

STATE OF NEW YORK

1471

2019-2020 Regular Sessions

IN SENATE

January 15, 2019

Introduced by Sen. HOYLMAN -- read twice and ordered printed, and when printed to be committed to the Committee on Health

AN ACT to amend the public health law, in relation to offering plant-based food options in hospitals

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The public health law is amended by adding a new section
2 2827 to read as follows:

3 § 2827. Plant-based food options. 1. Upon request by a patient or the
4 patient's lawful representative in a hospital providing inpatient or
5 residential care, the hospital shall offer the patient a plant-based
6 food option as an alternative to every meal or snack offered in food
7 service to the patient. All the hospital's written material describing
8 food offerings shall include the availability of a plant-based food
9 option. The plant-based food option shall be offered at no additional
10 cost to the patient beyond what would be charged for a comparable non-
11 plant-based food option.

12 2. The hospital shall respond in a reasonable manner and time to any
13 request made under this section. The request shall be effective for
14 every hospital meal or snack in which the patient is reasonably expected
15 to participate. This section does not preclude the offering of plant-
16 based food options to patients who have not requested it, and does not
17 preclude an individual who has requested a plant-based food option from
18 selecting a non-plant-based food option.

19 3. As used in this section:

20 (a) "Plant-based food option" means a food or beverage that is free of
21 animal products and that has nutritional value comparable to the non-
22 plant-based food option that it replaces.

23 (b) "Animal product" means meat, poultry, seafood, dairy, eggs, honey,
24 and any derivative thereof.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

LBD04012-02-9

1 § 2. This act shall take effect one year after it shall have become a
2 law. Effective immediately, the commissioner of health may make regu-
3 lations and take other actions reasonably necessary to implement this
4 act on that date.
