil service promotional examination in the court
clerk series of titles, the secretary of state shall satisfy himself or
herself that the applicant is of good moral character, has the equiv-
alent of a common school education and is familiar with the duties and
responsibilities of a notary public; provided, however, that where a
notary public applies, before the expiration of his or her term, for
reappointment with the county clerk or where a person whose term as notary public shall have expired applies within six months thereafter for reappointment as a notary public with the county clerk, such qualifying requirements may be waived by the secretary of state, and further, where an application for reappointment is filed with the county clerk after the expiration of the aforementioned renewal period by a person who failed or was unable to re-apply by reason of his or her induction or enlistment in the armed forces of the United States, such qualifying requirements may also be waived by the secretary of state, provided such application for reappointment is made within a period of one year after the military discharge of the applicant under conditions other than dishonorable. In any case, the appointment or reappointment of any applicant is in the discretion of the secretary of state. The secretary of state may suspend or remove from office, for misconduct, any notary public appointed by him or her but no such removal shall be made unless the person who is sought to be removed shall have been served with a copy of the charges against him or her and have an opportunity of being heard. No person shall be appointed as a notary public under this article who has been convicted, in this state or any other state or territory, of a crime, unless the secretary makes a finding in conformance with all applicable statutory requirements, including those contained in article twenty-three-A of the correction law, that such convictions do not constitute a bar to appointment.

§ 2. Subdivision 1 of section 130 of the executive law, as amended by chapter 490 of the laws of 2019, is amended to read as follows:

1. The secretary of state may appoint and commission as many notaries public for the state of New York as in his or her judgment may be deemed best, whose jurisdiction shall be co-extensive with the boundaries of the state. The appointment of a notary public shall be for a term of four years. An application for an appointment as notary public shall be in form and set forth such matters as the secretary of state shall prescribe. Every person appointed as notary public must, at the time of his or her appointment, be a citizen of the United States and either resident of the state of New York or have an office or place of business in New York state. A notary public who is a resident of the state and who moves out of the state but still maintains a place of business or an office in New York state does not vacate his or her office as a notary public. A notary public who is a nonresident and who ceases to have an office or place of business in this state, vacates his or her office as a notary public. A non-resident who accepts the office of notary public in this state thereby appoints the secretary of state as the person upon whom process can be served on his or her behalf. Before issuing to any applicant a commission as notary public, unless he or she be an attorney and counsellor at law duly admitted to practice in this state or a court clerk of the unified court system who has been appointed to such position after taking a civil service promotional examination in the court clerk series of titles, the secretary of state shall satisfy himself or herself that the applicant is of good moral character, has the equivalent of a common school education and is familiar with the duties and responsibilities of a notary public; provided, however, that where a notary public applies, before the expiration of his or her term, for reappointment with the county clerk or where a person whose term as notary public shall have expired applies within six months thereafter
for reappointment as a notary public with the county clerk, such qualifying requirements may be waived by the secretary of state, and further, where an application for reappointment is filed with the county clerk after the expiration of the aforementioned renewal period by a person who failed or was unable to re-apply by reason of his or her induction or enlistment in the armed forces of the United States, such qualifying requirements may also be waived by the secretary of state, provided such application for reappointment is made within a period of one year after the military discharge of the applicant under conditions other than dishonorable, or if the applicant has a qualifying condition, as defined in section three hundred fifty of this chapter, within a period of one year after the applicant has received a discharge other than bad conduct or dishonorable from such service, or if the applicant is a discharged LGBT veteran, as defined in section three hundred fifty of this chapter, within a period of one year after the applicant has received a discharge other than bad conduct or dishonorable from such service. In any case, the appointment or reappointment of any applicant is in the discretion of the secretary of state. The secretary of state may suspend or remove from office, for misconduct, any notary public appointed by him or her but no such removal shall be made unless the person who is sought to be removed shall have been served with a copy of the charges against him or her and have an opportunity of being heard. No person shall be appointed as a notary public under this article who has been convicted, in this state or any other state or territory, of a crime, unless the secretary makes a finding in conformance with all applicable statutory requirements, including those contained in article twenty-three-A of the correction law, that such convictions do not constitute a bar to appointment.

§ 3. Section 440-a of the real property law, as amended by section 1 of subpart G of part II of chapter 55 of the laws of 2019, is amended to read as follows:

§ 440-a. License required for real estate brokers and salesmen. No person, co-partnership, limited liability company or corporation shall engage in or follow the business or occupation of, or hold himself or itself out or act temporarily or otherwise as a real estate broker or real estate salesman in this state without first procuring a license therefor as provided in this article. No person shall be entitled to a license as a real estate broker under this article, either as an individual or as a member of a co-partnership, or as a member or manager of a limited liability company or as an officer of a corporation, unless he or she is twenty years of age or over[ or an alien lawfully admitted for permanent residence in the United States]. No person shall be entitled to a license as a real estate salesman under this article unless he or she is over the age of eighteen years. No person shall be entitled to a license as a real estate broker or real estate salesman under this article who has been convicted in this state or elsewhere of a crime, unless the secretary makes a finding in conformance with all applicable statutory requirements, including those contained in article twenty-three-A of the correction law, that such convictions do not constitute a bar to licensure. No person shall be entitled to a license as a real estate broker or real estate salesman under this article who does not meet the requirements of section 3-503 of the general obligations law.

Notwithstanding anything to the contrary in this section, tenant associations and not-for-profit corporations authorized in writing by the commissioner of the department of the city of New York charged with...
enforcement of the housing maintenance code of such city to manage resi-
dential property owned by such city or appointed by a court of competent 
jurisdiction to manage residential property owned by such city shall be 
exempt from the licensing provisions of this section with respect to the 
properties so managed.

§ 4. Subdivision 1 of section 72 of the general business law, as 
amended by chapter 164 of the laws of 2003, is amended to read as 
follows:

1. If the applicant is a person, the application shall be subscribed 
by such person, and if the applicant is a firm or partnership the appli-
cation shall be subscribed by each individual composing or intending to 
compose such firm or partnership. The application shall state the full 
name, age, residences within the past three years, present and previous 
occupations of each person or individual so signing the same, [that each 
person or individual is a citizen of the United States or an alien 
lawfully admitted for permanent residence in the United States] and 
shall also specify the name of the city, town or village, stating the 
street and number, if the premises have a street and number, and other-
wise such apt description as will reasonably indicate the location ther-
 eof, where is to be located the principal place of business and the 
bureau, agency, sub-agency, office or branch office for which the 
license is desired, and such further facts as may be required by the 
department of state to show the good character, competency and integrity 
of each person or individual so signing such application. Each person or 
individual signing such application shall, together with such applica-
tion, submit to the department of state, his photograph, taken within 
six months prior thereto in duplicate, in passport size and also two 
sets of fingerprints of his two hands recorded in such manner as may be 
specified by the secretary of state or the secretary of state's author-
ized representative. Before approving such application it shall be the 
duty of the secretary of state or the secretary of state's authorized 
representative to forward one copy of such fingerprints to the division 
of criminal justice services. Upon receipt of such fingerprints, such 
division shall forward to the secretary of state a report with respect 
to the applicant's previous criminal history, if any, or a statement 
that the applicant has no previous criminal history according to its 
files. If additional copies of fingerprints are required the applicant 
shall furnish them upon request. Such fingerprints may be submitted to 
the federal bureau of investigation for a national criminal history 
record check. The secretary shall reveal the name of the applicant to 
the chief of police and the district attorney of the applicant's resi-
dence and of the proposed place of business and shall request of them a 
report concerning the applicant's character in the event they shall have 
information concerning it. The secretary shall take such other steps as 
may be necessary to investigate the honesty, good character and integri-
ty of each applicant. Every such applicant for a license as private 
investigator shall establish to the satisfaction of the secretary of 
state (a) if the applicant be a person, or, (b) in the case of a firm, 
limited liability company, partnership or corporation, at least one 
member of such firm, partnership, limited liability company or corpo-

years, undertaking such investigations as those described as performed 
by a private investigator in subdivision one of section seventy-one of 
this article, as a sheriff, police officer in a city or county police 
department, or the division of state police, investigator in an agency 
of the state, county, or United States government, or employee of a
licensed private investigator, or has had an equivalent position and experience or that such person or member was an employee of a police department who rendered service therein as a police officer for not less than twenty years or was an employee of a fire department who rendered service therein as a fire marshal for not less than twenty years. However, employment as a watchman, guard or private patrolman shall not be considered employment as a "private investigator" for purposes of this section. Every such applicant for a license as watch, guard or patrol agency shall establish to the satisfaction of the secretary of state (a) if the applicant be a person, or, (b) in the case of a firm, limited liability company, partnership or corporation, at least one member of such firm, partnership, limited liability company or corporation, has been regularly employed, for a period of not less than two years, performing such duties or providing such services as described as those performed or furnished by a watch, guard or patrol agency in subdivision two of section seventy-one of this article, as a sheriff, police officer in a city or county police department, or employee of an agency of the state, county or United States government, or licensed private investigator or watch, guard or patrol agency, or has had an equivalent position and experience; qualifying experience shall have been completed within such period of time and at such time prior to the filing of the application as shall be satisfactory to the secretary of state. The person or member meeting the experience requirement under this subdivision and the person responsible for the operation and management of each bureau, agency, sub-agency, office or branch office of the applicant shall provide sufficient proof of having taken and passed a written examination prescribed by the secretary of state to test their understanding of their rights, duties and powers as a private investigator and/or watchman, guard or private patrolman, depending upon the work to be performed under the license. In the case of an application subscribed by a resident of the state of New York such application shall be approved, as to each resident person or individual so signing the same, but not less than five reputable citizens of the community in which such applicant resides or transacts business, or in which it is proposed to own, conduct, manage or maintain the bureau, agency, sub-agency, office or branch office for which the license is desired, each of whom shall subscribe and affirm as true, under the penalties of perjury, that he has personally known the said person or individual for a period of at least five years prior to the filing of such application, that he has read such application and believes each of the statements made therein to be true, that such person is honest, of good character and competent, and not related or connected to the person so certifying by blood or marriage. In the case of an application subscribed by a non-resident of the state of New York such application shall be approved, as to each non-resident person or individual so signing the same by not less than five reputable citizens of the community in which such applicant resides. The certificate of approval shall be signed by such reputable citizens and duly verified and acknowledged by them before an officer authorized to take oaths and acknowledgment of deeds. All provisions of this section, applying to corporations, shall also apply to joint-stock associations, except that each such joint-stock association shall file a duly certified copy of its certificate of organization in the place of the certified copy of its certificate of incorporation herein required.

4. Citizenship: be a citizen or resident alien of the United States;

§ 7. This act shall take effect immediately; provided, however, section two of this act shall take effect on the same date and in the same manner as section 36 of chapter 490 of the laws of 2019, takes effect.

PART W

PART X

Section 1. Paragraph (e) of section 104 of the business corporation law, as amended by chapter 832 of the laws of 1982, is amended to read as follows:

(e) If an instrument which is delivered to the department of state for filing complies as to form with the requirements of law and there has been attached to it the consent or approval of the state official, department, board, agency or other body, if any, whose consent to or approval of such instrument or the filing thereof is required by any statute of this state and the filing fee and tax, if any, required by any statute of this state in connection therewith have been paid, the instrument shall be filed and indexed by the department of state. No certificate of authentication or conformity or other proof shall be required with respect to any verification, oath or acknowledgment of any instrument delivered to the department of state under this chapter, if such verification, oath or acknowledgment purports to have been made
before a notary public, or person performing the equivalent function, of
one of the states, or any subdivision thereof, of the United States or
the District of Columbia. Without limiting the effect of section four
hundred three of this chapter, filing and indexing by the department of
state shall not be deemed a finding that a certificate conforms to law,
nor shall it be deemed to constitute an approval by the department of
state of the name of the corporation or the contents of the certificate,
nor shall it be deemed to prevent any person with appropriate standing
from contesting the legality thereof in an appropriate forum. The
instrument’s date of filing shall be the date the instrument was
received by the department of state for filing. An instrument that is
determined by the department of state to be unacceptable for filing
shall be returned to the person filing the instrument with an explana-
tion of the reason for the refusal to file. If the filer returns the
corrected instrument within thirty days from the date it was originally
received by the department of state and it is determined by the depart-
ment of state to be acceptable for filing, the instrument shall be filed
and indexed by the department of state and the filing date of the
instrument shall be the filing date that would have been applied had the
original instrument been acceptable for filing.

§ 2. Paragraph (r) of section 104-A of the business corporation law is
REPEALED.

§ 3. Section 408 of the business corporation law, as amended by
section 3 of part S of chapter 59 of the laws of 2015 and paragraph 1 as

file such statements again until such time as they would have filed, had this subdivision not been amended.

4. The provisions of paragraph (g) of section one hundred four of this chapter shall not be applicable to filings pursuant to this section.

5. The provisions of this section and section 409 of this article shall not apply to a farm corporation. For the purposes of this subdivision, the term "farm corporation" shall mean any domestic corporation or foreign corporation authorized to do business in this state under this chapter engaged in the production of crops, livestock and livestock products on land used in agricultural production, as defined in section 301 of the agriculture and markets law. However, this exception shall not apply to farm corporations that have filed statements with the department of state which have been submitted through the department of taxation and finance pursuant to paragraph eight of this section.

6. No such statement shall be accepted for filing when a certificate of resignation for receipt of process has been filed under section three hundred six-A of this chapter unless the corporation has stated a different address for process which does not include the name of the party previously designated in the address for process in such certificate.

