By chapter 54, section 1, of the laws of 1991:
For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the state share of federally aided projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property, pursuant to the transportation capital facilities development act of 1967 notwithstanding any inconsistent provisions of law, in accordance with the schedule set forth below. The moneys hereby appropriated are to be made available for payment of state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the state share of federally aided projects at Stewart and Republic Airports, including payment of liabilities incurred prior to April 1, 1991, as defined in the transportation capital facilities development act of 1967. The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget.

Prior to requesting approval of a certificate of approval of availability for the moneys hereby appropriated, the commissioner of transportation shall certify that each airport or aviation project progressed under the program categories listed in the schedule below has received federal approval and the federally authorized level of financial assistance.

No funds shall be allocated for projects at Stewart Airport that are directly related to a private facility until the commissioner of transportation enters into a written agreement, subject to the approval of the director of the budget, with such private entity providing that such entity is committed to locate its facilities at Stewart airport and has arranged financing for the costs of construction of such facilities.

Funds shall not be allocated for projects at Stewart airport from this appropriation for infrastructure improvements or other development
purposes not directly related to a private facility until the 
commissioner of transportation has provided the director of the 
budget with the following projections to support any such allocation 
of funds: (a) effect on Stewart airport net operating revenues; (b) 
effect on new jobs for the state of New York; and (c) effect on net 
revenues of amortization of state capital expenditures. It is 
acknowledged that funds provided herein pursuant to the transporta-
tion capital facilities development act of 1967 are made available 
by repealing a portion of an appropriation for the payment of the 
state's share to the Niagara frontier transportation authority for 
construction, reconstruction, and improvement of airport or aviation 
capital projects at Buffalo international airport. It is the intent 
of the legislature that the repeal of such funds appropriated to the 
Niagara frontier transportation authority does not void the state's 
commitment to provide alternative state share funding sources to the 
authority to complete the airport or aviation capital projects at 
Buffalo international airport as originally provided by chapter 54, 
section 1, of the laws of 1982, as amended by chapter 54, section 3, 
of the laws of 1988. It is further the intent of the legislature 
that such alternative state share funding be provided to the author-
ity no later than March 31, 1993 (17439114) (53271)

For services and expenses related to the empire state poverty
reduction initiative. Funds appropriated herein shall be made avail-
able for sixteen local anti-poverty task forces in municipalities,
or a borough, with high rates of poverty as determined by the U.S.
Census Bureau's 2010-14 American Community Survey Five-year Esti-
mate: Albany, the Bronx, Binghamton, Buffalo, Elmira, Hempstead,
Jamestown, Newburgh, Niagara Falls, Oneonta, Oswego, Rochester,
Syracuse, Troy, Utica and Watertown. Provided that, except in munici-
palities where a state-funded anti-poverty task force or initi-
ative already exists and is receiving or has received State funding
for such purpose, the mayor of each municipality, or in the case of
the Bronx, the borough president, will select a not-for-profit
organization that provides services in the municipality, or in the
case of the Bronx, the borough, to serve as the local coordinator of
each such local task force. Provided further that, except in munici-
palities where a state-funded antipoverty task force or initiative
already exists and is receiving or has received funding, each such
taskforce shall make efforts to be comprised of, but not limited to,
the following members: representatives from municipal, county,
and/or state government; individuals who have lived in or currently
live in households in poverty; individuals and advocates represent-
ing local not-for-profit and community organizations; represen-

Bureau's 2010-14 American Community Survey Five-year Estimate
provided that each local anti-poverty task force shall be eligible
to receive funding in the following amounts: municipalities with
fewer than 5,000 individuals in poverty shall each be eligible to
receive $500,000; municipalities with between 5,000 and 10,000 indi-
viduals in poverty shall each be eligible to receive $1,000,000;
municipalities with between 10,000 and 40,000 individuals in poverty
shall each be eligible to receive $1,500,000; and municipalities, or
a borough, with more than 40,000 individuals in poverty shall each
be eligible to receive $2,750,000. Funds appropriated herein shall
be available to support the work of each anti-poverty task force and
such work shall be divided into two phases. During the first phase,
the mayor of the municipality, or in the case of the Bronx, the
borough president, will select a not-for-profit organization that
has demonstrated successful performance working with community
stakeholders and achieving objectives specified herein, to coordi-
nate the local antipoverty task force. The not-for-profit organiza-
tion serving as coordinator will assemble the antipoverty task force
using the criteria outlined above. Provided further that, with
guidance and oversight of the commissioner of the office of tempo-
rary and disability assistance, each local anti-poverty task force
shall use data to identify high need issues and neighborhoods within
the municipality, or in the case of the Bronx, the borough; identify
problems that are common in neighborhoods throughout the munici-
pality, or in the case of the Bronx, the borough; receive input from
local residents; use data and resident input to select one or more
focus areas related to either one or more issues or one or more
neighborhoods; and develop a plan for how funding will be targeted
toward the identified issues or neighborhoods. Such focus areas may
include, but are not limited to: providing public assistance recipients opportunities to partic-
icipate in enhanced work activities that either provide recognized
credentialing or enhanced career readiness or job training for
better linkage to potential employment; assisting families in pover-
ty through services provided to parents and children; and addressing
chronic homelessness or housing insecurity. Such plan must include
measurable objectives and a timeframe for completion and shall be
submitted for approval to the commissioner of the office of tempo-
rary and disability assistance. Of the total amount made available
to each anti-poverty task force, the lesser of $300,000 or 20
percent of the total award may be used to carry out planning and
administration, provided however, that the amount used for planning
and administration may exceed such limitation if such amount is
approved by the commissioner of the office of temporary and disabil-
ity assistance as part of the plan required herein. Upon receiving
approval from the commissioner of the office of temporary and disa-
bility assistance, each such anti-poverty task force shall commence
the second phase of its work, which will support the implementation
of the plan developed during the first phase. Funding appropriated
herein shall be made available to the not-for-profit organization
serving as coordinator and its use shall be restricted to purposes
