## IN SENATE

January 14, 2019

---

Introduced by Sen. RIVERA -- read twice and ordered printed, and when printed to be committed to the Committee on Health -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee -- committee discharged and said bill committed to the Committee on Rules -- reported favorably from said committee, ordered to a third reading, passed by Senate and delivered to the Assembly, recalled, vote reconsidered, restored to third reading, amended and ordered reprinted, retaining its place in the order of third reading

AN ACT to amend the public health law, in relation to definitions and conforming changes pertaining to anatomical gifts; and to repeal certain provisions of such law relating thereto (Part A); to amend the public health law, in relation to changes in anatomical gift consent (Part B); and to amend the public health law, in relation to changes in anatomical gift revocation and amendment (Part C)

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative intent. The purpose of this legislation is to  
2 enact changes to follow the Uniform Anatomical Gift Act (UAGA) as  
3 updated in 2006 by the National Conference of Commissioners on Uniform  
4 State Laws to enhance the organ donation process. Most states have  
5 adopted these changes. While New York has made recent improvements to  
6 our organ donation rules and participation rates, we are still way  
7 behind most states and, as a result, still face a severe organ shortage.  
8 It is estimated that bringing New York's anatomical gift consent rules  
9 into agreement with UAGA would produce an additional 100 donors - for a  
10 total of 200-300 additional organs available - over five years.  
11 § 2. This act enacts into law changes to the anatomical gift process.  
12 Each component is wholly contained within a Part identified as Parts A  
13 through C. The effective date for each particular provision contained  
14 within such Part is set forth in the last section of such Part. Any

provision in any section contained within a Part, including the effective date of the Part, which makes a reference to a section "of this act," when used in connection with that particular component, shall be deemed to mean and refer to the corresponding section of the Part in which it is found. Section four of this act sets forth the general effective date of this act.
