AN ACT to amend the racing, pari-mutuel wagering and breeding law and the penal law, in relation to allowing certain interactive poker games

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The racing, pari-mutuel wagering and breeding law is amended by adding a new article 15 to read as follows:

ARTICLE 15

INTERACTIVE GAMING

Section 1500. Legislative findings and purpose.
1501. Definitions.
1502. Authorization.
1503. Required safeguards/minimum standards.
1504. Scope of licensing review.
1505. State tax.
1506. Disposition of taxes.

§ 1500. Legislative findings and purpose. The legislature hereby finds and declares that: 1. Under the New York penal law a person engages in gambling when he or she stakes or risks something of value upon the outcome of a contest of chance or a future contingent event not under his or her control or influence, upon an agreement or understanding that he or she will receive something of value in the event of a certain outcome.

2. A contest of chance is defined as any contest, game, gaming scheme or gaming device in which the outcome depends in a material degree upon an element of chance, notwithstanding that skill of the contestants may also be a factor therein. (Subdivision 1 of section 225.00 of the penal

law). Thus, games of chance may involve some skill, but in those games the level of skill does not determine the outcome regardless of the degree of skill employed. See People v. Turner, 165 Misc. 2d 222, 224, 629 N.Y.S.2d 661, 662 (Crim. Ct. 1995). On the other hand, where a contest pits the skill levels of the players against each other, New York courts have found a game to be one of skill rather than chance. See People v. Hunt, 162 Misc. 2d 70, 72, 616 N.Y.S.2d 168, 170 (Crim. Ct. 1994) ("Played fairly, skill rather than chance is the material component of three-card monte.");

3. Poker in many instances has been defined as a game of skill and a New York federal court in U.S. v. DiCristina, 886 F. Supp. 2d 164, 224, assessed that under federal law poker was predominantly a game of skill;

4. New York courts have interpreted New York law to apply a more rigorous test in identifying a "contest of chance" than is applied by most states in this nation and the courts have found that where a contest pits the skill levels of the players against each other, those games are games of skill and not games of chance. Furthermore, the courts have not limited the legislature's ability to determine that certain forms of poker should fall outside the general definition of gambling since those games are games of skill;

5. Texas Hold'em poker involves two cards dealt face down to each player and then five community cards placed face-up by the dealer, a series of three, then two additional single cards, with players determining whether to check, bet, raise or fold after each deal. Omaha Hold'em poker is a similar game, in which each player is dealt four cards and makes his or her best hand using exactly two of them, plus exactly three of the five community cards. These games are considered to be complex forms of poker which involve player strategy and decision-making and which pit the skill levels of the players against each other. As games of skill, these forms of poker do not fall under the definition of gambling as prohibited by the penal law; and

6. The legislature further finds that as the internet has become an integral part of society, and internet poker a major form of entertainment for many consumers, any interactive gaming enforcement and regulatory structure must begin from the bedrock premise that participation in a lawful and licensed gaming industry is a privilege and not a right, and that regulatory oversight is intended to safeguard the integrity of the games and participants and to ensure accountability and the public trust.

§ 1501. Definitions. As used in this article, the following terms shall have the following meanings:

because they placed wagers or participated in gambling games with or through an internet website or operator (or any derivative of such a database or customer list); (c) provision of any trademark, tradename, service mark or similar intellectual property under which a licensee or significant vendor identifies interactive games to customers; or (d) provision of any product, service or asset to a licensee or significant vendor in return for a percentage of interactive gaming revenue (not including fees to financial institutions and payment providers for facilitating a deposit or withdrawal by an authorized participant). The term "significant vendor" shall not include a provider of goods or services to a licensee that are not specifically designed for use and not principally used in connection with interactive gaming.

13. "Texas Hold'em poker" means the type of poker marketed as Texas Hold'em poker that involves two cards being dealt face down to each player and then five community cards being placed face-up by the dealer, a series of three then two additional single cards, with players having the option to check, bet, raise or fold after each deal.

Such fee paid by each licensee shall be applied to satisfy, in whole or in part, as applicable, that licensee's tax obligation pursuant to section fifteen hundred five of this article in sixty equal monthly installments, allocated to each of the first sixty months of tax owed after the licensee has begun operating interactive gaming pursuant to this article. No amounts not required to be used to satisfy such tax obligation during that period shall be allocated to payment of such tax obligation after that period.

9. Licenses issued by the commission shall remain in effect for ten years.

10. The commission, by regulation, may authorize and promulgate any rules necessary to implement agreements with other states, or authorized agencies thereof (a) to enable patrons in those states to participate in interactive gaming offered by licensees under this article or (b) to enable patrons in this state to participate in interactive gaming offered by licensees under the laws of those other states, provided that such other state or authorized agency applies suitability standards and review materially consistent with the provisions of this article.