However, each corporation required to file a statement under this section must continue to file the biennial statement required by this section with the department of state until the corporation in fact has filed a tax report with the department of taxation and finance that includes all required information. After that time, the corporation shall continue to deliver annually the statement specified in paragraph one of this section on its tax report in lieu of the biennial statement required by this section.

(c) If the agreement described in subparagraph (a) of this paragraph is made, the department of taxation and finance shall deliver to the department of state for filing the statement specified in paragraph one of this section for each corporation that files a tax report containing such statement. The department of taxation and finance must, to the extent feasible, also include the current name of the corporation, department of state identification number for such corporation, the name, signature and capacity of the signer of the statement, name and

The department of state shall not review such articles or certificates for legal sufficiency; its review shall be limited to determining that the form has been completed. The instrument's date of filing shall be the date the instrument was received by the department of state for filing. An instrument that is determined by the department of state to be unacceptable for filing shall be returned to the person filing the instrument with an explanation of the reason for the refusal to file. If the filer returns the corrected instrument within thirty days from the date it was originally received by the department of state and it is determined by the department of state to be acceptable for filing, the instrument shall be filed and indexed by the department of state and the filing date of the instrument shall be the filing date that would have been applied had the original instrument been acceptable for filing.

(iii) the name and address of the ten members with the largest percentage ownership interest, as determined as of the time the statement is filed by the department of state. No fee shall be collected for the filing of the statement.

[(2) The commissioner of taxation and finance and the secretary of state may agree to allow limited liability companies to include the statement specified in paragraph one of this subdivision on tax reports filed with the department of taxation and finance in lieu of biennial statements and in a manner prescribed by the commissioner of taxation and finance. If this agreement is made, starting with taxable years beginning on or after January first, two thousand sixteen, each limited liability company required to file the statement specified in paragraph one of this subdivision that is subject to the filing fee imposed by paragraph three of subsection (c) of section six hundred fifty-eight of the tax law shall provide such statement annually on its filing fee payment form filed with the department of taxation and finance in lieu of filing a statement under this section with the department of state. However, each limited liability company required to file a statement under this section must continue to file the biennial statement required by this section with the department of state until the limited liability company in fact has filed a filing fee payment form with the department of taxation and finance that includes all required information. After that time, the limited liability company shall continue to provide annually the statement specified in paragraph one of this subdivision on its filing fee payment form in lieu of the biennial statement required by this subdivision.

(3) If the agreement described in paragraph two of this subdivision is made, the department of taxation and finance shall deliver to the department of state the statement specified in paragraph one of this subdivision contained on filing fee payment forms. (e) If an instrument which is delivered to the department of state for filing complies as to form with the requirements of law and there has been attached to it the consent or approval of the supreme court justice, governmental body or officer, or, other person or body, if any, whose consent to or approval of such instrument or the filing thereof is required by any statute of this state and the filing fee and tax, if any, required by any statute of this state in connection therewith have been paid, the instrument shall be filed and indexed by the department of state. No certificate of authentication or conformity or other proof shall be required with respect to any verification, oath or acknowledgment of any instrument delivered to the department of state under this chapter, if such verification, oath or acknowledgment purports to have been made before a notary public, or person performing the equivalent
function, of one of the states, or any subdivision thereof, of the United States or the District of Columbia. Without limiting the effect of section four hundred three of this chapter, filing and indexing by the department of state shall not be deemed a finding that a certificate conforms to law, nor shall it be deemed to constitute an approval by the department of state of the name of the corporation or the contents of the certificate, nor shall it be deemed to prevent any person with appropriate standing from contesting the legality thereof in an appropriate forum. The instrument's date of filing shall be the date the instrument was received by the department of state for filing. An instrument that is determined by the department of state to be unacceptable for filing shall be returned to the person filing the instrument with an explanation of the reason for the refusal to file. If the filer returns the corrected instrument within thirty days from the date it was originally received by the department of state and it is determined by the department of state to be acceptable for filing, the instrument shall be filed and indexed by the department of state and the filing date of the instrument shall be the filing date that would have been applied had the original instrument been acceptable for filing.

§ 10. Section 121-206 of the partnership law, as added by chapter 950 of the laws of 1990, is amended to read as follows:

§ 121-206. Filing with the department of state. A signed certificate of limited partnership and any signed certificates of amendment or other certificates filed pursuant to this article or of any judicial decree of amendment or cancellation shall be delivered to the department of state. If the instrument which is delivered to the department of state for filing complies as to form with the requirements of law and the filing fee required by any statute of this state in connection therewith has been paid, the instrument shall be filed and indexed by the department of state. The instrument's date of filing shall be the date the instrument was received by the department of state for filing. An instrument that is determined by the department of state to be unacceptable for filing shall be returned to the person filing the instrument with an explanation of the reason for the refusal to file. If the filer returns the corrected instrument within thirty days from the date it was originally received by the department of state and it is determined by the department of state to be acceptable for filing, the instrument shall be filed and indexed by the department of state and the filing date of the instrument shall be the filing date that would have been applied had the original instrument been acceptable for filing.

§ 11. Subdivision (e) of section 121-1500 of the partnership law, as added by chapter 576 of the laws of 1994, is amended to read as follows:

(e) If the signed registration instrument delivered to the department of state for filing complies as to form with the requirements of law and the filing fee required by any statute of this state has been paid, the registration instrument shall be filed and indexed by the department of state. The instrument's date of filing shall be the date the instrument was received by the department of state for filing. An instrument that is determined by the department of state to be unacceptable for filing shall be returned to the person filing the instrument with an explanation of the reason for the refusal to file. If the filer returns the corrected instrument within thirty days from the date it was originally received by the department of state and it is determined by the department of state to be acceptable for filing, the instrument shall be filed and indexed by the department of state and the filing
date of the instrument shall be the filing date that would have been applied had the original instrument been acceptable for filing.

§ 12. Subdivision (g) of section 121-1500 of the partnership law, as amended by section 8 of part S of chapter 59 of the laws of 2015, is amended to read as follows:

(g) Each registered limited liability partnership shall, within sixty days prior to the fifth anniversary of the effective date of its registration and every five years thereafter, furnish a statement to the department of state setting forth: (i) the name of the registered limited liability partnership, (ii) the address of the principal office of the registered limited liability partnership, (iii) the post office address within or without this state to which the secretary of state shall mail a copy of any process accepted against it served upon him or her, which address shall supersede any previous address on file with the department of state for this purpose, and (iv) a statement that it is eligible to register as a registered limited liability partnership pursuant to subdivision (a) of this section. The statement shall be executed by one or more partners of the registered limited liability partnership. The statement shall be accompanied by a fee of twenty dollars if submitted directly to the department of state. The commissioner of taxation and finance and the secretary of state may agree to allow registered limited liability partnerships to provide the statement specified in this subdivision on tax reports filed with the department of taxation and finance in lieu of statements filed directly with the secretary of state and in a manner prescribed by the commissioner of taxation and finance. If this agreement is made, starting with taxable years beginning on or after January first, two thousand sixteen, each registered limited liability partnership required to file the statement specified in this subdivision that is subject to the filing fee imposed by paragraph three of subsection (c) of section six hundred fifty-eight of the tax law shall provide such statement annually on its filing fee payment form filed with the department of taxation and finance in lieu of filing a statement under this subdivision with the department of state. However, each registered limited liability partnership required to file a statement under this section must continue to file a statement with the department of state as required by this section until the registered limited liability partnership in fact has filed a filing fee payment form with the department of taxation and finance that includes all required information. After that time, the registered limited liability partnership shall continue to provide annually the statement specified in this subdivision on its filing fee payment form in lieu of the statement required by this subdivision. The commissioner of taxation and finance shall deliver the completed statement specified in this subdivision to the department of state for filing. The department of taxation and finance must, to the extent feasible, also include in such delivery the current name of the registered limited liability partnership, the name, signature and capacity of the signer of the statement, name and street address of the filer of the statement, and the email address, if any, of the filer of the statement. No fee shall be collected for the filing of the statement. If a registered limited liability partnership shall not timely file the statement required by this subdivision, the department of state may, upon sixty days' notice mailed to the address of such registered limited liability partnership as shown in the last registration or statement or certificate of amendment filed by such registered limited liability
partnership, make a proclamation declaring the registration of such
registered limited liability partnership to be revoked pursuant to this
subdivision. The department of state shall file the original proclama-
tion in its office and shall publish a copy thereof in the state regis-
ter no later than three months following the date of such proclamation.

This shall not apply to registered limited liability partnerships that
have filed a statement with the department of state through the depart-
ment of taxation and finance. Upon the publication of such proclamation
in the manner aforesaid, the registration of each registered limited
liability partnership named in such proclamation shall be deemed revoked
without further legal proceedings. Any registered limited liability
partnership whose registration was so revoked may file in the department
of state a statement required by this subdivision. The filing of such
statement shall have the effect of annulling all of the proceedings
thereof taken for the revocation of the registration of such registered
limited liability partnership under this subdivision and (1) the
registered limited liability partnership shall thereupon have such
powers, rights, duties and obligations as it had on the date of the
publication of the proclamation, with the same force and effect as if
such proclamation had not been made or published and (2) such publica-
tion shall not affect the applicability of the provisions of subdivision
(b) of section twenty-six of this chapter to any debt, obligation or
liability incurred, created or assumed from the date of publication of
the proclamation through the date of the filing of the statement with
the department of state. If, after the publication of such proclamation,
it shall be determined by the department of state that the name of any
registered limited liability partnership was erroneously included in
such proclamation, the department of state shall make appropriate entry
on its records, which entry shall have the effect of annulling all of the
proceedings theretofore taken for the revocation of the registration
of such registered limited liability partnership under this subdivision
and (A) such registered limited liability partnership shall have such
powers, rights, duties and obligations as it had on the date of the
publication of the proclamation, with the same force and effect as if
such proclamation had not been made or published and (B) such publica-
tion shall not affect the applicability of the provisions of subdivision
(b) of section twenty-six of this chapter to any debt, obligation or
liability incurred, created or assumed from the date of publication of
the proclamation through the date of the making of the entry on the
records of the department of state. Whenever a registered limited
liability partnership whose registration was revoked shall have filed a
statement pursuant to this subdivision or if the name of a registered
limited liability partnership was erroneously included in a proclamation
and such proclamation was annulled, the department of state shall
publish a notice thereof in the state register.

§ 13. Subdivision (d) of section 121-1502 of the partnership law, as
added by chapter 576 of the laws of 1994, is amended to read as follows:
(d) If a signed notice or other instrument delivered to the department
of state for filing complies as to form with the requirements of law and
the filing fee required by any statute of this state has been paid, the
instrument shall be filed and indexed by the department of
state. The instrument's date of filing shall be the date the instrument
was received by the department of state for filing. An instrument that
is determined by the department of state to be unacceptable for filing
shall be returned to the person filing the instrument with an explana-
tion of the reason for the refusal to file. If the filer returns the
corrected instrument within thirty days from the date it was originally received by the department of state and it is determined by the department of state to be acceptable for filing, the instrument shall be filed and indexed by the department of state and the filing date of the instrument shall be the filing date that would have been applied had the original instrument been acceptable for filing. If a foreign limited liability partnership that is a New York registered foreign limited liability partnership dissolves, a foreign limited liability partnership which is the successor to such New York registered foreign limited liability partnership (i) shall not be required to file a new notice and shall be deemed to have filed the notice filed by the New York registered foreign limited liability partnership pursuant to subdivision (a) of this section, as well as any withdrawal notice filed pursuant to subdivision (e) of this section, any statement or certificate of consent filed pursuant to subdivision (f) of this section and any notice of amendment filed pursuant to subdivision (i) of this section and (ii) shall be bound by any revocation of status pursuant to subdivision (f) of this section and any annulment thereof of the dissolved foreign limited liability partnership that was a New York registered foreign limited liability partnership. For purposes of this section, a foreign limited liability partnership is a successor to a foreign limited liability partnership that was a New York registered foreign limited liability partnership if a majority of the total interests in the current profits of such successor foreign limited liability partnership are held by partners of the predecessor foreign limited liability partnership that was a New York registered foreign limited liability partnership who were partners of such predecessor partnership immediately prior to the dissolution of such predecessor partnership.

