

STATE OF NEW YORK

2277

2019-2020 Regular Sessions

IN SENATE

January 23, 2019

Introduced by Sen. HOYLMAN -- read twice and ordered printed, and when printed to be committed to the Committee on Codes

AN ACT to amend the penal law, in relation to requiring semiautomatic pistols manufactured or delivered to any licensed dealer in this state to be capable of microstamping ammunition

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Short title. This act shall be known and may be cited as
2 the "crime gun identification act of 2019".

3 § 2. Legislative findings and intent. The legislature finds that in
4 2005, the national clearance rate for homicide cases was approximately
5 60% and over 3,000 gun homicide cases went unsolved; that in approxi-
6 mately half of gun homicide investigations a spent cartridge casing, but
7 not a firearm, is recovered at the crime scene; that currently deployed
8 national ballistic identification systems cannot identify the serial
9 number of a gun unless the gun itself has been recovered; that firearm
10 microstamping is a revolutionary forensic technology that produces an
11 identifiable alpha-numeric and geometric code onto the rear of the
12 cartridge casing each time a semiautomatic pistol is fired; that the
13 alpha-numeric and geometric code on an expended cartridge casing will
14 provide an initial lead for law enforcement by enabling law enforcement
15 to match the cartridge casing found at a crime to the original owner of
16 the firearm; that information from completed crime gun tracing is an
17 important element utilized by COMPSTAT and other crime analysis systems
18 to target illegal firearms trafficking; that microstamping technology
19 continues to produce identifiable markings onto expended cartridge
20 casings even after thousands of rounds of testing; that this additional
21 tool will help law enforcement investigate illegal gun trafficking,
22 close firearm-related criminal cases and protect the public; and that
23 legislative action is necessary to require all new semiautomatic pistols
24 sold after January 1, 2021 to be microstamp-ready.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

LBD04773-01-9

§ 3. Section 265.00 of the penal law is amended by adding two new subdivisions 26 and 27 to read as follows:

26. "Microstamp-ready", when used with reference to a semiautomatic pistol, means that such pistol is manufactured to produce a unique alpha-numeric or geometric code on at least two locations on each expended cartridge case that identifies the make, model, and serial number of the pistol.

27. "Microstamping component or mechanism", when used with reference to a semiautomatic pistol, means a component or mechanism of such pistol designed and intended to produce a unique alpha-numeric or geometric code on an expended cartridge that identifies the make, model, and serial number of the pistol.

§ 4. Subdivision 6 of section 265.10 of the penal law, as amended by chapter 189 of the laws of 2000, is amended to read as follows:

6. (a) Any person who wilfully defaces any machine-gun, large capacity ammunition feeding device or firearm, including defacing a microstamping component or mechanism of a semiautomatic pistol, is guilty of a class D felony.

(b) Any dealer in firearms licensed under section 400.00 of this chapter who sells, offers for sale, exchanges, gives, transfers or delivers a semiautomatic pistol, knowing that a microstamping component or mechanism of such pistol has been defaced, is guilty of a class A misdemeanor. For purposes of this subdivision, defacing a semiautomatic pistol does not include (1) modifying a semiautomatic pistol to render it microstamp-ready or (2) replacing the firing pin of a semiautomatic pistol that is microstamp-ready when such pin is damaged or in need of replacement for the safe use of such pistol, or replacing such pin for a legitimate sporting purpose.

§ 5. The penal law is amended by adding two new sections 265.38 and 265.39 to read as follows:

§ 265.38 Microstamping of semiautomatic pistols; penalties.

It shall be unlawful:

1. for any dealer in firearms licensed under section 400.00 of this chapter, to sell, offer for sale, exchange, give, transfer or deliver a semiautomatic pistol manufactured on or after January first, two thousand twenty-one to any person other than a dealer in firearms, unless such pistol is microstamp-ready; or

2. for any manufacturer or wholesale dealer to deliver or cause to be delivered to any person in this state, a semiautomatic pistol manufactured after January first, two thousand twenty-one, unless the manufacturer certifies to such person at the time of such delivery, in accordance with rules and regulations promulgated by the division of state police, that such pistol is microstamp-ready. Such rules and regulations shall include a requirement that, as part of the certification, the manufacturer shall provide the make, model and serial number of the pistol.

A violation of any provision of this section is a class B misdemeanor; provided, however, that a person, including a dealer in firearms, wholesale dealer or a manufacturer, who violates any provision of this section after having previously been convicted of violating any provision of this section is guilty of a class A misdemeanor.

§ 265.39 Microstamping of semiautomatic pistols; affirmative defense.

In any prosecution under subdivision one of section 265.38 of this article, it is an affirmative defense that the dealer in firearms, at the time of sale, offer for sale, exchange, giving, transfer or delivery of the semiautomatic pistol, was in possession of:

1 1. a certification from the manufacturer of such pistol delivered
2 pursuant to subdivision two of section 265.38 of this article, that such
3 pistol is microstamp-ready; or

4 2. an exact copy of such certification obtained by the dealer in
5 firearms from such manufacturer in accordance with applicable rules and
6 regulations promulgated by the division of state police.

7 The division of state police shall promulgate rules and regulations
8 governing procedures and standards for exact copies of certifications
9 and the obtaining of such copies by a dealer in firearms from a manufac-
10 turer for purposes of this section.

11 § 6. Subdivision 5 of section 265.15 of the penal law, as amended by
12 chapter 695 of the laws of 1987, is amended to read as follows:

13 5. The possession by any person of a defaced machine-gun, firearm,
14 rifle or shotgun is presumptive evidence that such person defaced the
15 same; provided, however, that this subdivision shall not apply to
16 possession of a semiautomatic pistol where the defacement alleged
17 consists of defacing a microstamping component or mechanism of such
18 pistol.

19 § 7. This act shall take effect January 1, 2021, or at such time that
20 the superintendent of the state police has received written notice from
21 one or more microstamp job shops that such shop or shops are willing and
22 prepared to produce microstamp structures on two internal surfaces of a
23 semiautomatic pistol as defined in subdivision 26 of section 265.00 of
24 the penal law for a price of twelve dollars or less at a production
25 level of one thousand semiautomatic pistols per batch, whichever occurs
26 later; provided that the division of state police shall notify the
27 legislative bill drafting commission upon the occurrence of the receipt
28 of the written notice provided for in this section in order that the
29 commission may maintain an accurate and timely effective data base of
30 the official text of the laws of the state of New York in furtherance of
31 effectuating the provisions of this act, and provided further, that
32 effective immediately the superintendent of the state police shall
33 promulgate rules and regulations necessary for the implementation of
34 this act.