2. Institutional investors are subject to the provisions set out in this section.

(a) An institutional investor holding under twenty-five percent of the equity securities of a licensee's or significant vendor's (or applicant's) holding or intermediary companies, shall be granted a waiver of any investigation of suitability or other requirement if such securities are those of a corporation, whether publicly traded or privately held, and its holdings of such securities were purchased for investment purposes only and it files a certified statement to the effect that it has no intention of influencing or affecting the affairs of the issuer, the licensee (or significant vendor or applicant, as applicable) or its holding or intermediary companies; provided, however, that it shall be permitted to vote on matters put to the vote of the outstanding security holders. The commission may grant such a waiver to an institutional investor holding a higher percentage of such securities upon a showing of good cause and if the conditions specified above are met. Any institutional investor granted a waiver under this paragraph which subsequently determines to influence or affect the affairs of the issuer shall provide not less than thirty days' notice of such intent and shall file with the commission a request for determination of suitability before taking any action that may influence or affect the affairs of the issuer; provided, however, that it shall be permitted to vote on matters

put to the vote of the outstanding security holders. If an institutional investor changes its investment intent, or if the commission finds reasonable cause to believe that the institutional investor may be found unsuitable, no action other than divestiture shall be taken by such investor with respect to its security holdings until there has been compliance with any requirements established by the commission, which may include the execution of a trust agreement. The licensee (or significant vendor or applicant, as applicable) and its relevant holding, intermediary or subsidiary company shall notify the commission immediately of any information about, or actions of, an institutional investor holding its equity securities where such information or action may impact upon the eligibility of such institutional investor for a waiver pursuant to this paragraph.

(b) If at any time the commission finds that an institutional investor holding any security of a holding or intermediary company of a licensee or significant vendor or applicant, or, where relevant, of another subsidiary company of a holding or intermediary company of a licensee or significant vendor or applicant which is related in any way to the financing of the licensee or significant vendor or applicant, fails to comply with the terms of paragraph (a) of this section, or if at any time the commission finds that, by reason of the extent or nature of its holdings, an institutional investor is in a position to exercise such a substantial impact upon the controlling interests of a licensee or significant vendor or applicant that investigation and determination of suitability of the institutional investor is necessary to protect the public interest, the commission may take any necessary action otherwise authorized under this article to protect the public interest.

(c) For purposes of this section, an "institutional investor" shall mean any retirement fund administered by a public agency for the exclusive benefit of federal, state, or local public employees; investment company registered under the Investment Company Act of 1940 (15 U.S.C. § 80a-1 et seq.); collective investment trust organized by banks under Part Nine of the Rules of the Comptroller of the Currency; closed end investment trust; chartered or licensed life insurance company or property and casualty insurance company; banking and other chartered or licensed lending institution; investment advisor registered under The Investment Advisors Act of 1940 (15 U.S.C. § 80b-1 et seq.); and such other persons as the commission may determine for reasons consistent with the public interest.

§ 1505. State tax. Licensees engaged in the business of conducting interactive gaming pursuant to this article shall pay a privilege tax based on the licensee's interactive gaming gross revenue at a fifteen percent rate.

§ 1506. Disposition of taxes. The commission shall pay into the state lottery fund all taxes imposed by this article; any interest and penalties imposed by the commission relating to those taxes; all penalties levied and collected by the commission; and the appropriate funds, cash or prizes forfeited from interactive gaming.

§ 2. Subdivision 1 of section 225.00 of the penal law is amended to read as follows:

1. "Contest of chance" means any contest, game, gaming scheme or gaming device in which the outcome depends [~~in a material degree~~] predominantly upon an element of chance, notwithstanding that skill of the contestants may also be a factor therein.

§ 3. The penal law is amended by adding a new section 225.36 to read as follows:

§ 225.36 Interactive gaming offenses and exceptions.

1. The knowing and willful offering of unlicensed interactive gaming to persons in this state, or the knowing and willful provision of services with respect thereto, shall constitute a gambling offense under this article.

2. Licensed interactive gaming activities under section fifteen hundred two of the racing, pari-mutuel wagering and breeding law shall not be a gambling offense under this article.

3. A person offering unlicensed interactive gaming to persons in this state shall be liable for all taxes set forth in section fifteen hundred five of the racing, pari-mutuel wagering and breeding law in the same manner and amounts as if such person were a licensee. Timely payment of such taxes shall not constitute a defense to any prosecution or other proceeding in connection with the interactive gaming except for a prosecution or proceeding alleging failure to make such payment.

§ 4. Severability clause. If any provision of this act or application thereof shall for any reason be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder of the act, but shall be confined in its operation to the provision thereof directly involved in the controversy in which the judgment shall have been rendered.

§ 5. This act shall take effect on the one hundred eightieth day after it shall have become a law.