§ 14. Paragraph (I) of subdivision (f) of section 121-1502 of the partnership law, as amended by section 9 of part S of chapter 59 of the laws of 2015, is amended to read as follows:

(1) Each New York registered foreign limited liability partnership shall, within sixty days prior to the fifth anniversary of the effective date of its notice and every five years thereafter, furnish a statement to the department of state setting forth:

(i) the name under which the New York registered foreign limited liability partnership is carrying on or conducting or transacting business or activities in this state, (ii) the address of the principal office of the New York registered foreign limited liability partnership, (iii) the post office address within or without this state to which the secretary of state shall mail a copy of any process accepted against it served upon him or her, which address shall supersede any previous address on file with the department of state for this purpose, and (iv) a statement that it is a foreign limited liability partnership. The statement shall be executed by one or more partners of the New York registered foreign limited liability partnership. [The statement shall be accompanied by a fee of fifty dollars if submitted directly to the department of state. The commissioner of taxation and finance and the secretary of state may agree to allow New York registered foreign limited liability partnerships to provide the statement specified in this paragraph on tax reports filed with the department of taxation and finance in lieu of statements filed directly with the secretary of state and in a manner prescribed by the commissioner of taxation and finance. If this agreement is made, starting with taxable years beginning on or after January first, two thousand sixteen, each New York registered foreign limited liability partnership required to file the statement]
specified in this paragraph that is subject to the filing fee imposed by
paragraph three of subsection (c) of section six hundred fifty-eight of
the tax law shall provide such statement annually on its filing fee
payment form filed with the department of taxation and finance in lieu
of filing a statement under this paragraph directly with the department
of state. However, each New York registered foreign limited liability
partnership required to file a statement under this section must contin-
ue to file a statement with the department of state as required by this
section until the New York registered foreign limited liability partner-
ship in fact has filed a filing fee payment form with the department of
taxation and finance that includes all required information. After that
time, the New York registered foreign limited liability partnership
shall continue to provide annually the statement specified in this para-
graph on its filing fee payment form in lieu of filing the statement
required by this paragraph directly with the department of state. The
commissioner of taxation and finance shall deliver the completed state-
ment specified in this paragraph to the department of state for filing.
The department of taxation and finance must, to the extent feasible,
also include in such delivery the current name of the New York regis-
tered foreign limited liability partnership, department of state iden-
tification number for such New York registered foreign limited liability
partnership, the name, signature and capacity of the signer of the
statement, name and street address of the filer of the statement, and
the email address, if any, of the filer of the statement. No fee shall
be collected for the filing of the statement. If a New York registered
foreign limited liability partnership shall not timely file the state-
ment required by this subdivision, the department of state may, upon
sixty days' notice mailed to the address of such New York registered
foreign limited liability partnership as shown in the last notice or
statement or certificate of amendment filed by such New York registered
foreign limited liability partnership, make a proclamation declaring the
status of such New York registered foreign limited liability partnership
to be revoked pursuant to this subdivision. [This shall not apply to New
York registered foreign limited liability partnerships that have filed a
statement with the department of state through the department of taxa-
tion and finance.] The department of state shall file the original proc-
lamation in its office and shall publish a copy thereof in the state
register no later than three months following the date of such proclama-
tion. Upon the publication of such proclamation in the manner aforesaid,
the status of each New York registered foreign limited liability part-
nership named in such proclamation shall be deemed revoked without
further legal proceedings. Any New York registered foreign limited
liability partnership whose status was so revoked may file in the
department of state a statement required by this subdivision. The filing
of such statement shall have the effect of annulling all of the
proceedings theretofore taken for the revocation of the status of such
New York registered foreign limited liability partnership under this
subdivision and (1) the New York registered foreign limited liability
partnership shall thereupon have such powers, rights, duties and obli-
gations as it had on the date of the publication of the proclamation,
with the same force and effect as if such proclamation had not been made
or published and (2) such publication shall not affect the applicability
of the laws of the jurisdiction governing the agreement under which such
New York registered foreign limited liability partnership is operating
(including laws governing the liability of partners) to any debt, obli-
gation or liability incurred, created or assumed from the date of publi-
cation of the proclamation through the date of the filing of the state-
ment with the department of state. If, after the publication of such
proclamation, it shall be determined by the department of state that the
name of any New York registered foreign limited liability partnership
was erroneously included in such proclamation, the department of state
shall make appropriate entry on its records, which entry shall have the
effect of annulling all of the proceedings theretofore taken for the
revocation of the status of such New York registered foreign limited
liability partnership under this subdivision and (1) such New York
registered foreign limited liability partnership shall have such powers,
rights, duties and obligations as it had on the date of the publication
of the proclamation, with the same force and effect as if such proclama-
tion had not been made or published and (2) such publication shall not
affect the applicability of the laws of the jurisdiction governing the
agreement under which such New York registered foreign limited liability
partnership is operating (including laws governing the liability of
partners) to any debt, obligation or liability incurred, created or
assumed from the date of publication of the proclamation through the
date of the making of the entry on the records of the department of
state. Whenever a New York registered foreign limited liability part-
nership whose status was revoked shall have filed a statement pursuant to
this subdivision or if the name of a New York registered foreign limited
liability partnership was erroneously included in a proclamation and
such proclamation was annulled, the department of state shall publish a
notice thereof in the state register.

§ 25-a. Combination gas and electric corporations; administrative sanctions; recovery of penalties. Notwithstanding sections twenty-four and twenty-five of this article: 1. Every combination gas and electric corporation and the officers thereof shall adhere to every provision of this chapter and every order or regulation adopted under authority of this chapter so long as the same shall be in force.

2. (a) The commission shall have the authority to assess a civil penalty in an amount as set forth in this section and impose any other required relief against a combination gas and electric corporation and the officers thereof subject to the jurisdiction, supervision, or regulation pursuant to this chapter [in an amount as set forth in this section]. In determining the amount of any penalty to be assessed pursuant to this section, the commission shall consider: (i) the seriousness of the violation for which a penalty is sought; (ii) the nature and extent of any previous violations for which penalties have been assessed against the corporation or officer; (iii) whether there was knowledge of the violation; (iv) the gross revenues and financial status of the corporation; and (v) such other factors as the commission may deem appropriate and relevant. The remedies provided by this subdivision are in addition to any other remedies provided in law or equity.

(b) [Whenever the commission has reason to believe that a combination gas and electric corporation or such officers thereof should be subject to imposition of a civil penalty as set forth in this subdivision, it shall notify such corporation or officer.] To inform the commission's decision under this section, the department is authorized, pursuant to a referral made by the chief executive officer of the department, to commence a proceeding pursuant to this section upon issuance of a notice of violation if it believes that a combination gas and electric corporation, or such officers thereof, may be subject to imposition of a civil penalty as set forth in this subdivision and/or such other relief as may be required to address such alleged violation. Such notice shall

The total period of a continuing violation, as well as every distinct violation shall be similarly treated as a separate and distinct offense for purposes of this paragraph; or

(b) the maximum forfeiture determined in accordance with subdivision three of this section.

6. Any officer of any combination gas and electric corporation determined by the commission to have violated the provisions of subdivision three, four, or five of this section, and who knowingly violates a provision of this chapter, regulation or an order adopted under authority of this chapter so long as the same shall be in force shall forfeit a sum not to exceed one hundred thousand dollars constituting a civil penalty for each and every offense and, in the case of a continuing violation, each day shall be deemed a separate and distinct offense.

7. [Any such assessment may be compromised or discontinued by the commission.] All moneys recovered pursuant to this section, together with the costs thereof, shall be remitted to, or for the benefit of, the ratepayers in a manner to be determined by the commission.

8. Upon a failure by a combination gas and electric corporation or officer to remit any penalty assessed by the commission pursuant to this section, the commission, through its counsel, may institute an action or special proceeding to collect the penalty in a court of competent jurisdiction.

9. Any payment made by a combination gas and electric corporation or the officers thereof as a result of an assessment as provided in this section, and the cost of litigation and investigation related to any such assessment, shall not be recoverable from ratepayers.

10. In construing and enforcing the provisions of this chapter relating to penalties, the act of any director, officer, agent or employee of a combined gas and electric corporation acting within the scope of his or her official duties or employment shall be deemed to be the act of such corporation.

11. It shall be a violation of this chapter should a director, officer or employee of a public utility company, corporation, person acting in his or her official duties or employment, or an agent acting on behalf of an employer take retaliatory personnel action such as discharge, suspension, demotion, penalization or discrimination against an employee for reporting a violation of a provision of this chapter [of] or an order or regulation adopted under the authority of this chapter, including, but not limited to, those governing safe and adequate service,
protection of human safety or prevention of significant damage to real property, including, but not limited to, the commission's code of gas safety. Nothing in this subdivision shall be deemed to diminish the rights, privileges or remedies of any employee under any other law or regulation, including but not limited to article twenty-C of the labor law and section seventy-five-b of the civil service law, or under any collective bargaining agreement or employment contract.

§ 2. The public service law is amended by adding a new section 25-b to read as follows:

"Broadband internet access service" shall also encompass any service provided to customers in the state of New York that provides a functional equivalent of such service or that is used to evade the protections set forth in this chapter.

4. "Class of internet content, application, service, or device" means internet content, or a group of internet applications, services, or
devices, sharing a common characteristic, including, but not limited to,
sharing the same source or destination, belonging to the same type of

14. "Third-party paid prioritization" means the management of an internet service provider's network to directly or indirectly favor some traffic over other traffic, including the use of techniques such as traffic shaping, prioritization, resource reservation, or other forms of preferential traffic management, either:
   (a) in exchange for consideration, monetary or otherwise, from a third party; or
   (b) to benefit an affiliated entity.

15. "Zero-rating" means exempting some internet traffic from a customer's data usage limitation.

§ 251. Prohibitions. 1. Notwithstanding any inconsistent provisions of this chapter, it shall be unlawful for an ISP, in providing broadband internet access service in the state, to engage in any of the following activities:
   (a) Blocking lawful content, applications, services, or non-harmful devices, subject to reasonable network management practices.
   (b) Throttling, altering, restricting, interfering with, or otherwise directly or indirectly favoring, disadvantaging, or discriminating between lawful internet traffic on the basis of source, destination, internet content, application, or service, or use of a non-harmful

devices in a category of internet content, applications, services, or
devices, but not the entire category.

(f) Engaging in application-specific differential pricing.

(g) Unreasonably interfering with, or unreasonably disadvantaging,
either an end user’s ability to select, access, and use broadband inter-
net access service or lawful internet content, applications, services,
or devices of the end user’s choice, subject to reasonable network
management practices.

(h) Engaging in practices with respect to, related to, or in
connection with ISP traffic exchange that has the purpose or effect of
circumventing or undermining the effectiveness of this section.

(i) Engaging in deceptive or misleading marketing practices that
misrepresent the treatment of internet traffic, content, applications,
service or devices by the internet service provider, or that misrepre-
sent the performance characteristics or commercial terms of the broad-
band internet access service to its customers.

(j) Advertising, offering for sale or selling broadband internet
access service without prominently disclosing with specificity all
aspects of the service advertised, offered for sale or sold.

(k) Failing to publicly disclose accurate information regarding the

broadband internet access services sufficient for consumers to make
informed choices regarding use of those services and for content, appli-
cation, service and device providers to develop, market and maintain
internet offerings.

(l) Offering or providing services other than broadband internet
access service that are delivered over the same last-mile connection as
the broadband internet access service, if those services satisfy any of
the following conditions:

(i) such services are marketed, provide or can be used as a functional
equivalent of broadband internet access service;

(ii) such services have the purpose or effect of circumventing or
undermining the effectiveness of this section; or

(iii) such services negatively affect the performance of broadband
internet access service.

2. (a) An internet service provider may offer different types of tech-

   section, if all of the following conditions exist:

   (i) the different types of technical treatment are equally available
to all internet content, applications, services and devices, and all
   classes of internet content, applications, services and devices, and the
   internet service provider does not discriminate in the provision of the
different types of technical treatment on the basis of internet content,
application, service or device, or class of internet content, applica-
tion, service or device;

   (ii) the internet service provider’s end users are able to choose
whether, when, and for which internet content, applications, services,

application-agnostic ways, without violating the provisions of subdivi-
sion one of this section, provided that no consideration, monetary or
otherwise, is provided by any third party in exchange for the provider's
decision to zero-rate or to not zero-rate traffic.
4. Nothing in this section prohibits an ISP from meeting an obligation
to address the needs of emergency communications or law enforcement,

permitted by applicable law, or limits the ISP's ability to do so.
§ 252. Consumer notice of service practices. An ISP providing broad-
band service in the state shall make publicly available an accurate
description of such ISP's network management practices, performance and
commercial terms of its broadband internet access service by posting

rit y.
§ 253. Annual certification. Every ISP providing broadband service in
the state shall submit a certification to the department in a form and
manner specified by the commission, by July first, two thousand twenty-

sections two hundred fifty-one and two hundred fifty-two of this arti-

this chapter, the attorney general may enforce the provisions of this
article to the extent permitted under section sixty-three of the execu-

Each contract for internet services provided to a state agency shall specifically require certification pursuant to section two hundred fifty-three of the public service law and state that the internet service provider may not block lawful content, applications, services, non-harmful devices or applications that compete with other services provided by such internet service provider. Any contract or contract renewal entered into by a state agency shall include a binding agreement consistent with the foregoing provisions, and no state agency shall enter into a contract with an internet service provider, an agent therefor or other entity offering to or procuring on behalf of the state agency internet services unless such contract contains such a binding agreement.

2. Exclusive use prohibited. A municipal corporation may not enter into an exclusive arrangement with any person for use of the right of way for the collocation of small wireless facilities or for the installation, operation, marketing, modification, maintenance or replacement of utility poles.

3. Right of way rates and fees. A municipal corporation may only charge a wireless provider a rate or fee for the use of the ROW with respect to the collocation of small wireless facilities or the installation, maintenance, modification, operation, or replacement of a utility pole in the right of way if the municipal corporation charges other entities for use of the right of way. Notwithstanding the foregoing, a municipal corporation is permitted, on a nondiscriminatory basis, to refrain from charging any rate to a wireless provider for the use of the right of way. The rate for use of the right of way is provided in section three hundred four of this article.

4. Right of access. Subject to this section, a wireless provider shall have the right, as a permitted use not subject to zoning review or approval, to collocate small wireless facilities and to install, maintain, modify, operate and replace utility poles along, across, upon, and under the right of way. Such structures and facilities shall be so installed and maintained as not to obstruct or hinder the usual travel or public safety on such right of way or obstruct the legal use of such right of way by utilities.

5. Height limits. Each new or modified utility pole installed in the right of way shall not exceed the greater of: (a) ten feet in height above the tallest existing utility pole in place as of the effective date of this article located within five hundred feet of the new pole in the same municipal corporation’s right of way; or (b) fifty feet above ground level. New small wireless facilities in the right of way may not extend: (i) more than ten feet above an existing utility pole in place as of the effective date of this article; or (ii) for small wireless facilities on a new utility pole, above the height permitted for a new utility pole under this section. A wireless provider shall have the right to collocate a small wireless facility and install, maintain, modify, operate and replace a utility pole that exceeds these height limits along, across, upon and under the right of way, subject to this section and applicable zoning regulations.

