FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would modify the in-service death benefit for retirement eligible tiers 3 through 6 members of the New York State and Local Employees' Retirement System who are employed by Suffolk County in certain correction officer job titles. The in-service death benefit will be the value of the pension reserve as if the member had retired on their date of death.

If this legislation is enacted during the 2020 legislative session, we anticipate that there will be an increase in the annual contributions of Suffolk County of approximately \$190,000 for the fiscal year ending March 31, 2021. In the future, this cost will vary as the billing rates and salaries of those affected change.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$3.32 million which will be borne by Suffolk County as a one-time payment. This estimate is based on the assumption that payment will be made on February 1, 2021. If Suffolk County elects to amortize this cost over a 10-year period, the cost for the first year would be \$438,000.

These estimated costs are based on 944 affected members employed by Suffolk County, with annual salary of approximately \$118 million as of March 31, 2019.
