For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the state share of federally aided projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property, pursuant to the transportation capital facilities development act of 1967 notwithstanding any inconsistent provisions of law, in accordance with the schedule set forth below. The moneys hereby appropriated are to be made available for payment of state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the state share of federally aided projects at Stewart and Republic Airports, including payment of liabilities incurred prior to April 1, 1991, as defined in the transportation capital facilities development act of 1967. Prior to requesting approval of a certificate of approval of availability for the moneys hereby appropriated, the commissioner of transportation shall certify that each airport or aviation project progressed under the program categories listed in the schedule below has received federal approval and the federally authorized level of financial assistance.

No funds shall be allocated for projects at Stewart Airport that are directly related to a private facility until the commissioner of transportation enters into a written agreement, subject to the approval of the director of the budget, with such private entity providing that such entity is committed to locate its facilities at Stewart airport and has arranged financing for the costs of construction of such facilities.

Funds shall not be allocated for projects at Stewart airport from this appropriation for infrastructure improvements or other development

It is acknowledged that funds provided herein pursuant to the transportation capital facilities development act of 1967 are made available by repealing a portion of an appropriation for the payment of the state's share to the Niagara frontier transportation authority for construction, reconstruction, and improvement of airport or aviation capital projects at Buffalo international airport. It is the intent of the legislature that the repeal of such funds appropriated to the Niagara frontier transportation authority does not void the state's commitment to provide alternative state share funding sources to the authority to complete the airport or aviation capital projects at Buffalo international airport as originally provided by chapter 54, section 1, of the laws of 1982, as amended by chapter 54, section 3, of the laws of 1988. It is further the intent of the legislature that such alternative state share funding be provided to the authority no later than March 31, 1993 (53271) 11,800,000 (re. $824,000)

For services and expenses related to the empire state poverty
reduction initiative. Funds appropriated herein shall be made avail-

Census Bureau's 2010-14 American Community Survey Five-year Esti-
mate: Albany, the Bronx, Binghamton, Buffalo, Elmira, Hempstead,
Jamestown, Newburgh, Niagara Falls, Oneonta, Oswego, Rochester,
Syracuse, Troy, Utica and Watertown. Provided that, except in muni-
cipalities where a state-funded anti-poverty task force or initi-
ative already exists and is receiving or has received State funding
for such purpose, the mayor of each municipality, or in the case of
the Bronx, the borough president, will select a not-for-profit
organization that provides services in the municipality, or in the
case of the Bronx, the borough, to serve as the local coordinator of
each such local task force. Provided further that, except in munici-
palities where a state-funded antipoverty task force or initiative
already exists and is receiving or has received funding, each such
taskforce shall make efforts to be comprised of, but not limited to,
the following members: representatives from municipal, county,
and/or state government; individuals who have lived in or currently
live in households in poverty; individuals and advocates represent-
ing local not-for-profit and community organizations; represen-

social services districts. Of the funds appropriated herein, the

determined based on the number of people in each municipality, or a
borough, who are living in poverty as determined by the U.S. Census
Bureau's 2010-14 American Community Survey Five-year Estimate
provided that each local anti-poverty task force shall be eligible
to receive funding in the following amounts: municipalities with
fewer than 5,000 individuals in poverty shall each be eligible to
receive $500,000; municipalities with between 5,000 and 10,000 indi-
viduals in poverty shall each be eligible to receive $1,000,000;

be eligible to receive $2,750,000. Funds appropriated herein shall
be available to support the work of each anti-poverty task force and
such work shall be divided into two phases. During the first phase,
the mayor of the municipality, or in the case of the Bronx, the borough president, will select a not-for-profit organization that has demonstrated successful performance working with community stakeholders and achieving objectives specified herein, to coordinate the local anti-poverty task force. The not-for-profit organization serving as coordinator will assemble the antipoverty task force using the criteria outlined above. Provided further that, with guidance and oversight of the commissioner of the office of temporary and disability assistance, each local anti-poverty task force shall use data to identify high need issues and neighborhoods within the municipality, or in the case of the Bronx, the borough; identify problems that are common in neighborhoods throughout the municipality, or in the case of the Bronx, the borough; receive input from local residents; use data and resident input to select one or more focus areas related to either one or more issues or one or more neighborhoods; and develop a plan for how funding will be targeted toward the identified issues or neighborhoods. Such focus areas may include, but are not limited to childhood poverty and homelessness. Activities included in such plan may include, but are not limited to: providing public assistance recipients opportunities to participate in enhanced work activities that either provide recognized credentialing or enhanced career readiness or job training for better linkage to potential employment; assisting families in poverty through services provided to parents and children; and addressing chronic homelessness or housing insecurity. Such plan must include measurable objectives and a timeframe for completion and shall be submitted for approval to the commissioner of the office of temporary and disability assistance. Of the total amount made available to each anti-poverty task force, the lesser of $300,000 or 20 percent of the total award may be used to carry out planning and administration, provided however, that the amount used for planning and administration may exceed such limitation if such amount is approved by the commissioner of the office of temporary and disability assistance as part of the plan required herein. Upon receiving approval from the commissioner of the office of temporary and disability assistance, each such anti-poverty task force shall commence the second phase of its work, which will support the implementation of the plan developed during the first phase. Funding appropriated herein shall be made available to the not-for-profit organization serving as coordinator and its use shall be restricted to purposes or initiatives that do not necessitate ongoing state financial support. Such anti-poverty task forces shall be encouraged to secure match funding from private sector and foundation sources to supplement the funds appropriated herein and provided further that any funding provided from this appropriation shall not be used to supplant funding for programs already in existence.