6. Decorative poles. A wireless provider shall be permitted to collocate on or replace decorative poles when necessary to deploy a small wireless facility. A municipal corporation may require such collocation or decorative pole replacement to reasonably conform to the design aesthetics of the original decorative pole or poles, provided such requirements are technically feasible.

7. Underground district. (a) A wireless provider shall comply with written, objective, reasonable and nondiscriminatory requirements that prohibit the installation of utility poles or wireless support structures in the right of way in an area designated solely for underground
communications and electric lines where: (i) the municipal corporation has required all such lines to be placed underground no less than three months prior to the submission of the application; (ii) utility poles the municipal corporation allows to remain shall be made available to wireless providers for the collocation of small wireless facilities, and may be replaced by a wireless provider to accommodate the collocation of small wireless facilities, in compliance with this article; and (iii) a wireless provider may install a new utility pole in the designated area that otherwise complies with this section when it is not able to provide wireless service by collocating on a remaining utility pole or wireless support structure.

(b) For small wireless facilities installed before a municipal corporation adopts requirements that communications and electric lines be placed underground, such municipal corporation adopting such requirements shall: (i) permit a wireless provider to maintain the small wireless facilities in place subject to any applicable pole attachment agreement with the utility pole owner; or (ii) permit the wireless provider to replace the associated utility pole within fifty feet of the prior location.

8. Historic district. Subject to subdivision four of section three hundred two of this article, a municipal corporation may require written, objective, reasonable, technically feasible, nondiscriminatory and technologically neutral design or concealment measures in a historic district. No such design or concealment measures may have the effect of materially inhibiting any provider's technology or service; nor may any such measures be considered a part of the small wireless facility for purposes of the size restrictions in the definition of small wireless facility.

9. No discrimination. The municipal corporation, in the exercise of its administration and regulation related to the management of the right of way, must be competitively neutral with regard to other users of the right of way. The municipal corporation's right of way regulations may not be unreasonable or discriminatory and may not violate any applicable law.

10. Damage and repair. The municipal corporation may require a wireless provider to repair all damage to the right of way directly caused by the activities of the wireless provider in the right of way and to return the right of way to its functional equivalence before the damage pursuant to the competitively neutral, reasonable requirements and specifications of the municipal corporation. If the wireless provider fails to make the repairs reasonably required by the municipal corporation within a reasonable time after written notice, the municipal corporation may affect those repairs and charge the applicable party the reasonable, documented actual cost of such repairs.

11. Pole replacements and modifications. A wireless provider shall not be required to replace or upgrade an existing utility pole except for reasons of structural necessity or compliance with applicable codes. A wireless provider may, with the permission of the pole owner, replace or modify existing utility poles, but any such replacement or modification shall be consistent with the design aesthetics of the utility pole or poles being modified or replaced.

12. Permitted use. New, modified or replacement utility poles associated with a small wireless facility that meet the requirements of this section are permitted uses subject to the permit process in subdivision four of section three hundred two of this article and are not subject to zoning review or approval.
13. Abandonment. A wireless provider is required to notify the municipal corporation at least thirty days before its abandonment of a small wireless facility. Following receipt of such notice, the municipal corporation shall direct the wireless provider to remove all or any portion of the small wireless facility that the municipal corporation determines would be in the best interest of the public safety and public welfare to remove. If the wireless provider fails to remove the abandoned facility within ninety days after such notice, the municipal corporation may undertake to do so and recover the actual and reasonable expenses of doing so from the wireless provider, its successors or assigns.

§ 302. Permitting process for small wireless facilities. 1. Applicability. This section shall apply to the permitting of the collocation of small wireless facilities by a wireless provider in or outside the right of way as specified in subdivision three of this section and to the permitting of the installation, modification, and replacement of associated utility poles by a wireless provider inside the right of way.

2. General. Except as provided in this article, a municipal corporation may not prohibit, regulate, or charge for the collocation of small wireless facilities that may be permitted in this section.

3. Zoning. Small wireless facilities shall be classified as permitted uses and not subject to zoning review or approval if they are collocated in the right of way in any zone.

4. Permits. A municipal corporation may require an applicant to obtain one or more permits to collocate a small wireless facility or to install a new, modified or replacement utility pole associated with a small wireless facility as provided in subdivision four of section three hundred one of this article, provided such permits are of general applicability and do not apply exclusively to wireless facilities. A municipal corporation shall receive applications for, process, and issue such permits subject to the following requirements:

(a) a municipal corporation may not directly or indirectly require an applicant to perform services or provide goods unrelated to the permit, such as in-kind contributions to the municipal corporation including, but not limited to, reserving fiber, conduit, or pole space for the municipal corporation;

(b) an applicant shall not be required to provide more information to obtain a permit than communications service providers that are not wireless providers, provided that an applicant may be required to include construction and engineering drawings and information demonstrating compliance with the criteria in paragraph (g) of this subdivision;

(c) a municipal corporation may not require the collocation of small wireless facilities on any specific utility pole or category of poles or require multiple antenna systems on a single utility pole; the use of specific pole types or configurations when installing new or replacement poles; or the underground placements of small wireless facilities that are or are designated in an application to be pole-mounted or ground-mounted;

(d) a municipal corporation may not limit the collocation of small wireless facilities by minimum horizontal separation distance requirements from existing small wireless facilities, utility poles, or other structures;

(e) a municipal corporation may require an applicant to include an attestation that the small wireless facilities will be operational for use by a wireless services provider within one year after the permit issuance date, unless the municipal corporation applicant agree to
extend this period or delay is caused by lack of commercial power or communications transport facilities to the site;

(f) within ten days of receipt of an application, a municipal corporation must determine and notify the applicant in writing whether the application is complete. If an application is deemed incomplete, the municipal corporation must specifically identify the missing information in writing. The processing deadline in paragraph (g) of this subdivision is tolled from the time the authority sends the notice of incompleteness to the time the applicant provides the missing information. Such processing deadline may also be tolled upon agreement of the applicant and the municipal corporation;

(g) municipal corporations shall process applications on a nondiscriminatory basis and such applications shall be deemed approved if the municipal corporation fails to approve or deny the application within sixty days of receipt of the application;

(h) a municipal corporation may deny a proposed collocation of a small wireless facility or installation, modification or replacement of a utility pole that meets the requirements of subdivision five of section three hundred one of this article only if the proposed application: (i) materially interferes with the safe operation of traffic control equipment; (ii) materially interferes with sight lines or clear zones for transportation or pedestrians; (iii) materially interferes with compliance with the Americans with Disabilities Act or similar federal or state standards regarding pedestrian access or movement; (iv) fails to comply with reasonable and nondiscriminatory horizontal spacing requirements of general application adopted by ordinance that concern the location of ground-mounted equipment and new utility poles. Such spacing requirements shall not prevent a wireless provider from serving any location; (v) designates the location of a new utility pole for the purpose of collocating a small wireless facility within seven feet in any direction of an electrical conductor, unless the wireless provider obtains the written consent of the power supplier that owns or manages the electrical conductor; (vi) fails to comply with applicable codes; or (vii) fails to comply with subdivision six, seven or eight of section three hundred one of this article;

(i) the municipal corporation must document the basis for a denial, including the specific code provisions on which the denial was based, and send the documentation to the applicant on the day the authority denies an application. The applicant may cure the deficiencies identified by the municipal corporation and resubmit the application within thirty days of the denial without paying an additional application fee. The municipal corporation shall approve or deny the revised application within thirty days of resubmission and limit its review to the deficiencies cited in the denial. Any application not acted upon within thirty days of resubmission shall be deemed approved;

(j) an applicant seeking to collocate small wireless facilities within the jurisdiction of a single municipal corporation shall be allowed at the applicant’s discretion to file a consolidated application for up to thirty small wireless facilities and receive a single permit for the collocation of multiple small wireless facilities; provided, however, the denial of one or more small wireless facilities in a consolidated application shall not delay processing of any other small wireless facilities in the same consolidated application. Solely for purposes of calculating the number of small wireless facilities in a consolidated application, a small wireless facility includes any utility pole on which such small wireless facility will be collocated;
(k) installation or collocation for which a permit is granted pursuant to this section shall be completed within one year after the permit issuance date unless the municipal corporation and the applicant agree to extend this period or a delay is caused by the lack of commercial power or communications facilities at the site. Approval of an application authorizes the applicant to: (i) undertake the installation or collocation; and (ii) subject to applicable relocation requirements and the applicant’s right to terminate at any time, operate and maintain the small wireless facilities and any associated utility pole covered by the permit for a period of not less than ten years, which must be renewed for equivalent durations so long as they are in compliance with the criteria set forth in paragraph (g) of this subdivision;

(l) no municipal corporation may institute, either expressly or de facto, a moratorium on: (i) filing, receiving, or processing applications; or (ii) issuing permits or other approvals, if any, for the collocation of small wireless facilities or the installation, modification, or replacement of utility poles to support small wireless facilities; and

(m) the approval of the installation, placement, or maintenance of a small wireless facility pursuant to this section does not authorize the installation, placement, maintenance, or operation of any other communications facility, including a wireline backhaul facility, in a right of way.

5. When applications not required. A municipal corporation shall not require an application for routine maintenance, the replacement of small wireless facilities with small wireless facilities that are substantially similar or the same size or smaller, or the installation, placement, maintenance, operation, or replacement of micro wireless facilities that are suspended on cables that are strung between existing utility poles, in compliance with the applicable codes. A municipal corporation may, however, require a permit for work that requires excavation or closure of sidewalks or vehicular lanes within the ROW for such activities. Such a permit must be issued to the applicant on a non-discriminatory basis upon terms and conditions applied to any other person’s activities in the right of way that require excavation, closing of sidewalks, or vehicular lanes.

§ 303. Access to municipal corporation poles within the right of way.

1. Applicability. This section shall apply to activities of the wireless provider within the right of way.

2. Exclusive use prohibited. A person owning, managing, or controlling municipal corporation poles in the right of way may not enter into an exclusive arrangement with any person for the right to attach to such poles. A person who purchases or otherwise acquires a municipal corporation pole is subject to the requirements of this section.

3. Allowances. A municipal corporation shall allow the collocation of small wireless facilities on municipal corporation poles on nondiscriminatory terms and conditions using the process in section three hundred three of this article.

4. Rates. (a) The rates to collocate on municipal corporation poles shall be nondiscriminatory regardless of the services provided by the collocating wireless provider.

(b) The rate to collocate on municipal corporation poles is provided in section three hundred four of this article.

5. Implementation, make-ready work. (a) The rates, fees, and terms and conditions for the make-ready work to collocate on a municipal corpo-
ration pole must be nondiscriminatory, competitively neutral, and commercially reasonable and must comply with this article.

(b) The municipal corporation shall provide a good faith estimate for any make-ready work necessary to enable the pole to support the requested collocation by a wireless provider, including pole replacement if necessary, within sixty days after receipt of a complete application. Make-ready work, including any pole replacement, shall be completed within sixty days of written acceptance of the good faith estimate by the applicant. A municipal corporation may require replacement of the municipal corporation's pole only if it demonstrates that the collocation would make such pole structurally unsound.

(c) The person owning, managing, or controlling the municipal corporation's pole shall not require more make-ready work than required to meet applicable codes or industry standards. Fees for make-ready work shall not include costs related to pre-existing or prior damage or noncompliance. Fees for make-ready work, including any pole replacement, shall not exceed either actual costs or the amount charged to other communications service providers for similar work and shall not include any revenue or contingency-based consultant’s fees or expenses of any kind.

§ 304. Rates and fees. 1. Applicability. This section shall govern a municipal corporation’s rates and fees for the placement of a small wireless facility or associated utility pole.

2. Permissible rates and fees. A municipal corporation may not require a wireless provider to pay any rates, fees, or compensation to the municipal corporation or other person other than what is expressly authorized by this article for the right to use or occupy a right of way, for collocation of small wireless facilities on utility poles in the right of way, or for the installation, maintenance, modification, operation and replacement of utility poles in the right of way.

3. Application fees. A municipal corporation may charge an application fee, so long as such fee is reasonable, nondiscriminatory, and recovers no more than an authority’s direct costs for processing an application; provided however, no such fee shall exceed the following: (a) five hundred dollars for the first five small wireless facilities on the same application and one hundred dollars for each additional small wireless facility on the same application; and (b) one thousand dollars for the installation, modification or replacement of a utility pole together with the collocation of an associated small wireless facility that are permitted uses in accordance with the specifications set forth in subdivision four of section three hundred two of this article.

4. Rates. (a) Right of way: a municipal corporation may charge for the occupancy and use of the right of way, so long as such rate is reasonable, nondiscriminatory, and does not exceed the greater of the authority's direct costs or twenty dollars per year per small wireless facility.

(b) Municipal corporation pole collocation rate: a municipal corporation may charge for collocation of a small wireless facility on a municipal corporation pole, so long as such rate is reasonable, nondiscriminatory, and does not exceed the greater of authority's direct costs or two hundred fifty dollars per municipal corporation pole per year.

5. Rate or fee adjustment. Should a municipal corporation have an existing rate or fee to construct, install, mount, maintain, modify, operate, or replace a wireless facility or wireless support structure in the right of way, including collocation in such right of way, controlled by the municipal corporation and such rate or fee does not comply with
the requirements in this article, not later than the end of the next fiscal year immediately succeeding the effective date of this article, the municipal corporation shall implement a revised rate or fee to ensure compliance with this article for all affected persons.

