IN ASSEMBLY

February 19, 2020

Introduced by M. of A. L. ROSENTHAL -- read once and referred to the Committee on Education

AN ACT to amend the public authorities law and the education law, in relation to establishing a climate change education grant program

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1	Section 1. Short title. This act shall be known and may be cited as
2	the "New York climate change education act".
3	§ 2. The public authorities law is amended by adding a new section
4	1884 to read as follows:
5	§ 1884. Climate change education grant program. 1. Definitions. As
б	used in this section, the following terms shall have the following mean-
7	<u>ings:</u>
8	(a) "Eligible applicant" shall mean (i) a public school district, (ii)
9	a board of cooperative educational services, (iii) a community based
10	organization which may be a for-profit corporation or entity or not-for-
11	profit corporation or organization, or (iv) a consortium or partnership
12	formed by a public school district, a board of cooperative educational
13	services and one or more community based organizations which qualifies
14	for the award of a climate change education grant by the authority under
15	this section.
16	(b) "Grant program plan" shall mean the plan submitted to the authori-
17	ty by an eligible applicant pursuant to subdivision four of this
18	section.
19	(c) "Climate change education grant program" shall mean a comprehen-
20	sive climate change education program conducted by an eligible applicant
21	<u>pursuant to subdivision four of this section.</u>
22	2. Establishment of climate change education grant program; general
23	components. (a) There is hereby established within the authority a
24	climate change education grant program. The program shall be established
25	by the authority, in consultation with the commissioner of education.
26	The purpose of the program shall be to provide grants to eligible appli-
27	cants to support climate change education grant programs for young
28	people which provides them with topics of instruction in the components

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD13985-01-9

1	set forth in paragraph (b) of this subdivision or to provide grants to
2	eligible applicants to provide optional teacher training or professional
3	development programs relevant to the advance of climate change literacy
4	of young people.
5	(b) In order for an eligible applicant to receive an award of an annu-
6	al grant under paragraph (c) of this subdivision, the applicant shall
7	submit with the application the components of instruction which shall be
8	offered in the applicant's climate change education grant program. The
9	applicant shall create a climate change education program designed to
10	increase the climate literacy of young people by broadening the under-
11	standing of climate change, including possible long-term and short-term
12	consequences of climate change and potential solutions or create a
13	program designed to assist teachers in their professional development as
14	related to increasing the climate literacy of young people. The authori-
15	ty may determine certain components and topics of instruction that shall
16	be required to be included in the climate change education program
17	offered by the applicant. The authority may also determine certain
18	components and topics of instruction that shall be offered by the appli-
19	cant in providing relevant training and professional development to
20	teachers.
21	(c) Any eligible applicant may apply for, and upon approval of the
22	application by the authority, shall be awarded an annual climate change
23	education grant provided that the applicant demonstrates in the grant
24	program plan submitted to the authority that:
25	(i) the applicant is capable of providing students with an effective
26	climate change education program that shall be meaningful and capable of
27	providing an effective climate change education program or the applicant
28	is capable of providing teachers with a relevant effective training or
29	professional development program and either program shall be conducted
30	in accordance with this section and any regulations promulgated pursuant
31	to this section; and
32	(ii) if such applicant is a community based organization, that the
33	applicant has a proven record and experience in conducting meaningful
34	and successful climate change education programs, and that the applicant
35	is capable of providing a climate change education program to a broad
36	based segment of the youth population or teachers with specific emphasis
37	on targeted youths and teachers located in environmental justice commu-
38	nities in such organization's service area. The authority may seek and
39	shall receive any pertinent information or request and receive recommen-
40	dations as to such community based organization's interactions or prior
41	dealings with any other state or local governmental entity, including,
42	but not limited to, any public school district or board of cooperative
43	educational services in making the determination required by this para-
44	graph.
45	(d) All moneys provided in grants under this section shall be in addi-
46	tion to, and not in lieu of, any moneys historically appropriated for
47	the same or similar purposes and shall not be used to offset or reduce
48	moneys previously expended for similar programs.
49	3. Climate change education grant program awards. (a) Within amounts
50	appropriated therefor, the authority shall be authorized to grant awards
51 52	for the support of approved climate change education grant programs.
52 52	(b) Grants to support an approved climate change education grant
53 54	program shall be awarded on a competitive basis in accordance with aritoria ogtablighed by the authority
54 55	criteria established by the authority.
55 56	(c) The authority shall appropriate at least fifty percent of all
56	grant money appropriated for the climate change education program to

