(D) A student who benefited from the program outlined in this subparagraph shall be allowed to attend an out-of-state graduate school without any penalty if such student pursues a graduate degree. Once such student concludes his or her graduate school studies, such student shall return to New York within one year for residency, per the program's requirements, or else the undergraduate benefit will turn into a student loan pursuant to the provisions of clause (ii) of this subparagraph.

(E) A student who benefited from the program outlined in this subparagraph who is on active duty in the armed forces of the United States shall not be penalized if such student maintains his or her legal residence in the state of New York, during such service. "Legal residence" as used in this subclause shall mean the place where a member of the military intends to return and live after discharge or retirement, and which they consider their permanent home. Legal residency shall be determined by what local and state tax laws a member of the military is subject to, and in which state they may vote.

(ii) If a student or former student fails to fulfill any of the requirements set forth in clause (i) of this subparagraph, the trustees shall convert to a student loan the full amount of the tuition which would have been paid by such student, as determined by the New York state higher education services corporation, plus interest, according to a schedule to be determined by such corporation. Such repayment may also be required if a recipient fails to respond to requests for information necessary to determine continued eligibility or for administration of the program. The terms and conditions of this clause shall be deferred for students who enroll on at least a half-time basis in an approved undergraduate, graduate or higher degree program or other professional licensure degree program until they are conferred a degree, and shall also be deferred for any interruption in undergraduate study as established by the rules and regulations of the corporation. The terms and conditions of this clause may also be deferred for a grace period, to be established by the corporation, following the completion of an approved undergraduate program or a graduate or higher degree program or other professional licensure degree program. Notwithstanding any provisions of this clause to the contrary, the corporation is authorized to promulgate rules and regulations to provide for the waiver or suspension of any financial obligation which would involve extreme hardship.

(iii) Any student who elects to participate in the program under this subparagraph shall be required to apply for tuition assistance program funding. Funds awarded on the tuition assistance program shall be applied towards the cost of tuition prior to an award under this subparagraph.

(iv) Students shall be responsible for all other costs including housing, fees and other non-tuition related charges.

(v) (A) This program shall not apply in academic years commencing on or before the effective date of this subparagraph. (B) For the first two years after the effective date of this subparagraph, this program shall only apply to students attending community colleges as defined by subdivision two of section sixty-three hundred one of this chapter.