§ 305. Cable services. This section applies to activities in the right of way only. Nothing in this article shall be interpreted to allow any entity to provide services regulated under 47 U.S.C. § 521 to 573 without compliance with all laws applicable to such providers, nor shall this article be interpreted to impose any new requirements on cable providers for the provision of such service in this state.

§ 306. Local authority. Subject to this article and applicable federal law, a municipal corporation may continue to exercise zoning, land use, planning and permitting authority within its territorial boundaries with respect to wireless support structures and utility poles, including the enforcement of applicable codes. A municipal corporation shall not have or exercise any jurisdiction or authority over the design, engineering, construction, installation, or operation of a small wireless facility located in an interior structure or upon the site of a campus, stadium, or athletic facility not owned or controlled by the municipal corporation, other than to require compliance with applicable codes. Nothing in this article authorizes the state or any political subdivision, including a municipal corporation, to require wireless facility deployment or to regulate wireless services.

§ 307. Investor-owned electric utility poles. This article does not apply to utility poles owned by an investor-owned utility, except as it concerns a wireless provider's access to the right of way and permits for the collocation of small wireless facilities on such utility poles.

§ 308. Implementation. 1. Adoption. A municipal corporation may adopt an ordinance that makes available to wireless providers rates, fees, and other terms that comply with this article. Subject to the other provisions of this section, in the absence of an ordinance or agreement that fully complies with this article and until such a compliant ordinance is adopted, if at all, a wireless provider may install and operate small wireless facilities and associated utility poles under the requirements of this article. A municipal corporation may not require a wireless provider to enter into an agreement to implement this article, but such agreements are permissible if voluntary and nondiscriminatory.

2. Ordinances and agreements. Ordinances and agreements implementing this article are public/private arrangements and are matters of legitimate and significant statewide concern.

3. Application. An agreement or ordinance that does not fully comply with this article shall apply only to small wireless facilities and associated utility poles that were operational before the effective date of this article, and shall be deemed invalid and unenforceable beginning on the one hundred eighty-first day after the effective date of this article unless amended to fully comply with this article. If an agreement or ordinance is invalid in accordance with this subdivision, small wireless facilities and associated utility poles that became operational before the effective date of this article, pursuant to such agreement or ordinance, may remain installed and be operated under the requirements of this article.

4. Invalid and unenforceable. An agreement or ordinance that applies to small wireless facilities and associated utility poles that become operational on or after the effective date of this article is invalid and unenforceable unless it fully complies with this article. In the absence of an ordinance or agreement that fully complies with this arti-
cle, a wireless provider may install and operate small wireless facilities and associated utility poles in the right of way under the requirements of this article.

§ 309. Dispute resolution. A court of competent jurisdiction shall have jurisdiction to determine all disputes arising under this article. Pending resolution of a dispute concerning rates for collocation of small wireless facilities on municipal corporation poles, the person owning or controlling the pole shall allow the collocating person to collocate on its poles at annual rates of no more than twenty dollars with rates to be trued up upon final resolution of the dispute.

§ 310. Indemnification, insurance, and bonding. A municipal corporation may adopt reasonable indemnification, insurance and bonding requirements related to small wireless facility and associated utility pole permits subject to the requirements of this article.

1. Indemnification. A municipal corporation shall not require a wireless provider to indemnify and hold the municipal corporation and its officers and employees harmless against any claims, lawsuits, judgments, costs, liens, losses, expenses or fees, except when a court of competent jurisdiction has found that the negligence of the wireless provider while installing, repairing, or maintaining caused the harm that created such claims, lawsuits, judgments, costs, liens, losses, expenses, or fees.

2. Insurance. A municipal corporation authority may require a wireless provider to have in effect insurance coverage consistent with subdivision one of this section, so long as the municipal corporation imposes similar requirements on other right of way users and such requirements are reasonable and nondiscriminatory. (a) A municipal corporation may not require a wireless provider to obtain insurance naming the municipal corporation or its officers and employees an additional insured. (b) A municipal corporation authority may require a wireless provider to furnish proof of insurance, if required, prior to the effective date of any permit issued for a small wireless facility.

3. Bonding. A municipal corporation may adopt bonding requirements for small wireless facilities if the municipal corporation imposes similar requirements in connection with permits issued for other right of way users.

(a) The purpose of such bonds shall be to: (i) provide for the removal of abandoned or improperly maintained small wireless facilities, including those that a municipal corporation determines need to be removed to protect public health, safety, or welfare; (ii) restoration of the right of way in connection with removals under subdivision thirteen of section three hundred one of this article; or (iii) to recoup rates or fees that have not been paid by a wireless provider in over twelve months, so long as the wireless provider has received reasonable notice from the municipal corporation of any of the non-compliance listed above and an opportunity to cure.

(b) Bonding requirements may not exceed two hundred dollars per small wireless facility. For wireless providers with multiple small wireless facilities within the jurisdiction of a single municipal corporation, the total bond amount across all facilities may not exceed ten thousand dollars, which amount may be combined into one bond instrument.

§ 2. The highway law is amended by adding a new section 24 to read as follows:

24. Statewide master license agreement. The commissioner is hereby authorized to enter into a statewide master license agreement with a wireless provider for use and occupancy of the state right of way for
the purposes of installing communications facilities on utility or department owned poles or new wireless provider owned poles. The commission shall include elements in such an agreement he or she deems appropriate to maintain the safety and effective management of state roadways. Such statewide agreement may include a fee, not to exceed the greater of the department's direct costs, or an amount set forth in the agreement for use and occupancy of the right of way, per small wireless facility as that term is defined in subdivision twenty-four of section three hundred of the general municipal law. Nothing in this section shall be deemed to prohibit the department from collecting any other fee it has established for any other permit the department issues or any other fee the department assesses any individual for any activity in the department's normal course of business.

§ 3. This act shall take effect on the thirtieth day after it shall have become a law.

(a) Step one. Generation of a list of entities that have demonstrated the general capability to perform the design-build contract. Such list shall consist of a specified number of entities, as determined by an authorized state entity, and shall be generated based upon the authorized state entity's review of responses to a publicly advertised request for qualifications. The authorized state entity's request for qualifications shall include a general description of the project, the maximum number of entities to be included on the list, the selection criteria to be used and the relative weight of each criteria in generating the list. Such selection criteria shall include the qualifications and experience of the design and construction team, organization, demonstrated responsibility, ability of the team or of a member or members of the team to comply with applicable requirements, including the provisions of articles 145, 147 and 148 of the education law, past record of compliance with the labor law, and such other qualifications the authorized state entity deems appropriate which may include but are not limited to project understanding, financial capability and record of past performance. proposed guaranteed maximum price.

cost-plus not to exceed guaranteed maximum price elements and may also
provide for professional services on a fee-for-service basis.

A consumer debt collector is acting within this state if it is seeking to collect from any consumer debtor that resides within this state.
2. No creditor may utilize the services of a consumer debt collector to collect from a consumer debtor that resides within this state, unless the consumer debt collector is licensed by the superintendent.
3. The requirements of subdivisions one and two of this section shall not apply to:
   (a) an individual employed by a licensed consumer debt collector when attempting to collect on behalf of such consumer debt collector;
   (b) a person who receives funds in escrow for subsequent distribution to others, including, but not limited to, a real estate broker or lender holding funds of borrowers for payment of taxes or insurance;

§ 297. Application for license; fees. 1. (a) An application for a license under this article shall be in writing, under oath, and in the form prescribed by the superintendent and shall contain such information as the superintendent may require.

(b) The superintendent may reject an application for a license or an application for the renewal of a license if he or she is not satisfied that the financial responsibility, character, reputation, integrity and general fitness of the applicant and of the owners, partners or members thereof, if the applicant be a partnership or association, and of the officers and directors, if the applicant be a corporation, are such as to command the confidence of the public and to warrant the belief that the business for which the application for a license is filed will be operated lawfully, honestly and fairly.

(c) In addition to any other information the superintendent may require the application to also include a description of the activities of the applicant, in such detail and for such periods, as the superintendent may establish.

2. At the time of making the application for a license, the applicant shall pay to the superintendent a fee as prescribed pursuant to section eighteen-a of this chapter for each proposed location, for investigating the application.

3. In addition to any other fee imposed on an applicant or licensee, every licensee shall pay to the superintendent the sums provided to be paid under the provisions of section two hundred six of the financial services law.

4. The license shall be for a period of one year as of the first of September each year, or such other date as determined by the superintendent by regulation.

5. Each license shall plainly state the name of the licensee and the city or town with the name of the street and number, if any, of the
place where the business is to be carried on. A licensee shall not change the location where the business of the licensee is to be carried on without first obtaining the prior approval of the superintendent. A request for relocation shall be in writing setting forth the reason for the request, and shall be accompanied by a relocation investigation fee to be determined pursuant to section eighteen-a of this chapter.

6. The business shall at all times be conducted in the name of the licensee as it appears on the license.

7. The license shall not be transferable nor assignable.

8. The superintendent may participate in a multi-state licensing system for the sharing of regulatory information and for the licensing and application, by electronic or other means, of entities engaged in the business of debt collection. The superintendent may establish requirements for participation by an applicant in a multi-state licensing system which may vary from the provisions of this section. The superintendent may require a background investigation of each applicant for a consumer debt collector license by means of fingerprint, which shall be submitted by all applicants simultaneously with an application and which the superintendent may submit to the division of criminal justice services and the federal bureau of investigations for state and national criminal history record checks. If the applicant is a partnership, association, corporation or other form of business organization, the superintendent may require a background investigation for each member, director and principal officer of the applicant and any individual acting as a manager of an office location. The applicant shall pay directly to the multi-state licensing system any additional fees relating to participation in the multi-state licensing system.

§ 298. Surety bond required. 1. A consumer debt collector shall be required to file and maintain in force a surety bond, issued by a domestic insurer, as a condition precedent to the issuance or renewal and maintenance of a license under this article. The bond shall be for the benefit of creditors who obtain a judgment from a court of competent jurisdiction based on the failure of the consumer debt collector to remit money collected on account and owed to the creditor. The bond shall also be for the benefit of consumer debtors who obtain judgment from a court of competent jurisdiction based on a violation by the consumer debt collector of the federal Fair Debt Collection Practice Act or any other New York law or federal law which is applicable to the consumer debt collector. The bond shall be in a form prescribed by the superintendent in the sum of twenty-five thousand dollars. The bond shall be continuous in form and run concurrently with the original and each renewal license period unless terminated by the insurance company. An insurance company may terminate a bond and avoid further liability by filing a notice of termination with the department sixty days prior to the termination and at the same time sending the same notice to the consumer debt collector.

2. A license shall be automatically cancelled on the termination date of the bond unless a new bond is filed with the department to become effective at the termination date of the prior bond.

3. If a license has been cancelled under this section, the consumer debt collector must file a new application to obtain a license and will be considered a new applicant if it obtains a new bond.

4. For the purposes of this section the term "domestic insurer" shall have the same meaning as given in section one hundred seven of the insurance law. If a bond required by this section is not reasonably available from a domestic insurer the superintendent may, in his or her
discretion, permit, on a case by case basis or by order, consumer debt
collectors to obtain the bond required by this section from such other
entities licensed by the department as the superintendent deems appro-
priate.

§ 299. Examination; books and records; reports. 1. For the purpose of
enforcing the provisions of this article and for ensuring the safe and
sound operation of the consumer debt collector business, the superinten-
dent may at any time, and as often as may be determined, either
personally or by a person duly appointed by the superintendent, investi-
gate the loans and business and examine the books, accounts, records,
and files used therein of every licensee.

2. The superintendent and duly designated representatives shall have
free access to the offices and place of business, books, accounts, papers, records, audio recordings, files, safes and vaults of all such
licensees wherever located. The superintendent shall have authority to
require the attendance of and to examine under oath all persons whomsoe-
ver whose testimony may be required relative to such loans or such busi-
ness.

3. The superintendent may also address to a licensee, or the officers
thereof, any inquiry in relation to its transactions, operations, or
conditions, or any matter connected therewith. Every person so addressed
shall reply in writing to such inquiry promptly and truthfully, and such
reply shall be, if required by the superintendent, subscribed by such
individual, or by such officer or officers of a corporation, as the
superintendent shall designate, and affirmed by them as true under the
penalties of perjury.

4. Each licensee shall keep and use in its business such books,
accounts, and records as will enable the superintendent to determine
whether such licensee is complying with the provisions of this article
and with the rules and regulations promulgated hereunder. Every licensee
shall preserve such books, accounts, and records, for at least five
years after making the final entry regarding a consumer debt. Preserva-
tion of photographic reproduction thereof or records in photographic
form, including an optical disk storage system and the use of electronic
data processing equipment that provides comparable records to those
otherwise required and which are available for examination upon request
shall constitute compliance with the requirements of this section.

5. Each licensee shall annually, on or before April first, file a
report with the superintendent giving such information as the super-
intendent may require concerning the business and operations during the
preceding calendar year of each licensed place of business conducted by
such licensee within the state under authority of this article. Such
report shall be subscribed and affirmed as true by the licensee under
the penalties of perjury and shall be in the form prescribed by the
superintendent.

6. In addition to annual reports, the superintendent may require such
additional regular or special reports as may be deemed necessary to the
proper supervision of licensees under this article. Such additional
reports shall be in the form prescribed by the superintendent and shall
be subscribed and affirmed as true under the penalties of perjury.

7. The expenses of every examination of the affairs of a consumer debt
collector subject to this section shall be borne and paid by the licen-
see.