3

eligible applicants for the purposes of increasing the climate literacy 1 2 of young people through a climate change education program. The authori-3 ty shall appropriate no more than fifty percent of all grant money 4 appropriated to teacher training or professional development. 5 (d) The department of education shall, from within amounts appropriб ated to the department, undertake all activities necessary to plan for 7 and preliminarily provide for the timely implementation of the climate 8 change education grant program established pursuant to this section for 9 the state fiscal year commencing one year following the effective date 10 of this section. 11 (e) Not more than five percent of any amounts made available by appropriation in any single fiscal year for the climate change education 12 grant program shall be annually retained by the authority for the admin-13 14 istrative purposes of the department. (f) Of the amounts made available by appropriation for the climate 15 16 change education grant program, not more than five percent of any funds 17 made by such appropriation for the state fiscal year commencing three years following the effective date of this section shall be made avail-18 19 able for payment to a nationally recognized and accredited organization 20 with experience in analyzing the efficacy and benefits of climate change 21 education grant programs for purposes of enabling such organization to evaluate the totality of the grant program and grants awarded in the two 22 years following the effective date of this section. Not more than four 23 percent of any funds made by such appropriation for the state fiscal 24 25 year commencing four years following the effective date of this section 26 shall be made available for payment to the same organization which was 27 awarded the initial contract to so analyze the climate change education grant program for the purpose of providing necessary funds to such 28 29 organization to analyze the climate change education grant program from 30 its inception through and including all the grant year periods author-31 ized under this section. The contract to be awarded to such organization 32 shall be let only after a request for proposal has been issued by the 33 department of education in the manner provided for by law, and the award 34 of such contract shall be subject to competitive bidding requirements as 35 also required by law. The department of education shall include within 36 the request for proposal detailed criteria of evaluation to be employed 37 by the organization to be awarded the bid. The request for proposal 38 shall also allow for a bidding organization to submit additional evalua-39 tive criteria that may be utilized by the organization awarded the bid if approved by the department of education. Notwithstanding any incon-40 sistent provision of this paragraph, the request for proposal shall 41 42 include a provision authorizing the authority to terminate the awarded 43 contract to the successful bidder with respect to the conduct of the second evaluation of the grant program for the entire grant period 44 45 authorized under this section if the authority is not satisfied with the 46 quality of effort demonstrated by such bidder in the first evaluation of 47 the grant program period. In such case, a similar request for proposal 48 procedure shall be utilized for the purpose of making the second evalu-49 ation. (q) Beginning with the school year beginning in July two years follow-50 51 ing the effective date of this section and every school year thereafter, from any annual appropriations and/or reappropriations made therefor, 52 53 the authority shall set aside eighty percent of the money so appropri-54 ated (minus any amounts necessary to pay adjustment expenses pursuant to paragraphs (d), (e), and (f) of this subdivision) for the purpose of 55 56 awarding grants for climate change education grant program plans

