five of the tax law for transportation services provided by transportation network companies originating in any of the twelve counties that comprise the metropolitan transportation commuter district established pursuant to section twelve hundred sixty-two of the public authorities law, in addition to the receipts collected under section twelve hundred eighty-one of the tax law. Provided, however, that if the aggregate amount of revenues retained by the metropolitan transportation authority pursuant to paragraph ten of subdivision (c) of section eleven hundred five of the tax law and section twelve hundred eighty-one of the tax law is less than eighty-five million dollars, then the comptroller shall increase the percentage of state sales and compensating use taxes retained by the metropolitan transportation authority until it retains no less than eighty-five million dollars for the state fiscal year ending March thirty-first, two thousand twenty. Further, the comptroller shall increase the level of transfer from the general fund for subsequent state fiscal years to an amount equal to the product of the aggregate amount discussed in the previous sentence and one plus the consumer cost change factor. For purposes of this subparagraph, the consumer cost change factor is the percentage of change of the national consumer cost index for the most recent twelve month period relative to the previous twelve month period.

§ 3. Subdivision 5 of section 88-a of the state finance law is amended by adding a new paragraph (d) to read as follows:

(d) The comptroller is hereby authorized and directed to transfer fifty percent of the gross receipts of state sales and compensating use taxes collected pursuant to section eleven hundred five of the tax law on transportation services provided by transportation network companies originating outside the metropolitan transportation commuter district to the public transportation system operating assistance account established under this subdivision. These transfers shall not be included for purposes of calculating the sales tax growth factor established in paragraph (c) of this subdivision, and shall supplement the additional transfers indexed to the sales tax growth factor required under this subdivision. Transfers provided under this paragraph shall not be used to offset reduced transfers under paragraph (c) of this subdivision.

§ 4. This act shall take effect immediately.