§ 300. Prohibited acts. 1. No consumer debt collector that is required
to be licensed under this article shall engage in unfair, unconsciona-
ble, deceptive, false, misleading, abusive, or unlawful acts or prac-
tices.

2. Without limiting the general application of the prohibited acts in
subdivision one of this section, it shall be unlawful for any consumer
debt collector to:
(a) engage in any act or practice which would be a violation of the
federal Fair Debt Collection Practice Act, any other New York law or
federal law which is applicable to the consumer debt collector, or any
act or practice which would be prohibited under section six hundred one
of the general business law if the consumer debt collector was a princi-
pal creditor;
(b) engage or retain the services of any person who, being required to
be licensed under this article, does not have a valid license issued by
the department; or
(c) cause any act to be done which violates this section.

3. No consumer debt collector licensed under this article shall:
(a) without the prior written and revocable consent of the consumer
debtor given directly to the debt collector or the express permission of
a court of competent jurisdiction, engage in any communication with a
consumer debtor in connection with the collection of any debts:
(i) at any unusual time or place or a time or place known or which
should be known to be inconvenient to the consumer debtor. In the
absence of knowledge of circumstances to the contrary, a debt collector
shall assume that the convenient time for communicating with a consumer
debtor is after eight o'clock antemeridian and before eight o'clock
postmeridian, local time at the consumer debtor's location;
(ii) if the debt collector knows the consumer debtor is represented by
an attorney with respect to such debt and has knowledge of, or can read-
ually ascertain, such attorney's name and address, unless the attorney
fails to respond within a reasonable period of time to a communication
from the debt collector or unless the attorney consents to direct commu-
nication with the consumer debtor;
(iii) at the consumer debtor's place of employment;
(iv) more than two times in a seven day period;
(v) by voicemail on to any telephone that is known or which reasonably
should be known may be received by someone other than the consumer
debtor; or
(vi) by means of electronic communications, including but not limited
to SMS text message, messaging applications on mobile telephones, elec-
tronic mail, Facebook, and other forms of social media.
(b) communicate with a consumer debtor by postcard;
(c) continue communication with a consumer debtor after the consumer
debt collector's first communication if the debt collector fails to send
the consumer debtor a notice in writing within five days of that first
communication, which such notice shall be promulgated by the superinten-
dent; or
(d) continue to communicate with a consumer debtor about a consumer
debt that the consumer debtor disputes without providing the consumer
debtor with documents that verify the disputed consumer debt.

§ 301. Regulations; minimum standards. The superintendent may promul-
gate rules and regulations giving effect to the provisions of this arti-
cle. Such rules and regulations may include but shall not be limited to
the establishment of minimum standards to be observed by consumer debt
collectors acting within this state and further defining acts and prac-
tices which are unfair, unconscionable, deceptive, false, misleading,
abusive, or unlawful under section three hundred of this article.
§ 302. Application for acquisition of control of a consumer debt collector. 1. No person shall acquire control of a licensee under this article without the prior approval of the superintendent.

2. Any person desirous of acquiring such control shall make written application to the superintendent, such application shall be in such form and shall contain such information, including the information required under section two hundred ninety-seven of this article, as the superintendent may require and such person, at the time of making such application if not licensed, shall pay to the superintendent an investigation fee as prescribed pursuant to section eighteen-a of this chapter.

3. In determining whether to approve or deny an application under this section, the superintendent shall consider:

(a) whether the financial responsibility, experience, character, and general fitness of the person seeking to acquire control, and of the members thereof if such person be a partnership or association, and of the officers, directors and controlling stockholders thereof if such person be a corporation, are such as to command the confidence of the community and to warrant belief that the business will be operated honestly, fairly, and efficiently within the purpose of this article;

(b) the effect the acquisition may have on competition; and

(c) whether the acquisition may be hazardous or prejudicial to consumer debtors or consumer creditors in this state.

4. If no such application has been made prior to the acquisition of control, the license for each place of business maintained and operated by the licensee shall, at the discretion of the superintendent, become null and void and each such license shall be surrendered to the superintendent.

§ 303. Suspension and revocation. In addition to any other power provided by law, the superintendent may suspend or revoke the license of a consumer debt collector, if after notice and an opportunity to be heard, the superintendent finds that a consumer debt collector has:

1. committed any fraud, engaged in any dishonest activities or made any misrepresentation;

2. violated any provisions of this chapter or any regulation issued pursuant thereto, or has violated any other law in the course of its or his dealings as a consumer debt collector;

3. made a false statement or material omission in the application for a license under this article or failed to give a true reply to a question in such application; or

4. demonstrated incompetency or untrustworthiness to act as a consumer debt collector.

§ 304. Bad actors. 1. In addition to any other power provided by law, the superintendent may require any licensee to remove any director, officer or employee or to refrain from engaging or retaining any independent contractor or service provider if such director, officer, employee, independent contractor or service provider has themselves had a license under this chapter suspended or revoked, or has caused the licensee to violate any provision of this chapter or regulations promulgated thereunder.

2. No person that is the subject of an order under this section removing them as a director, officer or employee or preventing a licensee from engaging or retaining them as an independent contractor or service provider, shall become engaged with any licensee without obtaining the prior written approval of the superintendent. Nor shall such person fail to disclose that it is the subject of an order under this section to any
licensee for which it is acting or seeking to act as a director, officer, employee, independent contractor or service provider.

(b) "Vulnerable adult" means an individual who, because of mental and/or physical impairment is potentially unable to manage his or her own resources or protect himself or herself from financial exploitation.
(c) "Financial exploitation" means: (i) the improper taking, withholding, appropriation, or use of a vulnerable adult's money, assets, or property; or (ii) any act or omission by a person, including through the use of a power of attorney, guardianship, or any other authority regarding a vulnerable adult to: (A) obtain control, through deception, intimidation or undue influence, over the vulnerable adult's money, assets, or property or (B) convert the vulnerable adult's money, assets, or property.

(f) "Law enforcement agency" means any agency, including the financial frauds and consumer protection unit of the department of financial services, which is empowered by law to conduct an investigation or to make an arrest for a felony, and any agency which is authorized by law to prosecute or participate in the prosecution of a felony.

2. Application of transaction hold. (a) If a banking institution reasonably believes: (i) that financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted; and (ii) that the placement of a transaction hold may be necessary to protect a vulnerable adult's money, assets, or property from financial exploitation, then the banking institution may, at its discretion, apply a transaction hold on the account of a vulnerable adult, the account on which a vulnerable adult is a beneficiary, including a trust or guardianship account, or the account of a person who is reasonably believed by the banking institution to be engaging in the financial exploitation of a vulnerable adult.

(b) A banking institution may also apply a transaction hold on the account of a vulnerable adult, the account on which a vulnerable adult is a beneficiary, including a trust or guardianship account, or the account of a person who is reasonably believed by the banking institution to be engaging in the financial exploitation of a vulnerable adult, if: (i) adult protective services or a law enforcement agency provides information to the banking institution establishing a reasonable basis to believe that financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted; and (ii) the placement of a transaction hold may be necessary to protect a vulnerable adult's money, assets, or property from financial exploitation.

(c) A banking institution that applies a transaction hold shall:

(i) make a reasonable effort to provide notice, orally or in writing, to all parties authorized to transact business on the account on which a transaction hold was placed within two business days of when the transaction hold was placed;

(ii) immediately, but no later than one business day after the transaction hold is placed, report the transaction hold, including the basis for the banking institution's belief that the financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted, to adult protective services and to a law enforcement agency;

(iii) at the request of adult protective services or a law enforcement agency, provide all information and documents that relate to the trans-
action hold within three business days of the request for the informa-
tion or documents; and

(iv) notwithstanding the transaction hold, make funds available from
the account on which a transaction hold is placed to allow the vulner-
able adult or other account holder to meet his or her ongoing obli-
gations such as housing and other living expenses or emergency expenses
as determined by adult protective services, a law enforcement agency or
a not-for-profit organization that regularly provides services to
vulnerable adults in the community in which the vulnerable adult
resides.

(d) During the pendency of a transaction hold, a banking institution
may, in its discretion, also make funds available from the account on
which a transaction hold is placed to allow the vulnerable adult or
other account holder to meet his or her ongoing obligations such as
housing and other living expenses or emergency expenses, provided the
banking institution does not have a reasonable basis to believe that the
dispersal of such funds to the vulnerable adult or other account holder
will result in the financial exploitation of the vulnerable adult. Any
such dispersal of funds pursuant to this subdivision shall be reported
within one business day after the dispersal is made to adult protective
services and to a law enforcement agency.

(e) The superintendent may adopt regulations identifying the factors
that a banking institution should consider in determining whether: (i)
the financial exploitation of a vulnerable adult may have occurred, may
have been attempted, or is being attempted; and (ii) the placement of a
transaction hold is necessary to protect a vulnerable adult's money,
assets, or property.

3. Duration of transaction hold. (a) Subject to paragraphs (b), (c)
and (d) of this subdivision, a transaction hold that a banking institu-
tion places on an account pursuant to this section shall terminate five
business days after the date on which the transaction hold is applied by
the banking institution. A banking institution may terminate the trans-
action hold at any time during this five day period if the banking
institution is satisfied that the termination of the transaction hold is
not likely to result in financial exploitation of a vulnerable adult.

(b) A transaction hold may be extended beyond the period set forth in
paragraph (a) of this subdivision for up to an additional fifteen days
at the request of either adult protective services or a law enforcement
agency.

(c) A transaction hold may be extended beyond the periods set forth in
paragraphs (a) and (b) of this subdivision only pursuant to an order
issued by a court of competent jurisdiction.

(d) A transaction hold may be terminated at any time pursuant to an
order issued by a court of competent jurisdiction.

4. Immunity. A banking institution or an employee of a banking insti-
tution shall be immune from criminal, civil, and administrative liabil-
ity for all good faith actions in relation to the application of this
section including any good faith determination to apply or not apply a
transaction hold on an account where there is reasonable basis to
conclude:

(a) that financial exploitation of a vulnerable adult may have
occurred, may have been attempted, or is being attempted; and

(b) that the placement of a transaction hold may be necessary to
protect a vulnerable adult's money, assets, or property from financial
exploitation, such immunity shall not apply to a determination not to
apply a transaction hold when the banking institution or employee acts
recklessly or engages in intentional misconduct in making the determination, or the determination results from a conflict of interest.

5. Certification program. The department may develop a financial exploitation certification program for banking institutions. Upon completion of the training components required by the program and after establishing the necessary internal policies, procedures, and in-house training programs, a banking institution shall receive from the department an adult financial exploitation prevention certificate demonstrating that staff at such banking institution have been trained on how to identify, help prevent, and report the financial exploitation of a vulnerable adult. At the discretion of the superintendent, the certification program may be mandatory for banking institutions licensed by the department.

6. Regulations. The superintendent may issue such rules and regulations that provide the procedures for the enforcement of the terms of this section and any other rules and regulations that he or she deems necessary to implement the terms of this section.

§ 2. This act shall take effect October 1, 2020; provided, however, that the superintendent of financial services may promulgate any rules or regulations related to this act immediately.

Any person may inquire of the department as to whether or not a given parcel of land will be a freshwater wetland subject to regulation. The department shall give a definite answer in writing within thirty days of such request as to whether the status of such parcel will or will not be so designated. Provided that, in the event that weather or ground conditions prevent the department from making a determination within thirty days, it may extend such period until a determination can be made. Such answer in the affirmative shall be reviewable; such an answer in the negative shall be a complete defense to the enforcement of this article as to such parcel of land. The commissioner may by regulation adopted after public hearing exempt categories or classes of wetlands or individual wetlands which he determines not to be critical to the furtherance of the policies and purposes of this article.

§ 6. Subdivision 1 of section 24-0901 of the environmental conservation law, as added by chapter 614 of the laws of 1975, is amended to read as follows:

The
commissioner shall determine what uses of such wetlands are most compat-

to permit only such compatible uses. The classifications may cover
freshwater wetlands in more than one governmental subdivision. Permits
pursuant to section 24-0701 of this article are required whether or not
a classification has been promulgated.
5. Prior to the adoption of any land use regulations governing fresh-
water wetlands, the commissioner shall hold a public hearing thereon in
the area in which the affected freshwater wetlands are located, and give
fifteen days prior notice thereof by posting on the department's website
or by publication at least once in a newspaper having general circu-

shall [give notice of such hearing to each owner of record, as shown on
the latest completed tax assessment rolls, of lands included within such

least one newspaper having general circulation in the area involved and
in the environmental notice publication provided for under section
3-0306 of this chapter.
3. After considering the testimony given at such hearings and the
potential erosion hazard in accordance with the purposes and policies of
this article, and after consultation with affected local governments,
the commissioner shall issue the final identification of the erosion
hazard areas. Such final identification shall not be made less than
sixty days from the date of the public hearing required by subdivision
two hereof. A copy of such final identification shall be filed in the
office of the clerk of each local government in which such area or any
portion thereof is located. Notice [that such final identification has
been made shall be given each owner of lands included within the erosion

Section 1. Subdivision 13 of section 23-0101 of the environmental conservation law, as amended by chapter 846 of the laws of 1981, is amended and four new subdivisions 21, 22, 23, and 24 are added to read as follows:

13. "Plug and abandon" means the plugging, and replugging if necessary, and abandonment of a well or well bore including the placing of all bridges, plugs, and fluids therein and the restoration and reclamation of the surface of affected land in the immediate vicinity to a reasonable condition consistent with the adjacent terrain unless such restoration and reclamation of the surface is waived by the landowner and approved by the department.