approved by the authority pursuant to subdivision four of this section 1 2 to be conducted by public school districts and/or boards of cooperative 3 educational services including those programs which are going to be 4 conducted in accordance with a program plan pursuant to consortiums or 5 partnerships formed by a public school district and/or board of cooperб ative educational services and one or more community based organiza-7 tions. Priority, substantial consideration and weight shall be accorded 8 by the authority in the awarding of grants to such consortiums or part-9 nerships. The authority shall set aside twenty percent of any appropri-10 ation for the purpose of awarding grants for climate change education 11 grant program plans approved by the authority for eligible applicants who are community based organizations which are not conducting such 12 13 program as part of a consortium or partnership. 14 4. Application for grants; climate change education grant program plan. (a) The authority shall establish an application procedure by 15 16 which eligible applicants may apply for a grant pursuant to this 17 section, and the manner and method including specified objective criteria consistent with this section by which the authority shall determine 18 the eligibility of an applicant. 19 20 (b) The eligible applicant shall submit with the climate change educa-21 tion grant application the applicant's grant program plan to the authority, which shall include a detailed description of the proposed climate 22 change education program, including but not limited to: 23 (i) an outline for the curriculum to be covered in the eligible appli-24 25 cant's program for students or workshop for teachers, including instruc-26 tional materials, books, videos or other instructional tools to be used 27 and the training which will be provided to teachers, personnel and volunteers who will conduct the program; 28 (ii) any special or unusual or innovative services, programs or educa-29 30 tion methods to be utilized including special technology or scientific 31 methods; 32 (iii) the number and types of teaching or other personnel to be employed, or volunteers to be used, together with their professional or 33 34 academic credentials; 35 (iv) the geographic area in which the proposed program will be offered along with an estimate of the number of students or teachers who the 36 applicant estimates will participate in such a program and if the 37 38 geographic area is located in an environmental justice community; 39 (v) a demonstration that the proposed program is adequate in terms of 40 course length; 41 (vi) special training or professional development services offered for 42 teachers if relevant; and 43 (vii) any other information the authority may request. 44 5. Maintenance of effort. Any moneys made available to an eligible 45 applicant shall not be used to offset or reduce the amount of moneys 46 previously expended for the same or similar programs in a prior year, 47 but shall be used to supplement any prior years' expenditures. No eligible applicant shall reduce any subsequent years' expenditures for the 48 same or similar programs as a result of receiving any grant, or increase 49 in the amount of any prior awarded grant, pursuant to this section. 50 51 6. Annual reports by grant recipients. (a) Every eligible applicant 52 that has been awarded a grant under this section shall file an annual 53 report with the authority, in such form and with such data as the 54 authority prescribes detailing the expenditure of grant funds, together with an analysis of the climate change education grant program it 55 56 conducted.

1 (b) The authority shall on or before February first in each year, 2 submit a report on the program to the governor, the temporary president 3 of the senate and the speaker of the assembly containing his or her 4 findings and recommendations. In the report submitted in the fourth year 5 and the sixth year following the effective date of this section respecб tively, the authority shall also include the evaluation of the program 7 as presented by the accredited organization in accordance with subdivi-8 sion three of this section. 9 7. Notification to potential applicants. The authority shall send, in 10 a timely manner, every public school district and board of cooperative 11 educational services and every requesting community based organization a copy of this section and general information relating to the climate 12 13 change education grant program and the application process therefor. 14 8. Regulations. The authority shall promulgate rules and regulations 15 as shall be reasonably necessary to effectuate the provisions of this section. 16 17 § 3. Section 305 of the education law is amended by adding a new subdivision 59 to read as follows: 18 19 59. The commissioner shall cooperate with the president of the New 20 York state energy research and development authority in establishing a 21 climate change education grant program as described in section eighteen hundred eighty-four of the public authorities law. 22 § 4. Severability. If any clause, sentence, paragraph, subdivision or 23 section of this act shall be adjudged by any court of competent juris-24 25 diction to be invalid and after exhaustion of all further judicial 26 review, the judgment shall not affect, impair or invalidate the remain-27 der thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision or section of this act directly 28 involved in the controversy in which the judgment shall have been 29 30 rendered.

31 § 5. This act shall take effect immediately.