21. "Abandoned" means wells or affected land regulated pursuant to titles 1, 3, 5, 7, 11, 13 and 19 of this article for which the responsible owner or operator neglects or refuses to comply with its statutory or regulatory obligations and responsibilities related to such wells or affected land, after notice and as determined by the department.

22. "Affected land" means land or lands in the immediate vicinity of wells, including well pads and access roads, that are disturbed or impacted, or potentially disturbed or impacted, by activities regulated pursuant to titles 1, 3, 5, 7, 11, 13 and 19 of this article.

23. "Orphaned" means wells or affected land regulated pursuant to titles 1, 3, 5, 7, 9, 11, 13 and 19 of this article for which no responsible owner or operator exists or can be reasonably found, as determined by the department.

24. "Well" and "well bore" means an existing or proposed hole, drilled or constructed, that is cased, uncased or both, for the purpose of producing oil or gas or both, or for the purpose of a storage, solution mining, injection, monitoring, stratigraphic, brine disposal or geothermal well regulated pursuant to titles 1, 3, 5, 7, 9, 11, 13 and 19 of this article.

§ 2. Subdivision 8 of section 23-0305 of the environmental conservation law, as added by chapter 846 of the laws of 1981, paragraph e as amended by chapter 386 of the laws of 2005, paragraph f as amended by chapter 721 of the laws of 1989, and paragraph k as added by chapter 891 of the laws of 1984, is amended to read as follows:

8. With respect to oil pools or fields, natural gas pools or fields, underground gas storage reservoirs, and wells and their affected land regulated pursuant to titles one, three, five, seven, nine, eleven, thirteen, and nineteen of this article, the department shall have power to:

a. Make such investigations as it deems proper to determine whether waste exists or is imminent.

b. Require identification of ownership of producing leases, tanks, plants, structures and facilities for the transportation and refining of oil and gas.

c. Classify and reclassify wells or affected land as abandoned or orphaned, pools as oil or gas pools, or wells as oil, gas, injection, monitoring, or underground storage wells, and require identification of wells as an oil, gas, injection, monitoring, or underground storage well, including the delineation of boundaries for purposes material to the interpretation or administration of this article.

d. Require the drilling, casing, operation, plugging and replugging of wells and reclamation of surrounding land in accordance with rules and
regulations of the department in such manner as to prevent or remedy the
following, including but not limited to: the escape of oil, gas, brine
or water out of one stratum into another; the intrusion of water into
oil or gas strata other than during enhanced recovery operations; the
pollution of fresh water supplies by oil, gas, salt water or other
contaminants; and blowouts, cavings, seepages and fires.

e. Enter, take temporary possession of, repair, plug or replug any
abandoned or orphaned well as provided in the rules and regulations,
whenever any owner or operator neglects or refuses to comply with such
rules and regulations. Such repairing, plugging or replugging by the
department shall be at the expense of the owner or operator whose duty
it may be to repair or plug the well and who shall hold harmless the
state of New York for all accounts, damages, costs and judgments arising
from the repairing, plugging or replugging of the well and the surface
restoration of the affected land. Primary liability for the expense of
such repairing, plugging or replugging and first recourse for the recov-
er of abandoned or orphaned wells shall be to the operator unless a contract for the
production, development, exploration or other working of the well, to
which the lessor or other grantor of the oil and gas rights is a party,
shall place such liability on the owner or on the owner of another
interest in the land on which the well is situated. When an operator
violates any provision of this article, any rule or regulation promul-
gated thereunder, or any order issued pursuant thereto in reference to
repairing, plugging or replugging an abandoned or orphaned well, the
operator may not transfer the operator's responsibility therefor by
surrendering the lease. Prior to the commencement of drilling of any
well, the operator shall be required to furnish to the department, and
continuously maintain, a bond acceptable to it conditioned upon the
performance of said operator's plugging responsibilities with respect to
the said well. Upon the approval of the department, in lieu of such bond,
the operator may deposit cash or negotiable bonds of the United States
Government of like amount in an escrow account conditioned upon the
performance of said operator's plugging responsibilities with respect to
the said well. Any interest accruing as a result of the aforementioned
escrow deposit shall be the exclusive property of the operator. The
aforementioned bonding requirements shall remain the obligation of the
original operator regardless of changes in operators unless a subsequent
operator has furnished the appropriate bond or substitute as herein
provided acceptable to the department and approval for the transfer of
the well operatorship, which includes plugging and surface restoration
responsibilities, to the subsequent operator has been granted by the
department. The failure of any operator to maintain a bond or other
financial security as prescribed herein shall be deemed a breach of
plugging and surface restoration responsibilities and entitle the
department to claim the proceeds of the bond or other financial securi-
ty. The cost of repairing, plugging or replugging any well, where such
action is necessary or incident to the commencing or carrying on of
storage operations pursuant to section 23-1103 or 23-1301 shall be borne
by the operator of the storage facility.

f. Require that every person who produces, sells, purchases, acquires,
stores or injects oil or gas and associated fluids and every person who
transports oil or gas in this state shall keep and maintain complete and
accurate records of the quantities thereof. Quantities of associated
fluids injected or produced may be reported as estimated volumes. True
copies or duplicates shall be kept or made available for examination
within this state by the department or its agents at all reasonable
times and every such person shall file with the department such reports
concerning production, sales, purchases, acquisitions, injection, trans-
portation or storage on a form provided by the department or approved by
the department prior to submittal.

  g. In addition to the powers provided for in titles 1, 3, 5 and 13 of
  article 71, order an immediate suspension of drilling or production
  operations whenever such operations are being carried on in violation of
  this article or any rule or regulation promulgated thereunder or order
  issued pursuant thereto. Any order issued pursuant to this paragraph may
  be reviewed upon application of an aggrieved party by means of an order
  to show cause which order shall be issued by any justice of the supreme
court in the judicial district in which any order applies and shall be
returnable on the third succeeding business day following the issuance
of such order. Service of such show cause order shall be made upon the
regional office of the department for the region in which such order
applies, and upon the attorney general by delivery of such order to an
assistant attorney general at an office of the attorney general in the
county in which venue of the proceeding is designated, or if there is no
office of the attorney general within such county, at the office of the
attorney general nearest such county. Except as hereinabove specified,
the proceeding to review an order under this paragraph shall be governed
by article seventy-eight of the civil practice law and rules.

  h. Require the immediate reporting of any non-routine incident includ-
ing but not limited to casing and drill pipe failures, casing cement
failures, fishing jobs, fires, seepages, blowouts and other incidents
during drilling, completion, producing, plugging or replugging oper-
atations that may affect the health, safety, welfare or property of any
person. The department may require the operator, or any agent thereof,
to record any data which the department believes may be of subsequent
use for adequate evaluation of a non-routine incident.

  i. Require the taking and making of well logs, well samples, direc-
tional surveys and reports on well locations and elevations, drilling
and production, and further require their filing pursuant to the
provisions of this article. Upon the request of the state geologist, the
department shall cause such duplicate samples or copies of records and
reports as may be required pursuant to this article to be furnished to
him.

  j. Give notice to persons engaged in underground mining operations of
the commencement of any phase of oil or gas well operations which may
affect the safety of such underground mining operations or of the mining
properties involved. Rules and regulations promulgated under this arti-
icle shall specify the distance from underground mining operations within
which such notice shall be given and shall contain such other provisions
as in the judgment of the department shall be necessary in the interest
of safety. The department shall not be required to furnish any notice
required by this paragraph unless the person or persons engaged in
underground mining operations or having rights in mining properties have
notified the department of the existence and location of such under-
ground mining operations or properties.

  k. (1) Except as to production of gas from lands under the waters of
Lake Erie, in order to satisfy the financial security requirements
contained in paragraph e of this subdivision for wells [less than six
thousand feet in depth] for which the department [either] on or after
October first, nineteen hundred sixty-three shall have issued or shall
issue permits to drill, deepen, convert or plug back such wells or, on
or after June fifth, nineteen hundred seventy-three, shall have issued
acknowledgements of notices of intention to drill such wells or, for all
wells subject to this article for which requests for transfer of well
operatorship, which includes plugging and surface restoration responsi-
bilities, are approved by the department on or after the effective date
of the chapter of the laws of two thousand twenty that amended this
paragraph, without any way affecting any obligations to plug such wells,
the operator shall provide a bond or other financial security acceptable
to the department [in the following amount:

4. For all wells [greater than six thousand feet in depth that]
   require financial security, the operator [may be required to] shall
   provide [additional] the department with financial security consistent
   with criteria contained in rules and regulations [to be adopted], and
   any subsequent rules and regulations adopted by the department to imple-

   rules and regulations determining the amount, type, conditions, and
   terms of the financial security.

§ 3. Subdivision 9 of section 23-0305 of the environmental conserva-
tion law, as amended by chapter 846 of the laws of 1981, paragraph d as
amended by chapter 721 of the laws of 1989, paragraph e as amended by chapter 386 of the laws of 2005, and paragraph f as added by chapter 891 of the laws of 1984, is amended to read as follows:

9. With respect to solution mining areas the department shall have the power to:

   a. Require identification of ownership of producing leases and solution mining equipment such as structures, tanks, gathering systems and facilities for the transportation of salt brine.

   a-1. Classify and reclassify wells or affected land as abandoned or orphaned, or wells or unrestored lands regulated pursuant to titles 1, 3, 5, 7, 9, 11, 13, and 19 of this article, and require well identification as a solution mining well or monitoring well.

   b. Require the drilling, casing, operation and plugging of wells in accordance with rules and regulations of the department in such a manner as to prevent the loss or escape of oil or gas reserves to the surface or to other strata; the intrusion of brine or water into commercial oil or gas reserves; the pollution of fresh water supplies by oil, gas or salt water, and to facilitate the efficient use of ground and surface waters in solution mining.

   c. Give notice to persons engaging in underground mining operations of the commencing of any phase of solution mining well operations which may affect the safety of such underground mining operations or of the mining properties involved. Rules and regulations of the department adopted pursuant hereto shall specify the distance from such underground mining operations within which such notice shall be given and shall contain such other provisions as in the judgment of the department shall be necessary in the interest of safety. The department shall not be required to furnish any notice pursuant hereto unless the person or persons engaged in underground mining operations or having rights in mining properties have notified the department of the existence and location of such underground mining operations or properties.

   d. Require metering or other measuring of brine produced by solution mining, and the maintenance of the records from each cavity or group of interconnected cavities until the wells in a cavity have been plugged and [abandoned] affected land restored. These records shall be given to the department on request.

   e. Enter, take temporary possession of, repair, plug or replug any abandoned or orphaned well as provided in the rules and regulations, whenever any operator neglects or refuses to comply with such rules and regulations. Such repairing, plugging or replugging by the department shall be at the expense of the owner or operator whose duty it shall be to repair or plug the well and who shall hold harmless the state of New York for all accounts, damages, costs and judgments arising for the repairing, plugging or replugging of the well and the surface restoration of the affected land. Primary liability for the expense of such plugging or replugging and first recourse for the recovery thereof shall be to the operator unless a contract for the production, development, exploration or other working of the well, to which the lessor or other grantor of the solution salt rights is a party, shall place such liability on the owner or on the owner of another interest in the land on which the well is situated. When an operator violates any provision of this article, any rule or regulation promulgated thereunder, or any order issued pursuant thereto in reference to repairing, plugging or replugging an abandoned or orphaned well, the operator may not transfer the operator's responsibility therefor by surrendering the lease. Prior to the commencement of drilling of any well to which this subdivision
applies, the operator shall be required to furnish to the department, and continuously maintain, a bond acceptable to it conditioned upon the performance of said operator's plugging and surface restoration responsibilities with respect to said well. Upon the approval of the department, in lieu of such bond, the operator may deposit cash or negotiable bonds of the United States Government of like amount in an escrow account conditioned upon the performance of said operator's plugging and surface restoration responsibilities with respect to said well. Any interest accruing as a result of aforementioned escrow deposit shall be the exclusive property of the operator. The aforementioned bonding requirements shall remain the obligation of the original operator regardless of changes in operators unless a subsequent operator has furnished the appropriate bond or substitute as herein provided acceptable to the department and approval for the transfer of the well plugging responsibility and surface restoration responsibilities to the subsequent operator has been granted by the department. The failure of any operator to maintain a bond or other financial security as prescribed herein shall be deemed a breach of plugging and surface restoration responsibilities and entitle the department to claim the proceeds of the bond or other financial security. Any order issued pursuant to this paragraph may be reviewed upon application of an aggrieved party by means of an order to show cause which order shall be issued by any justice of the supreme court in the judicial district in which any such order applies and shall be returnable on the third succeeding business day following the issuance of such order. Service of such show cause order shall be made upon the regional office of the department for the region in which such order applies, and upon the attorney general by delivery of such order to an assistant attorney general at an office of the attorney general in the county in which venue of the proceeding is designated, or if there is no office of the attorney general within such county, at the office of the attorney general nearest such county. Except as hereinabove specified, the proceeding to review an order under this paragraph shall be governed by article seventy-eight of the civil practice law and rules.

(i) for wells less than two thousand five hundred feet in depth:

(a) twenty-five hundred dollars per well, provided that the operator shall not be required to provide financial security under this item exceeding twenty-five thousand dollars for up to twenty-five wells;

(b) for twenty-six to fifty wells, twenty-five thousand dollars, plus twenty-five hundred dollars per well in excess of twenty-five wells, provided that the operator shall not be required to provide financial security under this item exceeding forty thousand dollars;
(c) for fifty-one to one hundred wells, forty thousand dollars, plus twenty-five hundred dollars per well in excess of fifty wells, provided that the operator shall not be required to provide financial security under this item exceeding seventy thousand dollars;

(c) for fifty-one to one hundred wells, sixty thousand dollars, plus five thousand dollars per well in excess of fifty wells, provided that the operator shall not be required to provide financial security under this item exceeding one hundred fifty thousand dollars;
(d) for over one hundred wells, one hundred thousand dollars, plus five thousand dollars per well in excess of one hundred wells, provided that the operator shall not be required to provide financial security under this item exceeding one hundred fifty thousand dollars.

(2) [In the event that an operator shall have wells described in clauses (i) and (ii) of subparagraph (1) of this paragraph, in lieu of providing financial security under the provisions of each such clause, such operator may file financial security as if all such wells were between two thousand five hundred feet and six thousand feet in depth.]

(3) For wells greater than six thousand feet in depth, the operator may be required to provide additional financial security consistent with criteria contained in rules and regulations adopted to implement this subparagraph. For all wells that require financial security, the operator shall provide the department with financial security consistent with criteria contained in rules and regulations, and any subsequent rules and regulations adopted by the department to implement this article. The department is authorized to adopt rules and regulations determining the amount, type, conditions, and terms of the financial security.

d. Require the drilling, casing, operation, plugging and replugging of wells subject to this section and reclamation of surrounding land in accordance with rules and regulations of the department.

e. Enter, take temporary possession of, repair, plug or replug any abandoned or orphaned well subject to this section as provided in the rules and regulations, whenever the well's owner or operator neglects or refuses to comply with such rules and regulations. Such repairing, plugging or replugging by the department shall be at the expense of the owner or operator whose duty it shall be to repair or plug the well and who shall hold harmless the state of New York for all accounts, damages, costs and judgments arising from the repairing, plugging or replugging of the well and the surface restoration of the affected land.

f. (1) Require that the operator furnish to the department, and continuously maintain, a bond or other financial security conditioned upon the satisfactory performance of the operator's plugging and surface restoration responsibilities with respect to said wells for which the department shall have issued or shall issue permits to drill, deepen, convert or plug back or, for all wells subject to this article for which requests for transfers of well operatorship, which includes plugging and surface restoration responsibilities, are approved by the department on or after the effective date of the chapter of the laws of two thousand twenty that amended this paragraph. (a) Upon the trial of any such action or proceeding arising out of actions alleged to have been committed by any person arrested for a violation of any paragraph of subdivision one of this section, the court shall admit evidence of the amount of alcohol or drugs in the defendant's blood as shown by a test administered pursuant to the provisions of subdivision five of this section.

(b) The following effect shall be given to evidence of blood alcohol content, as determined by such tests, of a person arrested for a violation of any paragraph of subdivision one of this section and who was operating an electric scooter:

(i) evidence that there was .05 of one per centum or less by weight of alcohol in such person's blood shall be prima facie evidence that the ability of such person to operate an electric scooter was not impaired by the consumption of alcohol, and that such person was not in an intoxicated condition.

4 and
5   (b) "applicant" means a university or university-affiliated research
6 institute or a consortium of such institutions which request designation
7 as a center in accordance with such requirements as are established by
8 the [foundation] department for this purpose. For the purposes of this
9 subdivision, universities, university-affiliated research institutes or
10 a consortium of such institutions designated as centers of excellence
11 under section four hundred ten of the economic development law at the
12 time of the effective date of the chapter of the laws of two thousand
13 twenty that amended this subdivision may apply for designation as
14 centers for advanced technology.
15 2. The [foundation] department shall:
16   (a) identify technological areas for which centers should be desig-

18 significant potential for economic growth and development in New York
19 state and technological areas that are related to the enhancement of
20 productivity in various industries located in New York state.

29 total of support sought from the state;
30    (iv) the ability and willingness to cooperate with other institutions
31 in the state in conducting research and development activities, and in
32 disseminating research results; and to work with technical and community
33 colleges in the state to enhance the quality of technical education in

35    (v) the ability and willingness to cooperate with the [foundation]

39   (c) establish such requirements as it deems appropriate for the
40 format, content and filing of applications for designation as centers
41 for advanced technology.
42   (d) establish such procedures as it deems appropriate for the eval-
43 uation of applications for designation as centers for advanced technolo-
44 gy, including the establishment of peer review panels composed of
45 nationally recognized experts in the technological areas and industries
46 to which the application is related.
47 3. (a) From such funds as may be appropriated for this purpose by the
48 legislature, the [foundation] department may provide financial support,
49 through contracts or other means, to designated centers for advanced
50 technology, in order to enhance and accelerate the development of such
51 centers. Funds received pursuant to this subdivision may be used for
52 purchase of equipment and fixtures, employment of faculty and support
53 staff, provision of graduate fellowships, and other purposes approved by
54 the [foundation] department, but may not be used for capital
55 construction. In each case, the amount provided by the [foundation]
department to a center shall be matched by commitments of support from private and governmental other than state sources provided that:

(i) funds or in-kind resources provided by the public or private university of which the center is a part may be counted towards the match;

(ii) such match shall not be required on a project-by-project basis;

(iii) matching funds received from businesses with no more than one hundred employees shall count as double the actual dollar amount toward the center's overall match requirement;

(iv) funds used by the center for any workforce development activities required by the [foundation] department shall not be included as part of the center's award when determining the amount of matching funds required by the [foundation] department. Such activities shall include, but are not limited to, helping incumbent workers expand their skill sets through short courses, seminars, and workshops; providing industry-driven research assistant opportunities for students, and aiding in the development of undergraduate and graduate courses in the center's technology focus to help ensure that students are trained to meet the needs of industry;

(v) centers may use not more than twenty-five percent of indirect costs towards any match requirements.

(b) The amount provided by the [foundation] department shall be made in accordance with the following:

(i) for the academic year in which it is first funded as a designated center, and the five subsequent years, the amount provided by the [foundation] department to a center shall be matched equally by the center;

(ii) beginning in the sixth academic year following the academic year in which a center is first funded as a designated center and for each academic year thereafter, amounts provided by the [foundation] department of up to seven hundred fifty thousand dollars shall be matched equally by the center, amounts in excess of seven hundred fifty thousand dollars shall be matched by the center in amounts of at least the percentage set forth herein: in the sixth year, one hundred twenty percent; in the seventh year, one hundred forty percent; in the eighth year, one hundred sixty percent; in the ninth year, one hundred eighty percent; in the tenth year and each year thereafter, two hundred percent;

(iii) beginning in the ninth academic year following the academic year in which a center is first funded as a designated center, the [foundation] department shall evaluate such center's area of advanced technology to determine whether it has continued significant potential for enhancing economic growth in New York, or whether the application of technologies in the area could significantly enhance the productivity and stability of New York businesses;

(iv) upon a finding by the [foundation] department that an area of advanced technology has continued significant potential for enhancing economic growth in New York, or that the application of technologies in the area could significantly enhance the productivity and stability of New York businesses, the [foundation] department will initiate a redesignation process in accordance with the standards and criteria set forth in paragraph (b) of subdivision two and in accordance with paragraphs (c) and (d) of subdivision two of this section.

(1) In the event a new center is selected in the redesignation process, the [foundation] department shall provide funds to such new center in accordance with the funding match requirements set forth in subparagraphs (i) and (ii) of paragraph (a) of this subdivision.
(2) In the event a previously designated center is redesignated in the same area of technology, which redesignation is effective for the tenth academic year following the first academic year of both designation and funding, then, in that year and in each year thereafter, the [foundation] department shall provide funds of up to seven hundred fifty thousand dollars to be matched equally by the center, amounts in excess of seven hundred fifty thousand dollars shall be matched by the center in amounts of at least two hundred percent.

(3) In the event a currently designated center is not selected in the redesignation process for an additional term, or upon a finding by the [foundation] department that the area of advanced technology does not have significant potential for enhancing economic growth in New York, or upon a finding that the application of technologies in that area would not significantly enhance the productivity and stability of New York businesses, then the [foundation] department shall, in the tenth academic year following such center's first both designation and funding, which year shall be the final year of funding for such center, provide an amount of up to five hundred thousand dollars.

(c) Continued funding of the operations of each center shall be based upon a showing that: the center continues to comply with the criteria established by the [foundation] department pursuant to paragraph (b) of subdivision two of this section; a demonstration of assistance to small businesses in New York state through research, technology transfer or other means as approved by the [foundation] department; evidence of partnerships with other appropriate entities to develop outreach networks and ensure that companies receive access to appropriate federal funding for technology development and commercialization as well as non-research assistance such as general business consulting. Appropriate partners are those with which the center demonstrates a relationship that enhances and advances the center's ability to aid economic growth in New York state; and compliance with the rules, regulations and guidelines of the [foundation] department; and, compliance with any contracts between the [foundation] department and the designated center.

(d) Each center shall report on its activities to the [foundation] department in a manner and according to the schedule established by the [foundation] department, and shall provide such additional information as the [foundation] department may require provided, that quantifiable economic development impact measures are not restricted to any period less than five years and that centers provide a full description of all non-quantifiable measures. The [foundation] department shall evaluate center operations using methods such as site visits, reporting of specified information and peer review evaluations using experts in the field of technology in which the center was designated. The [foundation] department shall notify each center of the results of its evaluations and findings of deficiencies in the operation of such center or its research, education, or technology commercialization activities and shall work with such centers to remedy such findings. If such factors are not remedied, the [foundation] department may withdraw the state funding support, in whole or in part, or withdraw the center designation.

(e) In order to encourage that the results of center research benefit New York state, designation and continued funding of each center shall be contingent upon each center's establishing within its licensing guidelines the following: after payment of the inventor's share, a reduced payment due to the university of any royalty, income or other consideration earned from the license or sale of intellectual property
rights created or developed at, or through the use of, the facilities of
the center by any person or entity if the manufacturing or use resulting
from such intellectual property rights occurs within New York state. The
[foundation] department shall promulgate rules and regulations regarding
the provisions of the licensing guidelines described herein as they
apply to such reduced payment, and such provisions shall be subject to
the approval of the [foundation] department.

4. From such funds as may be appropriated for this purpose by the
legislature, the [foundation] department may provide grants to any one
university or university-affiliated research institution for purposes of
planning and program development aimed at enabling such university or
university-affiliated research institution to qualify for designation as
a center. Such grants shall be awarded on a competitive basis, and shall
be available only to those applicants which in the judgment of the
[foundation] department may reasonably be expected to be designated as
centers. No applicant shall receive more than one such grant.

5. (a) From such funds as may be appropriated for the purpose of
incentive grants or other funds which may be available from the [founda-
tion] department to enhance center activities in areas of crucial inter-
est in the state's economic development, the [foundation] department may
provide grants, on a competitive basis, to centers for projects includ-
ing, but not limited to, those which:
(i) explore new technologies with commercial application conducted
jointly by two or more centers or a center and non-center university,
college or community college;
(ii) are aimed at enhancing or accelerating the process of bringing
new products, particularly those under development by new small busi-
nesses, to the marketplace; or
(iii) increase technology transfer projects with the state's mature
manufacturing industries in applying technology in their manufacturing
processes or for new product development.
(b) State support for incentive grants may be matched on an individual
basis by the [foundation] department, which may consider the type of
project and the availability of amounts from private, university and
governmental, other than state, sources.

6. (a) The [foundation] department shall make an annual report of the
centers for advanced technology program to the governor and the legisla-
ture not later than September first of each year. Such report shall
include, but not be limited to, the results of the [foundation] depart-
ment's evaluation of each center, a description of the achievement
of each center, any deficiencies in the operation of each center or its
research, education and technology commercialization activities, remedi-
al actions recommended by the [foundation] department, remedial actions
taken by each center, a description of the small business assistance
provided by each center, a description of any incentive grant program
awarded a grant by the [foundation] department and the achievements of
such program, and the amount of financial assistance provided by the
[foundation] department and the level of matching funds provided by each
center and the uses of such monies.
(b) Annual reports shall include a discussion of any fields of tech-
ology that the [foundation] department has identified as having signif-
icant potential for economic growth or improved productivity and stabil-
ity of New York businesses and in which no center for advanced
technology has been designated and recommendations of the [foundation]department as to actions that should be taken.
§ 3. This act shall take effect immediately; provided, however that section one of this act shall not take effect until June 30, 2021.

The changes to the 1998 law by this act are intended to, after decades of delay and inaction, finally effectuate the park's general project plan as defined in chapter 592 of the laws of 1998, which continues to be the operative planning document guiding park development, protection and reuse of a portion of the Hudson River waterfront in lower Manhattan south of 59th street, and are intended to ensure the realization of that vision and the park's continuing viability for years to come. Nothing herein is intended to alter or override any prior determinations concerning park planning, development or operation.

Upon such conveyance, Pier 76 shall become part of the park. Upon such conveyance, Pier 76 shall become part of the park and following redevelopment at least fifty percent of the Pier 76 footprint shall be used for park uses that are limited to passive and active open space and which shall be contiguous to water; and provided further that the remaining portion shall be for park/commercial use. (ii) The city of New York shall, prior to December 31, 2020, cease using Pier 76 for any
purposes. Should the city of New York continue to occupy Pier 76 for any purpose subsequent to the conveyance of December 31, 2020, the city of New York shall (A) compensate the trust in the amount of twelve million dollars, and (B) beginning February 1, 2021, pay rent in the amount of three million dollars for each complete or partial month of occupancy. 

(iii) On or after the effective date of the chapter of the laws of 2020 which amended this paragraph, the trust shall be entitled to reasonable access to Pier 76 for the purpose of conducting assessments and inspections necessary to further redevelopment of Pier 76 following its inclusion in the park.
